Why walk for the Blue & Green . . .

Thousands of lives are changed each year by the life-saving and life-enhancing gifts of organ and tissue donation. To remember those who gave through donation, honor living donors and celebrate life renewed through transplantation, join the Eli Whitney Community for the 6th Annual Blue & Green 5K. Every dollar raised goes directly to programs to educate the public about donation and to increase the number of registered donors in New England who can save and improve lives. Since the first Blue & Green in 2014, over \$700,000 has been raised.
