**About Stew Leonard III Children's Charities:** On January 1, 1989, a 21-month-old toddler lost his life in a drowning accident. This sparked his parents to pledge that they would do everything in their power to prevent this tragedy from striking other families, since drowning is the leading cause of accidental death in children under five. In 1990, that toddler's parents, Kim and Stew Leonard, founded the Stew Leonard III Water Safety Foundation in memory of their son. Since this time, the Foundation has raised more than \$2 million dollars towards water safety awareness and education, including providing swim scholarships and lifeguard training, along with writing and publishing two children's books on water safety as well as a free water safety app available in the App Store.
