CELESTIAL WHISPERS

Bridging Cosmic & Earthly Wisdom

December 6, 2023

"Celestial Whispers" invites you to a journey of collective softening and deep listening, guided by the Universe in a dance reminiscent of the wind's subtle whispers. Each artwork acts as a personal invitation, encouraging viewers to connect with their cosmic embodiment.

Guided by the perspectives of three extraordinary women—Delfina Mun, Eden Slobin, and Sharon Aluma—this exhibition draws inspiration from the healing power of plants, sound, meditation, and the spiritual realm. As luminous conduits, these artists share Celestial Whispers, bringing forth the wisdom of the cosmos in an exploration of the profound connection between the ethereal beauty of nature and the mysticism of the universe.
