★ ALLStars ★ MASTARS VS MONSTARS ★ StarMaStars StarsForce StarSchool ©

WE are ALL *ALLStars* with the StarPower(s) to MaStar or MonStar our lives & YOUiverse!!!

#1 ToyStory INVENTOR, THEORIST, & INVENTION of ALL Time?! #1 Science Theorist & funnest Theory of Everything (TOE)?! (not Hawking, Einstein)!

YOU the reader become the #1 SuperHeroes of ALL time! (not Superman, Goku, Heman the most powerful man in the universe MOTU)

STARevolution: Revolutionary author says We are *ALLStars* & we shouldn't call just celebrities the "STARS."

Star Wars Force is \$50BILLION ToyStory vs my STARSForce with x11 educational real-life forces/sciences & BrightSide!

Star Wars has Jedi vs Sith SPACEReligions vs my hotter team names: MaStars vs MonStars. You can't Jedi or Sith your life, but YOU can MaStar or MonStar your life – so kids don't become lil MonStars, (but rather lil life MaStars!) You MaStar my STARSForce & UniverseForce (not The Force)!

NEW FUN STARTheory & STARScience says we are all made of StarPowers vs lame-OLDSceince says we are made of StarDust.

My x11 inner color lights called *ShockRas* connect YOU to my YOUiverse! YOU graduate StarSchool to YOUiversity! (Not Jedi-academy)

This is lil like an Ultimate ALL*In*One mash-up Universe of x100's of BlockBuStar TOY Universes ex. Marvel Universe x DC x DBZ x Heman x Star Wars x Star Trek x Power Rangers x Transformers x Asian Animes x Avatar Airbender x Stan Lee's Chakra x Naruto x 100's of VideoGames Universes!

Colorcode text promotes Multiculturalism Anti-racism, Anti-colorism (& love for ALLpersuns of ALLColors = Anti-HATE code)!

I pay TRIBUTE to x100's of *GlowBall* ToyStories that inspired me to create my own TOYUniverse called my *ALLStars* YOUiverse!

#BLM Black Lives Matter so pages are black like Universe, with x11 *STARLight text colors, to help connect YOU to my TOY YOUiverse!

#BLM as author JM is Brown & my comicbooks are 96% recreations of my 1980-90's youth years (so seems like lil kid wrote them)!

BONUS: I share my BIOGRAPHY TIPS of becoming a PRO teacher (with 2 degrees & masters) despite growing up with violent, alcoholic father!

AWARD-WINNING potentials for: #1 *ALLStars* definition, #2 LOVE & #3 YOUiversePEACE #4. TOE (ex. Nobel Peace prizes?!) So Adults enjoy too!

H I *ALLStars* StarWarrior SuperHeroes, I think I have invented the GREATEST TOY UNIVERSE called *ALLStars* YOUiverse! My TOY Universe name says it all – WE ARE *ALLStars* with the StarPowers inside us ALL that connect us to my StarsForce which connects YOU to the entire YOUiverse – similar to how FAN FAVORITE Star Wars The Force is an energy shield that penetrates us all, & binds the universe together! Global fans of Star Wars The Force (a \$58BILLION toy franchise!) will enjoy my almost TWIN STORY of MaStaring my StarsForce! BUT my Force name - StarsForce is much HOTTER, & so are my team names the *ALLStars* MaStars vs MonStars, as my team names are also ACTION VERBS to MASTAR or MONSTAR your lives so kids & teens don't become lil MonStars & end up in PriSun (prison)! You don't Jedi or Sith your lives. My books are the REAL-LIFE *STARWARS* as at the core of my books is the WokeMessage that WE are *ALLStars*, & that we shouldn't just call top celebrities the "stars" with their "star-power," or elite sports athletes the "all-stars" (#WOKE STARRevelations)!!! I hope you can see the FUN play on words (MISPELLINGS) using all my STAR based terms: *ALLStars* StarWarrior MaStars vs MonStars which connects ALL to the StarsForce in my fun TOY YOUiverse! Just like Jedi vs Sith SPACEReligions I have similar FUN STARReligion vs MONSTARReligion! DC, DBZ, & MARVEL UNIVERSE fans will enjoy my similar x1000's of characters in my YOUiverse OF **CHARACTERS in COMPACT 30page comicbook/ebook - which can be easily reread within a *PowerHour & get you a quick daily dosage of STARPOWERS!** My YOUiverse RIVALS BlockBuStar Marvel Universe with it's all-powerful x6 Infinity Gems vs my own x11PowerKeys but as I reveal below I also have x11 REAL-LIFE FORCES&SCIENCES to my BRIGHTSIDE of my StarsForce! My TOY Universe name is the most meaningful & hottest ever - *ALLStars* YOUiverse vs DC/DBZ/StarWars/Marvel. My StarsForce is a MASSIVE UPGRADE to other TOYForces, for ex. unlike Star Wars Force, in my StarsForce you unlock many more powers ex. SuperStrength & flying like Superman/Goku! Also, YOU the readers become #1 SuperHeroes of ALL time by inserting names into book (ex. [] insert name)! My books are also designed to be Anti-HATE, Anti-Racism & AntiColorism! STARSCHOOL books are for ages +8 & YOUiversity books are for teens! It gets better:

YOUiversePEACE Multiculturalism (Anti-Racism) THEME & LOVE4ALL *ALLStars* MAP!

My books start with a YOUiversePEACE Map as a metaphor for *WorldPeace! ColorCoded text also reps Multiculturalism (Anti-Racism) – LOVE of *ALLStars* ALLpersuns (persons) regardless of skin color, nationality, #BLM (Black Lives Matter) as author Jay Mundi is brown! ColorCoded text also reps my REAL-LIFE x11StarForces as noted in the numbered chart box below with my LOGO. The 11th color black is represented as the page color background which reps our beautiful, black YOUiverse! COLORCODED text also reps the x11PRIMARY COLORS found in *ALL Stars*

StarLights StarColors STARSpectrum & found throughout our massive YOUiverse! You use my map to travel our World (world) & YOUiverse (like Star Wars) to assemble your x11*StarMaStars (Star Wars jedi masters-like) & x1000's of SuperHeroes team to promote Multiculturalism (Anti-Racism), & YOUiversePEACE (*WorldPeace metaphor)!

- ✓ Author Jay Mundi's StarTheory says he is the REAL-LIFE STARWARS as he illuminates WE are ALL *ALLStars*, with the StarPower(s) to MaStar or MonStar our lives, & not just celebrities as "stars" with their "star-power" or athletes as "all-stars" (#WOKE STARRevelations & join the *STARRebel* STARRebellion)!!!
- ✓ FUN MISSPELLINGS: of creative words like MaStars (masters) connects you to my StarsForce & my YOUiverse! *WorldPeace is spelled with W.A.R. to realize our sad history of World Wars 1&2 just 100yrs ago to avoid World WAR 3 (WW3) by promoting LOVE & YOUiversePEACE (*WorldPeace)!!!
- ✓ GAMECHANGER: YOU are the #1 SuperHeroes OF ALL TIME in my YOUiverse using my Fill in Blanks YOUiversALL Avatar system (ex. [] insert name), which makes readers the #1 HERO of any age, any background, no-religion (Atheists), or any religion, or color, or country, or L.G.B.QT+, etc!

11. Universe vs my toy YOUiverse (TOE) & BRIGHTSIDE Power: CELEBRATE x1000's *colorful TOYUniverses that led to my *ALLStars* YOUiverse! Real-life BRIGHTSIDE chart promotes reading books in ALLsubjects to get kids even BRIGHTER! Book is my Theory of Everything (TOE) vs Hawkings/Einstein TOE!

Note: Star Wars the Force is just a fun, fictional force with Jedi vs Sith x4Forces (a Physical, Living, Cosmic Force, & Undying Forces) & don't fly like Superman/Goku!

X11 *StarMaStars with x11 StarPowers = to unlock 100% StarsForce of the * ALLStars* YOUiverse

x11*StarMaStars (TEACHERS)

Each of the x11*StarMaStars (SM's) are space aliens (like Star Wars master Yoda) with different SKINColors of the StarLights StarColors STARSpectrum, to rep YOUiversePEACE (*WorldPeace) Multiculturalism (Anti-Racism) – LOVE of *ALLStars* ALLpersuns (persons) regardless of SKIN colors, nationality, #BLM (Black Lives Matter) as author Jay Mundi is brown! They also rep MaStaring x11 REAL-LIFE FORCES as listed in the chart above, for ex. healthy eating, healthy fitness, education, POWERofLOVE & YOUiversePEACE (metaphor for *WorldPeace)!

CHAPTER by CHAPTER THE ACTION GETS MORE EXCITING & BIGGER...
AS YOU MASTAR EVEN MORE FORCES OF MY STARSFORCE IN EACH CHAPTER!

Each of the x11*StarMaStars (SM's) helps you MaStar key life aspects ex. WorkForce (to get kids job ready), SpeedForce (get cardio for heart health), WorldForce (going green), etc. Each SM is the best in their fields, for example SpeedStar is the fastest in the YOUiverse, & SuperStar is the strongest! These are also the x11armors you collect (like Ironman & Batman have many suits) in each chapter, for example you unlock TechMaStar armor in chapter one, & PowerMaStar armor in chapter 2, so the action gets more exciting CHAPTER BY CHAPTER as each of the x11 *StarMaStars unlock your x11StarPowers inside us ALL, one STARColor for each chapter!!! Note with Star Wars the Force doesn't unlock power of flight or superstrength like Superman or Goku, but in my book you do!

TRIBUTE CELEBRATION OF STAR WARS THE FORCE & x100's GLOBAL TOP TOYSTORIES UNIVERSES:

I am not dissing StarWars, BUT INSTEAD I pay TRIBUTE & CELEBRATE George Lucas & his Star Wars The Force along with x100's of fun TOYForces, TOYPowers & TOY UNIVERSES (toys, ComicBooks, cartoons, & VideoGames) in my book ending, as they ALL INSPIRED me over x4 DECADES to create x1000's books in my *ALLStars* YOUiverse! To HONOR them ALL I also have an annual sale on StarWarsDay May4 for the entire month (30days countdown ironically) to my birthday on -new StarsForceDay June3! Teacher Day is celebrated on May5 for teacher week (in Canada & USA) & the author is a TEACHER so I celebrate fellow teachers & STARS students in STARSchools this month too. Its also #FCBD Free ComicBook day on May6, & my books were designed initially to be ComicBooks for my elementary years then VideoGames. May6 is also celebrated as StarWars May the Sith(Sixth) be with you day! SO the month of MAY is special to me!

DISCLAIMERS

1. Not for RACISTS, THIS IS AN Anti-Racism & ANTI-HATE book as author is East Indian Indo-Canadian – SO NO REFUNDS!
2. NO REFUNDS: THUS, sorry-not sorry, BUT NO REFUNDS for x66million global HATERS & HATE GROUPS! This PEACE book is not for you!
3. BANNED/FORBIDDEN FOR 66YR OLDS – MY ORDER 66 vs StarWars order66 (Jedi Genocide): THUS, this book is BANNED for all readers under 6years old but especially OVER 66YEARS OLD (like my parents) boomer generation of some SUPERHEROES HATERS who try to BAN our SuperHeroes & VideoGames.
4. SPOILER ALERTS: I will be discussing TOYUniverses so its best to read my books after you have seen all major SuperHeroes BlockBuStar movies.
5. GLOBAL GODS: I have *GlowBall* Gods & SPACEGODS like MAJOR TOY BRANDS ex. Marvel's CELESTIALS (in Marvel's BlockBuStar Eternal movie) who are older than universe & create 1st Sun & light in universe, Marvel's Thor family of gods, DC Darkseid New Gods team, DBZ anime's Sun Goku MonkeyKing God, anime's Naruto Fire Fox God, DC'sMK crossovers, Transformers Robot gods Quintessa, & in YOUiversity teen books you become new GOW like PS Kratos.
6. This is a TOYForce like most other major TOY Forces & is not any religions angels/deities/god/s/ligths.

POWER RANGERS, NINJAGO, & VOLTRON LIKE COLOR-ROBOTS!!!

You are also a SpaceNinjas SpaceForce like many international hit brands for DECADES (for elementary kids & teens) like Power Rangers, Ninjago, Sentai, & Votron, etc, *ColorCoded toys that pilot giant transforming colorfull robots! Each robot represents each StarsForce color & is piloted by each of the x11*StarMaStars, then in the story ending they form your *TEAMWORK* GIANT COMBINING ROBOTS to take on massive MonStars just like in those similar kids shows! In my book these x2 GIANT BOTS are METAPHOR FOR teaching kids *TEAMWORK*!

DC Green Lanterns/Rainbow High/Rainbow rangers toys STARLIGHT Colorcode

- ✓ The story is also a little like other starlight power toys like Rainbow Rangers/High, & DC Green Lanterns STARLIGHTS POWERS *ColorsCode toys who are also an universe space-cops army force like Star Wars Jedi's, except DC Green Lanterns rings rep EMOTIONS & GREEN Light is STRONGEST FORCE in Universe (in 2011 BlockBuStar movie intro) vs the evil YELLOW LIGHT OF FEAR (represented by Sinestro & PARALLAX who is one of the x9 OVERALL LIGHT COLOR ENTITIES COSMICBeings ex. ION & White Light alien who creates all life in the DC universe, BUT my x11 colors are part of an Educational ToyStories SYSTEM promoting my YOUiverse ALL key LIFE aspects, ex. healthy body fitness/eating, education, etc, & my own x11 OVERALL LIGHT COSMICBeings.

Marvel's INFINITY WARS GEMS Colorcode – like,

Like in #1 movies of all time Marvel's Infinity WARS saga x6 COSMIC STONES that give Thanos overall all-powerful control over the Marvel Universe (ex. Soul Stone, Power, Time, Mind, Space, Reality stones, etc) which were CREATED BEFORE CREATION of universe in 2014 (GOTG) Guardians of the Galaxy top movie, & have an overall all-powerful Purple COSMICBeing - NEMESIS (entity/Goddess) inside all x6stones who controls the multiverse [author has own cosmic love deity called KARMA] - which Thanos uses her COSMICPower with the Infinity stones to KILL 50% of UNIVERSE POPULATION in MASS-GENOCIDE- (& Nemesis possesses Avengers Black Widow in 2015 kids cartoons), I have similar fun, TOYSciences x11*PowerKeys ALL-POWERFUL weapons!

RATED PG: Okay for elementary kids over 8 who watch BlockBuStar *GlowBall* SuperHeroes movies ex. Marvel Avengers Infnity WARS, Star WARS & DC universes, *cartoons, ComicBooks, read Asian mangas & watch AsianAnimes ex. DBZ Goku & Naruto, play *GlowBall* SuperHeroes VideoGames, &/or attend *ComicCons & *AnimeCons, NOT suitable FOR LA LA LAND KIDS or some grandparents over 66years old, ex. Order 66 Jedi genocide or Thanos snap kills 50% of universe population!

The *ColorCoded words promote a LOVE for *Diversity & Multiculturalism, & the authors new STARScience – which celebrates his *complete* *ColorCode STARSpectrum of x11StarColors, not just LIMITED rainbow (RoyGBiv) x7 colors, but includes x11StarColors aka x11PRIMARY colors (including silver, pink, white, black, & brown) found in *ALL Stars* & in our YOUiverse!!! It is not racist code as both my SuperHeroes & SuperVillains have the same x11StarPowers that can be used as forces for good or evil!! *ColorCode reps Copyright ToyBranding colors (ex. Marvel vs DC) & has very busy, colorful pages like comicbooks.

#4. The main character however, is set as default (non-customized) setting in my muscular image as & the 1st brown (East Indian) SuperHero similar to DBZ Broly 2021 version, #1 BlockBuStar Star Dwayne the Rock Johnson, BlackStar1981/BraveStarr1987/Conan/He-Man1983 muscular bodybuilder bronze sun-tan skin toys - Heman toys say Heman is the strongest man in the universe in Masters of the Universe MOTU toys, but in my YOUniverse YOU the reader become the most powerful *SuperHero* of ALL time!] but I grew muscular to stop my alcoholic, uneducated father

★LifeLevel #1]: TechMaStar WorkForce

On *LifeLevel #1 you travel to Planet (planet) TechUs on your YOUiverseMap to meet your 1st *HeadMaStar aka *StarMaStar (like a Jedi master) called Robo TechMaStar who informs you, "StarWarrior [insert name], you are a STAR! WeAreALLOne! WE are ALL Stars... *ALLStars*!!! You are part of the WorkForce which is 9% of the StarsForce! You are a *TechStar* (aka TechMaStar)! You have a StarPower(s) Design, to Rize&Shine in Time & MaStar the WorkForce!

Be grateful for so many awesome WorkForce INVENTIONS & INNOVATIONS for you & all to enjoy in life, from books, bikes, cars, planes, buildings, computers, internet, smartphones, laptops, HDTV's, to FAN FAV (favorite) *colorfull SuperHeroes characters ToyStories, VideoGames, BlockBuStar movies, to near FUTURE domestic advanced ROBOT SERVANTS!!!

Create good WORKFORCE PREP SuperHabits to Rize&Shine in time! For ex. start by 1st setting your daily morning alarm time, to get ready to Rize&Shine on [time], for 13years of school work in prep for adult WorkingWorld (world) WorkForce! You can grow up to be anything you want to be in the WorkForce: a business office tech pro (professional), computer tech (technology) specialist, trades construction builder, engineer, entertainer, writer, criminal justice system (cop, security, lawyer, judge), scientists, fitness, yoga, sports, body industries, food industries, restaurants, environment industries, war industry jobs (armies), medical professionals, doctors, nurses, ambulance, pharmacy, education professionals, teachers, tutors, councillors, musicians, fashion, STARSscientests (study *ALL Stars*, YOUiverse, & EVERYTHING!!!). [Author wanted to be a teacher, cop, comics artist, cartoonist, videogame maker, etc] What are some jobs you might want to be when you grow up? [List here]

*HeadMaStar #1 Robo TechMaStar, trains you to MaStar the WorkForce, by studying very hard to use the power of the TechMaStar's WorkForce to create all sorts of cool tech (technology) gadgets, to even TRANSFORMING ROBOTS (like FAN FAV Transformers, Gobots, & Tobots)! You also invent your own SuperHeroes toylne & videogames called *ALLStars* YOUiverse to compete against DC, DBZ, Marvel Universes! You realize BILLIONS of kids & adults all over the world have been trying to invent their own SuperHeroes Universes for the last x100 years of *GlowBall* SuperHeroes history. It's a very fun activity most elementary kids try to do similar to many cartoon themed episodes, for example in the elementary kids favorite Simpsons cartoons where Bart becomes Bartman & ComicBook Guy's Everyman man as Homer Simpson as comicbook characters. [Author's note: for decades Simpsons was a favorite show for me & my friends. Simpletons Marge reminded me of my mom, & alcoholic Homer Simpson reminded me of my physically abusive, drunk father. SO be nice to other kids in your school classes as they may look normal on the outside but they may be suffering silently]. You travel the World (world) & YOUiverse (like Star Wars) to meet x100's of *TechStars who make cool technologies. In time you MaStar the *TechStar* WorkForce. TechMaStars Robo & his wife Robotica congratulate & reward you with the 1st TechMaStar WorkForce *PowerKey*, & TechMaStar 1.0 Armor!

You SAVE UP your money from different WorkForce jobs you worked at & start your BUSINESS creating robot product lines for sale both to factories & to household families. Some house robot units are dressed in black & white like servants ex. maids & butlers. Some are kid robots which remind you of FAN FAV (favorite) cartoon kid robots: Astroboy & teenage robot Jenny Xj-9. Some are animal robots & some are part of your retail domestic line of RoboPets, like RoboDog, RoboCat, Robobird, etc. As more persuns (people) buy your products (items available for sale), you keep expanding your products lines. As your tech company grows, you start to build & sell computers & smartphones too. The successful technology product lines make you into one of the WorkingWorld's new, few, elite TRILLION DOLLAR TECHNOLOGY COMPANIES!!! Unfortunately, that also means you make all sorts of tech rivals (opponents), some of them are evil (evil) technologists SuperVillains who use their techs & billions for evil purposes ex. FAN FAV DC Lex Luthor, Marvel's M.o.d.o.r., etc. TechMaStar educates, our *Glowball* economy has RAPIDLY EVOLVED over just the past few decades, as it was a big deal to be a MILLIONAIRE in the 1980's, then a BILLIONAIRE in the 2000's, to now in the 2020's being one of the TRILLION DOLLAR TECH COMPANIES!!!

TechMaStar Robotica educates, "So many things have a LEGENDARY DESIGN, from basic furniture in your rooms, to your entire house, to skyscraper buildings, to even entire cities with their transportation & trade road routes, to electric power grids that provide precious power to your home & your city." You remember seeing NEW REVOLUTIONARY POWER TECHNOLOGY in BlockBuStar movies ex. Marvel's IronMan, DC's Cyborg, Transformers matrix, & similar *GlowBall* SuperHeroes ComicBooks, & *cartoons*. You notice two glass display towers around your entertainment HDTV surround sound system contain FAN FAV *colorfull (colorful) *GlowBall* SuperHeroes.

Author's note: Level1 is dedicated to my love of technology & tech makers/companies. Throughout my life I loved having walkman's, to PDA's (Palm Pilots), to mostly HP advanced entertainment & tablet laptops, to portable gaming devices (gameboy, PSP), to PS's, Xbox's, to modern gaming affordable apps, to micro cellphones, to modern smartphones like my Samsung Notes & Fold3 that allowed me to practice drawing & write conveniently anywhere in those powerful portable pocket devices. I am still very grateful for all these tech creators who created very enjoyable electronic devices. ALL should be grateful & respectful for the countless hours these persuns (persons) put into designing, improving, testing, program coding those tech devices we all love.

Robo & Robotica TechMaStars reveal they are androids – robots with a Legendary Design to look like humans. They also reveal they were created by you. They continue to surprise you and notify they have fallen in love and wish to have children robots & wish for you to design them. They are the first robot LOVE STORY. Robotica states sci-fi robots traditionally are portrayed negatively as destroying humanity, like Terminators T-1000's but they can help humanity like good, modern kids cartoon robots, and LOVE & FALL IN LOVE TOO, just like YOU, young MaStar (insert name)! Some of the public find out and protest, and say robots do not have rights, as they are just talking toasters. The scene reminds you of X-men mutant rights protests in kids ComicBooks, *cartoons*, & BlockBuStar movies. They are similar to the Colored Civil Rights & Womnen Rights movements in the 1960's & LGBTQ+ Rights modern movements. You create a YOUiversALL Rights declaration speech that states: Sentient Robots, like FAN FAV alien robots Transformers Optimus Prime, Shogun Warriors, Astroboy, Jenny Xj-9, DC JLU Amazo, etc, ALL have YOUiversALL Rights to Life, Liberty (freedom), & LOVE (LLL)! [Insert your speech ideas here. TIP: you could research watching some Xmen mutant rights speeches in kids cartoons or ComicBooks:]

[Redacted area]

The legal courts decide Robo & Robotica are alive & have the same rights as **ALLpersuns**. You celebrate by creating two children robots for their new robo family, a little girl called SHERObOT (s-Herobot), & a teenage boy robot called HeroBot. They are similar to futuristic advanced robots such as DC J.L.U.'s Amazo, Red Tornado androids & Marvel's Ultron (UltraSigma). HeroBot & SheRobot, like many *GlowBall* sci-fi & kids cartoons robots question their Xistance (existence) & life purpose. You notify them you built them to help make life better for others & build a better World (world) for all fellow *ALLStars*!

Just as you give the child robots a parent-child like pep talk, TechMonStar & MechMonStar, a duo of technologically advanced SuperVillains, attack with an army of advanced robots they programed to be Bad Robots called BadBots aka NegaTrons. They also have a special team of robots that transform into MonStars called MonStaRobots, & are led by their leader of the same name called – MonStarBot. They plan to steal all your new, advanced techs, including your most advanced SuperComputer in the World (world) called STARcomputer. One of the major benefits of being a Tech-Billionaire is all the cool techs, cars, & future techs & toys you get access too, including the best computers, tablets, smartwatches, & smartphones! STARcomputer helps you keep data (information) on all sorts of GlowBall criminals & SuperVillains just like Batman & IronMan do.

Research (Google/YouTube) modern robots around the World & then use the **POWER of your *limitless IMAGINATION** to take a guess when we will build our 1st Sentient (alive) robot like FAN FAV SuperHeroes robots ex. Optimus Prime, Astroboy, 3CPO, Jenny Xj-9, DC JLU Amazo, etc. [place a checkmark for the date]. ■ x100 years? ■ x1000 years? ■ x11,000 years? ■ x1million years? ■ x1 Billion years? ■ x1Trillion years? 😊

Luckily your team spent months PLANNING for numerous SuperVillain attack scenarios, & was very prepared for such events, as your TechMaStars team activates your Headquarter's defense security protocols. The 1st line defense protocols are destroyed by the SuperVillainBots so your team activates the 2.0 MechMaStars defense robotics team led by MechMaStar. The MechMaStars are able to defend your Headquarters till backup arrives in the form of your TOP SECRET 3.0 StarsTechs SuperHerobots, who are transforming robots similar to 1980's robot toys like Gobots & Transformers, but are called *ALLStaRoBots, some SuperHerobots resemble your SuperHeroes team. The *ALLStaRoBots SuperHerobots vs MonStarBots logos remind you of the Transformers red Autobot logo vs Decepticons blue-purple logo. The SuperHeRobots transform into all sorts of things including cars, jets, animals, etc. They remind you of FAN FAV (favorite) transforming robots like Transformers BlockBuStar movies & obsolete (no longer made) 1980's Gobots & Shogun Warriors. Their leader of the same name – SuperHerobot says, "MonStarBots, its time for you to stop hurting innocent persuns (persons), as we are here to stop you in your tracks!" TechMonStar & MechMonStar are no match for both the advanced defense armors & weapons of the 2.0 MechMaStars team, & your new top secret, transforming 3.0 SuperHeRoBots team. They help save the day & the SuperVillains surrender (give up). GREAT WORK [insert name], StarWarrior (*Warriors*)!!!

In your next LifeLevel#2 you will be attending various STARSchools across the YOUiverse, where you will see STARStudents studying to make advanced technologies, from primitive 1st computers, to advanced transforming robots, to future combining robots that use 5 to 6 robots to combine together into one LARGE ROBOT called FUSIONBOTS, like Legendary Defender of the Universe Voltron & SuperForce riders, Power Ranger Zords, & decades of Transformers combiners robots ex. Devastator, Predaking, etc! Similar to FAN FAV Star Trek shows and cartoon versions, children learn advanced futuristic STARShip STARSciences & wear *colorfull StarsForce uniforms. They all play with STARShip toys that are typically silver in color like Star Trek ufo-saucer like design Starship Enterprise to Star Wars Destroyer ships vs X-Wing fighters. The advanced STARSchools remind you also of advanced Jedi academy schools where Padewans (apprentices to the Jedi-masters teachers) make advanced droids robots, & their own light sabers killing weapons, instead, STARStudents at STARSchools make massive PowerSwords & STARswords to also destroy enemies! [Through all x11 chapters of this book you will assemble your team of x11 teammates who will help you create your x11 FUSIONBOTS by the end of this book!] You wonder what actual FUTURE EDUCATION CLASSES will look like on Earth in a 1000yrs, or 1 million, or 1 billion years!? When will STARStudents make transforming robots & *StarShips in their STARSchools? You also learn the following *TechForce Evolution chart.

TECH EVO CHART:

stone age tools, metals ages, ships, cars, planes, skyscrapers, radio, tv, hdtv, computers, SuperScopes, SpaceShips, smartphones, bots, future StarShips!

AUTHOR'S NOTES: #1. LifeLevel1 is dedicated to TECHNOLOGY & BUSINESS, #2. Author Jay Mundi was a Business Technology Teacher for 15yrs. #3. The same 21st TECH OFFICE skills used to make these books were taught to my STARStudents, to help them build an arsenal of WorkForce Business-Tech skills!!! Author Jay Mundi lost one-third (33%) approx. of his left ear hearing disability (& developed Germphobia & O.C.D.) to job stress in his 1st few years of teaching while trying to convince his STARStudents (&parents/staff) they need to learn modern Business-TECH skills, & so I fought to convince my school administration to get my STARStudents a computer lab, as I pointed out NEW JOBS in the NEW business tech economy are TECHNOLOGY BASED ESPECIALLY FUTURE JOBS, & I PREDICTED FUTURE TRILLION DOLLAR TECH BUSINESSES WILL BE FORMED IN THE 2020's!!! We got approx. x18 old computers (big boxes) well over a decade or two old (ex. had CD-roms drives – shiny STARspectrum chrome halo discs), for classes of well over x30, so kids shared computers at 2to1 ratio! Kids stressed for years these old techs were too slow & many **BURNED OUT! AFTER x10years of JOB STRESS I BURNED OUT & LOST MY LEFT EAR HEARING & NOW LIVE IN FEAR OF GOING TOTAL DEAF, SO DON'T BE LIL" MONSTARS, INSTEAD PLEASE BE KIND TO TEACHERS who try to do the best they can with the limited resources they are provided with!** In a few more decades, kids will have robotics & A.I. programming code classes in most schools. Update your knowledge from basic 1.0 to 2.0, to FUTURE DECADES 3.0, as when I was a kid it was a big deal to be a millionaire, then a BILLIONAIRE in the 2000's, & now in 2020's we have NEW TRILLION DOLLAR TECH BUSINESSES!!!

UNLOCKED WORKFORCE & TECHMASTER KEY!!!

★LifeLevel #2: PowerMaStar PowerForce

PowerMaStar PowerForce On LifeLevel #2 you travel to Planet PowerInUs on your YOUiverseMap to meet your 2nd *StarMaStar called PowerMaStar, who says, "StarWarrior [insert name], you are a STAR! You got the Power, WE ALL got the StarPower(s), as StarPowerKids, we all have a StarPower(s) design, to Rise&Shine in Time in order to MaStar the PowerForce of the StarsForce. Most *powerfull (powerful) of ALL you are, a rizing star, YOU are the #1*SuperHero by far. WeAreALLOne! WE are ALL Stars... *ALLStars*!!! "You are part of the PowerForce, 9% Of the StarsForce! You are a Star, you are a PowerMaStar!

Author Jay Mundi makes guest appearances in ALL his products & VideoGames YOUiverse similar to Stan Lee at various *GlowBall* schools as a Guest Speaker & cameos (small roles) in many Marvel BlockBuStar movies of all time, & like Ready Player One's movie/novel's Key Master character who is a guide in the VideoGames resembling the VideoGame's Creator & a good wizard called Anorak. Jay Mundi aka KEY*StarMaStar Overall Entity of his *ALLStars* YOUiverse also says these DIGITAL ToyStories are part of this NEW SuperHeroes VideoGames YOUiverse -where anything is possible, a *limitless YOUiverse limited only by players IMAGINATION!

Author Jay Mundi illuminates, "WE are ALL made of StarPower(s) as part of my StarTheory NEWscience called STARSscience(s), not-lame STARDUST-of-OLDSscience!! YOU can be a Force for EVILL (evil), or YOU can use the BrightSide of The StarsForce to be a FORCE for GOOD!!! YOU are not a zero, you [insert name] are the greatest HERO ... in my ToyStories YOUiverse! Like FAN FAVS (favorites) Marvel's Hulk, DC's Superman, Wonder Woman, DBZ Goku, He-Man and the Masters of the Universe (MOTU)-TV intro says He-Man is the most powerful man in the universe, BUT in this ToyStories YOUiverse YOU the reader are the #1 *SuperHero! YOU are a symbol of hope, truth, love, YOUiversePEACE (metaphor for *WorldPeace), & a real-life hero, WE are ALL new *ALLStars* YOUiversePEACE SuperHeroes!!!

STARStudents in STARSchools learn to unlock power of BrightSide *Education, & unlock the Power of your *LIMITLESS IMAGINATION just like the author used his imagination to make this book full of fun. Quickly get your homework done, as life shouldn't be ALL WORK, WORK, WORK, LIFE should also be FUN, FUN, FUN!!! SO POWERPLAY in the sun!

Jay educates, "My StarsForce is not a copy of Star Wars The Force, there are many major key differences. For example, rather than Anakin Skywalker as the chosen one destined to save the universe, I have YOU the readers as my ChoSunOnes destined to save the YOUiverse - how awesome is that! Fellow internet Star Wars SuperFans gurus videos & websites show there are x4forces to Star Wars Force - Living/Physical/Cosmic/& Undying forces, etc. Through my x11 chapters I help readers unlock x11 REAL-LIFEForces of my StarsForce, for ex. healthy nutrition, healthy body fitness, education, POWERofLOVE for all fellow 8BILLION *ALLStars* & taking ACTION to LevelUp in Life like Author Jay Mundi despite growing up with very violent alcoholic father! While the Star Wars is just a fun, fictional force. I do, HOWEVER, CELEBRATE Legendary Creator George Lucas & his STAR WARS The Force (\$50 Billion Toy Franchise) movies & toys as they inspired a lil bit my StarsForce BUT I was also inspired by x1000's of ToyStories TOYFORCES & TOYPOWERS as you research in my 1st book's surprise ending chapter 11. Chapter 11 is my TRIBUTE to x4decades of the FUN comicbooks, cartoons, VideoGames & *COLORFULL TOYUniverses, that inspired me to finally publish my SuperHeroes YOUiverse! If they stopped or got banned (1966 comicbooks BANS or videogames BANNERS WARS vs 66yrs old boomer HATERS generation like authors now 66yr old parents - especially my MomStar who STILL HATES my ToyStories, VideoGames, SuperHeroes obsession for x4decades, etc) then I wouldn't have completed my books! I honor ALL MY FAV TOYS & characters through my chapters in my first 2 books!

Jay informs, "I spent 7 elementary years working very hard using my WorkForce power on making x100's of very poor quality ComicBooks with staples, & stickman drawings before I got to good versions by age 9-11 & then as a TEEN (13-18) they were truly awesome as they resembled more of this final form you are currently reading! I had WORKED HARD STUDYING OVER x100's of: #1. SuperHeroes Universes in ComicBooks, #2 *cartoons* (including animated movies), #3. ToyStories (&toys) TOYFORCES & TOYPOWERS (in SuperHero encyclopedias-like books), #4. BlockBuStar movies, #5. VideoGames, #6 *GlowBall* Legends, & #7. AsianAnimes AA's. All of them helped unlock my *LIMITLESS IMAGINATION POWER. For ex, my STAR obsession origin story comes from 1980's TopToys ex. Star Wars, BraveStar, BlackStar, & Starriors! I also had to study SuperHeroes Business #8. LEGAL WARS & LAWS (copyright ©, etc), ex. Superman (\$130) & vs Shazam 12yr legal wars, & led partly to my CRIMINOLOGY Degree University Studies. I have been working on these books for x4decades & my MomStar was my greatest #1 HATER of my SuperHeroes VideoGames obsession during those 4decades. Family & friends ridiculed me as a geek/nerd/dork, so it was very stressful working on it. I gave up on my story many times, luckily, I came back to make this dream project!

The books are written 100% ALL me, zero help from anyone. YOU have the same POWER...StarPowers in YOU, to MaStar or MonStar your lives as *ALLStars*, -CELEBRITIES are not the only "stars" with "star-power", nor top athletes are only "all-stars", these are your STAREvolution STAREvelations!!! My StarPowers LOGO, which resembles the ICONIC Micheal Jordan (MJ) Jumpman logo, but Author Jay Mundi's (JM) StarPower(s) LOGO reps the YOUiversALL x11StarPowers inside us all & the x11StarForces we ALL MaStar in life. Key*StarMaStar continues, "In my story you are inside my VideoGames YOUiverse, where you travel to all sorts of fantasy Worlds (worlds) like in some FAN FAV *GlowBall* VideoGames, ex. Minecraft, Roblox, etc. *ALLStars* YOUiverse creator Jay Mundi says even he was BULLIED throughout elementary & highschool for working on his SuperHeroes YOUiverse as a NERD, & big ears like Dumbo & DBZ Sun Goku, but now ironically Goku is among the TOP11 *GlowBall* SuperHeroes!

The VideoGames Industry in only a few decades has become a \$200 BILLION industry, which is much larger than other entertainment industries such as HOLLYWOOD & MUSIC combined, & is larger than many Pro Sports. One in three PerSuns (persons) plays some sort of VideoGames. VideoGamers play on their smartphones, tablets, computers, laptops, gaming consoles, etc. This SuperHeroes YOUiverse is different than traditional ToyStories Universes because it takes place in the *LIMITLESS DIGITAL WORLD of VideoGames!!! While they started as 1-bit graphics, Atari/Activision gaming consoles with basic joysticks for VideoGames like Pong, Space Invaders, they were huge GAMECHANGERS, as WE LOVED TO PLAY VideoGames for entertainment conveniently in our homes on our TV's, but now you have 4k to 8k graphics, better than life mind-blowing gameplay & graphics. The one major problem with this trend is having future generations of digital children learning to BALANCE their digital tech time with their school studies & future work, especially as newer generations grow up with greater graphics (future 100k, 1000k VR graphics etc), & more digital distractions, like social media (ex. YouTube, FaceBook, Instagram, Twitter, etc). Thus, LifeLevel 2 PowerMaStars, is also a caution to not spend all your time in these digital realms PowerPlaying games, while they are a very enjoyable entertainment powersources, but to also live life & do your studies for about 2decades of your life. BALANCE is a key SuperHabit! Since modern kids start playing VideoGames at 3 to 5years of age, we want to make sure they also value and balance reading & learning time.

There are approx. 5 BILLION SuperHeroes FAN FAMS (Families) of our newest rapidly growing *GlowBall* SuperHeroes culture. SuperHeroes, ToyStories, & Animations are among top 1000 grossing BlockBuStar movies of ALL time. You can Google images of *colorfull* (colorful) home entertainment displays around HDTV's of SuperHeroes toys & statues. WE LOVE to celebrate these *colorfull* displays & add *colorfull* L.E.D. lights displays to them that produce millions of colors of lights! You are amazed to learn that HDTV's & even L.E.D. lights displays can produce MILLIONS OF COLORS! Many SuperHeroes find these displays enhance their lives, including VideoGamers, with their gaming setups with just a few LED strips for about \$20. Many PerSuns LOVE COLOR!

You attend one of the *GlowBall* *ComicCons* sold-out events attended by over x100,000 FAN FAM's (families), including major Hollywood star power celebrity stars of BlockBuStar movies. *AnimeCons* & *ComicCons* are among the most *colorfull* weekend events *GlowBall*. LifeLevel2 also reps a celebration of colors. You see many cosplayers (FANS dressed in costumes of) *GlowBall* SuperHeroes from your FAN FAV ToyStories, VideoGames, animations, & BlockBuStar movies. Some of the costumed villains turn out to be real SuperVillains called the PowerMonStars, they kidnap you and take you into all sorts of stunning & strange digital VideoGames Warlds. The PowerMonStars team is composed of teenage & kid SuperVillains, such as DarkStarBoy&girl, DarkPowerBoy&Girl, MonStarBoy&Girl, PowerHungy, PrankStars, FunMonStar, ToyMonStar, & one leader simply called the PowerMonStar (who resembles a MonStar). To your rescue arrive a group of children & teenage SuperHeroes called the PowerMaStars, such as StarPowerBoy, StarPowerGirl, PowerBoy, PowerGirl, GirlPower, BoyPower, PowerStar, FunMaStar, & PowerForce. [Author's note: my PowerGirl is a reference to ALL girls with the Power...StarPower inside them all to promote Wowmen rights & GirlPower, & is not like DC Powergirl, but the opposite is becoming a MonStargirl].

MonStarBoy says, "These are no ordinary kids, I sense these *StarKids* all have great StarPowers within them. These *StarKids* have unlocked the power of the StarsForce! Give up on the MaStarSide BrightSide of the StarsForce & join the MonStarSide DarkSide of the StarsForce! Pledge your allegiance to the MonStarSide EvilEmpire & we will spare your lives." The *StarKids* all start PoweringUp! MonStarGirl in shock reports, "Their StarPowers keep rizing (rising), as my PowerReader tech glasses scans report they have a combined PowerLevel of 1 million... no wait its rapidly rizing... the *StarKids* PowerLevel is now 1Billion!!! The StarsForce POWER has increased astronomically within them ALL!!!

The *STARKids* beat the army of SuperVillains with the Power of their *limitless IMAGINATION* combined with their updated nanotech 2.0 PowerBoost PowerSuits to make all sorts of cool weapons similar to modern, updated modern versions of DC Teen Titans Cyborg & Blue Beetle, Marvel's IronMan Armors, Jenny Teenage Robot Xj-9, etc (check off the list as you research them). You reflect deeply & are grateful we evolve modern technology continuously, from old plain, black & white TV's into modern color HDTV's which produce MILLIONS of bright colors! The PowerMaStar kids light up the sky with *colorfull* attacks The PowerMonStars take heavy damage & decide to retreat (run away). The PowerMaStars kids saved the day. You wonder how kid & teen *GlowBall* SuperHeroes in the YOUiverse can be so *powerful*!

*PowerKids say, "WE are the most *POWERFULL* SuperHeroes in the YOUiverse! Not aliens like Ho-man the most powerful or Superman or Goku!

*LifeLevel #2 *StarMaStars PowerMaStars train you to MaStar the SECRET to their power called the PowerForce. You travel the World (world) & YOUiverse to meet x100's of YoungStar *GlowBall* SuperHeroes who also train you to use your Power of *limitless IMAGINATION* to transform into *limitless VideoGames* avatar TRANSFORMATION forms (sort of like FAN FAV Ben10 vs Kevin11, DC Wonder twins, & Green Lanterns star light ring powers, & VideoGames Universe Avatar characters choices in games like Minecraft, Roblox, & Fortnite that allow x1000's of downloadable avatar skins [costumes]). Similar to Star Wars Jedi Academy (& popular kids novels & comicbooks for x4decades) hi-tech futuristic schools, where padewans younglings learn to master the Star War The Force & learn about ancient Jedi Jediism SPACEReligion texts, you also do similar training as YoungStar STARStudents at futuristic hi-tech STARSchools shaped like pyramids (& STARainbow StarLights arch art across it & YOUiverse logo under it) to learn the STARreligion vs the MonStareligion. Similar to Jedi Temples, we also have STARTemples. STARStudents are from alien Planits (planets) across the YOUiverse & have all sorts of *colorfull* skin colors similar to the STARainbow STARTemple arts. Some are fun objects come to life or Candy-persuns like in Adventure Time cartoon. On this level you collect candies to PowerUp your character. YoungStars STARStudents who graduate STARSchool academies attend YOUiversity as TEENS & Adults & use author Jay Mundi's YOUiversity ComicBooks! More history between the MaStars vs MonStars is revealed on level 3. Like FAN FAV Marvel War Machine & Optimus Prime Power Master mode, you too now have a heavy artillery mode. In time you MaStar the PowerMaStar PowerForce, & the PowerStars reward you with the PowerMaStar PowerForce *PowerKey*, PowerMaStar weapons & armor!

PowerMaStar, leader of the PowerMaStars team, tests to see if you are worthy to wield the Legendary *StarSword* of legends. It reminds you of ancient, x1000's (thousands) of years old *GlowBall* legends of celestial weapons only wielded by a ChoSun (chosen) One ex. Thor's Mjolnir hammer, Krishna's Bramastra bow, DBZ Son Goku's golden staff, etc. You take *StarSword* out of an advanced technology W logo shaped lightup display. *StarSword* talks, "Welcome MaStar [insert name] (insert name) ChoSun One!" PowerStar, a teammate notifies, "The red W symbol is for *WorldPeace* & (Star) Warriors!" She trains you to practice your PowerSword training, similar to StarWars Jedi Academy toddlers & kids training with lightsabers (at Disneyland) to hack up enemies. All the PowerSwords are different then other toy Swords in 4 ways: #1. all PowerSwords are MASSIVE in this ToyStories YOUiverse with minimum 1 to 2 foot wide blades (that are as long as a person) with 2 hand grip long handles & W-shape guards, similar to new 2000's huge PowerSwords in cartoons, toys, animes, & VideoGames RPG's (Role Playing Games), ex. FAN FAV HeMan's rebooted 2000's & 2022's huge swords of power, Silver Surfer's all-powerful Infinity Sword (in Superhero Squad) & Final Fantasy's Zach & Cloud huge buster & fusion swords, etc. #2. They can transform into a futuristic light laser guns, #2. have Star-terms on them like StarWarrior, & #3. your PowerSwords will also be LevelingUp into *StarSwords* with one or many more stars that light up like LED lights into millions of colors, that fire off huge W-shape energy blasts as you shout "PowerBlasts", similar to FAN FAV AsianAnimes ex. Inyuasha-like VideoGames large sword blasts that can level entire mountains. #4. Unlike other ToyStories, your PowerSwords can talk! Your PowerSword states "YOU ARE POWER ... StarPower(s)! AMAZING MY MaStar [insert name], StarWarrior team!!!"

UNLOCKED PowerForce PowerSwords, PowerSuits & POWERKEY

★ LifeLevel #3: MonStarBuStar Force

On *LifeLevel #3 you travel to Planit MonStarUs on your YOUiverseMap to meet your 3rd *StarMaStar called MonStarBuStar MonStarRa who educates, "StarWarrior [insert name], you are a STAR! WeAreALLOne! WE are ALL Stars... *ALLStars*!!! You are part of the MonStarBuStarForce, 9% Of the StarsForce! You are a MonStarBuStar! FEAR NOTHING as you are designed to SLAY ALL MonStars!!!

You will Rise&Shine in time, to conquer your elementary fear of darkness & ALL MonStars! The Z in Rise&Shine is for conquering your nightmare fears to help you sleep at night & get your Zzz so you can perform better in school or work! As such, you will SLAY ShadowZzz, Zzzombies, mummies, werewolves, vampires, monstars of GlowBall legends, sci-fi aliens, to new UltraHeroes vs UNIVERSE CONQUERORS UltraVillains & elite HeadMonStars (like FAN FAV Thanos, Darkseid, Freeza, Palpatine, Skeletor, etc)!!!

Get to know the LAWS & respect GOOD COPS PoliceForce, as they are real-life heroes who catch & lockup bad guy GangStars, to make our streets, schools, jobs, & homes safe. Don't go down the MonStarSide Dark path & become Lil' MonStars, as those childhood BAD HABITS may not take you that far, as you become the wrong type of star, ... rather than a MaStar, you may become a MonStar, & in the future you go to PriSun (prison) jail, like in *GlowBall* ToyStories criminals, SuperVillains, UltraVillains, & ALL MonStars!

Also, be an inner MonStarBuStar, battle your inner MonStarSide DarkSide EVILLenergies: ex. HATE, RACISM & BULLYING, especially towards your siblings, parents, teachers, & classmates ... as ALL are fellow *ALLStars* brostars & sisters!!! Instead, LIGHTENUP & LAUGH, as LAUGHTER is the best medicine, to beat the BLUES! Keep in mind, its normal to feel ups & downs in life, BUT don't stay lost too long in the DarkSide, as you could lose yourself, instead find ways to MaStar your life to the MaStarSide. STARWarriors. Some words have an asterix *STARFISH symbol to rep the fact WE are *ALL Stars*!

FEAR NOTHING as you CONQUER ALL YOUR FEARS including your YOUiverseALL elementary childhood fear of ALL MonStars, as in your SuperHeroes ToyStories books & VideoGames, you slay millions of MonStars! Conquer your fear of MonStars by teaming up with GOOD MONSTARS, similar to Marvel Hulk, DC Raven, Bleach's Ichigo, DBZ Goku SSSJN4, Ben10, & Steven Universe fusions who all transform into good monsters & beat up bad monsters, you to learn to transform into a good BLUE MONSTAR to become a MonStarBuStar! [This team reminds you of FAN FAV Ghostbusters toys who bust ghosts!] Let ALL MonStars know, you come to save the day, as you come to bust & slay, all imaginary MonStars away!"

The choice is always yours. You can be a FORCE for GOOD or a FORCE for EVILL (evil). Evill is spelled with a double L for illness, like a mental illness to be drawn to evil behaviours (actions & impulses) to do harm to others. Similar to Star Wars The Force, we also have a Light vs Dark side of The Force, we also have 2 sides to The StarsForce, the MaStarSide aka (also known as) BrightSide - is the path of SuperHeroes vs MonStarSide (DarkSide) aka DorkSide (ignorance - lack of knowledge/education) is the path of SuperVillains. You can be SuperHeroes or SuperVillains - a *StarMaStar or STARMonStar, STARevolution vs Evillution are two aspects to The StarsForce CONTINUUM, as we are *ALL Stars*... *ALLStars* with the StarPower(s) to MaStar or MonStar our lives (in this StarTheory). We can all be tainted by the MonStarSide... & even become Lil' MonStars early in life & end up in kids prisuns (jails), BEWARE OF THE MONSTARSIDE OF THE STARSFORCE!!!

[Author's note: as a lil elementary kid, my good vs evil code originated from Transformers Autobots vs Decepticons (red vs purple-blue-ish) logos. In several years it became my code to represent many things, such as hot vs cold temperatures, including FIRE vs ICE, & hot starlights (my *StarFire*) vs the cold, freezing universe temperature as I added my STARScience aka YOUiverseScience. My logos also rep power of LOVE vs HATE, as red color is used as international color of hearts & NEWAGE emoji/emoticons. The logos rep the fact we can all add LOVE or HATE in our lives to be forces for GOOD or EVILL. This book is however an Anti-Racism, Anti-Colorism code. Ironically you could also think of my colorcode as Marvel vs DC fan wars too! It is not Democrats vs Republicans USA colorcode. MaStars & MonStars are both spelled with letter M's but I colorcode red M to rep my MaStars vs my MonStars two main toy teams. I also flip the red M logo into a red W, sometimes to rep (Star) Warriors & WorldPeace, thus it means WorldPeace (STAR) Warriors too! Flipping the logos upside down from a M into a W & vice versa (opposite) reps the fact we can all, at anytime, do evil actions and become metaphoric MonStars, ex. saying mean things to others, racism, colorism, or fighting with others. Like Star Wars, I made my own new sciences (ex. Star Wars midichlorines) as such this logo design reps my UniverseScience down to the smallest of particles called STARparticles which are further divided into sub-particles called PowerParticles ex. Posies vs Negies, & Newies, & the tiniest of possible micro-particles called PowerBalls ex. Powies, Wowies, Whammies, Bammies, Zoomies vs Slowies, Fires vs Ices particles. All particles are color-changing micro-balls & change into the x11 primary colors found in our YOUiverse (just like *colorfull stars, planets, moons are large balls in YOUiverse).

MaStars vs MonStars

M vs M
W vs M

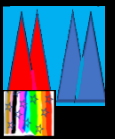

Marvel vs DC
Good vs Evil
Hot vs Cold
Fire vs Ice
Love vs Hate

Similar to FAN FAV Star Wars Jedi vs Sith SPACE religion's Light vs Dark side where the people get yellow Sith eyes as they do very terrible acts like killing Jedi's ex. Order 66 - the extinction mass killing of all Jedi's, instead here with the MonStarSide your skin starts to get overtaken by a blue glow as you too turn into a MonStar. Similar to how DC yellow lanterns is evil yellow light of fear vs DC GL's Green Lanterns celebrate the green light as the strongest force in the universe (in BlockBuStar movie), but in this TOYUniverse the MonStars celebrate blue light as the strongest force in the universe. Other toylines do the same YOUiverseALL inner code of Good vs Evil inside us all. For example, even Marvel has FAN FAV Silver Surfer become the ultimate DARK SURFER form with the power of the all-powerful Infinity Gems which he uses to destroy & rule over all universe (in SuperHero Squad kids cartoons for elementary kids ages 4 to 8).

Similar to FAN FAV Star Wars Jedi vs Sith SPACE religions, we have a STARReligion vs MonStaReligion. The MonStaReligion is also similar to GhostBusters kids BlockBuStar movies which also sometimes represent ancient, obsolete religions. In GhostBusters kids movies they had BABY (LIFE) SACRIFICES similar to Thanos sacrifices his daughter Gamora for the Soul Stone in Marvel's Avengers BlockBuStar movies of all time. In Star Wars the Chosen One Anakin Skywalker slays all the Jedi Younglings to gain evil powers of the dark side of the force to become Darth Vader. Superman & Supergirl have own religion SpaceGod called Rao (in ComicBooks & TV PG series), & similarly some of the SuperHeroes here have different STARReligions throughout our YOUiverse which also worship STARS, LIGHTS, FIRE, RAYS, CONSTELLATIONS, HALO'S, like ALL religions on earth have done for x1000's of years *GlowBally. That's why we have a YOUiverseALL logo of a STAR shining with x11 StarColors to rep YOUiversePEACE (*WorldPeace) & Multiculturalism including peace with other alien worlds within our YOUiverse. We have a 5-sided star logo (starfish like) with x11 color divisions [parts].

MonStarRa the MonStarBuStar, trains you to MaStar the MonStarBuStarForce. You work with the top secret MonStarBuStar division of the PoliceForce & x100's of GOOD MonStars team to bust ALL MonStars! In time you MaStar the MonStarBuStarForce and catch all sorts of MonStars that you used to fear as an elementary kid. MonStarBuStar congratulates & rewards you with the MonStarBuStarForce *PowerKey*, handcuffs, police cars, cop helicopter, swat trucks, cop weapons, MonStarBuStarForce Armor & most importantly fellow MonStarBuStar FRIENDS & FAMILY called the FAM!

Similar to Star Wars Jedi temples of their SPACE religion (Jediism) vs Sith temples, we also have our M-shaped MaStarTemples (aka STARTemples) vs the evil MonStarTemples. The dark MonStarTemples remind you of other TOYTemples like DC Red Lantern's Light Atrocities's dark alien churches (in cartoon Green Lantern 2011 series), & Di-Gata Defenders also alien temples. Like in many kids show episodes there are life sacrifices, ex. BlockBuStar Ghostbusters kids movies with baby sacrifices to ancient God Gozer. [Author's note: Ghostbusters & similar Monster Hunter toys led to my MonStarBuStars level3, but rather than bust ghosts, you bust all types of MonStars including many space-monsters similar to Power Rangers].

The next day you attend a Halloween house party, during the **NEW MonStarsMonth** – of **OCTOBER**, a new month of x31 days of celebrations dedicated to helping kids get over **YOUuniversALL** fear of **ALL MonStars & darkness**! **MonStarsMonth** is led by Mr. PumpKin head, Mrs. PumpKins (both in PriSun stripes uniforms as Level3 theme is to also have kids not become criminals & end up in PriSun) & their kids with pet Pup-Kin. Persuns across the YOUniverse celebrate this new **MonStarsMonth** & do the x31day challenge with their parents to watch scarier cartoons with **ALL MonStars** (to help them conquer their fear of monsters under their beds/closet, etc so they can get sleep better in the future to do better in school & not become traumatized wussy adults with still fears of MonStars), ex. lil kids shows like **Super Monsters**, to animation **BlockBuStar** movies like **Monsters Inc/High**, **Hotel Transylvania** to **Superheroes vs monsters** in cartoons & movies. You see many decorate their homes using all sorts of cool Halloween decorations celebrating all sorts of **MonStars**. Halloween has become a **BILLION-dollar industry** & movies with **MonStars** are now among the **Top1000** ***GlowBall*** **BlockBuStar** movies of all time (ex. **SuperHeroes vs alien MonStars** in **Marvel, DC, DBZ**, etc).

All your friends are dressed up as **SuperHeroes**, even **SuperVillains**, including **MonStars** (monsters), & as iconic **BlockBuStar** movie celebrity characters even. A few decades ago kids mainly dressed as classic monsters, but with the increasing popularity of **SuperHeroes** it has become a time for kids to become their **FAN FAV** ***GlowBall*** **SuperHeroes** from top **ToyStories** franchise characters as seen at ***GlowBall*** ***ComicCons*** & ***AnimeCons**. Some of the Halloween trick or treaters & Halloween party goers turn out to be real **SuperVillains** who start attacking kids & stealing their candies. You think to yourself what kind of bullies steal candies from lil' kids. They include classic **MonStars** (monsters) of legends, but also new ***GlowBall*** **VideoGames** & **AsianAnimes** **SuperVillains** too. One is called **VampirUs** the **VampireMonStar** leader of an evil group of blood sucking vampires, another is called **WereWolfMonStar** and leads an army of skinwalkers (aka werewolves), & a third is called the **ZombieMonStar** & leads a **Zzombie** army, a fourth is called **ShadowZzzMonStar** & leads a **ShadowZzz** army (like **HP hallows** & **Shadow Thief** in **JLU** [Sea#5ep11] who take hard form). Each of the leaders double in size as they transform into their bigger **MonStar** forms, & all 4 leaders attack you at the same time. You warn them, "You **MonStars** wanna see a real **MonStar**? How about I show you my **MonStarBuStar** mode?!" You transform into an equally muscular **MonStar** form, similar to kids **ComicBooks** **Good MonStar SuperHeroes** ex. **Hulk, DC Raven Teen Titan, Ichigo, Goku SSJN4**, etc. You beat up the bad army in just a few minutes just like those **Good MonStar SuperHeroes** do!

You also meet new teen **MonStarBuStar SuperHeroes** called **JokeStar, JokeMaStar, GameMaStar, GameStar, ToyMaStar, ToyStar**, etc. Some remind you of teen **SuperHeroes** **GOOD** versions of **Mr. J Joker & Harley Quinn**. Many of them say catchphrases like, "Golly gee wiz **MiStar** **LightenUp** & **LAUGH** a **LIL**, ... or **LOL!** 3 L's: **Live, Love, & LAUGH**, as **LAUGHTER** is the **BEST MEDICINE**, so time to take your meds (medications) **LOL!** Here's a **PUNCHLINE** for you," as they punch your arm & laugh out loud, "HA, HA, HA!" They help you fight vs **SuperVillain** **MonStarKids** like **JokeMonStar, TrixXStar, TrixXy, Punchline, SuckerPunch, PranStar, PuppetMonStar, ToyMonStar, & GameMonStar**. Some of them have various 5-sided stars & Stardots circles all over their clown face paints, & costumes. They used to be good kids in the **STARAcademy** (like **Jedi Academy** novels), but some walked the dark path & became class bullies in late elementary classes, & for some as high school teens it was too late as they ended up choosing to join gangs & become **GangStars** (gangsters), like **ToyStories** **SuperVillains**, which include **Batman's enemy crime families** & **Star Wars** space gangsters **Jabba de Hutt's galactic crime family**. The path to the **DarkSide** starts very young for some, so be cautious of the friends you keep & realize even the best of us can be corrupted to the **DarkSide** **MonStarSide** & become lil' **MonStars** in life.

One day, there is a prisun break at the **SuperVillains** **SuperMaxX PriSun**. To help you catch them you meet x100's of the **SuperCops, UltraCops, & elite S.W.A.T.** (**Special StarWarriors Assault Team**) including cyborgs (half persun-half bot) & robot cops called **CopBots** who help out & retrieve x100's of **SuperVillains**. You also meet the x11 **ELITE MonStarBuStars** team, your top members who each transform into all sorts of ***colorfull** **Good MonStars** in each of the x11 **Primary STARColors** & are simply named, **SilverMonStar, PurpleMonStar, BlueMonStar, YellowMonStar, OrangeMonStar, GreenMonStar, RedMonStar, WhiteMonStar, BlackMonStar, PinkMonStar, & BronzeMonStar**. Unlike other **SuperHeroes** who transform into only **ONE GOOD MONSTAR FORM**, these **ELITE MonStarBuStars** can transform

(shapeshift) into **MANY, MULTIPLE MONSTAR FORMS!!!** They help bust x100's of **SuperVillains** each. A third good bounty hunter **SuperHeroes** team also helps like **FAN FAV** bounty hunters ex. **Marvel's Rocket Raccoon & Groot** in (**GOTG Guardians of the Galaxy movie#1**), & **Star Wars** **Mandolorian**, who fight evil **Bounty HuntStar(s) & StarHunter(s)**, similar to **FAN FAV** **Bubba Fett, DC Lobo**, etc. Some of them remind you of the **FAN FAV** **AvP Alien vs Predator** **ComicBooks** & **BlockBuStar** movies but are instead **Good SuperHeroes** who are tribal religions persuns & good aliens, with ***colorfull** tribal style braided hair with ***colorfull** **Star sphere beads, halo hoops, space tech tribal masks, & advanced space weapons**.

Author's note: LifeLevel3 is about fearing nothing (ex. elementary fears of ALL MonStars) & primarily dedicated to all the GOOD COPS who risk their lives everyday to keep our lives, schools, homes, workplaces, parks, etc, all safe from criminals!!!

After catching x100 **SuperVillains** you unlock your higher **MonStarBuStar** levels as you can now easily transform into many, multiple **MonStarBuStar** modes/forms, including elite forms to beat even ancient obsolete gods, ex. similar to how the **Hulk** & other **SuperHeroes** beat up ancient obsolete Gods, such as **Loki, Demi-Gods** like **Hercules, Rayden (MKvsDC), Thor, Hela**, (ex. **Marvel's ComicBooks, *cartoons*, & BlockBuStar Avengers** movies series franchise of all time, & in **VideoGames** ex. **DCvsMK!**) Your new enemy are called the **TrixXStar Gods**, & you easily track, smash & bust them in micro-seconds! [Author's note: I use blue color text on LifeLevel #3 to rep sometimes the evil **MonStarSide DarkSide** & bad guys who get blue skin, similar to **Green Lanterns vs Sinestro & Parallax's evil Yellow Light** power of **Fear**, & **Star Wars SITH** get **YELLOW EVIL EYES & red lightsabers** as part of their fun, **ToyStories TOYSciences**. My blue reps cop **RED & BLUE LIGHTS**, & feeling **SAD & BLUE**]. On this **LifeLevel** you also meet **GOOD** ghosts called **GhostStars**, similar to **Star Wars Force Ghosts**, but don't glow blue, instead these transparent (see-through) **StarsForce** ghosts glow x11 **StarColors** micro stars. Congrat's you earned your **MonStarBuStar** key & unlocked your **MonStarBuStarForce**, 9% of the **StarsForce POWER!!! EXCELLENT WORK** [insert name], **StarWarrior (*Warriors*)!!!**

UNLOCKED MONSTARBUSTAR FORCE, ARMOR, & KEY!!!

★LifeLevel #4: SpeedStar FaStarForce

On *LifeLevel #4 you travel to Planit SpeedHurry on your YOUiverseMap to meet your 4th *HeadMaStar the SpeedStar who educates, "StarWarrior [insert name], u r a STAR! WeAreALLOne! WE are ALL Stars... *ALLStars!!! You are part of the SpeedForce, 9% Of the StarsForce! You are a SpeedStar, so get active & get stepping to go FaStar (faster)! You are a Shooting STAR! Get active by getting stepping, ex. walk, jog, **RUN**, & you will go FAR. Use good sporty shoes, skateboards, rollerskates, bikes, 2have FUN, & 2go FaStar, & FaStar, MaStarTime to be a TimeMaStar, MaStarTime to MaStarLife, for ex. use school/work agendas to mark your calendars, with important *StarDates ex. Bdays (Birthdays), & Holidays, to look forward to all annual holiday looong weekends, and mark school assignments & projects Due Dates.

Work smarter, & work FaStar, not just harder, to free up more free-time, to spend with FAM (friends & family) & funtimes!!! To XLR8 (accelerate) speed up schoolwork, REWRITE your notes, with abbreviated, underlined, bold, highlighted, & CAPITALIZED words. Also use ABBREVIATIONS like: ASAP means As Soon As Possible, AKA means Also Known As, pros=professionals, *Warriors*= StarWarrior, lv=level, vs=versus, evolution=evo, ex.=example, etc/etx=etcetera (& so on). Many PerSuns use abbreviations when texting like: JK =just kidding, LOL= Laugh Out Loud, Toy Universes abbreviations ex. DC JLU=Justice League, DBZ=DragonBallZ, TF=Transformers, MOTU. Use speed techniques, for FaStar review of your key notes, so words **STAND OUT!!!**

Create good SuperHabits (*LIFEHabits) aka PowerTools including making good StudyHabits, as listed above but include:

1. STARTing your mornings with a Rize&Shine alarm & maybe use your FAN FAV music playlist/radio to jump out of bed & create positive energy (like billions do), while brushing teeth, & eat breakfast to fuel your day.
2. Get stepping & count your steps (in late elementary years) for good cardio HEART health habits.
3. Use the above listed, XLR8R (accelerator) study tips to REVIEW your notes fastar, & free up more fun time ex. VideoGaming but learn to BALANCE screen TIME MANAGEMENT, with SCHOOL/WORK/LIFE time. Be a TimeMaStar.
4. READ LOTS OF BOOKS to improve your READING SPEEDS, so you can get work done fastar!
5. More SuperHabits success tips will be shared in future *ALLStars* books, but research other author's tips & list here:

SCIENCE!!!

Level 4 also represents SCIENCE FAIR PROJECTS. Many elementary kids love to do science fair projects on our SolarSystem. They love to make *colorfull models using *colorfull Planits (planets) using painted foam balls. They show Planits (planets) orbiting around our Sun. Displays include info (information) printouts on Educational PoStars, such as the Planits are named after obsolete (no longer worshiped), ancient gods pantheons (teams) ex. Saturn (King of Gods), Mars (God of War), Venus (Goddess of Love), Mercury (God of speed), Neptune (God of sea), etc. During ancient times, long before modern religions, many of our *GlowBall* ancient *Ancestors also worshiped all sorts of ancient pantheons of Gods in most major *GlowBall* cities. [Author spells ancestors with an asterix * Starfish symbol as a reminder that our *GlowBall* *ancestor's 1st STARMAPS were coded included ancient constellations all around the ward]. Our *GlowBall* *Ancestors have been studying the universe for 14,444 years for many generations. Some of those constellations were also named after ancient, obsolete gods. Some of these ancient gods were turned into modern superheroes such as DC's Orion who is made into DC evil New God Darkseid's son. All over the World these Gods represented over x100's life aspects, ex. Love, War, Speed, harvest, *Education, Leadership, etc. With the invention of TELESCOPES we realized some of the Stars in the night sky were Planits, which we couldn't see before with our LIMITED human eyes. Using modern super-telescopes we saw the YOUiverse (universe) is unimaginably humongous! There are more stars in YOUiverse than there are grains of sand on all the beaches of earth! We also learned the daily Sunrise (rise-& shine) is an illusion, as instead the Earth (& other Planits) are rotating around the Sun & it's immense GRAVITATIONAL force. We review these facts annually in science classes (for +10years of schooling) & all kids are TESTED on learning & MaStaring these basic facts about our YOUiverse (Universe). As you travel throughout the Universe you notice we have billions of stars in just our galaxy alone, & there are billions X billions of galaxies in our universe. As you travel through the universe you notice there are billions of those stars with also their own *colorfull Planits that make up their *colorfull SolarSystems! Similar to sci-fi cartoons like Voltron, Star Wars & Star Trek, we too have *colorfull warlds (worlds) & moons in our SolarSystem [See intro map & top of each chapter map drawing].

TOYSciences!!!

In this Toy YOUiverse & other major SuperHeroes ToyStories Universe & TOYSciences, you meet aliens from our SolarSystem (similar to DC Martian Manhunter & Miss Martian Meghan Teen Titan who are shapeshifters from Mars & Meghan marries SuperBoy) or are from Galaxies far, far, away like FAN FAV Star Wars master Yoda, etc. In SuperHeroes ToyStories & TOYSciences there is definitely LIFE ON OTHER PLANITS!!! Some of the TOP 11 *GlowBall* SuperHeroes for the past few decades are aliens, like DC Superman & Hawkman/girl, DBZ Goku, He-Man & Master of Universe (MOTU), Marvel Silver Surfer, all Star Wars characters, etc. They have their own fun, fictional SuperHeroes ToyStories & TOYSciences. For example, most SuperHeroists FANS learn in early elementary school years that DC Superman's weakness includes Red Suns (& green kryptonite), & Green Lanterns GREEN LIGHT is the STRONGEST FORCE in the universe & is at war vs Yellow Lanterns led by Sinestro representing YELLOW EVIL LIGHT OF FEAR (in 2011 BlockBuStar movie introduction, ComicBooks & cartoon reboots for decades), BUT in this YOUiverse the RED & PINK COLORS are technically the STRONGEST FORCE in this YOUiverse as revealed in detail on LifeLevel 9 titled POWERofLOVE. He-Man is an alien space barbarian bodybuilder & is the most powerful man in the universe (in 1984-6 cartoons & reboots introductions) and grows from a puny kid into a large bodybuilder (2020 reboot) just like DC Shazam. HelMan's Castle Grayskull is the center of the universe (1987 BlockBuStar movie). Star Wars the Force TOYScience binds the universe together & is based on midichlorines count in bodies. Many SuperHeroes get their powers from SCIENCE accidents such as the Flash, FF4, Hulk gamma radiation, etc, or vampire/werewolf/spider bites, mutants (X-men), majiq (magic), Galacticus All-powerful beings (& Silver Surfer) or weapons (Infinity Gauntlet), or get powers form ancient, obsolete gods like Wonder Woman, Thor, DC Shazam & Black Adam (both have multiple gods powers), etc. In this ToyStories YOUiverse you are inside VideoGames where you unlock all sorts of legendary powers. The Marvel's Infinity Stones Saga BlockBuStar movies illuminate the All-powerful Infinity Gems were created before the universe (GOTG#1 2014 movie) & give Overall power over the universe ex. Thanos uses it to kill 50% of the universe's population (#1 BlockBuStar movies of all time & ComicBooks). SuperHeroes origin stories & sciences are continuously evolving & rebooted over the decades to include updated, modern sciences, for ex., originally Superman couldn't fly but could leap tall buildings, & sometimes wears space tech armor suits. This ToyStories YOUiverse combines both Educational sciences & fun, fictional ToyStories TOYSciences. [So unaware NON-SuperHeroes parents should not be offended by author's similar TOYSciences like in major toybrands. Author's note: Level 4 reps my GREAT LOVE OF TOYSciences!]

REAL SCIENCES vs (versus) ToyStories TOYSciences vs Author Jay Mundi's NEW STARSsciences

AUTHOR'S NOTE: ALL KIDS IN EARLY ELEMENTARY YEARS SHOULD LEARN THE DIFFERENCE BETWEEN REAL SCIENCES VS (versus) FUN, ToyStories TOYSciences & STARSsciences for example Superman is an alien who is weakened by RED SUNS/RED STARS as part of their STARSsciences. In DC Universe the GREEN LIGHT of the color spectrum is the STRONGEST FORCE in the universe in kids comics, cartoons, & BlockBuStar Green Lantern movie intro, & in that universe their colorcode reps the emotional spectrum as part of their STARSsciences TOYSciences, BUT in this universe all x11 STARcolors are equal (9%) but technically RED & PINK LOVE'SLIGHT COLORS ARE THE STRONGEST FORCE in this YOUiverse as they represent international heart love colors & this book is about creating LOVEforALL *QBILLION* fellow *ALLStars! You also unlock, harness, & MaStar ALL x11 PRIMARY STARColors of author Jay Mundi's new STARSpectrum as part of his TOY STARSsciences. You unlock, harness, & mastar INNER LIGHTS FORCES powers (called *ShockRas*) similar to FAN FAV Lego Ninjago, animes DragonBall's Goku (SS/SSJN Super Saijaain modes 1-7), Naruto Sage Chakra modes, & Avatar Ang/Korra Chakra & multiple forces. HOWEVER, you

are also LevelingUp more like in some VideoGames which have characters levelup through different levels where they gain different powers, weapons (swords, guns), armors, accessories, potions, etc.

There are even ALL-POWERFUL COSMIC WEAPONS to rule over the entire universe in ToyStories TOYSciences, for example in SuperHero Squad cartoons & Avengers cartoons, Thanos uses the all-powerful, color-coded, Infinity stones to become "SUPREME RULER OF THE UNIVERSE", & when Russian Spy SuperHero Black Widow uses it, she is possessed by NEMESIS the all-powerful CosmicBeing (SpaceGoddess) inside the Infinity Stones. Even SuperHero Squad's Silver Surfer is possessed by the all-powerful Infinity sword&gems which he uses to destroy 2/3 of the universe & Galactus, to be "MASTER OF ALL!" In the BlockBuStar Avengers Infinity War movie Thanos uses the Infinity Gauntlet snap to easily kill 50% of the universes entire population in universe-wide mass-genocide (mass-killings), similar to the despicable order 66 mass-scale genocide of all Jedi's in Star Wars! TOY WARS are very fun toys but also help snap kids out of early elementary LA LA Land thinking!

Toy universes also have ALL-POWERFUL COSMIC-BEINGS for example DC's Guardians of the Universe who are billions of years of old, protect the entire DC Universe, similar to DBZ DragonBall's Kai's of the universe & all-powerful wish granting Dragonballs, & Marvel's Celestials in Eternals movie who create entire galaxies & use the Infinity Stones in the Guardians of the Universe (GOTG) 2014 BlockBuStar movie to kill entire planet alien species in planet-wide mass genocide & Galactus is older than the universe itself & is powered by the POWER COSMIC. In Transformers Prime TFP cartoon UNICRON is inside our earth's core for billions of years as the Earth was created around his body and he is the evil robot is the reincarnation of destruction vs good robot god PRIMUS who is the reincarnation of creation!!! Primus creates x13 Primes to help him defeat Unicron & stop him from conquering the universe!

Some FAN FAV *GlowBall* SuperHeroes are ALIENS from other Worlds like Star Wars Master Yoda, Ashoka Tano, Chosen One Anakin Skywalker (aka DarthVader) who was destined to save the universe, BUT in this YOUiverse YOU the readers are the ChoSun Ones #1 SuperHeroes! ALL SuperHeroes have same #1 YOUiversALL [weakness: PROTECTING INNOCENTS, regardless of age, gender, nationality, religion, beliefs, colors, or non-religion. Some SuperHeroes get powers from mutated DNA genes ex. X-men evolutions cartoons & ComicBooks XDNA, BUT SW (StarWarrior) SuperHeroes all have the StarPower(s) SW-DNA inside them to unlock & MaStar! More ToyStories TOYSciences cont'd in all levels, future books & on LifeLevel 10!!! See the SuperHeroes TOYSCIENCES REVOLUTION by Google or YouTube at least x11 videos of how fans celebrate COLOR YEAR-ROUND with home videogames collections & colorful VideoGamer decorations SuperHeroes collections SuperHeroes playrooms SuperHeroes comicbook & manga libraries & videos of families at *GlowBall* Comicons attended by MILLIONS ANNUALLY including HOLLYWOOD CELEBRITIES & AnimeCons to see some of the 5BILLION SuperHeroes FANS in ACTION & try and list at least x11 characters & checkoff here 1. 2. 3. 4. 5. 6. 7. 8. 9. 10. 11. !!! [checkoff each color box above as you actively research them.]

SCIENCE VS TOYSciences SUMMARY:

- real science books in classes have no aliens & monsters *we fight all sorts of aliens (MonStars) SPACEarmies in *SPACEWars!
- real science has no fun BlockBuStar movie SuperHeroes *I have x1000's of fun SuperHeroes like Marvel & DC Universes to be future BlockBuStars!
- real science has no fun TOYForces *We have ALL sorts of TOYForces: lightning, FireForce, robots, StarPowerKids, etc!
- real science has powerless puny hoomans *YOU become most *powerfull #1 SuperHeroes of ALL time in my YOUiverse!

*LifeLevel #4 *StarMaStar SpeedStar, trains you to MaStar the SpeedStarForce levels: SpeedForce, TimeForce, FastForce, & FastarForce! travel the World (world) & YOUiverse quickly & meet x100's (hundreds) of SpeedStars like ShootingStar, TimeStar, TimeMaStar, TimeForce, FastForce, FaStarForce, FaStar, SpeedForce, SpeedStarForce, SuperSonic, HyperSonic, ScienceStar, etc. They teach you science, various electric attacks & show you different techniques to unlock your speed in different life areas. They show you how to change lightning into different colors, like you see in science static globes. In time you MaStar the SpeedStar Force. SpeedMaStar congratulates & rewards you with the SpeedStar *PowerKey*, SpeedMaStar shoes, treadmill, bikes, skates, hoverboard, & armor!

Lv4 reps my LOVE of SCIENCE & TOYSciences because they include BlockBuStar SuperHeroes science & AlienArmies sciences!

NEED4SPEED

Lv4 also reps NEED4SPEED as at age3 I knew I wanted to be a comicbook writer/artist, toymaker, cartoon animator, & grow up to make BlockBuStar SuperHeroes movies! So I learned in early elementary years I needed to get FAST & EVEN FASTER to write my monthly comicbooks & since I wanted to make an entire universe like Marvel & DC Universes with many individual SuperHeroes comicbooks I learned I had to write/think/draw MUCH FASTER than normal writers/artists. I made over x1000 comicbooks through my elementary to highschool years, but my first few x100 sucked bad as stickman drawings with very poor writing like all little early elementary kids. IN TIME, however, through very hardwork WORKFORCE hours over many years I became very fast and wrote comicbooks like this one in less than a week. Since I was writing on all sorts of topics & themes I also got MUCH BRIGHTER! YOU have this same PowerPotentials to harness in YOU too!

SpeedStar, is noted as the fastest persun in the YOUiverse, & is going to help you to become even FASTER!!!

One day, a SuperVillain named SpeedMonStar, challenges you to see who is the fastest of all. He uses his TimeForce power for evil & uses it to TimeTravel back in time to change all sorts of history time periods, which warps modern day events & threatens to change history itself (similar to TimeTraveler Marvel Kang, DC GodSpeed vs Flash, & DBZ Trunks). You use new TimeForce skills to track his energy signature & follow his steps. You catch up to him before he can stop the United Nations signing of Universal Rights (after the WorldWars WW [World Wars]), - a key moment of time that gave equal power to ALL regardless of age, background, religions, beliefs, etc. [Author's note: TimeTravel is used in many fun ToyLines episodes but in this ToyStories YOUiverse it is purposely used on LifeLevel 4's to visit various ancient *ancestors *GlowBall* time periods as an Educational ToyStories product (like Mr. Peabody & Sherman & other edu-cartoons)]. SpeedMonStar is not alone, he has his own team of fast, & science-smart SuperVillains like FadeStar & his army of Speed Demons. You realize SpeedMonStar has a huge ego (thinks he is better than everyone) & likes to talk about himself and how he is so great, so you get him to purposely waste time talking about how awesome he is so you can buy time for your team of SuperHeroes to undo all the historical time-crimes he has done. They arrive in a few minutes after completing their tasks. SpeedMonStar like his name implies transforms into a MonStar made of speed & pure electricity, but he moves too fast through the streets, as he damages all the cars & streets causing \$1000's of dollars of damage per second. You stop him using a science static ball invention that traps his electrical essence in the contraption similar to FAN FAV Pokemon balls & GhostBusters trap ghosts in their traps. Your SpeedStars team celebrates the speedy victory! [Author's Note: MORE REAL & FUN TOY SCIENCES are covered in future books for each of the x11LifeLevels! Marvelous job [insert name], StarWarrior!!!

Author's note: my STARSciences AIMS to make ALL SCIENCES FUN & are just fun TOYSciences based on my TOYUniverse called the YOUiverse, it is NOT like other modern science theories like Einstein (E=MC²), Stephen-Hawkings-Theories-of-Everything-(TOE) or other-Universe-Theorist's. My StarTheory is based on my *ShockRas* StarEnergy explained throughout all x11 LifeLevels & includes my lv3 fun MaStarEnergy vs MonStarEnergy. Just like Star Wars Force, my StarsForce is part of my much greater YOUiverseForce (UniverseForce) will be explained through x1000's of books, toons. Movies, & products to be released over coming decades.
