Sex: Female

Age: 9 weeks

approx. as of June 20, 2026

Meet Charity!

Named after the middle of Alberta's iconic Three Sisters mountains, Charity has a quiet strength about her that feels fitting for the sister at the heart of the trio.

Since arriving in foster care, Charity has shown herself to be a wonderful balance of playful and relaxed. She enjoys spending time with the resident dogs and has done wonderfully with children, happily taking part in family life while keeping her sweet, easygoing nature.

Charity has a gentle, calming presence that feels wise beyond her years. While she's happy to romp around and play, she's just as content to curl up nearby and quietly take in the world around her.

Her foster describes her as a sweet, calm soul with a very snuggly nature. She's perfectly happy settling herself in for a nap, but she never misses an opportunity for a cuddle. There's something special about her steady, easygoing personality that makes her a comforting companion to have around.

We think this sweet girl is going to grow into a loyal companion who will be just as happy joining you on adventures as she will curling up beside you at the end of the day!

Applications are now open for Charity!
