TOWN OF HOLDEN BEACH BOARD OF COMMISSIONERS SPECIAL MEETING THURSDAY, MAY 2, 2024 – 5:30 P.M.

The Board of Commissioners of the Town of Holden Beach, North Carolina met for a Special Meeting on Thursday, May 2, 2024 at 5:30 p.m. in the Town Hall Public Assembly. Present were Mayor J. Alan Holden; Commissioners Rick Smith, Tracey Thomas and Rick Paarfus; Town Manager David W. Hewett; Town Clerk Heather Finnell; Assistant Town Manager Christy Ferguson; Public Works Director Chris Clemmons; Inspections Director Tim Evans; Police Chief Jeremy Dixon; Lieutenant Frank Dilworth; Finance Officer Daniel McRainey; and Fisal Operations Supervisor Margaret Lancaster. Commissioner Page Dyer arrived at 5:42 p.m. Mayor Pro Tem Tom Myers was unable to attend the meeting.

DISCUSSION AND POSSIBLE ACTION ON DIVISION OF WATER RESOURCES' FUND FOR CORPS' COASTAL STORM DAMAGE REDUCTION STUDY

Assistant Town Manager Ferguson explained that staff previously reported that the General Assembly appropriated \$750,000 for finishing the Coastal Storm Damage Reduction Study, coupled with the federal money. They sent the Town the funds that need to be recognized. The budget amendment does that. The \$750,000 won't all flow out in one year. As the federal funds come to the Corps, then they will request our part.

Motion by Commissioner Thomas to approve the budget amendment (Ordinance 24-09, An Ordinance Amending Ordinance 23-11, The Revenues and Appropriations Ordinance for Fiscal Year 2023 – 2024, Amendment No. 6); second by Commissioner Paarfus; approved by unanimous vote.

BUDGET WORKSHOP

Town Manager Hewett said the budget is not balanced because the revenues are higher than the expenses. In the General Fund the revenues exceed expenses by \$313,970. In the Water/Sewer Available for Appropriation is ahead \$10,249 and in the BPART Fund it is almost \$160,000 ahead. We plugged in the objectives that we could discern. The next step is to dovetail the objectives with all the inputs. He hopes to bring those specific things out in the body of the texts for the Budget Message. He explained it will be close to May before he can deliver the message. The budget message, next steps and the upcoming schedule were discussed.

Governing Body and Admin expenses were reviewed. Discussion was held concerning Insurance and Bonds, Dues and Subscriptions and Software. Contributions and their legality were also discussed.

Cheif Dixon explained benefits and FICA are included for the proposed detective position. He provided information on the formula used to determine overtime. They don't use it if it is not necessary, but it needs to be there in the event of an emergency.

Town Manager Hewett said under EPA STAG, \$2.69 million is the EPA grant and the residual is the \$2 million that came from the state. Debt Service will be accounted for in 31 now. EOC debt service moved there too. Town Manager Hewett will look at the Salaries Overtime amount on Page 16. Public Works Director Clemmons explained the number under the Bulkhead line should be pretty accurate. The revised street assessment was discussed.

Assistant Town Manager Ferguson said 441 OBW Rentals includes campground and food trucks. We need to keep permitting active for Turkey Trap Road. Town Manager Hewett explained there is a bond in perpetuity there until the mine is dug. Racking & Tilling was discussed. Access and Recreation is where the ADA projects are housed. Block Q expenses were discussed. Assistant Town Manager Ferguson said the Professional Services line went up \$22,000 because since the last meeting our coastal engineer said the sand search would not be completed by June 30th with permitting, so we need to carry that part forward to next year. 441 Utilities went up to accommodate year-round parking. Insurance went up based on the replacement cost of the building. Bathroom cleaning was discussed. Pinnacle and Block Q costs were reviewed. Communications went up to include cell phone reimbursement for the rec technician position. Public Restrooms went up significantly due to year-round parking. ADA costs went up. Rothschild and Davis went up due to rollout cans and port-a-john rentals for the concerts and weekend bathroom cleanings.

Commissioner Thomas explained the graphics Mayor Pro Tem Myers created are in the packet. She reviewed the graphs.

The upcoming budget meeting schedule was discussed. The Board agreed to cancel the May 7th meeting. They will hold off on canceling future meetings until after the lawyer interviews are scheduled. The Board will provide their availability to Town Clerk Finnell.

ADJOURNMENT

Motion to adjourn by Commissioner Thomas at 6:31 p.m.; second by Commissioner Dyer; approved by unanimous vote.

ATTEST:	J. Alan Holden, Mayor
Heather Finnell Town Clerk	-

TOWN OF HOLDEN BEACH BOARD OF COMMISSIONERS REGULAR MEETING TUESDAY, MAY 21, 2024 – 5:00 P.M.

The Board of Commissioners of the Town of Holden Beach, North Carolina met for a Regular Meeting on Tuesday, May 21, 2024 at 5:00 p.m. in the Town Hall Public Assembly. Present were Mayor J. Alan Holden; Mayor Pro Tem Tom Myers; Commissioners Rick Smith, Tracey Thomas, Page Dyer and Rick Paarfus; Town Manager David W. Hewett; Town Clerk Heather Finnell; Assistant Town Manager Christy Ferguson; Police Chief Jeremy Dixon; Inspections Director Tim Evans; Finance Officer Daniel McRainey; and Town Attorney Sydnee Moore.

Mayor Holden asked for a moment of silence and then called the meeting to order.

PLEDGE OF ALLEGIANCE

AGENDA APPROVAL

Motion by Commissioner Smith that we take #12 off the agenda for this evening.

Commissioner Smith thinks there are still some areas that need work and we need a little more time to make sure we get it right.

Commissioner Paarfus agreed with approving the amended agenda. The motion to pass the amended agenda was approved by unanimous vote.

CONFLICT-OF-INTEREST CHECK

No conflicts were disclosed.

APPROVAL OF MINUTES

Motion by Commissioner Smith to approve the minutes of the April 12th (2024) Special Meeting and the minutes of the Regular Meeting on April 30th (2024); second by Commissioner Dyer; approved by unanimous vote.

BOC M47 21, 2024

PUBLIC COMMENTS ON AGENDA ITEMS

Sylvia Pate suggested resolving any concerns the Board has regarding the pier grants before moving forward with any further action on the project. She urged the Board to establish a capital project fund for the pier and to transfer the \$1 million in the current budget to that fund if the Board moves forward with having staff develop a RFP.

Will Carter talked about his past experience in trying to get a playground built in the Town. He is scared the Town won't get anything done with the pier and it will be dragged out. He said the Town needs to be unified to get things done.

Marina Showalter spoke in support of the proposed frontal dune revisions.

POLICE REPORT - CHIEF DIXON

- Starting to see more people and more traffic.
- Reviewed information from the report and explained the call on malicious conduct by a prisoner.
- Investigator Requested those are pending calls. If the detective position is filled in the future, they can look into them
- Bike lanes are for bicycles. Low speed vehicles need to drive in the roadway. Hasn't been a big
 issue yet, but we are keeping an eye on it. Wants to monitor the situation before any new
 ordinances are created.
- There will be a lot of traffic for the holiday weekend. Don't be in a hurry.
- Summer concerts are moving to Bridgeview Park. Will have a learning curve for traffic and crowd control.

INSPECTIONS DEPARTMENT REPORT - INSPECTIONS DIRECTOR EVANS

- Went over numbers. Believes it is the most permits issued over a 30-day period.
- ADA Report went over the status of Key Bridge Agreement items. Provided details for 114
 OBE, Avenue E, 801 OBW Access, 700 Block and Jordan Boulevard. Also reviewed ADA items
 not included in the Key Bridge Agreement 329.5 OBW, 441 OBW, Halstead and 915 OBW.
 Three projects will carry over into next year's budget.

FINANCE DEPARTMENT REPORT - FINANCE OFFICER MCRAINEY

- General Fund revenues look like they are down but last year there was a street assessment and parking was shown in that fund. Parking is now in Fund 50.
- The expenses for the Water and Sewer Fund look way down, but it is not accurate. There is a mistake and it should be in line with last year.
- Expenditures are down in the BPART Fund. Last year there was a big expense for the 50-Year Study.

800 M47 21, 2024

TOWN MANAGER'S REPORT

- Lift Station 2 we have the offer to fund for the Board's consideration.
- Harbor Acres Canal Dredging Project is complete and we have the reimbursement request in.
- Also applied for the reimbursement for the 441 OBW walkway and emergency ramp.
- LWF Navigation Maintenance Miss Katie Project will need to be scrubbed. We started too late
 in the season on getting the project dovetailed with the Corps' Merritt coming down. Now that
 they are here, it looks like they will be here for about three weeks. We hope the Merritt is able
 to substantially improve navigation out there.
- 796 OBW No responses to the initial advertisement of the Town's upset bid process. We made a readvertisement.
- Beach Rangers started yesterday.
- Pets can't be on the strand during the day.
- Concerts The first concert of the season will be at Bridgeview Park. Vehicle access will be blocked to the area starting Saturday evening. The splashpad will be offline and the multipurpose court will close at 3:00 p.m. each Sunday. Folks will need to bring their own chairs or blankets.

DISCUSSION AND POSSIBLE SCHEDULING OF A DATE TO HOLD A PUBLIC HEARING ON ORDINANCE 24-10, AN ORDINANCE AMENDING THE HOLDEN BEACH CODE OF ORDINANCES, SECTION 94-03, FRONTAL DUNE POLICIES AND REGULATIONS AND CHAPTER 157: ZONING CODE

Inspections Director Evans said they are looking at having a dune policy that will protect the dunes and will give people the ability to have an appeal process for variances. At the same time, we are going to clean up the policy. He went over the proposed changes. He would like to add the words CAMA frontal to section 2. The proposed ordinance would move section 6 to the Zoning Code. Inspections Director Evans explained the changes shown for section 6. He provided background on why the changes are being proposed.

Motion by Commissioner Thomas to set a public hearing on the proposed ordinance at the beginning of the next meeting; second by Commissioner Smith. The motion passed unanimously.

DISCUSSION AND POSSIBLE ACTION ON DEMOLITION OF THE PAVILION AT JORDAN BOULEVARD

Town Manager Hewett said the most responsive bid is in for \$25,000 for demolition and removal of the HB Pavilion. He verified it is just for the demolition. It is not to remove the concrete.

Motion by Commissioner Thomas to move forward with awarding the contract for the \$25,000; second by Commissioner Paarfus.

Town Manager Hewett said the contractor will get it done before the end of the fiscal year.

The motion passed by unanimous vote.

DISCUSSION AND POSSIBLE APPROVAL OF DEQ OFFER TO FUND GREENSBORO STREET LIFT STATION

Town Manager Hewett explained we received the offer to fund the Greensboro Street lift station #2 upgrade from the Department of Environmental Quality (DEQ). This is the next takedown in the process required to receive the state appropriation that was made with the last budget adoption by the General Assembly in the amount of \$1,940,000. The next step would be for the Board to authorize the manager to accept the offer by adopting the attached resolution.

Motion by Commissioner Paarfus to adopt the resolution (Resolution 24-05, DEQ Project No. SRP-W-134-0021); second by Commissioner Smith; approved by unanimous vote.

Town Manager Hewett said we have submitted the plans and specifications. DEQ needs to give their okay on those before we can go out to bid. Commissioner Thomas asked if anyone lobbies for this to move it along. Town Manager Hewett responded staff is in direct communication with the project manager. We have been approved for EPA funds. It will be a reimbursement process. The potential need for borrowing was discussed.

DISCUSSION AND POSSIBLE ACTION TO DIRECT STAFF TO DEVELOP A REQUEST FOR PROPOSALS TO ACCOMPLISH TASKS IN THE ADOPTED PIER PROPERTY DEVELOPMENT PLAN

Commissioner Paarfus said the purpose of this item is to see if we could get a Request for Proposals (RFP) together so we can move forward with getting some preliminary design and cost estimates for repairing the pier or replacing it so we can start making some budget decisions. The goal is to get RFP written for the Board to review.

Motion by Commissioner Paarfus to move forward with developing the RFP; second by Commissioner Smith.

Commissioner Dyer inquired if we are keeping task 2 to a new wooden pier, not concrete. Commissioner Paarfus explained a concrete pier could be very expensive. If people want to move forward and spend the money on a concrete pier, he is not opposed to it but is not sure if we would get money for that any time soon. He did limit it to wood, but if everyone wants to add in concrete, it would be a chunk of money for that design. After discussion, Commissioner Paarfus said when the RFP comes back the Board can see if it can be opened to accommodate concrete. Commissioner Smith agreed it would be a big number. If we could get funding, that might change it, but in the interim, we should investigate what Commissioner Paarfus is suggesting.

The motion passed by unanimous vote.

DISCUSSION AND POSSIBLE ACTION ON INSTRUCTING THE TOWN ATTORNEY TO INVESTIGATE THE TOWN OF HOLDEN BEACH'S LEGAL REQUIREMENTS FOR THE PIER GRANTS

Commissioner Thomas stated there are some questions on the Town's legal responsibilities based on grants.

606 MAX 21, 2024

Motion by Commissioner Thomas to instruct the Town attorney to investigate the Town of Holden Beach's legal requirements for the pier grants, the \$500,000 PARTF grant for tract 1 and the \$180,000 Public Beach and Coastal Waterfront Access Program grant for tract 2; second by Mayor Pro Tem Myers.

Commissioner Smith said the Board did their due diligence in April last year. He doesn't know why we need to start this again. Commissioner Thomas said she isn't starting anything over, she is not sure that the attorney ever weighed in. She would like to know what the Town is legally required to provide based on the grants accepted. Commissioner Dyer said the Board did that in April 2022 before the grant was applied for. The director from PARTF was on the phone and the attorney at the time was present. Commissioner Thomas said the attorney can review those minutes. Commissioner Paarfus said while there were discussions on the phone, we have a written document. He read all the documents and it isn't crystal clear. He would like more details. Mayor Pro Tem Myers said it is a lot of legal documents and he would like to know where we stand. Concessions were discussed. Mayor Pro Tem Myers stated it is a legal document, we should have a legal opinion. Attorney Moore reviewed what her process to move forward would be.

The motion passed by a 3 – 2 vote with Mayor Pro Tem Myers and Commissioners Thomas and Paarfus voting for the motion and Commissioners Smith and Dyer voting in the negative.

DISCUSSION AND POSSIBLE COMMITMENT FROM THE TOWN'S LEADERSHIP ON WORKING TOGETHER FOR THE BETTERMENT OF THE TOWN

Mayor Holden apologized to the Beautification Club and Women's Club; his mayoral duties overlapped with the timing of their events. He provided information on awards the Town received. He said overall the Town has been able to stay out of the news due to negative publicity. He said this year, the Town has been on the front page of the paper multiple times. The articles have reflected the lack of harmony and goodwill. Mayor Holden said island property sales are slowing, rental companies are reporting that rentals are behind last year, Town staff can't fill up positions and volunteers are threatening to resign or not serve again. He said there is so much false information being spread that it is impacting the Town. Rumors that the Town can't pay its bills are ridiculous. The Town is in a good financial position. Mayor Holden said we are all in this together. He mentioned the committees, boards and groups that contribute to the Town. He said the Town's relationship with the Chapel recently took a hit. The Town always had a good working relationship with the Chapel. He went over the agreement between the Town and the Chapel agreement. He explained he is concerned over the direction things are headed. He asked that everyone try to work together for what is best for the Town and quit the divisiveness. Mayor Pro Tem Myers suggested participating in the Commit to Civility program sponsored by the League of Municipalities.

Motion by Mayor Pro Tem Myers that we register for this Commit to Civility program with the League, with the intent to participate, the intent to earn the certificate recognizing our dedication to civility; second by Commissioner Thomas.

The relationship between the Town and Chapel, serving on two different boards and conflicts of interest were discussed. Details of the meeting, scheduling and moving forward were discussed.

BDC (147.11.2024

Mayor Pro Tem Myers, with Commissioner Thomas in agreement, withdrew his motion.

The Board came to a consensus to commit to doing this program at a date to be determined.

PUBLIC COMMENTS ON AGENDA ITEMS

Rick McInturf talked about separation of church and government.

Will Carter talked about separation of church and government, moving forward with the pier and working together.

MAYOR'S COMMENTS

Wished everyone a happy and safe Memorial Day weekend.

BOARD OF COMMISSIONERS' COMMENTS

Mayor Pro Tem Myers

- Thanked everyone for attending physically and virtually.
- · Have a happy Memorial Day weekend.

Commissioner Smith

- Thanked everyone for attending.
- Thinks the Board had a good meeting and agreed unanimously on a whole lot of issues. Came
 in with the attitude that he wanted to be a productive part of this group. Thinks it worked
 relatively well.
- Golf Carts seem to be showing up in numbers again. Talked about the dangers associated with them. Wants officers to be mindful of violations.
- Enjoy the Memorial Day holiday. Be mindful of why we are having the holiday and thank all the people who have served in the military. We are a free country and it is because of our dedicated military.
- Hope we can take this course, work together and make the Town what he has always envisioned it as being.

Commissioner Thomas

- Thanked everyone for coming out tonight.
- Have a safe and happy holiday.

Commissioner Dyer

- Thanked staff for their continued hard work in everything they are endeavoring.
- Hopes everyone has a safe and happy Memorial Day.

_					
Com		-:-		D	
CALIFIE	IIIIS.	SIO	ner	P22	ITTIIC

- Thanked everyone for coming.
- Hope you have a great holiday.

ADJOURNMENT

Motion by Commissioner Paarfus to adjourn at 6:48 p.m.; second by Commissioner Smith; approved by unanimous vote.

ATTEST:	J. Alan Holden, Mayor
Heather Finnell, Town Clerk	

TOWN OF HOLDEN BEACH BOARD OF COMMISSIONERS SPECIAL MEETING WEDNESDAY, MAY 29, 2024 – 5:30 P.M.

The Board of Commissioners of the Town of Holden Beach, North Carolina met for a Special Meeting on Wednesday, May 29, 2024 at 5:30 p.m. in the Town Hall Public Assembly. Present were Mayor J. Alan Holden; Mayor Pro Tem Tom Myers; Commissioners Rick Smith, Page Dyer and Rick Paarfus; Town Manager David W. Hewett; and Town Clerk Heather Finnell. Commissioner Tracey Thomas was unable to attend the meeting.

PUBLIC COMMENTS

No comments were made.

INTERVIEWS FOR LEGAL SERVICES

The Board interviewed Trey Ferguson and Chip Payson from Sumrell Sugg and T.C. Morphis, Brady Herman and Lydia Lavelle from the Brough Law Firm.

The Board agreed to make the decision at the Regular Board meeting.

ADJOURNMENT

Motion to adjourn at 6:34 p.m. by Commissioner Paarfus; second by Commissioner Smith; approved by unanimous vote.

ATTEST:	J. Alan Holden, Mayor	
Heather Finnell, Town Clerk		

TOWN OF HOLDEN BEACH BOARD OF COMMISSIONERS SPECIAL MEETING MONDAY, JUNE 3, 2024 – 5:30 P.M.

The Board of Commissioners of the Town of Holden Beach, North Carolina met for a Special Meeting on Monday, June 3, 2024 at 5:30 p.m. Present were Mayor J. Alan Holden; Mayor Pro Tem Tom Myers; Commissioners Rick Smith, Tracey Thomas, Page Dyer and Rick Paarfus; Town Manager David W. Hewett; Town Clerk Heather Finnell; Assistant Town Manager Christy Ferguson; Inspections Director Tim Evans; Public Works Director Chris Clemmons; Police Chief Jeremy Dixon; Finance Officer Daniel McRainey and Fiscal Operations Supervisor Margaret Lancaster.

Mayor Holden called the meeting to order.

PUBLIC COMMENTS

Sylvia Pate encouraged the Board to not let the \$1.1 million in the current budget for the pier project revert back to the General Fund. She said the Board should establish a separate fund for the project and move those funds there.

INTERVIEW FOR LEGAL SERVICES

The Board interviewed Sydnee Moore for legal services.

BUDGET WORKSHOP

Town Manager Hewett said on page 15 of the Budget Message, the total under the line titled Professional Services should be \$1,667,171. On page 34, on the bottom part of the page, the line titled CRF Beach Interest under revenues should be \$2,058,171. That changes the total to \$2,152,671. Likewise in the expenses, it should be \$2,152,671. Town Manager Hewett provided a summary of the Budget Message. The tax rate is presented at fourteen cents, which is no change from the previous year. The county is increasing the sewer treatment rate by \$1 so we need to pass that through to the Town's retail customers. The implementation of year-round paid parking is an item to deal with. The lift station 2 upfit is also listed under the Greensboro lift station upfit under main points. The pier professional services appropriation for site specificity is in there. Block Q site improvements to include the bathrooms and stormwater as limited by the Board are in the proposed budget. The ADA compliant initiatives and self-assessment are included. The money for the Coastal Storm Damage Reduction Study is also in there, along with a \$200,000 appropriation for streets resurfacing. As required by the Fiscal Control Act, we have to organize the budget into

funds. The funds are the General Fund, the Water & Sewer Fund and the BPART Fund, in addition to Canal Dredging. We have three capital reserve funds, which are Water, Sewer and Beach & Inlet Management. He said we drafted a budget that is balanced and in accordance with what we think are the directives of the Board. All of our debt services are paid for.

Mayor Pro Tem Myer's provided a spreadsheet he prepared that listed the objectives, if the item is in the budget and budgeted amount. The Board reviewed the information on the list by ranking order. Highlights are below.

- ADA Compliance Projects Assistant Town Manager Ferguson explained when you subtract the
 other items from the Access and Rec line of \$475,000, the amount for the ADA projects is
 \$334,000. ADA compliance projects were discussed. Commissioner Thomas suggested having
 a separate line item for the Key Bridge line items. After discussion, Town Manager Hewett agreed
 staff could add a line for ADA Compliance.
- 2. ADA Self-Assessment Commissioner Thomas would like to see a separate line item for this item too. She thinks it is important to track the Board's goals.
- Sewer Station #2 Upgrade Town Manager Hewett explained before the Town can go to construction, the numbers will need to be extracted into a capital project ordinance. We don't know the difference between what the bids will come in at and what is budgeted. Funding and the project were discussed.
- 4. Fund Beach and Inlet Special Reserve Town Manager Hewett explained there were two separate transfers. The first is a \$94,500 transfer from the BPART Fund (Brunswick County Refund CRP and a portion of occupancy tax). Occupancy taxes were discussed. There is also a surplus in the Available to Appropriate line of \$312,000. That is basically a contingency fund. By law you can only have a 5% contingency fund in a fund. \$75,211 is the estimated surplus that could be transferred to the Beach & Inlet Capital Reserve Fund if the Board would like.
- 5. Stormwater Study Implementation Plan this is coming to the Board at the June meeting. There is no need for funding in the budget this year. The Board needs to review the information first.
- 6. ADA Bathroom for Block Q Assistant Town Manager Ferguson suggested removing the word study from the notes. It is not a study; it is to implement the stormwater construction. The architect is still working on stormwater design. We do not have the quote yet. Stormwater for the Block Q site was discussed. The plan would be for whatever is required to permit the bathroom.
- 7. Plans for New Fire Station there are no budgeted funds for a new fire station. Town Manager Hewett said there needs to be coordination between the Fire Department and the Inspections Department to determine exactly what can go over there. Inspections Director Evans provided an update on the status.
- 8. Meeting Audio/Video Improvements \$50,000 is listed under Communications in Governing Body. Commissioner Thomas requested the amount be broken out into a new line.

- 9. Water System Assessment Plans Town Manager Hewett said that is the inventory that will be done. The Board should receive that in July.
- 10. 796 OBW Town Manager Hewett said the Board will decide what to do with the revenue if it sells. The debt service is in the budget. Offers on the property are due on June 4th.
- 11. Include Beach Nourishment in CIP Town Manager Hewett said staff didn't include that in the CIP because he doesn't know how to do that with an undefined cost. The 15-year plan created for a previous meeting was a hybrid sketch that staff put together. He doesn't think we are ready to put something in the CIP yet. Giving visibility to the plan was discussed. Town Manager Hewett expressed his concerns with adding beach nourishment to the CIP.
- 12. Revise Fund Balance Policy for Beach Nourishment this is not a budget related item.
- 13. Pavilion the structure is gone. Assistant Town Manager Ferguson provided feedback on holding concerts at Bridgeview Park.
- 14. Block Q the only money in the budget is for the bathroom and associated stormwater.
- 15. Lobbyist Cost/Benefit Analysis Town Manager Hewett said the Board would need to decide if they want to continue that. We are right in the middle of three federal programs. Commissioner Thomas would like to see that item broken out.
- 16. Lockwood Folly Inlet Access there is \$83,000 in there for a one-time sidecaster operation. Sand on the beach is not included this year because this is Oak Island's turn.
- 17. Inlet Hazard Area Changes that is not a budget item.
- 18. Improved Website and Communications other than the meeting improvements, there is no money for website improvements.
- 19. Pier Structure/Pier Building The only money included is for the Professional Services to do the evaluation on the pier structure and building. Town Manager Hewett said he is supposed to meet with Commissioner Paarfus and Inspections Director Evans next Monday to sketch out the path forward for creating a request for proposals.
- 20. Pier Building See Above
- 21. Revised Budget Message not discussed.
- 22. Repair Parcourse there is money in the Access and Recreation line.

- 23. Additional Pickleball Courts there are no plans for this.
- 24. Parks & Recreation Facilities Repair/Improvements Assistant Town Manager Ferguson explained the \$50,600 listed under Rothschild and Davis Park is not the correct amount for this line. It is part of it. She explained why the cost in that line went up. There are other numbers throughout the budget. Other items that should be included in that line were discussed.
- 25. Changes to Paid Parking that is completed.
- 26. Sewer Vacuum Bypass System not in the budget.

Town Manager Hewett asked if the Board would like to make the transfer mentioned on page 12 of the Budget Message under the Governing Body relating to the surplus. The Board would like to wait to make the decision.

Commissioner Thomas would like to remove the detective position and related expenses. She does not feel the amount and type of crime being seen on the island can justify the expense. Commissioner Paarfus would like to defer the item for consideration midyear. He would like to have one, but he isn't sure there is a full-time workload. Removing the position was discussed. Mayor Holden talked about his experience being a victim. There is a lot of stuff the general public doesn't know about. He asked that the Board give strong consideration to adding a detective. Commissioner Smith said in the Police Report, the ones in process are ones that need a detective. He said the Town needs to have someone on the force to get stuff back. He thinks the position needs to remain in the budget. Commissioner Dyer said this is something Chief Dixon has been asking to get for years. She thinks it is an essential position. Mayor Pro Tem Myers agreed with the points being made, he would just like to know if there is enough to justify a new fulltime resource. Chief Dixon provided more information. Town Clerk Finnell will provide the Board with copies of the information. Police vehicles were discussed. The detective position will be revisited on Friday. A copy of the Vehicle Replacement Policy will be provided to the Board.

Future meetings were discussed.

Commissioner Dyer inquired about the money set aside for Block Q for the paved boat parking in the current budget. Town Manager Hewett responded the money was appropriated in the BPART Fund. The money will revert back to fund balance at the end of year.

The chart prepared by Finance Officer McRainey in the packets, interfund transfers and restricted funds were discussed.

Town Manager Hewett did the parking revenue estimate based on conversations with Jim Varner from Otto Connect, history of what we have taken in and best estimates. Having the revenue in the BPART Fund was a decision made last year. The underlying premises was the visiting public is more tourism related. Parking revenues were further discussed.

ORDINANCE 24-08 AN ORDINANCE AMENDING THE HOLDEN BEACH CODE OF ORDINANCES, CHAPTER 154: FLOOD DAMAGE PREVENTION

BE IT ORDAINED BY the Mayor and Board of Commissioners of the Town of Holden Beach, North Carolina, that Chapter 154: Flood Damage Prevention be amended as follows.

Section One: Amend Section 154.01 (A) as follows:

§ 154.01 STATUTORY AUTHORIZATION; FINDINGS OF FACT.

- (A) The Legislature of the State of North Carolina has in Part 6, Article 21 of Chapter 143; Parts 3, 5, and 8 of Article 19 of Chapter 160A; and Article 8 of Chapter 160A of the North Carolina General Statutes, delegated to local governmental units the responsibility to adopt regulations designed to promote the public health, safety, and general welfare of its citizenry. Therefore, the Board of Commissioners of the Town of Holden Beach, does ordain as follows:
- (A) The legislature of the State of North Carolina has in Part 6, Article 21 of Chapter 143; Article 6 of Chapter 153A; Article 8 of Chapter 160A; and Articles 7, 9, and 11 of Chapter 160D of the North Carolina General Statutes, delegated to local governmental units the authority to adopt regulations designed to promote the public health, safety, and general welfare of its citizenry. Therefore, the Board of Commissioners of the Town of Holden Beach, does ordain as follows:

Section Two: Amend Section 154.05 as follows:

§ 154.05 BASIS FOR ESTABLISHING THE SPECIAL FLOOD HAZARD AREAS.

The special flood hazard areas are those identified under the Cooperating Technical State (CTS) agreement between the State of North Carolina and FEMA in its FIS dated August 28, 2018 for Brunswick County and associated DFIRM panels, including any digital data developed as part of the FIS, which are adopted by reference and declared a part of this chapter. Future revisions to the FIS and DFIRM panels that do not change flood hazard data within the jurisdictional authority of the town are also adopted by reference and declared a part of this chapter, and all revisions thereto. Subsequent Letter of Map Revisions (LOMRs) and/or Physical Map Revisions (PMRs) shall be adopted within three months.

The special flood hazard areas are those identified under the Cooperating Technical State (CTS) agreement between the State of North Carolina and FEMA in its FIS dated August 28, 2018 for Brunswick County and associated DFIRM panels, including any digital data developed as part of the FIS, which are adopted by reference and declared a part of this chapter. Future revisions to the FIS and DFIRM panels that do not change flood hazard data within the jurisdictional authority of the town are also adopted by reference and declared a part of this chapter, and all revisions thereto.

Section Three: Amend Section 154.03 as follows:

§ 154.03 DEFINITIONS

ADD- BREAKAWAY WALLS. Means a wall that is not a part of the structural support of the building and is intended through its design and construction to collapse lateral loading forces without causing damage to the elevated portion of the building or the supporting foundation system.

SUBSTANTIAL IMPROVEMENT. Any combination of repairs, reconstruction, rehabilitation, addition, or other improvement of a structure, taking place during any one-year period for which the cost equals or exceeds 50% of the market value of the structure before the start of construction of the improvement. This term includes structures which have incurred substantial damage, regardless of the actual repair work performed. The term does not, however, include either:

- (1) Any correction of existing violations of state or community health, sanitary, or safety code specifications which have been identified by the community code enforcement official and which are the minimum necessary to assure safe living conditions; or,
- (2) Any alteration of a historic structure, provided that the alteration will not preclude the structure's continued designation as a historic structure, and the alteration is approved by variance issued pursuant to Section 154.38 of this Ordinance.

SUBSTANTIAL IMPROVEMENT. Any combination of repairs, reconstruction, rehabilitation, addition, or other improvement of a structure, taking place during any two-year period for which the cost equals or exceeds 50% of the market value of the structure before the start of construction of the improvement. This term includes structures which have incurred substantial damage, regardless of the actual repair work performed. The term does not, however, include either:

- (1) Any correction of existing violations of state or community health, sanitary, or safety code specifications which have been identified by the community code enforcement official and which are the minimum necessary to assure safe living conditions; or,
- (2) Any alteration of a historic structure, provided that the alteration will not preclude the structure's continued designation as a historic structure, and the alteration is approved by variance issued pursuant to Section 154.38 of this Ordinance.

Section 4: Amend Section 154.36 (B)(11) as follows:

§ 154.36 FLOODPLAIN DEVELOPMENT APPLICATION, PERMIT AND CERTIFICATION REQUIREMENTS.

(B)(11) A statement that all materials below BFE/RFPE must be flood resistant materials. (Optional)
(B)(11) A statement that all materials below BFE/RFPE must be flood resistant materials.

Section 5: Amend Section 154.21 as follows:

§ 154.21 SPECIFIC STANDARDS.

- (E) Additions/Improvements
- (2) Additions to post-FIRM structures with no modifications to the existing structure other than a standard door in the common wall shall require only the addition to comply with the standards for new construction.
- (2) Due to free of obstruction requirements in V zone and all AE is regulated as V zone in the Town of Holden Beach.
- (3) (I) Tanks. When gas and liquid storage tanks are to be placed within a special flood hazard area, the following criteria shall be met:
- (a) Underground tanks. Underground tanks in flood hazard areas shall be anchored to prevent flotation, collapse or lateral movement resulting from hydrodynamic and hydrostatic loads during conditions of the design flood, including the effects of buoyancy assuming the tank is empty;
- (b) Above-ground tanks, elevated. Above ground tanks in flood hazard areas shall be elevated to or above the regular flood protection elevation on a supporting structure that is designed to prevent flotation, collapse or lateral movement during conditions of the design flood. Tank-supporting structures shall meet the foundation requirements of the applicable flood hazard area;
- (c) Above ground tanks, not elevated. Above-ground tanks that do not meet the elevation requirements of § 154.23 shall be permitted in flood hazard areas provided the tanks are designed, constructed, installed, and anchored to resist all flood- related and other loads, including the effects of buoyancy, during conditions of the design flood and without release of contents in the floodwaters or infiltration by floodwaters into the tanks. Tanks shall be designed, constructed, installed, and anchored to resist the potential buoyant and other flood forces acting on an empty tank during design flood conditions.
- (d) Tank inlets and vents. Tank inlets, fill openings, outlets and vents shall be:
- 1. At or above the regulatory flood protection elevation or fitted with covers designed to prevent the inflow of floodwater or outflow of the contents of the tanks during conditions of the design flood; and
- 2. Anchored to prevent lateral movement resulting from hydrodynamic and hydrostatic loads, including the effects of buoyancy, during conditions of the design flood.
- (4) (J) Other development.

timitations of \$ 154.23

- (b) Retaining walls, sidewalks and driveways in regulated floodways and NEAs. Retaining walls and sidewalks and driveways that involve the placement of fill in regulated floodways shall meet the limitations of § 154.23.
- (c) Roads and watercourse crossings in regulated floodways and NEAs. Roads and watercourse crossings, including roads, bridges, culverts, low- water crossings and similar means for vehicles or pedestrians to travel from one side of a watercourse to the other side, that encroach into regulated floodways shall meet the limitations of § 154.23.

('85 Code, § 8-4.5b.) (Ord. 31, passed -- ; Am. Ord. 5-87, passed 3-24-87; Am. Ord. 03-01, passed 2-24-03; Am. Ord. 06-06, passed 5-22-06; Am. Ord. 18-13, passed 8-6-18; Am. Ord. 20-11, passed 9-3-20; Am. Ord. 21-10, passed 6-15-21) Penalty, see § 154.99

Section Six: The Town Clerk is directed to forward this ordinance to American Legal Publishing for inclusion in the next published supplement to the Holden Beach Code of Ordinances.

Section Seven: This ordinance shall be effective the 19th day of June, 2024.

This the 18th day of June, 2024.

ATTEST:	J. Alan Holden, Mayor

TOWN OF HOLDEN BEACH BOARD OF COMMISSIONERS' STATEMENT OF CONSISTENCY AND ZONING RECOMMENDATION

The Town of Holden Beach Board of Commissioners has reviewed and hereby recommends approval of amendments to Section 154 of the Town's Floodplain Management Ordinance adopted from the National Flood Insurance Program (NFIP).

After review, the Board of Commissioners has found that the recommended amendments are consistent with the adopted CAMA Land Use Plan and are considered reasonable and in the public interest for the following reasons.

Use of Property: The amendment as recommended by the Federal Emergency Management Agency (FEMA) and the North Carolina Department of Public Safety to align better with the NFIP goals.

Economic Impacts: The CAMA Land Use Plan Goals and Objectives 3.1; Policies 3.1(A), 3.1(C), 3.1(G). The changes will support not alter the current Goals, Objectives and Policies.

Environmental Impacts: Amendments align with current Goal 3.2 and Objective 3.2 of the CAMA Land Use Plan.

Upon approval by the Board of Commissioners the Comprehensive Plan will be deemed amended and shall not require any additional request or application for amendment.

The statement and motion were adopted unanimously on this 30th day of April 2024.

ORDINANCE 24-10

AN ORDINANCE AMENDING THE HOLDEN BEACH CODE OF ORDINANCES, SECTION 94.03 FRONTAL DUNE POLICIES AND REGULATIONS AND CHAPTER 157: ZONING CODE

BE IT ORDAINED BY the Mayor and Board of Commissioners of the Town of Holden Beach, North Carolina, that Section 94.03 Frontal Dune Policies and Regulations and Chapter 157: Zoning Code be amended as follows.

Section One: Amend Section 94.03 Frontal Dune Polices and Regulations as follows (changes in blue):

§ 94.03 FRONTAL DUNE POLICIES AND REGULATIONS

- (A) Definition. For the purpose of this section, town's FRONTAL DUNES shall mean the dunes designated by the town's designee as the "frontal dunes"; otherwise, they are the first mounds of sand located landward of the ocean beach with sufficient vegetation, height, and configuration to offer protection from ocean storms. Considering the fact that oceanfront property limits extend to the mean high water mark, the frontal dune may be located on private property. The town's FRONTAL DUNE although similar may be different than the state's CAMA designated dune, so as to be located closest to the structure as possible to encourage maximum buffer from hazard.
- (B) Purpose of the frontal dune. It is desirable to maintain a continuous frontal dune along the ocean-front of the island, extending from Lockwood Folly Inlet to Shallotte Inlet. A continuous frontal dune thus maintained provides a single, ocean water surge flood control structure that serves to mitigate the effects of storms, that could by their very nature cause damage to public and private property. It is the intent of the town that the frontal dune be maintained to standard specifications and by sand renourishment, so that the above-mentioned protection can be provided.
- (C) Frontal dune policy and regulations. The following policies and regulations apply: (penalty for failure to adhere is \$500.00 per violation).
- (1) It shall be unlawful for any person or vehicle to cross the designated frontal dune, except for official town business or emergency access, unless such crossing is over a town approved ramp and/or stairs.
 - (2) Frontal dune policy and restrictions.
- (a) Whenever property owners elect to construct a walkway across the frontal dune on their property, to provide pedestrian access to the beach strand, the following specifications shall apply. (Note: the same criteria applies when property owners seek to apply for town approval of an encroachment agreement to construct a walkway over public property adjacent to their residence.)
- 1. The walkway shall be constructed only of building materials approved by the North Carolina Residential Building Code. The walking passageway shall be no wider than four feet. The underside of the walkway across the frontal dune shall be a minimum of 18 inches and a maximum of 36 inches above the crest of the sand. Exception: Town owned CAMA accessways may utilize a six-foot walkway.

- 2. The first step down to the beach strand shall be placed no farther seaward than the beginning of the downward slope of the CAMA frontal dune.
- 3. Steps shall be of open tread construction with a maximum riser height of eight and one-quarter inches and a minimum tread depth of nine inches, and shall meet the requirements of the North Carolina Residential Building Code.
- 4. In accordance with North Carolina State Division of Coastal Management's enforcement of the Coastal Area Management Act (CAMA), the walkway access to the beach strand over the frontal dune shall be conclusively presumed to entail negligible alteration of the dune. In no case shall the walkway be permitted if it will, in the opinion of the Local CAMA Permit Officer, diminish the dune's capacity as a protective barrier against flooding and erosion.
- 5. Except for handicap ramps, steps from the walkway to the beach strand shall be placed only perpendicular to the frontal dune line.
- 6. No structure other than one four foot-wide wooden walkway shall be located south of the landward toe of the frontal dune. This applies to decks, gazebos, sitting areas and other additions that a property owner may desire to make to the allowed walkway. Structures (other than the one four-foot walkway) that exist when this section is adopted may remain in place temporarily; however, all such structures must be removed no later than December 31, 2003, in order to be in compliance with this section. A building permit is required if there are any repairs needed to walkway load bearing surfaces, such as supporting posts. Adding additional lengths to supporting posts shall constitute a repair. Exception: Town owned CAMA accessways may utilize a 6 foot walkway. Exception: Property owners with lots that have more than 300 feet from the seaward toe of the frontal dune to the last line of natural stable vegetation, as determined by the local CAMA officer, may install a single walkway with a maximum width of four feet; the walkway shall be a minimum of three feet high with a maximum height not to exceed four feet; and shall terminate at the last line of natural stable vegetation. Walkways shall be permitted and built in accordance with all federal, state, and local building requirements. Exception: swimming pools maybe located south of the town's designated frontal dune, placement of pools and decking shall not extend more than 50 feet from the established seaward toe of designated frontal dune. This exception only applies when the CAMA dune is more seaward than the town's frontal dune.
- (b) Showers shall not be located on walkways over the dune south of its landward toe. Shower runoff must not drain onto any portion of the frontal dune or south of the landward toe.
- (c) In those instances where a residence or other structure is located directly adjacent to the frontal dune, stormwater runoff from roofs shall be controlled by the property owner so as not to erode sand on any portion of the frontal dune.

(d) Sand fences.

1. The installation of sand fence along the oceanfront, when properly located and erected, is an effective method to control blowing sand which may lead to the formation of dunes. However, when improperly located and erected, sand fencing may interfere with emergency beach access, cause accumulation of debris, and discourage sea turtle nesting.

- 2. SAND FENCING is defined as a fence normally constructed of untreated and unpainted wood held together with twisted wire, with the fence being nailed to a minimum of one and one-half inch by three and one-half inch (two-by-four) posts that are spaced at intervals not less than five feet and are embedded no more than two feet into the sand, and extending no higher than four feet above grade.
- 3. No sand fence shall be erected without a no-cost sand fence permit issued by the town Inspections Department. The permit may be requested and returned by mail following completion.
- 4. All sand fencing shall be installed in individual lengths of ten feet or less, at an angle between 45 and 90 degrees to the shoreline, facing west. The lengths of sand fence will be spaced at least seven feet apart, parallel to each other, to allow sea turtles and pedestrians to pass through. This method of sand fencing encourages sand accretion and minimizes negative impacts to nesting sea turtles.
- 5. The Building Inspector shall have the authority to summarily remove, abate, or remedy a sand fence determined dangerous or prejudicial to the public safety whether by reason of its location, or its subsequent state of disrepair or damage. Any fence so removed will be delivered to its owner if known, and if not, will be disposed of by the Public Works Department in an appropriate manner.
- (e) Property owners are encouraged to vegetate and fertilize the portion of the frontal dune on their property.
- (f) An exception to this policy is that ocean front property owners or their agents may traverse on (or over) the specific portion of the frontal dune within the limits of their property (above the mean high water mark), so as to make minor dune repairs, plant vegetation, install sand fencing and otherwise maintain the frontal dune on their property so that it may afford the intended degree of flood protection per this section.

Section Two: Add Section 157.024 *Previously Section 94.03(C)(2)(a)(6)* to Chapter 157: Zoning Code as follows:

DUNE RESTRICTIONS 157.024

- (A) No structure other than one four-foot wide wooden walkway shall be located south of the landward toe of the CAMA frontal dune, as designated by the local CAMA officer. This applies to decks, gazebos, sitting areas and other additions that a property owner may desire to make to the allowed walkway.
- (B) Structures (other than one four-foot walkway) that exist when this section is adopted may remain in place temporarily; however, all such structures must be removed no later than December 31, 2003 if repairs exceed more than 50% of the structural value, in order to be in compliance with this section. A building permit is required if there are any repairs needed to walkway load bearing surfaces, such as supporting posts. Adding additional lengths to supporting posts shall constitute a repair. Exception: town-owned CAMA accessways may utilize a six-foot walkway. Exception: property owners with lots that have more than 300 feet from the seaward toe of the frontal dune to the last line.

the last line of natural stable vegetation

- (C) Walkways shall be permitted and built in accordance with all federal, state and local building requirements.
- (D) Exception: swimming pools may be located south of the town's designated frontal dune, placement of pools and decking shall not extend more than 50 feet from the established seaward toe of designated frontal dune. This exception only applies when the CAMA dune is more seaward than the town's frontal dune.

Section Three: Amend Section 157.060(D)(10) as follows:

 $\S157.060 (D)(10)$ - Location of accessory buildings. Accessory buildings shall be located not less than five feet from property line. (a) see 157.024.

Section Four: Amend Section 157.061(D)(9) as follows:

 $\S157.061$ (D)(9)-Location of accessory buildings. Accessory buildings shall be located not less than five feet from property line. (a) see 157.024.

Section Five: The Town Clerk is directed to forward this ordinance to American Legal Publishing for inclusion in the next published supplement to the Holden Beach Code of Ordinances.

Section Six: This ordinance shall be effective on the 19th day of June, 2024.

This the 18th day of June, 2024.

ATTEST:	J. Alan Holden, Mayor
Heather Finnell, Town Clerk	

TOWN OF HOLDEN BEACH BOARD OF COMMISSIONERS' STATEMENT OF CONSISTENCY AND ZONING RECOMMENDATION

The Town of Holden Beach Board of Commissioners has reviewed and hereby recommends approval of amendments to Section 157 of the Town's Land Use Section.

After review, the Board of Commissioners has found that the recommended amendments are consistent with the adopted CAMA Land Use Plan and are considered reasonable and in the public interest for the following reasons.

Use of Property: The amendment as recommended and initiated by staff to provide citizens with a due process pathway to avoid unnecessary hardships due to the Ordinance.

Economic Impacts: The CAMA Land Use Plan Goals and Objectives 3.2; Policies 3.2(A), 3.2(B), 3.2(G) and 3.2(M). The changes will support not alter the current Goals, Objectives and Policies.

Environmental Impacts: Amendments align with current Goal 3.2 and Objective 3.2 of the CAMA Land Use Plan.

Upon approval by the Board of Commissioners the Comprehensive Plan will be deemed amended and shall not require any additional request or application for amendment.

The statement and motion were adopted by a	vote this 18 th day of June 2024.

PART VII. TAX RATE

An Ad Valorem Tax Rate of thirteen cents (\$.13) per one hundred dollars (\$100) at full valuation is levied for Fiscal Year 2024/2025.

PART VIII. BUDGET ADMINISTRATION

This Budget Ordinance shall be the financial plan for the Holden Beach Municipal Government during the fiscal year beginning 1 July 2024 and ending 30 June 2025. The Board of Commissioners shall approve all reallocations of budgeted funds between Funds and may amend the Budget Ordinance at any time so long as the Budget Ordinance, as amended, satisfies the requirements of North Carolina General Statutes 159-8 and 159-13. The Budget Officer shall administer and shall insure operating officials are provided guidance and sufficient details to implement their appropriate portion of the budget. In accordance with North Carolina General Statute 159-15 and 26, the Budget Officer may reallocate budgeted funds within a Fund without limitation and shall establish/maintain an accounting system designed to show in detail the Town's assets, liabilities, equities, revenues and expenditures. The Town of Holden Beach ten year Capital Improvement Plan is hereby incorporated and approved as presented at Atch 1.

Effective Date and Approval.	
This Ordinance is effective 1 July 2024 as adopted t	thisday of June, 2024.
ATTEST:	J. Alan Holden, Mayor
Heather Finnell, Town Clerk

Resolution 24-06 Resolution Authorizing Upset Bid Process

WHEREAS, the Town of Holden Beach owns property located at 796 Ocean Boulevard West in the Town of Holden Beach, North Carolina, tax parcel 246bc002; and

WHEREAS, North Carolina General Statute § 160A-269 permits the town to sell property by upset bid, after receipt of an offer for the property; and

WHEREAS, the Town of Holden Beach has received an offer to purchase the property described above, in the amount of \$345,000, submitted by Jason Grubb, JPG Group Inc.

THEREFORE, BE IT RESOLVED BY THE HOLDEN BEACH BOARD OF COMMISSIONERS THAT:

- 1. The Holden Beach Board of Commissioners authorizes sale of the property described above through the upset bid procedure of North Carolina General Statute § 160A-269 pending the receipt of a five percent (5%) deposit on the offer.
- 2. The town clerk shall cause a notice of the proposed sale to be published. The notice shall describe the property and the amount of the offer and shall state the terms under which the offer may be upset.
- 3. Persons wishing to upset the offer that has been received shall submit a sealed bid with their offer to the office of the city clerk within 10 days after the notice of sale is published. At the conclusion of the 10-day period, the town clerk shall open the bids, if any, and the highest such bid will become the new offer. If there is more than one bid in the highest amount, the first such bid received will become the new offer.
- 4. If a qualifying higher bid is received, the town clerk shall cause a new notice of upset bid to be published and shall continue to do so until a 10-day period has passed without any qualifying upset bid having been received. At that time, the amount of the final high bid shall be reported to the Holden Beach Board of Commissioners.
- 5. A qualifying higher bid is one that raises the existing offer by not less than ten percent (10%) of the first \$1,000.00 of that offer and five percent (5%) of the remainder of that offer.
- 6. A qualifying higher bid must also be accompanied by a deposit in the amount of five percent (5%) of the bid; the deposit may be made in cash, cashier's check, or certified check. The Town of Holden Beach will return the deposit on any bid not accepted and will return the deposit on an offer subject to upset if a qualifying

higher bid is received. The Town of Holden Beach will return the deposit of the final high bidder at closing.

- 7. The terms of the final sale are that
 - The Town of Holden Beach Board of Commissioners must approve the final high offer before the sale is closed, which it will do within 30 days after the final upset bid period has passed.
 - The buyer must pay with cash at the time of closing.
- 8. The Town of Holden Beach reserves the right to withdraw the property from sale at any time before the final high bid is accepted and the right to reject at any time all bids.

Adopted this the 18th day of June, 2024.

To:

Holden Beach Board of Commissioners

From: Chief J. Dixon - Holden Beach Police Department

Chief D. Todd - Tri-Beach Fire Department

Ref:

Emergency Beach Access

Over the last couple of summers, emergency responders have noticed an increase in people using the areas around the emergency accesses for their beach equipment. More and more often we are seeing canopies, tents, towels, volleyball nets, surfboards, and other beach related equipment directly surrounding the emergency access points. This causes significant emergency response delays. During certain situations, it is not uncommon for some beach equipment to be run over by emergency vehicles as moving the equipment takes too long and no alternate routes are available. This not only increases emergency response times, but it also threatens damage to personal beach equipment and threatens damage to emergency vehicles.

We are asking that the Board of Commissioners consider discussing the possibility of enacting ordinances that either prevent beach equipment within a certain distance of emergency access points, and/or ordinances which create emergency vehicle lanes on the beach strand.

Respectfully submitted.

Jeany Outon emy Dixon, Police, Chief

Doug Todd, Fire Chief
