Re: Resurfacing High Point Street

Bids for the resurfacing of High Point Street have been advertised in the newspaper and on the Town website. Highland Paving was the only bidder at \$115,250, which falls into the informal bid procedures. Informal bidding does not require a certain number of bids or a defined advertising process before award. The bid received by Highland is within budget and the Board can make the award if they choose to do so.

Recommendation is to make the award and take advantage of the cost savings because they are the same company doing the work on Ocean Boulevard.
