Bull Run

An elite offering of
Hereford, Angus & Simmental Bulls,
plus registered & commercial females.

SATURDAY, MARCH 13, 2021

6:00 p.m. at the Expo Building
W.H. Lyon Fairgrounds, Sioux Falls, SD

Welcome to the I-29 Bull Run!

It is our pleasure to welcome you to "Bull Run 7!" If you are reading this - you somehow survived 2020! When we hosted last year's sale, none of us had any idea what the days, weeks, and months that followed would lay at our doorstep. With that said, our sale group did what many of the rest of you did. We put our heads down and went to work planning for the future, even if we didn't know exactly what that would look like.

But it's now 2021 and we all forge ahead. Like many of you, our cattle offer a constant over time and something to focus on moving ahead. So even as we market one set of bulls, our group continues to strive to make them better and better every year. Our goal is to offer fault-free cattle that bring balance, performance and longevity to your program. We feel that the three breeds represented in this sale offering Hereford - Angus - Simmental, when used together may be some of the most powerful genetic heterosis in the industry!

2021 also brings change to our sale, since its inception we have enjoyed working along-side Springwater Polled Herefords, but this year we announce that Troy Williamson has recently accepted a new role at Fawcett's Elm Creek Ranch and will now be marketing his cattle in a way that aligns more with that relocation. Best wishes Troy! And Good Luck with your new endeavor!

As always, we enjoy working with all of our customers and appreciate your feedback. Let us know if there is anything we can do to serve you better! We would love to see you on March 13th, but if you can't make it on sale day feel free to reach out to the breeders or sale staff. And once again we will have cattle available for viewing prior to the sale starting on Friday afternoon or by appointment anytime. Our sale will also be broadcast online on www.TheLivestockLink.com.

Thank you for your interest in the Bull Run!

Terms & Conditions

Terms - Terms of the sale are cash or check payable during or after the sale and before cattle will be released. Cattle will not be transferred until paid in full. Each animal will be at the buyer's risk immediately after the animal is sold. The auctioneer has complete charge of the sale and in case of a dispute in bidding, his decision will be final. Any announcement from the auction block will take precedence over printed material. All persons attending the sale do so at their own risk. The owners assume no liability for property loss or accidents that may occur.

Guarantee - Cattle will be sold and guaranteed in accordance with the recommended terms and conditions set forth by the breed association. If an animal fails to be a breeder, buyers can choose a replacement, if one is available at the time, or receive credit. Guarantee is void in occurrence of improper management in caring for an animal, or sickness, or injury occurred after sale of the said animal. Mortality insurance will be available on sale day.

Absentee Bidding - If you would like to place a bid but are unable to attend the sale, please direct your bid to any of the owners or sale staff. You may also bid online as the sale will be broadcast live on the Internet at www.thelivestocklink.com. See page 35 for instructions.

Delivery - Options are as follows:

Bulls -- Free Delivery within 200 Miles and a Delivery Date by May 1.
Heifers -- Free Delivery Within 100 Miles and Delivery Date by April 1.
Delivery beyond the allotted miles will be \$2 mile. Feed and Yardage beyond the Delivery Date will be \$5/day. Sellers will work to make cooperative arrangements. Please contact the individual seller with any questions

Insurance - Even though animals may be housed by the seller for a convenience to the buyer, animals will be at the buyers risk immediately following the sale and we strongly recommend purchasing insurance. Insurance will be available on sale day.

Semen Interests - Along with full possession, you are purchasing the full semen interests of all bulls unless otherwise noted. The seller will have the option to use the bull artificially for in-herd use, in which case they will be collected at their expense prior to the delivery and breeding season.

Air Travel - Sioux Falls Regional Airport is served by several major airlines.

Announcements - Announcements made the day of the sale take precedence over material printed in the sale catalog or any other advertising. We reserve the right to make any additional or withdraw any sale lot not meeting our specifications prior to sale time.

New in 2021:

2021 is the **first year** that Sleepy Hollow Farm is offering Foundation Simmental Bulls! This is a project that Tate has wanted to take on, so he is now offering these half-blood Simmental bulls by purebred Angus cows, and also from what we will deem the "Miss Strategy Line" of high maternal F-1 cows.

• A Standing Ovation Son! What can we say about the Standing Ovation bull? He has performed very well for us and our customers. He adds length to a calf crop, and the calves are very uniform - and this son is no different.

Sale Notes

Commercial Females

The I-29 Bull Run is pleased to offer the following groups of commercial females from customers previous to this sale. In future sales we hope to make this a continued event for our customers by adding value to the quality genetics purchased through this sale. Over the first few years of our sale, the response from the buyers of these commercial females has been overwhelmingly positive! We again have a great offering of Black and Black White Face Heifers, but also have a select number of hard to find Red White Faced Heifers.

We value your business and encourage all of our customers to contact us for assistance in promoting or marketing your calves!

These heifers WILL be on site on sale day, they have been pre-sorted and selected. Videos will also be available. Heifers will be sold by the head and a group weight will be available on sale day. All heifers will be Bangs Vaccinated and given a pre-breeding shot. They will also be tested open, called breedable, and will have an adequate pelvic area as determined by a veterinarian. All heifers have come from high-end pre-conditioning and herd health programs. Winning bidder can select 5 or more head from any group, this will be done on a "gate-cut" basis at load out. Any further questions please contact the sellers directly or Mark Johnson, 605-212-2387.
