Data Driven Predictions	✗	✓
Statistical Hypothesis Based Decision Making	✗	✓
Voice-Bot Based Faster Communication	✗	✓
FREE 60 days Lean Construction Training Program	✗	✓
Cost Savings Assurance	✗	✓
Affordable	✗	✓
Customizations	Pre-Configured	Customizable

## v-Ruddhi™ is an answer to your following questions:

- How do I make the best use of the big and complex data that gets generated every day?
- How much of my money is actually stuck in construction processes?
- Can I predict, where will I loose my money in construction processes in future?
- How do I continuously monitor construction activities?
- Can I monitor floor level construction & people performances at any time?
- How do I easily access business intelligence through reports and dashboards?
