- Loyal and incredibly affectionate
- Health-checked, vaccinated, dewormed, microchipped

Sex: Female
Age: 1.5 years
approx. as of June 8, 2026

The time has come for this special mama to find her forever!

When Mango came into our care, she was heavily pregnant and preparing to welcome her Fruit Litter into the world. She was a loving, attentive mama who raised her puppies with patience and care. Now that her babies are growing up and finding families of their own, it's Mango's turn to be the one receiving all the love.

Mango has settled beautifully into foster care and has quickly won over everyone she's met. She's very affectionate, loves curling up close to her people, and is happiest when she's part of the family. She's been great with their children, cats, and dogs, and she hasn't had a single accident in the house!

Mango can be nervous around men, and we'd love to find a family who understands that trust is something she'll build at her own pace. Once she feels safe, her sweet and loving personality shines through. A patient home that allows her the time and space she needs will be rewarded with an incredibly loyal companion.

After spending the first chapter of her story raising her puppies, we're excited to help Mango start the next one. One filled with tons of love, plenty of cuddles, and a family of her very own!

If you think Mango could be the perfect addition to your home, apply to meet her today!
