Ft. Pierce, Florida 33454

Dear Jim,

Ineed a favor, would you check to see if there is a rifle, 1903 Springfield, 30 cal, marked (made) by Rock Island Arsenal, Rock Island, IL in with the weapons I sent down to the museum. The rifle is listed on the list used to pack for shipment, but there is no serial number recorded for it.

The rifle has an almost yellow walnut stock rather than a normal walnut brown colored stock and is in just good condition. i cannot locate this rifle in my remaining collection.

Please check to see if it is there at the museum.

Thanks,

Fred R. Miller
