### **EMS OFFICERS UNION ENDORSED MIKE SCHNALL FOR CITY COUNCIL**

(STATEN ISLAND, NY) — Today, the Uniformed EMS Officers Union Local 3621 FDNY (UEMSO), which represents New York City EMS workers and retirees, proudly endorsed Democrat Mike Schnall for New York City Council. Representatives from the UEMS0 praised Schnall for his dedication and commitment to ensuring that our first responders get the recognition they deserve from City Hall.

“As emergency responders, we’re trained to respond to situations and the needs of others no matter the danger and the circumstances. When it comes time to offer our support to candidates running for office, we stand with those who have stood with us. Mike Schnall has demonstrated that he understands the challenges we face, the monumental tasks we’re handling every day, and he will fight for our members to ensure we get the respect and much needed support from City Hall,” said UEMS0 President Vincent Variale.

“I am honored to have earned the endorsement of the Uniformed EMS Officers Union (UEMSO). These brave men and women put their lives on the line every day when they respond to countless emergency situations. They are underpaid, understaffed, and overworked, which only adds to an already herculean effort they do to save lives. City Hall has totally ignored and disrespected these heroes by paying them significantly less than their counterparts and that has to end. As a candidate and when I take office, securing pay equity and improving life and work balance for our EMS workers will be a top priority of mine,” said Mike Schnall.
