

With You in the Meadow of Love

*Dancing through the wildflowers
While angels looked on from above
A precious moment darling
With you in the meadow of love*

*The melody of your laughter
Like breezes and poetic words
Floating upon the breath of grace
Was far sweeter than the birds*

*I tossed you up toward heaven
So that all creation could see
The grandeur of your beauty
And how you were loved by me*

*Summer breezes and loving hugs
You threw your head back and smiled
Kicked out your feet and giggled
Then I held you tight my child*

*Now run again through the wildflowers
Until we're together above
I will dance again my darling
With you in the meadow of love*

Beloved, let us love one another: for love is of God; and every one that loveth is born of God, and knoweth God.
