iDOMO®

(n) an acronym for “invest, develop, own, manage and operate”. A higher form of Public-Private Partnership (PPP) projects. It describes a management business process and platform to transform Infrastructure Project Partnerships into mass development, faster, better, and cheaper. iDOMO moves projects needed by the people from “concept” phase to the “build and operate” phase in one economically-sustainable system. Developed by Canada Business Holdings Incorporated.

INVEST

After approving the macro-economic model CBH goes into acquiring the necessary concessions and approvals and conducting the feasibility study, business plan, and go for the business structuring.

DEVELOP

Design and build the project up to international standards applying right technologies, materials and methods. Simple, effective, durable and maintainable are key words for the design.

OWN

The project is co-owned between CBH and the government for the agreed period of the concession. Management of the project remains the right for CBH.

MANAGE

Manage the overall business activities, and train local people, to deliver best performance, and accomplish goals.

OPERATE

CBH operates the project operations, to maintain the quality, quantity and the reliability of product at all times.
