TaLoria M. Wilson, Principal

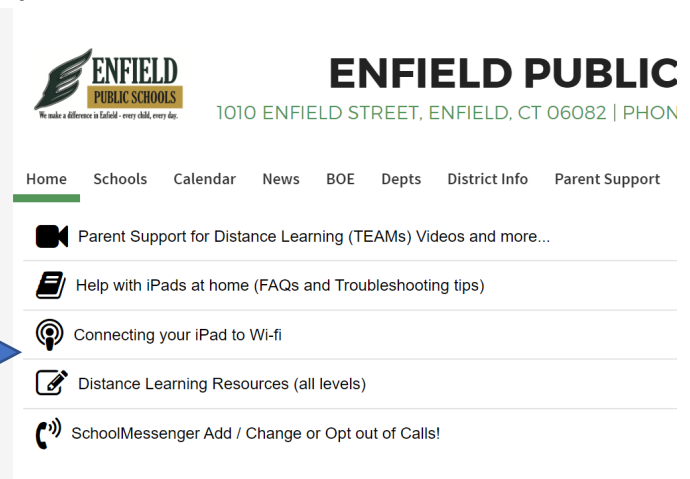

Good evening Whitney Families,

I trust that this email finds you all safe and well! The purpose of this email is to inform you about the next phase of distance learning. As you now know, **EPS has now gone fully online. This transition began this week.** Teachers will now and moving forward, be delivering prerecorded instruction and follow up assignments through Microsoft Teams. Teachers will also continue meeting with students live for classroom meetings and check-ins. **It is important that your child be able to access Teams this week.**

Assignments have and will continue to be posted to help your child acclimate to the different features of the Teams platform.

If you are unable to get into Teams, please visit the Enfield Public Schools website to troubleshoot:
<http://www.enfieldschools.org/>

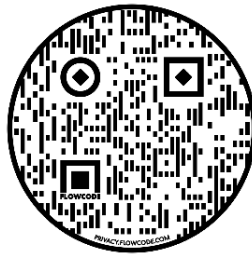

You can also change your messenger settings here.

In addition, we will continue working with families this week to ensure that every family has at least one device for children to use. As you already know, we do not have enough devices for all students, however, we do want to make sure that each family has at least one device for students to use.

During this unsettled time, it is extremely important that we have a way to communicate with you electronically as well as by phone. I am asking for your help so that we can provide your child with the best Distance Learning experience as possible, under the circumstances. **If you have been in communication with your child's teacher, please continue doing so as that is what is going to best support your child (ren), If you have not been in communication with your child's teacher, please send him/her a message through email so that you can stay informed about daily learning opportunities. If you do not have email, please call and leave me a voicemail (860-763-7544,) with your most updated phone number so that we can reach out to you.**

You can use the camera on your phone to read the QR code below and go directly to the following page:

Technology Info/for EPS Website

Please know that your partnership is both valued and very much appreciated during these unprecedented times.

Be safe and be well,

TaLoria M. Wilson

Principal, Eli Whitney Elementary School
