Developer's Bridge

# Go To Market Program

Whether you are interested and searching for the best market to expand your business internationally. Or you already chosen to expand to US, Mexico or France. We are your team that will help you go to market beyond soft landing. Meeting potential allied companies from the first meeting.

0

## Discovery Meeting - Free

We invest on the first meeting to get to know each other, talk about opportunities. If possible, already invite potential strategic partners.

1

## GET READY - The Big Picture

We will understand your business model. We will also detect new market opportunities and check the viability of the project. Before you go further and have the first opinion of early adopters.

2

## SET - Action Plan

Our experts will guide you to create the best Go To Market strategies and structure. Focusing on the opportunities and requirements of the target market. And start developing first clients and partners.

3

## GO - Going to Market

After planning, it's time to do business. We will follow up the plan we come up together and start doing business on your behalf. Going beyond soft landing and helping on the operations and even intern growth managers.
