Hi!

My name is _____ and I am calling from the Palm Beach County Chapter of National Popular Vote.

We are providing speakers to address groups on the advantages of the National Popular Vote and its current status.

Are you familiar with the National Popular Vote?

In every presidential election, candidates are forced to focus their attention on only a handful of swing states, ignoring the vast majority of voters nationwide. Florida has been a swing state; but starting in the 2024 election Florida will no longer be a swing state.

The National Popular Vote law will guarantee the Presidency to the candidate who receives the most popular votes nationwide, in all 50 states and the District of Columbia combined.

It will do this without changing the Electoral College.

It has already been enacted into law by 15 states and the District of Columbia, for a total of 195 electoral votes. Three more states will be passing it shortly, for a total of 224 electoral votes. Just 46 more electoral votes are needed for it to go into effect.

Our speakers can provide a 20-to-30-minute presentation and then answer any questions.

Is this something you'd like to schedule?
