Be kind to those that awaken after us

by Robin Schafer (Alabama)

Yeshua does not choose those who are prepared. He prepares those whom He has chosen. It has been a long journey for all of us in the Republic. But here we are. We made it, praise Yeshua.

There's something sincere about being the one who already snapped when the world still looked whole. About grieving the illusion years before the danger signals started going off. We remember because we have been in the scare event since 2017, or maybe longer (like me). Now, others will begin to catch up after waking from their nightmares, the very people who rolled their eyes and told us

that we were too intense. They will come saying, “What happened?” or “Did you know this would happen?” We didn’t fit in because we saw too much too early. We were too ahead of our time.

We can guide them not because we are better, but because we trained for this. The years of confusion, of loneliness, were not punishment. Those years were preparation. However the Republic storm will arrive, it will reveal to us the version of us that was already waiting beneath the disturbance, fear, and the life we outgrew. The moment everything trembles is the moment our true Republic steps forward.

The scare event will knock the wind out of their sails. It will short circuit everything they thought they knew. It is all about cracking their foundation. They will inhale. They will freeze. Just like we did when we learned the truth. We will anchor them because, while they are watching buildings shake and arrests occurring, we will be witnessing the enormous shift of human consciousness.

I have been holding the line through 5D chaos with 3D responsibilities, working at the same time as transmuting collective grief. No glory, just inner alignment and determined faith. The real scare event was already inside me, and I survived it just like you did, when we lost the loved ones who meant the most, when we lost our jobs, when we lost our egos, when the betrayals hit harder than any other world event.

And yet we chose to join the Republic and supported President Geiger. That was the real war. We met ourselves in the rubble of chaos caused by the splinter group, in the silence of discernment, prayer and knowing. Now we find others that show up and stand up with us in the Republic. Hold the line, we’re almost there. You can’t know what the words “happiness, liberty and justice for all” mean to us compared to those you are trying to wake up unless you are one of us. We were chosen for a reason, and a huge part of it is to help the normies navigate the roller coaster of emotions they’re about to feel.

This is a gentle reminder to just breathe and center yourself. Enjoy the stillness because this is the moment the world begins to see what we already knew. WE THE PEOPLE are the storm, and we are the ones who have already walked through the flame. I am humbled and thankful to Yeshua that he carried President Geiger and our Founding Fathers and Mothers all this way. God bless everyone in this Republic.

Health Corner - Did You Know?

Many Republic members have been helped by a product called Balm of Gilead. The Balm was renowned to cure skin cancer and other skin ailments. It was hand-made by Kathryn Brunken in Texas. However, recently Kathryn became ill and went into the hospital. Unfortunately, she passed away during the morning of March 28. Her daughter indicated that most likely the Balm will no longer be produced.

Therefore, Jean Hertler and I looked online for a new source. Our research indicated that a good quality replacement would be the product from Zenith Herbal, called Bloodroot Salve. It contains the same ingredients in Kathryn's product (zinc chloride, bloodroot, and galangal root) but with a few additional ones (graviola, chaparral, and DMSO) that work synergistically. We consider this to be a good replacement for the original Balm, for anyone that is interested.

Maintaining Republic Parallel Status

"So, having documented the key instances where it was necessary for the Interim Government to give Lawful notice to the *de facto* UNITED STATES corporation, and acknowledging that we continue to operate parallel to said corporation, we see no current requirement to give further notice. Let it be known that any agent (or officer of the Republic), unless authorized by the President in writing, has no Lawful authority from the Republic to serve notice on *de facto* officers on

behalf of the Republic; and, if they do so, then they are acting in their own private capacity and DO NOT represent the Republic."
