Cypress Land Services is looking to add a **Site Acquisition Specialist (Telecom)** to our growing team! This is an exciting opportunity for someone to interface with a wide variety of property owners across the province and work and learn within a team environment.

The team at Cypress values excellence, integrity and collaboration and are looking for a candidate that holds the same values. We offer a friendly, team-oriented and flexible work environment. Our employees work a 40hr work week and receive health and dental benefits. We offer competitive compensation, including a bonus structure directly related to your success.

Our ideal candidate has:

- **2+ years of related experience within the real estate, sales or utility sector.**
- Secondary Education with focus in Real Estate or Land Management.
- Outstanding interpersonal skills.
- Experience in customer service/ customer relations.
- A valid drivers license and clean driving record and willingness to travel in AB and BC is required.

Responsibilities:

- Select sites and acquire legal agreements for the telecommunications industry.
- Experience with GIS Mapping to assess the feasibility of projects.
- Experience reviewing BC Land Titles and encumbrances on title.

- Negotiate and acquire legal agreements for communication towers, fiber optic expansion projects, and wireless communication systems.
- Support project tracking and scheduling requirements.
- Maintain all project information and documentation.
- Obtain Third Party Agreements related to proximity and crossing requirements.
- Conduct municipal risk assessments based on government procedures and/or protocol.
- Review and interpret engineered drawings to determine appropriate requirements for projects.
- Obtain assignments from the Project Manager and formulate strategy and timelines for estimated milestones to meet the client's objectives.
- Travel to project areas throughout BC.

Required skills:

- Strong written and verbal communication skills.
- Self starter with the ability to manage your own time and multiple projects.
- Experience in using Land and GIS systems such as Auto Prop, Imap, LTSA and other similar resources.
- Exceptional interpersonal and negotiation skills.
- Ability to develop and sustain productive customer relationships.
- Detail-oriented with strong research skills; can accurately follow processes with each task.
- Technological proficiency regarding computer software, which may include Microsoft, Google, Adobe products.
- Strong organizational skills and ability to prioritize projects with ease.
- Must be comfortable presenting and answering questions to large groups of people.
- A team player with a strong sense of responsibility and self-motivation.
- Able to direct, influence and motivate others to advance projects.

Benefits & Compensation

- Base Salary: \$60,000.00-\$90,000.00 pa
- Commission Pay: Annual Commission based upon performance.
- Benefits: Dental care, Extended health care, Vision care
