Through collaborative efforts with eye doctors, media houses, schools and social media influencers, it successfully raised awareness about myopia, emphasizing the importance of regular eye checkups for children and lifestyle changes to slow down myopia progression.

For us this is more a movement than a week-long annual campaign, so requesting you to continue tagging #AllEyesonMyopia in all your year-round myopia awareness campaigns.

**We now look forward to National Myopia Week 4.0 (14th Nov to 20th Nov 2025).**

We thank you for your unwavering support in making this awareness drive into a mega success for our country.

Yours Sincerely,

On Behalf of
