**Subject:** Special Meeting Feb. 27 1:00 pm

Can you please read this for me in public comments tomorrow? Thanks

Today's special meeting was scheduled at 12:50 pm on Weds. I did not receive any information about the content of the meeting or was asked my availability for scheduling.

I have made it known on numerous occasions that Tuesdays and Thursdays are days that I am not available for meetings before 5:00 pm. With barely 48 hrs. notice, there is no way I could make today's meeting.

I want to make it clear that I am unable to make this meeting due to business commitments . I am fully committed to my patients and their well-being.

Thank you,  
Commissioner Dyer

**Subject:** Absence at BOC meetings

Good Morning Heather,

I know you and Christy know of my medical issues, however would you please read the below apology during the public comment part of the meeting today:

I would like to apologise for my absence at this and the past two BOC meetings. I had major surgery and have been restricted from travel until released by my team of doctors. We are working toward me being able to return home and available for our March BOC meeting.

Thanks,  
Rick Smith
