Amelia is your perfect little co-pilot. Always ready to hop on board for whatever the day brings, she's got a spunky, adventurous spirit and loves being right by your side.

She's smart and already catching on quickly... she knows her name, comes when called, and is learning boundaries like "no". Potty training is going really well, and she's picking up on routines like a pro.

Amelia is happiest when she's close to her people. Whether you're moving through your day or sitting down to work, she's content to settle nearby... often right at your feet.

She's not a fan of the crate, but she sleeps soundly through the night on her bed and settles nicely in the home, making her an easy, adaptable addition.

Amelia will thrive in a home that's ready to include her in day-to-day life and continue guiding her as she grows. If you're looking for a fun, loyal little sidekick to share life's adventures with... Amelia is ready for takeoff.
