

Northern District Fair 4-H Rabbit Senior Project Record

Project Year _____

Check those that apply:

Rabbit _____

Market Rabbit _____

Name: _____

Number of years in the Project: Rabbit _____

Fair Age as of January 1, of the current year: _____

4-H Club: _____

4-H Leader: _____

Record Started: _____ Record Closed: _____
Month/Day/Year Month/Day/Year

****RECORD BOOKS ARE DUE THURSDAY OF FAIR WEEK****

OBJECTIVES OF THE RABBIT PROJECT

1. To develop a love for animals and a humane attitude toward them, while experiencing the pride and responsibility of ownership of an animal.
2. To gain skills and knowledge in management of a market project.
3. To help the Youth member acquire and maintain accurate information on all aspects of the Rabbit Feeding Project, and to record in a timely and organized manner.
4. To encourage integrity, honesty, sportsmanship, cooperation, communication, and record keeping throughout the project duration.
5. To learn the specifics of breeding, raising, and selecting a market pen from rabbits bred by the member.
6. To let the member learn the possibilities of marketing rabbits or covies for breeding stock, and or contribute to the family table with rabbit meat.

4-H Rabbit Project Guidelines

1. Members should enroll in the fall, even though they may not yet have animals. This will enable members to be well prepared to receive their animals.
2. Project records must be started and kept until the end of the project year. The latest date for starting records and for ownership of project animals is May 1 of the current 4-H year. The latest date for ending records is Thursday after Auction.
3. Members are encouraged to exhibit their animals at least once during the project year, such as the county fair, area rabbit shows and the state 4-H rabbit show.

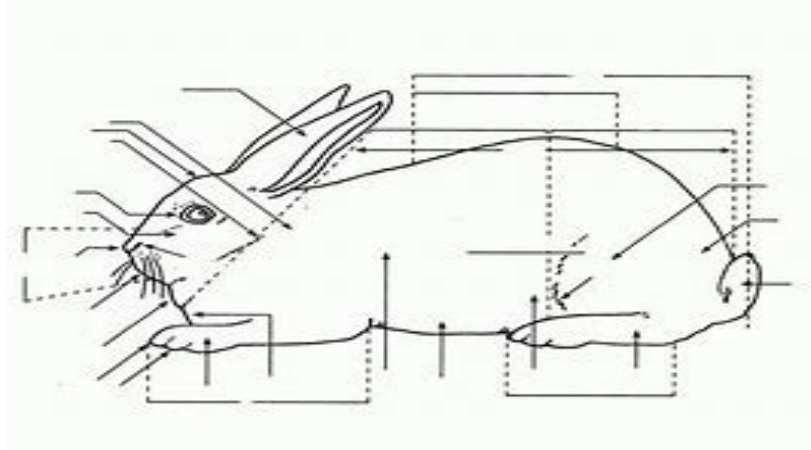

4-H Rabbit Project Showmanship

1. All members are strongly encouraged to participate in the showmanship division of the 4-H Rabbit Project.
2. Members participating in the market project area are required to participate in Showmanship.
3. Exhibitors to be appropriately and neatly groomed/dressed in a long sleeved white shirt or lab coat and black pants.

All Rabbit Project Members Complete

Parts of a Rabbit:

- | | | | |
|----------|------------|--------------|-----------|
| 1. Ear | 6. Nose | 11. Rear Leg | 16. Mouth |

| 4. Hock | 9. Loin | 14. Shoulder | 19. Rump |
| 5. Neck | 10. Foot | 15. Rib | 20. Eye |

Market Rabbit Project & Breeding

Breed of Buck: _____	Breed of Doe: _____
Date Bred: _____	Date Kindled: _____
How many Kindled: _____	How many Lived: _____
Variety (color) of Kits: _____	_____
_____	_____

Weight Records Beginning at 3 Weeks of Age

Date Weighed	Kit #1	Kit #2	Kit #3	Kit #4	Kit #5	Kit #6	Kit #7	Kit #8

Beginning Inventory

An inventory at the start and the close of your rabbit project is a necessary part of your rabbit record. The beginning inventory lists all items on hand at the start of the project (animals and equipment) with their value. Inventory items brought after the project starts will be entered as expenses to the project and in the closing inventory. Beginning inventory values are either (1) the amount paid or (2) the estimated market value in those cases where stock or feed was not purchased but was already on hand.

Beginning _____, 20_____

Classes	Breed	Variety	Number	Avg. \$ Value each	\$ Total
Sr. Buck					
Sr. Doe					
Int. Buck					
Int. Doe					
Jr. Bucks					
Jr. Doe					
Pre Jr. Kits					

Total value of animals \$ _____

Equipment and Facilities Inventory

Kind	List items or describe	Number	\$ Value each	\$ Total
Buildings				
Hutches or holes				
Feeders				
Waterers				
Nest Boxes				
Show Table				
Carriers				
Show supplies				
Other equipment				
Other				

Total value of equipment and facilities \$ _____

Feed Inventory

Kind	Description	Number of bags	\$ Value each	\$ Total
Ration				
Other/supplements				

Total value feed \$ _____

Total inventory value \$ _____

Closing Inventory

An inventory at the start and the close of your rabbit project is necessary part of your rabbit record. The closing inventory lists items on hand at the close of the project together with their value. Inventory items bought after the start of the project should be entered in the closing inventory. The closing inventory value is the estimated market value.

Beginning _____, 20____

Classes	Breed	Variety	Number	Avg. \$ Value each	\$ Total
