

January 2021

## Introducing Our Team

We have added some amazing people to our staff. Steven Carter is our new COO and Marketing Director. Our new, amazing Patient Care Coordination staff, Daniel Brannen, Amy McCoola and Scott Robertson make sure every referral receives the care they need and deserve. Our new practitioner, Donnie Trull, LP brings more than two decades of experience to the team. We would be lost in the office without our two outstanding administrators, Vina and Becky.

## Visit Our Website

## Same great service, now in 2 locations!

We couldn't be more excited about opening our new location in Waco! This increases our coverage so we can better serve all of our referrals. Patients can now visit our office in McKinney and our new location coming soon in Waco, and we are still offering house-calls!

## Patient Tip of the Month

Make sure your shoe height is correct for your prosthesis or your alignment will be wrong, putting a strain on your residual limb and surrounding joints.

Due to the current circumstances, we've had to find a new way to do business and take care of our valued patients. We are still seeing patients in the field everyday and following all state and CDC recommendations to make sure patient care doesn't fall behind.
