

# Design Your Own BEAR

Bear is special. Bear has a unique pattern of patches from Bear's head to paws.

Notice the colours of Bear's patches.

Could there be special reasons for these colours?

Perhaps, the colours could be from Bear's favourite things to do or wear.

Maybe, some of the colours show Bear's feelings.

Think about the colours that you might choose for your own Bear.

Where would you place those colours and why?
