Technology Platforms

HIRING FOR DIVERSITY

Use an Objective Data-Based Approach

The ITN Precision Hiring platform and process helps you to align workforce selection factors to key performance metrics. Our online questions, assessments, skills testing and scorecards provide unbiased insights and guide your hiring process.

TARGETED TRAINING

High Impact Learning

Transform your Diversity and Inclusion training from boring to brilliant. With over 1,200 learning modules, our state-of-art Enterprise Learning Platform and training experts provide you with targeted training and desired outcomes.

INCLUSIVE PRACTICES

We Analyze Your Management Practices

ITN Workforce Experience and Implicit Bias Audits give you detailed insights into employee experiences that define current management practices' strengths and weaknesses. Our AI technologies help you to identify and optimize your development strategies.

SELF AWARENESS

ITN helps you know yourself

ITN's library of over 100 assessments, attitude, and aptitude tests helps employees better understand and adapt their communication and behavioral styles to better relate to and be more inclusive of others.
