**When:** Sundays 2:00pm-6:00pm June 28- August 16th

**Who:** Players from all levels

**How:** Competition Format - Players will be ranked vs other players based on the lowest number of strokes per round. 5 cumulative scores from 5 different rounds from each player will determine the leader of each division( Junior, Women's, Men's, and Senior) at the end of the season. The top 4 players from each division will advance to the league's championship round during the league's culminating event at the end of the season. The league format allows for players to have some flexibility on when they can complete a round. The league will have a time-block at Humble SportsPlex on Sundays from 2:00pm-6:00pm for participants to play with other participants while they complete their round. If they can not complete a round on a given Sunday, participants will have 7 days to complete their round and or to make up a round during the Make-Up week at the end of the season. Players will be expected to submit each official scorecard electronically using the [Blue Golf App](#). Scorecards must be signed by the participant and a witness player from the league.
