

Hereford Bulls • Angus Bulls • Simmental Bulls • Registered & Commercial Females

Bull Run

An elite offering of
Hereford, Angus & Simmental Bulls,
plus registered & commercial females.

SATURDAY, MARCH 14, 2020

6:00 p.m. at the Expo Building
W.H. Lyon Fairgrounds, Sioux Falls, SD

Welcome to the I-29 Bull Run!

It is our pleasure to offer, Bull Run VII! For us involved, its hard to believe sometimes that this idea for a sale drummed up on a showbox at the SD State Fair is already in its 6th year! As a combined effort of Eggers Southview Farm, Springwater Polled Herefords, TSR Cattle Co, Mark Family Simmental, Section 16 Cattle Co, and Sleepy Hollow Farm - We truly appreciate your friendship and support!

Even in a six-year span, its really amazing what the markets and mother-nature can put at the feet of cattlemen. We reminisce about the "high-tide" that was in place for all agricultural markets when we first started the Bull Run, followed by a return to cycle lows. Just a few short years before the first sale we were all trying to tough out a record drought state-wide, recently we have now experienced two of the wettest years on record. So we laugh, bite our lip and move forward knowing that is how averages are made. Which brings to mind this old adage, don't worry about what you can't control and focus on what you can!

No matter what the weather or markets throw at you - raising fault free cattle bred for performance and longevity - will keep you in business. And that is exactly what we strive to offer on this sale. We feel the Hereford, Angus and Simmental breeds are complimentary to each other and offer unmatched heterosis when used commercially!

As always, its a pleasure to work alongside our customers whenever possible so please do not hesitate to contact us anytime of the year! You will find some of our genetics hard at work here in the commercial offering as well, and as always we would like to extend an invitation to our new and existing customers to let us help you on sale day however you choose to market your calves.

We would love to see you on March 14th, but if you are unable to make it, please feel free to contact the breeders or sale staff and online bidding is also available on www.thelivestocklink.com

Thank you for your interest in the I-29 Bull Run!

Find lots cataloged alphabetically by farm name.

SATURDAY, MARCH 14, 2020 AT 6 P.M.

Schedule

Friday, March 13, 2020

Cattle available for viewing at the Fairgrounds anytime after 2 p.m.

Saturday, March 14, 2020

Lunch available at 4:30 p.m. followed by the sale at 6:00 p.m.

Please note: This sale will be conducted as a video sale using the same bidding process as a live auction. Cattle will be on display at the Fairgrounds beginning at 2 p.m. March 13. If you'd like to view the offering prior, please make arrangements with the sellers.

In the case of inclement weather, due to the schedule of the sale staff and facility, we will make every effort to hold the sale using our Online platform, www.thelivestocklink.com, and will also make announcements using our website and Facebook page.

Location

Expo Building on the W. H. Lyon Fairgrounds, Sioux Falls, SD

From I-29:

Take the 12th Street exit and head east. Get into the left hand lane, after one block, take a left onto Lyon Blvd. Stay in the right hand lane and exit into the fairgrounds.

Veterinarian Services

Sioux Nation Vet Clinic.....Viborg, SD

Sale Terms & Conditions

Terms - Terms of the sale are cash or check payable during or after the sale and before cattle will be released. Cattle will not be transferred until paid in full. Each animal will be at the buyer's risk immediately after the animal is sold. The auctioneer has complete charge of the sale and in case of a dispute in bidding, his decision will be final. Any announcement from the auction block will take precedence over printed material. All persons attending the sale do so at their own risk. The owners assume no liability for property loss or accidents that may occur.

Guarantee - Cattle will be sold and guaranteed in accordance with the recommended terms and conditions set forth by the breed association. If an animal fails to be a breeder, buyers can choose a replacement, if one is available at the time, or receive credit. Guarantee is void in occurrence of improper management in caring for an animal, or sickness, or injury occurred after sale of the said animal. Mortality insurance will be available on sale day.

Absentee Bidding - If you would like to place a bid but are unable to attend the sale, please direct your bid to any of the owners or sale staff. You may also bid online as the sale will be broadcast live on the Internet at www.thelivestocklink.com. See page 35 for instructions.

Delivery - Options are as follows:
 Bulls -- Free Delivery within 200 Miles and a Delivery Date by May 1.
 Heifers -- Free Delivery Within 100 Miles and Delivery Date by April 1.
 Delivery beyond the allotted miles will be \$2 mile. Feed and Yardage beyond the Delivery Date will be \$5/day. Sellers will work to make cooperative arrangements. Please contact the individual seller with any questions

Insurance - Animals will be at the buyer's risk immediately following the sale and we strongly recommend purchasing insurance. Insurance will be available on sale day.

Semen Interests - Along with full possession, you are purchasing the full semen interests of all bulls unless otherwise noted. The seller will have the option to use the bull artificially for in-herd use, in which case they will be collected at their expense prior to the delivery and breeding season.

Air Travel - Sioux Falls Regional Airport is served by several major airlines.

Announcements - Announcements made the day of the sale take precedence over material printed in the sale catalog or any other advertising. We reserve the right to make any additional or withdraw any sale lot not meeting our specifications prior to sale time.

- Another genetic powerhouse with CE and API ranked in the top 2% of the breed. Along with WW and YW being ranked high as well. This cow family offers stellar genetic power, great utter quality, structural soundness, great feet and legs, longevity and extensive quality of offspring history. It is exciting to offer genetics like these.

- A genetic standout from a first calf heifer purchased at the Wulf/Hook Bred for Balance sale. His CE and API are in the top 1% of the breed followed up with strong WW/YW. This cow family continues to produce many herd and AI sires with a reputation for tremendous udder quality, structural soundness, longevity and genetic improvement. We feel this calf has great potential, keep every heifer as they will make great cows.

- Our first Highland 84E son and wow is he something. He is the only Highland bull calf we had in 2019 but boy we sure wish we had more. The first crop of Highland calfs are thick, soggy deep bellied, easy keeping kind of cattle. 153G is no different. Come see him sale day and see for yourself the extra lbs he could add to a calf crop. Safe for heifers

- 8308—The only Validate son in the offering—but a deep influence in our herd because of the retained daughters. The Validate's are born easy, vigorous at birth and the daughters are exemplary cows in production. Use on heifers with confidence and on cows for all the right reasons.

- 8316—Insight has become a legend in the breed. He has become a do-it-all bull that sires some of the most eye-appealing females and stout powerful sons with moderate birth weights, solid growth, muscle, and maternal function. 8316 has been bred to mirror all of his sire's qualifications. Evaluate him carefully on sale day.

Ellingson Rough Rider 4202 - Sire of Lots 43-47

We used Rough Rider as a real-world performance sire that would continue to add muscle, volume and fleshing ability. We really appreciate these bulls for fantastic feet and legs. Additionally it is a pedigree that gave us a lot of mating flexibility. His progeny have been well received and it was also the largest sire group at Ellingson's recent production sale. These have been some of our favorites since birth and you will see why.

- This guy was a favorite all summer
- Bold ribbed wide made
- suitable for heifers

HA Cowboy Up 5405 - Sire of Lots 48 - 51

- Cowboy Up son with added length and extension.
- Dam goes back to one of our most productive cows.

This will be our second crop of Cowboy Ups, and they did not disappoint. Widely used, he was the top sire for registrations in the Angus breed in 2019. Again, adding to what we are striving to make - cattle with growth, mass and performance. We also like the added length and structural integrity of these calves.

- We retained this Commando son from our 2018 crop to use on a select group of heifers and at the time of printing this catalog have even calved a handful that were bred to him, it was certainly what we expected as they were born easily with some extra vigor upon arrival. Couple this with a great set of EPDs and individual performance and you got a herd bull. 807 was also a powerful breeder, so if you need him to cover a few extra, he is up to the task.

YEARLING ANGUS BULLS

Blacktop Shrek 7333 - Sire of Lots 54 - 58

We have a nice set of these Shrek calves in our sale this year, he was the lead and high selling bull at Reppening's in 2018. We particularly liked him as a sire that could add a little extra size without sacrificing integrity in other areas. The calves have also performed on paper and in the real world. As a whole they are also our highest \$B sired calves. There are some exciting finds in this group!

- Dam is out of Tate's great 36X cow who sets the bar for breed back and longevity at our place. 903 was her first calf in 2019 and she turned around and was one of the first to the calving shed in 2020, so look for this bull to sire females that will keep the ranch in business.

- He offers a great balance of look and EPDs.

R Leader 6964 - Sire of Lots 59 - 61

Leader continues to sire Hereford cattle that the commercial industry can easily embrace; he's homozygous polled, moderate made, along with being a low birth - high performing sire group. Leader will also sire great structure with added pigment. Our Leader sons were very well accepted in previous sales here and across the country.

- 1804 is a calving ease deluxe! He was used to clean up heifers last summer & got everyone settled in a 60 day window.
 - A moderate sized bull that I think will be able to run on heifers for many years to come. Plus, he ranks in the top 10% of breed in 9 traits!

- 15F is goggle eyed & deep bodied with a big hip & top in him. He's really nice in his structure & a good footed bull.
 - The Champ's put a lot of good things together in an attractive package & the 5T donor stamps them well.
 - He'll sire calves with balance, uniformity, & style.

- Here is our last 2019 son to sell from our spring herd and looks to be his best one yet!
- He's soft made, nice fronted, clean made bull that moves freely and big 1/4.

COMMERCIAL FEMALES

The I-29 Bull Run is pleased to offer the following groups of commercial females from customers previous to this sale. In future sales we hope to make this a continued event for our customers by adding value to the quality genetics purchased through this sale. Over the first few years of our sale, the response from the buyers of these commercial females has been overwhelmingly positive! We again have a great offering of Black and Black White Face Heifers, but also have a select number of hard to find Red White Faced Heifers.

We value your business and encourage all of our customers to contact us for assistance in promoting or marketing your calves!

These heifers WILL be on site on sale day, they have been pre-sorted and selected. Videos will also be available.

Heifers will be sold by the head and a group weight will be available on sale day.

All heifers will be Bangs Vaccinated and given a pre-breeding shot. They will also be tested open, called breedable, and will have an adequate pelvic area as determined by a veterinarian. All heifers have come from high-end pre-conditioning and herd health programs.

Winning bidder can select 5 or more head from any group, this will be done on a "gate-cut" basis at load out.

Any further questions please contact the sellers directly or Mark Johnson, 605-212-2387.

KATHOL RANCH

Marcel Kathol, Irene SD - 605-661-8372

Kathol Ranch is once again bringing an outstanding set of open heifer calves to the Bull Run! They are February & March born with many being AI sired by UPS Domino 3027 and the balance sired by Springwater Polled Hereford's bulls. Marcel believes this is the best group he has raised, plus they are on an excellent health & nutrition program. Great set of F-1 replacement heifers offered up for your consideration. Feel free to contact Marcel with any questions on the heifers.

41 BWF OPEN HEIFERS

2 RWF OPEN HEIFERS

GIBBON FARM & RANCH

Roger Gibbon, Milnor ND - 701-680-3152

Gibbon Farm and Ranch, Roger and Brenda Gibbon, is a diversified cattle and crop operation that has been purchasing bulls from Sleepy Hollow Farm for several years for their own cow herd and to use within their Heifer breeding operation. This is the combination of that effort!

This year, Gibbon's are bringing us 15 head of Angus heifers, bred to a low-birthweight son of Hometown purchased in last year's sale. Heifers will weigh 1150-1200 lbs, sorted to be even, and will start calving April 1.
