

2025 Annual Review

an update of the Ohio Pink Ribbon Fund

a 501(c)(3) nonprofit serving Southeast Ohio and Wood Co West Virginia

An update on 2025 as we look forward to 2026!

We added a new board member, did an extra fundraiser, attended community events, and dropped off chemo bags to Holzer, OhioHealth and Memorial Health System in Belpre.

Our new board member is Colette Smith and she is from Stockport. We are thrilled to have her on board! She is a connection point to Morgan County and is a survivor. Her husband is a successful local musician.

Our extra fundraiser was for Morgan County survivors and was held in McConnelsville. The community came out to a charity auction and raised over \$13,000 for Morgan County breast cancer patients. So many local businesses and families participated in making the event a success. Colette was the point person and did an amazing job!

We had informational tables at Trimble's community event, the Athens Co Jeep Invasion and Picky Grace's Galentine's event. These tables are part of our mission: to spread the word about early detection, to provide resources to area residents, and to let people in the community know we are here and available to help their friends or family members who are in treatment for breast cancer.

This year we referred 9 ladies to other organizations who could possibly help them, because they were not in our service area.
