Re: NC Parks and Recreation Trust Fund Grant (PARTF)

Based on the BOC's direction to pursue grant opportunities to assist with land acquisition related to the pier properties, staff submitted a PARTF application, which was approved by the state in the amount of \$500,000. This is the maximum amount eligible for award. The contract is before you for consideration and was the number one ranked application by the regional consultants scoring the applications.

Attachment 1: PARTF contract

Suggested Motion: Authorize the staff to have the contract executed.
