**Sponsorship Opportunities for the
Eleventh Annual Wagfest
to benefit
Stanly County Humane Society**

Wagfest 2018 is Saturday, May 12, 2018. The Wagfest Committee and the Stanly County Humane Society (SCHS) hope you will consider a sponsorship for the eleventh annual Wagfest, which will again be held at Cannon Park, across from the YMCA. SCHS is a volunteer-based, non-profit organization, established to help eliminate the number of animals being abused, neglected, mistreated, abandoned and euthanized. This is accomplished in part by constantly reaching out into the community and educating the general public about what SCHS's services and about appropriate, humane treatment of animals

SCHS is always willing to help animals without hope. Animals from local animal control and homes that can no longer care for their pets are taken into SCHS's system where they receive all necessary veterinary and shelter care. By the time any animal is placed into adoption by SCHS, he/she has had all shots, tests, treatments, spaying/neutering and micro chipping. Only after all care is completed are the animals ready for placement into a new, safe, loving and "forever" home.

Did you know:

- There are currently in excess of 123 dogs and cats fostered at the adoption facility or in foster homes around the county.
- 15-25 dogs are vetted **every week**;
- Since January 1, 2017, **over dogs and cats** have been received, vetted, and sheltered
- Pet adoptions are held every Saturday at the shelter
- Adoption count for 2017 is approximately 308
- From 2009 through 2017, over 6700 animals have been saved from being euthanized!
- \$1,000 is the average weekly expense to provide services to the animals received at the shelter
- The average cost to vaccinate, spay/neuter a healthy dog is \$136.00
- Emergency veterinary care can exceed \$650-\$1500 for an animal with medical needs

Your continued donations have enabled SCHS to take in thousands of homeless furry friends since its inception. Before SCHS can consider providing these services to a homeless furry friend, other expenses are paramount. These include, but are not limited to facility rent, insurance, gas, utilities, kennels, doghouses, food, shelter, etc... Please consider this request to help the great efforts of Stanly County's **#1 animal rescue organization** with a generous donation. All donations are tax-deductible to the extent allowed by law.

Option 1

___ Your donation of \$25 will list your name or your business name on the event t-shirt.

Option 2

___ Your donation of \$50 will list your name or business name and logo on the event t-shirt
