HARDWORKING • FAMILY ORIENTED • HONEST
VOTES HER CONSCIENCE

- ✓ 11 years of experience on **North Bay City Council**.
- ✓ Chair of Engineering and Public Works from 2010-2013 and from 2014 to Present.
- ✓ Deputy Mayor, Budget Chief and Chair of General Government from 2013-2014.
- ✓ Strong advocate for roads, infrastructure maintenance, winter maintenance and transit services.
- ✓ In the next term, a few things I would like to see us do are: eliminate any unnecessary sub-committees, continue to invest in the maintenance and repairs of our roads and infrastructure, encourage the building of tiny homes to increase the availability of accessible housing, support the Community Improvement Plan which would include piloting a waiver of development charges (initially in West Ferris to encourage new growth) and enhance sidewalk maintenance.

"I love everything about this city and I believe I've proven it with my passion and personal attention to issues over the years. It's time to get back to business!"
