

CBH PPP Government Partnership

*The Global Partnership From CBH,
The Global Leaders in PPP Project Development*

We Are Delighted To Work With You

Moses Solemon
Chairman and CEO

CBH is a knowledge-intensive, globally bound Canadian company, specialised in the development of Public Private Partnership mega infrastructure Projects. Our works contribute to the creation of a fair economy for the people and by the people. Mega projects based on PPP basis through the CBH iDOMO methodology will help in creating stable job opportunities for thousands of people per project. That will be the strongest base to support the middle class.

Our method of operation is novel, unique, effective and outstanding. Keeping a low core operational team and cost, we outsource on competitive basis most of the executing tasks. CBH maintains strong control over business strategy, financial structuring, legal commitments, design, and quality assurance.

The way that CBH business is built cannot be imitated by many companies. The methodology of economic school of thought is way ahead of competition in the same class. This is how CBH delivers the projects faster, better and cheaper. And most importantly, this is how CBH keeps the quality level of products/services available, accessible and affordable to the majority of people.

We believe in building sustainable and robust national economy foundation for the next fifty years. However, the way to sustainable economic growth and prosperity is not easy. We need to work together, and we need to act now. We can do so many things to make life better. What we cannot do is to remain silent. We are delighted to work together with you.

CBH Business, Geographic and Sector Focus

The CBH PPP Governmental Program, brings you the best of what our multi-specialist teams have to offer.

CBH PPP Governmental Program is CBH Inc's global flagship fund range. They cover a range of asset classes and investment styles as well as geographical regions. This Program is directly related to investments in Public-Private Partnership projects, and secured by sovereign guarantees and/or international governments agreements.

The project investments and dividends are in United States Dollar CBH invests and operates in countries with high population, educated workforce, and has significant growth and good stability forecast. At present many of such markets are in East Africa, and East Asia.

CBH Inc PPP infrastructure projects focus on the vital sectors needed by the people in world countries. Such needs do not change. They are water, agri-foods, power, and housing in a sustainable economic models and affordable to the majority of the public.

CBH invests also in the second level of investment in logistics, Information and Communications Technology, Health and Education sectors.

Infrastructure Projects and Smart Townships

CBH Projects are Public-Private Partnership projects, and secured by sovereign guarantees and/or international governments agreements. That principle lowers the business risk.

The PPP Mega Infrastructure Projects are designed to serve the life needs of the people. CBH builds such projects and townships faster, better, and cheaper. That lowers the initial investment and maximise the returns.

CBH adds good quality living into the life needs of the people. We enhance the quality of the services and products designed. And, we them available, accessible and affordable to the majority of the people in any given country.

Such approach widens the customer base and enhances the revenues and thus the profits. CBH investments are designed to eliminate risk by securing project, markets, and returns to avoid the down-cycles and volatility in the commodity, bond and stock markets.

Multiple Options

PPP DEVELOPMENT

The First Option is to engage with CBH in mega infrastructure projects. CBH strives to secure the higher growth potential so that you will not lose money and receive the money you invested plus profits.
