## Company Overview

GovCon Advisory Group provides consulting, training and compliance advisory services to companies operating in the federal government contracting marketplace. We specialize in helping contractors design defensible procurement systems, prepare for DCMA business systems audits, and strengthen FAR / DRARs compliance.

We support organizations of all sizes—from emerging small businesses entering the federal market to large defense contractors managing complex contract portfolios.

## Core Capabilities

- Rent a Contracting Officer
- CPSR Readiness and Purchasing System Reviews
- Contract Administration Advisory Services
- Policy and Procedure Development
- Small Business Program Design and Oversight
- Procurement Compliance System Design
- Contracting Workforce Training
- Procurement Integrity Diagnostics
- Subcontracting Risk Assessments and Compliance Scorecards

## Our Mission

GovCon Advisory Group was founded on the principle of strengthening the integrity of the federal contracting ecosystem by helping contractors build disciplined and compliant acquisition systems.

We help government contractors develop compliant, defensible, and scalable contracting and purchasing systems that withstand audit scrutiny, reduce risk, and support sustainable growth in the federal contracting marketplace. Drawing on battle-tested methods, candid guidance, and four decades of experience, we help organizations transform compliance from their greatest regulatory risk into a powerful competitive advantage.
