### *Welcome to the I-29 Bull Run!*

Welcome to Bull Run 8! What started as a cooperative effort of like-minded breeders almost a decade ago, is standing the test of time. We would really like to thank all of our customers who have put their trust in our genetics! Looking back to our first few sales we were at the Apex of that cattle market cycle, and it has been an up and down ride since then. But 2022 hopefully will begin a move to the top once again! With so many variables in this business, your genetic choices are one variable you can put on lock-down. Cattle you are selling at the high again now are reflecting genetic investments you made 2-5 years ago, the subtle reminder that the cow-calf business operates in a "crock pot" not a "microwave"!

As a group, these bulls represent the top calves out of nearly 500 cumulative matings. We strive to offer a diverse genetic selection amongst breeds, but we also have a strong conviction that the breeds offered, Hereford-Angus-Simmental, are absolutely complimentary to each other in modern crossbreeding systems! Some of these genetics will be on display in our customer commercial heifer sale offering. As always we would like to mention that your success is our success and anything we can do to help you market your product, whether here or anywhere across the country, we are only a phone call away. Please let us know if there is anything we can do to serve you better.

We look forward to seeing you on March 12th, but if you can't make it feel free to reach out to the breeders or sale staff. Cattle are available for viewing starting Friday afternoon in Sioux Falls or by appointment on the farm. Once again the sale will be live broadcast for viewing and bidding on [www.TheLivestockLink.com](http://www.TheLivestockLink.com)

*Thanks again for your  
interest in the Bull Run!*

## Terms & Conditions

**Terms** - Terms of the sale are cash or check payable during or after the sale and before cattle will be released. Cattle will not be transferred until paid in full. Each animal will be at the buyer's risk immediately after the animal is sold. The auctioneer has complete charge of the sale and in case of a dispute in bidding, his decision will be final. Any announcement from the auction block will take precedence over printed material. All persons attending the sale do so at their own risk. The owners assume no liability for property loss or accidents that may occur.

**Guarantee** - Cattle will be sold and guaranteed in accordance with the recommended terms and conditions set forth by the breed association. If an animal fails to be a breeder, buyers can choose a replacement, if one is available at the time, or receive credit. Guarantee is void in occurrence of improper management in caring for an animal, or sickness, or injury occurred after sale of the said animal. Mortality insurance will be available on sale day.

**Absentee Bidding** - If you would like to place a bid but are unable to attend the sale, please direct your bid to any of the owners or sale staff. You may also bid online as the sale will be broadcast live on the Internet at [www.thelivestocklink.com](http://www.thelivestocklink.com). See page 32 for instructions.

### Delivery - Options are as follows:

Bulls -- Free Delivery within 200 Miles and a Delivery Date by May 1.  
Heifers -- Free Delivery Within 100 Miles and Delivery Date by April 1.  
Delivery beyond the allotted miles will be \$2 mile. Feed and Yardage beyond the Delivery Date will be \$5/day. Sellers will work to make cooperative arrangements. Please contact the individual seller with any questions.

**Insurance** - Even though animals may be housed by the seller for a convenience to the buyer, animals will be at the buyers risk immediately following the sale and we strongly recommend purchasing insurance. Insurance will be available on sale day.

**Semen Interests** - Along with full possession, you are purchasing the full semen interests of all bulls unless otherwise noted. The seller will have the option to use the bull artificially for in-herd use, in which case they will be collected at their expense prior to the delivery and breeding season.

**Air Travel** - Sioux Falls Regional Airport is served by several major airlines. Announcements - Announcements made the day of the sale take precedence over material printed in the sale catalog or any other advertising. We reserve the right to make any additional or withdraw any sale lot not meeting our specifications prior to sale time.

## SELLING 4 SONS OF OUR DONOR - LOTS 24-27

### CLRS EXTRA SALTY 741E

ASA 3241145

CLRS Extra Salty 741E is our premier donor female and dam of four bulls in this years offering. She produced our high sellers in 2020 and 2021. Mark's Generation 13G selling to Clear Springs Cattle Co and Mark's Horizon 12H selling to Bull Creek Cattle Co. This donor offers structural soundness, great feet and leg conformation and beautiful udder quality. She has been mated to five different sires and produced phenomenal results each time. We currently have a WS Proclamation daughter in our replacement group and she comes with the potential to be a powerful female like her mother. 741E continues to carry on the strong attributes of her dam, Hooks Excellence 87x, and her maternal sisters. She is truly an industry leading pedigree.

### PUREBRED SIMMENTAL

Here's a Hooks Beacon son that was the first calf from MF Febe which is the cow that got Tate started. Like his show hfr dam, he's long and striking. Combine that with his high API and Calving ease Genetics and you've got a great combination in a Purebred Simmental. He was used as a service sire on Hfrs last summer, calves have come easy and vigorous.

## Commercial Females

The I-29 Bull Run is pleased to offer the following groups of commercial females from customers previous to this sale. In future sales we hope to make this a continued event for our customers by adding value to the quality genetics purchased through this sale. Over the first few years of our sale, the response from the buyers of these commercial females has been overwhelmingly positive! We again have a great offering of Black and Black White Face Heifers, but also have a select number of hard to find Red White Faced Heifers.

**We value your business and encourage all of our customers to contact us for assistance in promoting or marketing your calves!**

These heifers WILL be on site on sale day, they have been pre-sorted and selected. Videos will also be available. Heifers will be sold by the head and a group weight will be available on sale day. All heifers will be Bangs Vaccinated and given a pre-breeding shot. They will also be tested open, called breedable, and will have an adequate pelvic area as determined by a veterinarian. All heifers have come from high-end pre-conditioning and herd health programs. Winning bidder can select 5 or more head from any group, this will be done on a "gate-cut" basis at load out. Any further questions please contact the sellers directly or Mark Johnson, 605-212-2387.
