Meet Onyx!

If you're looking for the chill one of the group, this little guy may be your perfect match!

Onyx is a cuddly, easygoing puppy who's happy to be part of whatever's going on. He loves spending time outside, enjoys being around people, and is usually content just hanging out nearby with his foster family.

His foster lovingly describes him as "a little bear," which we think suits him perfectly! He enjoys cuddles, but because he tends to run warm, he'd often rather stretch out beside you in the coolest corner of the room than be right on top of you.

After everything he's been through battling parvo, Onyx is more than ready to settle into a loving forever home and enjoy life as a carefree puppy again!

If you've been searching for a real life teddy bear of your very own, apply to meet Onyx today!
