

Circumferential edges ensure  
**precise steering response on  
loose terrain.**

Maximum raised tread area  
**prevents tire from sinking in sand.**

- 7.50 R16 140N
- 12.00 R20 154/149J
- 14.00 R20 160/157G

**Excellent traction** on loose terrain thanks to maximum spacing between the lugs and the lateral edges across the entire tread pattern.

Distinctive, circumferentially - orientated tread elements provide **maximum lateral guidance forces.**

Sturdy arrangement of tread blocks **avoids tire damage in off-road use**
