JFK School Community,

We hope this email finds you and your family doing well.

As mentioned in earlier communications, we will conduct state testing with remote learners this year. Below you will find our remote testing agreement and approved testing tools.

The testing dates for in-person learners are provided below. Remote learners will be tested during our regularly scheduled windows and on asynchronous Wednesdays. There are specific restrictions on the number of remote students tested at one time and other remote-specific conditions we must follow. All remote test sessions will be communicated directly to your child via a Microsoft Teams private channel. All testing tools and approved supplements are accessible [here](#).

Connecticut's Department of Education (CTDOE) has provided basic guidance and agreements concerning remote testing. We kindly request that you review this information with your child and complete our agreement form. We have provided a digitally accessible form [here](#) (where you are able to fulfill the agreement request). If you would like to review the full PDF, you can find it [here](#).
