

## SIMPLE SEARCH SAMPLE REPORT

\*This report is based off a two hour search on the subject's potential infidelity.

A DIVISION OF ANN MICHAELS, LTD.

### FINDINGS

While dating websites were identified linked to the email address of [REDACTED]@gmail.com, they appeared to be connected to the subject's son, [REDACTED] Alexander. No identifiable dating websites were found in connection to the subject, and this provided email address.

Additionally, the email address of [REDACTED]@cinci.rr.com appears to be connected to the subject's past or present spouse, [REDACTED] Alexander. Both email addresses were searched for data breaches through the Dark Web to see if dating websites were previously or currently used by the subject. Data Breaches were identified for both email addresses, although none in relation to dating websites.

A thorough search was conducted through Bumble, Hinge, OkCupid, and Tinder Dating Apps, with no results obtained. This search was based on the picture identified of the subject, age, and current location.

### BUMBLE

No profile located belonging to the subject. Location was set in Cincinnati, Ohio with a radius of 70 miles, age range 55-60.

### TINDER

No profile located belonging to the subject. Location was set in Cincinnati, Ohio with a radius of 70 Miles, age range 55-60.

### HINGE

No profile located belonging to the subject. Location was set in Cincinnati, Ohio with a radius of 70 miles, age range was 55-60.

### OKCUPID

No profile was located belonging to the subject. Location was set in Cincinnati, Ohio with a radius of 100 miles, age range was 55-60.

No other filters were used to search, there was a very small amount of profiles for these specific age ranges and location on each app.
