CHRIS KYLE LEGEND SERIES 1911 TRP OPERATOR

Springfield Armory is proud to partner with the Chris Kyle Frog Foundation to honor his legacy by supporting military families. Chris trusted our TRP Operator while he served our country and Springfield is proud to honor his legacy with this 1911 TRP pistol.

"In 2004, I brought over a Springfield TRP Operator, which used a .45 caliber round. It had a 1911 body style, with custom grips and a rail system that let me add a light and laser combo. Black, it had a bull barrel and was an excellent gun - until it took a frag for me in Fallujah." -From the book American Sniper by Chris Kyle
