

Enfield Families:

We are excited to share that students will be taking their iPads home for the summer! As a result, all students currently in Grades K-8 will have access to continue using i-Ready to support their personalized learning of mathematics and reading skills. Students currently in Grades 9-11 are encouraged to use their iPads for any enrichment assignments including Khan Academy for personalized SAT skill practice.

i-Ready will continue to be available for students in Grades K-8 to utilize as an optional enrichment activity until Sunday, August 14th. At that point, we will begin the process of getting ready for the new school year. Students will resume having access after they take the first diagnostic, usually by the end of September. As optional enrichment and to support grade level skills, it is recommended that students complete 30-45 minutes in both reading and mathematics *per week*. See the [iReady Flyer](#) as well as the **optional** iReady tracking sheet provided in the next few pages. Use of the tracking sheet is completely optional for families; it will not be collected in the fall.

When all students (currently in Grades K-7, 9-11) return in the fall, they will continue to use their existing iPad; they must bring their charged iPad with them to start the year. There will be a process to update and refresh the devices for the new school year. ***In order to receive their new EHS iPad, students currently in Grade 8 must bring their existing iPad to the Freshman Orientation.*** More information regarding the orientation will be sent out at a later date.

In the following documents, you will find:

- Directions for how to access iReady from an iPad for students in Grades K-8.
- An optional iReady weekly tracking sheet to help keep track of student usage and progress (30-45 minutes in each subject per week is encouraged).
- A flyer with tips for keeping the iPad running smoothly over the summer. Enfield Public Schools has protections in place to support the use of the iPad for instructional purposes. Some additional tips for Summer Use of the iPad include:
 - Check the iPad for weekly Software Updates.
 - Keep the iPad in the case!
 - Keep the iPad away from extreme heat and cold; keep it away from liquids.
 - Charge the iPad overnight.
 - Along with the flyer, additional options are available on the [iPad Tips and Tricks](#) page located under EPS – Tech Support.

Support:

Our EdTechHelp Team will be available by email over the summer for any support needs that arise. To contact the team, email: EdTechHelp@enfieldschools.org.

Dear Enfield Families:

As a reminder, i-Ready is an individualized program your child is using at school to support their learning of reading and mathematics. If you are looking for ways to support your child in reading and mathematics at home, i-Ready is the perfect option! Based on diagnostic assessments given to your child this year, i-Ready has created a path to personalize their learning.

For at-home use, students access i-Ready by FIRST logging into Clever. See instructions below.

To Open the i-Ready App through Clever:

- Open the Clever App.

- Scan the student Clever badge (K-5 Students).
- Students in Grades 6-8: login with your username and password.

If needed, please reach out to

EdTechHelp@enfieldschools.org for a copy of the badge or login information.

- A window in Safari will open. Scroll down the page and click on the i-Ready icon.
- It will prompt "Open this page in i-Ready?" Click "Open."

Accessing My Path for Reading and Mathematics:

- When the i-Ready App opens, select a subject.

- Click on the next lesson to continue the personalized path.

Checking on Student Progress:

- After the i-Ready App is opened and a subject is chosen, click on "My Progress" at the bottom of the screen.

- It is recommended that students complete 30-45 minutes of both reading and mathematics per week.

iReady Weekly Progress Tracking Sheet

Name: _____

Click the My Progress icon on your *i-Ready* dashboard.

Color or write in the information that appears on your *i-Ready* dashboard.

| Date (Week or Day) | Mathematics | | Reading | |
|-----------------------|--------------|----------------|--------------|----------------|
| | Time-on-Task | Lessons Passed | Time-on-Task | Lessons Passed |
| | | | | |
| | | | | |
| | | | | |

| | | | | |

Check iPad Settings:

1 Check the Apple ID

The iPad Apple ID **MUST** be signed into the student's **@enfieldschools.org** email address and password.

DO NOT sign out/into a personal Apple ID.

THIS IS THE #1 CAUSE OF MOST iPad PROBLEMS!

2 Check for Software Updates Weekly

If there is an update available:

- 1) Plug in the iPad to Charge.
- 2) Make sure it is connected to WIFI.
- 3) Start the Update.

THIS IS THE #2 CAUSE OF MOST iPad PROBLEMS!

3 Check Manager for App Updates

Only install Apps from the Manager App!

Never try to install from the regular App Store!

THIS IS THE #3 CAUSE OF MOST iPad PROBLEMS!

If an App seems like it isn't working, it might need an update.

Open the Manager App to:

- 1) Update any installed Apps.
- 2) See Apps available to install.

4 Charge Your iPad Overnight

Close Apps to preserve battery

Double-click the home button and swipe up on all apps not in use to make the battery last longer.

Keep the iPad in the case

Removing the iPad from the case increases the chance of damage to the screen and buttons.

Store the iPad in a safe place

Keep the iPad away from extreme heat and cold.
Keep it away from liquids.

Give the iPad a fresh start periodically

Press and HOLD the LOCK button and the HOME button at the same time until the screen turns black and restarts.
