YOUniversALL *Soldiers* Avatar Custom Creation:

This book is in a unique VideoGames format to appeal to MODERN VideoGamer & DIGITAL WORLD (WORLD) kids who are part of our newest TECH Generations (TECH GENS) & are growing up with tech like smartphones, tablets, laptops, & videogames. New TECHGens LOVE their techs allowing them access to the *LIMITLESS Internet information, websites, apps, social media & gaming. About 5Billion are fans of the NEW #200BILLION VIDEOGAMES INDUSTRY -which is larger than Hollywood & music industries combined! Writer *JayMundi* as an elementary child already ENVISIONED this TECH REVOLUTION FUTURE & created his SuperHeroes YOUNiverse as a VideoGames YOUNiverse, rather than major competitor *GlowBall* (global) toy lines like DC, Marvel, DBZ, Naruto, etc which began as comicbooks & Asian Manga's. If you are a NOOB (newbie) to the past few decades digital world & the millions of new tech terms, a VideoGame's AVATAR is the character YOU, the VideoGamer control. Pick one of the following VideoGames Avatars (similar to FAN FAV Favorite VideoGames Minecraft, Roblox, Fortnite & JumpForce) & insert your name: "StarPowers StarWarrior *UltraHero* *JayMundi* (UNiverse *Destroyer*) BronzeStar MUNDStars'Sun (son) YOUNiverse!" [Your character name is very long & has Writer JM's 1st & last name Mundi -as it means world, & the last name YOUNiverse is like FAN FAV Steven Universe, BUT mine is designed to show YOU save the YOUNiverse!] As a kid I created my SuperHero called "BrownStar" aka "BronzeStar" after my FAV 1981 cartoon BlackStar, but now you can insert your name (ex. _____ insert name) into my books so you too play as me so my story becomes your story - my power becomes your power - & YOU become the #1 SuperHeroes! In my StarWarriorVideoGames - YOU the player become the #1 SuperHeroes in this ToyStories YOUNiverse & YOU save the YOUNiverse!!!

#3. OPTIONAL: CREATE your Custom Avatar here (it can be YOU, or a MonStar, alien, supervillain, OldGods (OG's) Thor, Herc, Goku, Raiden, or robots (lil-like Transformers or GoBots). Research MODERN, VideoGames such as Fortnite, JumpForce, & millions of similar *GlowBall* games where you can DL (download) over x100's different skins (costumes). [Writers Note: as an elementary kid I mostly drew myself as the SuperHero of my ComicBooks, but as a teen I updated my comicbooks stored on floppies disks with x100's of ebooks to instead have readers create themselves as the main #1 SuperHero (by inserting their names in blanks ex.____) with their own customized character!

#4. The main character however, is set as default (non-customized) setting in writer *JayMundi*'s sun-tan beach bronze muscular image as the 1st brown (East Indian) SuperHero (& inventor of #1 FUTURE ToyStory EMPIRE *ALL Stars*YOUNiverse of all time) similar to sun-tan bronze-brownish skin of many toy characters like new version of DBZ Broly 2021, DC Starfire (orange skin female alien with UV sun power inspired my full sun spectrum *StarFire* toy theme), BlackStar1981/ BraveStar1987/ Avatar Airbender's Korra, & Conan's 1983 muscular bodybuilder brown-bronze skin toys -DBZ Sun-Goku, Superman, Hulk, Saitama, Thanos with Infinity Stones are most powerful SuperHeroes & villains, but in my YOUNiverse YOU the reader become the most powerful #1 SuperHero of ALL time! Writer *JayMundi* grew muscular to stop his alcoholic, uneducated father from beating up his mother, little brother & himself. Its also in Jay's image because he wrote this new #1 SuperHeroes YOUNiverse & all my toons, shows & movies for ALL ETERNITY have my C.G.I. as main hero! The characters are shown with *colorfull STARrainbow*StarFire*solar flare hair, StarPowerscape & AuRa (glow) - as they rep real STARSscience fact that THE YOUNiverse & ALL Stars*are *colorfull & contain writer *JayMundi*'s complete x11 *StarColors* STARspectrum! The Solar flare hair with side bangs reps BIG BANG Theory as well & is modelled on my hair LOL - as a kid I was inspired by Superman's curl signature copyright hair style & Einsteins universe-scientest wacky, odd big afro-ball hair. The W's in my costume were inspired by Wonder Woman's (WW) Warrior Goddess 1980's updated costume with the x2 W's on her top. Marvel's Blade BlockBuster movies with 1st Black SuperHero started the Marvel franchise & basically saved them from bankruptcy! Research & checkoff here x11 different download VideoGame avatar skins (costumes) used in VideoGames (ex Fortnite & Roblox, etc): x1 x2 x3 x4 x5 x6 x7 x8 x9 x10 x11

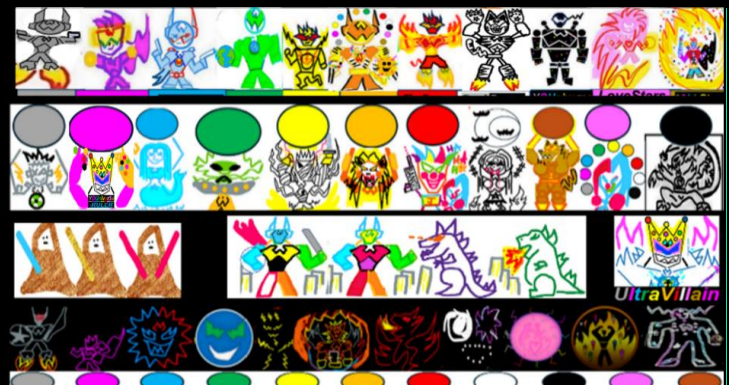

#5. You also can play the game from over a BILLION characters, including GOODMonStars, SuperHeroes, SuperVillains, robots (similar to Transformers & Zords), OldGods (ex. Thor, Sun Goku, Rayden), New Goddesses similar to DC Wonder Woman!

CHOOSE YOUR FIGHTER FROM BILLIONS OF CHARACTERS:

#1. The real universe (science) SUCKS as your science books have found 0 ZERO FUN BILLION \$ BLOCKBUSTAR ALIEN\$ ex Goku, Yoda, Superman, Ashoka & DC Starfire, BUT my TOYuniverse does! I rep **DEEP FUTURE *EVOLUTION MAP** (from our primitive ships to spaceships) to **FUTURE *StarShips** to **YOUuniverseShips** to explore, Study, & **MAP ALL YOUuniverse** in x11 Billion years! #2A My **VideoGames** start off with you the **VideoGame Player** using *JayMundi*'s **YOUuniverseMap**, Map to the **STARS**, **FUTURE-MAP** to ALL **YOUuniverse** to find the x11 *StarMaStars (Jedi masters-like) teachers of the x11 **StarForces** - who each help you unlock & MaStar different **StarPowers**! #2B. The x11 *StarMaStars are also a metaphor for **Multiculturalism** to (**DESTROY: Racism, Colorism, & HATE**), to teach **LOVE** for ALL persons regardless of **SKIN-colors**, nationalities, etc as writer *JayMundi* is **BROWN #BLM** (Brown/Black Lives Matter)! #2C. The x11 *StarMaStars will help you unlock MANY powers like **fire/wind/water/earth/superstrength/flight** like Goku & New Superman & gain future-tech like powersuits/laserguns & transforming Super-Robot friends like BlockBu\$tar Billion\$ & **ALIEN ROBOTS TF Transformers**, **VOLTRON-Force** SuperForce, etc.

#3. Why explore ALL the **YOUuniverse**? We have to leave Earth before next **FUTURE EXTINCTION LEVEL EVENTS** like **IceAges** (for 100k yrs - ex. Ice Age toons & toys) & **Assteroid/Meteor strikes** that killed 99.9% of previous earth life ex. Dinos), & in a few billion years our **lil sun (as part of it's STAR-evolution)** will grow into a **SuperSun** & then a **Red Gas Giant Sun** & burn/eat our **Planet Earth**! Thus, we need to **EVOLVE** even faster to help save our **FUTURE** - thus my **NEWSscience** term **STAR-evolution** - which reps my 1st LifeLevel #1 **TECH** to get us living in space, other Worlds (worlds) &/or deep in earth bunkers, BUT also creating advanced future-techs like laserguns & **SUPERROBOTS** to fight **FUTURE EXTINCTION LEVEL AAA ALIENarmies ALIENWARS** like in **BlockBu\$tar** movie\$ of all time ex. **Avengers/Infinity War/Star Wars/Star Trek/DBZ Freeza Force**, etc who all have far more advanced **ALIEN-TECH**. Thus, my **WARNING** is **FUTURE xMillions of AA ALIENarmies THREATS** coming from the **STARS** - called my **MON-STARs** - ALL over the **YOUuniverse** just like **DC, DBZ, TF, & Marvel UNIVERSES**! In kids toons & comicbooks there are x1000's of **ALIENa my** AA **UltraVillains** who can easily destroy the universe (with a **SNAP** of their fingers) with **UltraWeapons** like **Marvel's x6 Infinity Gems** ex. **Thanos** & **Dark Surfer** destroys 2/3 of universe in **SuperHeroSquad** toon (ages 4&up). In my **TOY-Universe** only **YOU** can save the **YOUuniverse** (not aliens Goku, Superman, Skywalker, Optimus, etc) BUT 1st **YOU** must MaStar my x11 **StarForces** & collect the **x11 PowerBalls** & your **TEAM**!

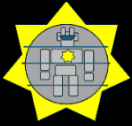

#4. **Star Wars** is only a galaxy far away. BUT I REP ALL **YOUUNIVERSE** exploration, as my x11 **Planits** (planets) are each located in farthest corners of the **YOUuniverse**. The x11 **Planits** also represent inventor *JayMundi*'s x11 "real-life" forces **ColorCoded** as: **TechForce, Nutrition, Exercise, WAR (history), Education, POWERofLOVE, DEEP-FUTURE, #BLM**, etc

#5. **Scientest *JayMundi*'s map is not an elementary science fair project SolarSystem but is my YOUuniverseMap**, & my **Planits** are named a bit similar to our **SolarSystem** **planits** which are all named after ancient, obsolete (no longer prayed to), **Roman Gods** pantheons, as our greatest grandparents **Ancestors**, ALL over our **World (world)** prayed to all sorts of pantheons of Gods (about 5Billion still do). BUT obsolete religions had all sorts of **MIS-EDUCATION STORIES** ex **UranUs Elder God (Grandparent) of Zues, was killed by his son God ChronUs Time-God who was ironically killed by his son Zues Lightning/Storm/Thunder/Cloud God for CANNIBALIZING (EATING) Zues's siblings** - celebrated in **Clash of Titans** movies & toys for x4 decades! Writer *JayMundi* is connected to these **OG Old Gods & GOW God of Wars** as JM also wanted to kill his father all his life for violently beating him & his fam! In annual science class you learn our **Ancient Ancestors** (AA) worshiped 1st **Original-Gods (OG's)**, for ex. our **SolarSystem Planet-Balls** are named after **OG's** (ex. **Uranus, Saturn, Venus, Mars, Pluto vs Copycat Zues, Aires**)! **Greeks, Romans, Egyptians, Aztecs, Vikings**, & almost all ancient "GlowBall" religions had similar 1st **COPYCAT GODS PANTHEONS** mixed with their 1st sciences1.0 codes. **Most *GlowBall** OG pantheons rep our 1st sciences1.0 code & most aliens have similar **SolarSystem x11 codes**:

TechGods/ChildGods&Goddesses/WaterTridentGods/EarthGoddesses/SpeedGods/StrengthGods/VirtueGod/DeathGods/LoveGoddesses/L leaderGods/UniverseGoddesses. My **PLANITS** rep a **SIMILAR FUN SECRET CODE & MY OWN ALIENGODS** - **ALIEN\$** name their planets after their 1st OG OldGods too: ex. **Planit LovUs** is named after **Love Goddess VenUs** but mine is a new cosmic **Love Goddess** called **Karma LoveUs** (who is like **Marvel's Nemis** who is inside **Marvel x6 Infinity Gems ALL-Powerfull Gauntlet** - used by **NewAge YOUuniverse-Conquer UltraVillains** ex **Thanos** in cartoons, comicbooks, & #1 **BlockBu\$tar** movie of ALL time, to mass-genocide kill 50% of universe population or **Dark Surfer** uses to **destroy-2/3 of universe**)! Similarly, I have my own **MonStarKing** who wants to take your x11 **PowerBalls** to rule the **YOUuniverse** too! My 1st **Planit** is also inspired by **PrimUs** the robot God of the **BlockBu\$tar Transformers (TF)** in **Transformers Prime (TFP)** cartoon, & similarly my 1st **Planit TechYou** is a massive transforming robot **Planit** too (like **Primus & Unicron**), that also has alive robots!

★LifeLevel 1: TechMaStars TechForce Inventions & Innovations

You travel to shiny silver Planits (planets), one is called TechUs, it is like ALIENWARS Transformers (TF's) home planet Cybertron & Unicron, full of advanced, alive robots similar to 1980's FAN FAV (FAV = favorite) Gobots & Transformers toys! Planit TechUs can transform into a robot God called TechUs (one of the STARRobotGods), just like TF's robot God's Primus, Quintessa, & Unicron in 1986/2022 movies/TFP Transformers Prime cartoons & comicbooks. They resemble planet sized battle stations like Star Wars Death Star! Star Wars' Death Star was the most powerful weapon in Star Wars universe (1st Trilogy movies). Is STAR-sized (& makes Unicron look puny in comparison) thus it's name TechUs STARRobotGod!

You are a tech billionaire SuperHero lil like FAN FAV Batman, Bulma, & Ironman, but unlike them you are SELF-MADE (- didn't inherit father's businesses) & make TRANSFORMING ROBOTS (like Transformers, Gobots, & titanic Zords), BUT you make your own SuperHeroes toy-line called *ALLStars* YOUiverse to compete with DBZ, DC, & Marvel universes, & futuristic videogames. Like Ironman in #1 Avengers movie your Lv1 SUPERPOWER (isn't superhuman powers but) is also being a TECH GENIUS BILLIONAIRE, playboy, philanthropist & top bachelor like Batman toons/movies. You ponder (think) why kids LOVE *GlowBall* SuperHeroes stories so much that BILLIONS of them all over the world for x100years have been creating their own SuperHeroes Universe\$ in elementary years, similar to cartoon themed episodes of kids making their own ComicBooks like in episodes of teen favorite Southpark *cartoons* with Coon & friends creating their own SuperHeroes Franchise, complete with merchandise, & BlockBu\$tar movies releases ACTION plan! Your business company is a leading tech business called StarPowersTech & makes HDTVs, & superior computers, including laptops, tablets, smartphones, gaming tech & VideoGames! StarPowersTech is one of the few, new working-world (world) BILLION-dollar companies! Your tech makes many persons (peoples) LIVES BETTER!!! WE LOVE TECHNOLOGY - and we need it to realize you are GBA WORLD! You have several robot & alien servants, maids, cook, & secretarial (office) staff, who all call you MaStar (master)! You prep to do a public speech about your new tech product releases such as new, improved *SmartPhones, toys & VideoGames. You conquer your fear of public speaking, like in school presentations & deliver a great, practiced speech & the crowd cheers. You unlock #1 multi-million \$ elite Security commando team. [Lv1 reps me as FUTURE #1BILLIONAIRE - don't mess with me because I will have #1 elite commando security team! Unfortunately, richer you get - the more security is needed = Downside of Billionaire lifestyle.]

[Writer's note: Lv1 reps NEWSscience of NEW TECH BILLIONAIRES! Lv1 reps me *JayMundi* as #1 *Inventor* of #1Toy\$tory INVENTION (& FUNNEST THEORIST & THEORY) of ALL time!? See if you agree. Lv1 reps real-life hard WORKForce POWER of writer *JayMundi* used mostly in his elementary/teen childhood yrs afterschool countless hours to self-study both real-life SCIENCES & x100's BlockBu\$tar *GlowBall* SuperHeroes Universe\$ (like DC, DBZ, Transformers, Marvel Universes) to INVENT my own TOYUniverse called the *ALLStars* YOUiverse!!! Lv1 also reps invention of MONEY as we ALL need it to feed/cloth/house our families.]

TECHFORCE 101 & WORKFORCE 101:

The next day you meet Robo & Robotica TechForce along with x100's of fellow TechMaStars SuperHeroes. They lead your INVENTIONS & INNOVATIONS technology division & manage your WorkForce which employs x1000's (thousands) of **International jobs** that help many employee (worker) families. You travel with them all over the YOUiverse to your many *GlowBall* (International) factories, Tech Labs, & retail stores. Robo gives you new Technology 101 manual to learn. Robotica, informs you the new, upgraded transforming robots you invented are ready to go online! You meet x100's (hundreds) of your good robots called the SuperHeroBots PosiTrons. You meet their heroic leader called SuperHeroBot aka Positron, & some team members: SupeRobot, SHeRobot, HeRobot, UltraBot, TechForce, HyperDrive, OverDrive, MaxXimUs, HD, DvD, C.D., D1, B1, OB1, JM1 etc. You reflect, how modern 21st Century (2000's) *Education* (Ed.) now includes Tech Education!

Suddenly your *SmartPhone alerts you that your headquarters is being invaded (broken into). Some neighbors also record the intruders on their HD (high Definition) *SmartPhones. You are grateful, for fellow TechMaStars who study very hard technology studies & create valuable tech that helps make the World a safer place! The videos reveal you are attacked by evil (evil) space alien robots called the MonStarBots aka NegaTrons! My transforming robots are called *ALLStaRobots, & have 2 divisions: the good StarsTechs *ALLStaRobots vs the evil MonStarRobots, they remind you of 1980's robot toys like Gobots, Shogun Warriors (toybots), StarWarriors, & Transformers! The MonStarbots (were created by Dr. TechNo's Billion \$ Banana Computers Co. - the dumbest marketing brand name of all time & has henchmen in banana suits - no relation to Apple Computers which is tech co named also after a fruit LOL & are) led by their leader from whom their team is named - the infamous MonStarBot, he hates fleshing humans & alien creatures. MonStarBot says, "Only technically advanced robots should exist and all flesh creatures should be wiped out of the YOUiverse. He reminds you of Ironhide in ALIENWARS! Transformers 1st BlockBu\$tar movie - calls humans a primitive & violent race, to which Optimus Prime, one the most famous TOYRobots of all time responds that humans are a young species & have much to learn. In similar fashion, the MonStarBots are billions of years old just like Transformers robot race. The good PosiTrons team, led by SuperHeroBot & his robot wife UltRaBot, quickly respond & defeat them with the new, advanced tech weapons upgrades you invented called TechBeeStar Packs! You now resemble heavy tech-suit SuperHeroes ex. Marvel War Machine, Ironman Hulk Buster, & Power Master Optimus Prime. For LevelingUp your skin turns silver-chrome (mirror) like a futuristic, advanced hi-tech robot with computer chip lines on your face in a W shape (like in FAN FAV *GlowBall* futuristic tech arts of Cyberpunk cyborgs & robots), including a tech bindi (StarDot on forehead like Marvel Vision's infinity gem) or a micro CD/DVD, or a HD camera, or a cog bindi. Through each of the x11LifeLevels on your LifeJourney you will unlock corresponding x11 *StarColors* skin/hair/eye colors in this VIDEOGames YOUiverse, similar to how Marvel's Hulk/She-Hulk turn green, or Steven Universe monster forms, Ichigo goes white monster or black forms, or DBZ Goku changes Super Saiyan SSJN hair colors, & Naruto sage jinchui titan modes. When you get angry on this level & tap into your INNER RAGING GOODMonStarSide (ex Goku, Naruto, Hulk, Steven Universe) you can transform into shiny silver chrome GOODMonStar Robots! Remember you are in a hi-tech *limitless VideoGames YOUiverse (universe) where anything is possible also in this YOUiverse you have the option to change your avatar VideoGames character's skins (aka costumes) into many x1000's downloadable choices (like in FAN FAV VideoGames Minecraft, Roblox, or Fortnite. This fun feature is also a METAPHOR for Multiculturalism (Destroy Racism & Colorism), -the LOVE FOR ALLpersons, regardless of SKIN-colors, nationalities & beliefs) to help DESTROY RACISM & HATE EVILNergies!

[Writer's note: Lv1 reps my NEWSscience of TECH101: ex FUTURE real-life ALIVE ROBOTS! I LOVE TECH so Level1 (Lv1) honors TECH & my FAV ADVANCED TECHS, ex. my HP/Lenova Yoga laptops & softwares ex MS Office/Adobe PS suite [used to make my books], *SmartPhones ex. Samsung Notes/Fold, HDTV's ex. LG Dolby THX (with 5.1 Surround Sound & Sub), PS/Xbox, & toy bots Transformers, Gobots, Starriors, Astroboy) inspired my SuperHeroBots & love of ADVANCED FUTURE TECH!!!

Next Lv2 reps human POWER of IMAGINATION over robots A.I., as I believe I have created the greatest #1Toy\$tory of all time with YOU the readers as the #1 SuperHeroes of all time, & even the most advanced robot A.I.'s can't come close to creating such a powerful story even with their immense computing power!

You travel YOUiverse to Planet MonStarUs to meet x1000's of AlienForces (AlienCops) & their MonStarBuStar (MB) Force division - similar to Ghostbusters, Monster Hunter VideoGames. Lv3 reps NewAge of playing as SuperVillains - in "JayMundi's" VideoGames YOUiverse YOU can play as SuperVillains like in PvP (Player vs Player) Streetfighter/Mortal Kombat! Lv3 reps me as #1 YOUiverse-Theorist of ALL time, not Einstein/Hawking/etc with my most complete THEORY OF Everything (T.O.E.) YOUiverse as Lame Science books have 0 aliens (if we are ALL alone in infinite MASSIVE UNIVERSE = universe sucks LOL) BUT my NEWSscience ALIENSciences3.0 has BILLION\$ of FUTURE ALIEN\$pecies (& Mon-Star\$) & #1 Billion \$ BlockBuStar Alien\$ of ALL time & NewAge COPYRIGHT © BILLION \$ Alien\$ ex. ALLStars MaStars vs MonStars ALIENWARS | 101: GOODMonStars vs BADMonStars

Commander MonStar informs of billions years WAR history of "ALLStars" MaStars vs MonStars (Masters vs Monsters). Our ALIENSciences3.0 has 2type\$ of Copyright © ALIENS TEAMS: good MaStars vs MonStars evil (evil) EvilEmpire. Both MaStars & MonStars are powered by SAME StarEnergy of "ALL Stars" -as ALL have same StarPowers to be a FORCE for GOOD as GOODMonStars (ex. DBZ Sun Goku, Steven Universe) or EVILL as BADMonStars! We are not 13,000yrs same boring code-of-good-vs-evil as my term\$ MonStar\$ are not glowball-religions-demons-in-earth-underworlds, but are Copyright ALIEN\$ & GOODMonStars, ex. Godzilla, DBZ Azaru SSJ, Naruto Jinchuriki's, AvP, Star War\$ Galaxy of © ALIEN\$. THUS, I Spell ALIEN\$ & MaStar\$ & MonStar\$ with \$\$\$ Signs to rep NewAge of BlockBuStar ALIEN\$ & my ALIENSciences3.0.

BILLIONS OF ALIEN\$pecies ALIEN\$-Evolution in my YOUiverse vs SCIENCE FOUND 0 ALIEN\$:

GOODMonStarSIDE 101: Lil like Star Wars, Jedi vs Sith ALIENReligions (TOYreligions), the MaStars are part of an ALIENWARS "STARReligions vs MonStarReligions -who worship evil & do live/virgin sacrifices to AlienMonStars" in X-Star stances like 13,000 yrs of WhoMun (Human) dark history ex Clash of Titans & King Kong movie trailers with torture X-shape boards/chains/toys. X reps NewAge XXX e-spam internet trolls. They also do baby sacrifices like in Ghostbusters! & Marvel Thanos sacrifices his daughter Gamora for Soul Stone in Avengers Infinity Wars #1. BlockBuStar movies ALIEN\$-EVILLution reps different levels of ALIEN\$-Evolution & Evil but also reps some alien races evolved from Alien MonStars or had their evo aided by them ex. AvP 2014. We are NOT-ODD Star Wars The Force's philosophy as Yoda said there is NO RETURN once you go down dark side (of The Force), BUT in this YOUiverse it is a continuum, meaning all are tainted by some degree of DARKNESS (ex lil kids being mean to siblings/parents/classmates) but rather than forever being lost to Dark Side (& get evil yellow Sith eyes) they can instead recognize & CONTROL these dark thoughts, & work to MaStar themselves, to MaStar life, & use your RAGE & ANGER of your GOODMonStarSIDE (ex Goku, Naruto, Hulk, Steven Universe) to protect *ALLStars! [Ex my parents were my #1 Haters - metaphoric MonStars - as they hated my SuperHero\$ passion but luckily I didn't listen to them or no FUTURE #1 BILLION \$ Merchandise EMPIRE! Thus my MonStarCode is not-religious DEMON-Code as my Mon-Stars are BILLIONS of ALIEN\$pecies in YOUiverse = ALIEN Mon-STAR\$, among the STARS, not-earth-demons-in-underworlds. To some Alien\$ WE humans are MonStars ex Avatar #1 movie Na'vi (blue cat Alien\$) vs future WhoMun EVILLution! Also most Alien\$-MonStars look like monsters BUT are GOODMonStars ex. Na'vi, Yoda, Chewy. Whereas x100's of Earth Demons in all "GlowBall" cultures are only EVIL/BAD. [TOY\$toies have their own dark side sciences, ex Streetfighter Ryu has INNER Dark Hado (Satsui No Hado) that Thanos uses vs Lady Death & says it has conquered gods & demons (in Capcom vs Marvel Infinite crossover), Black Widow is possessed by Infinity Stones Goddess Nemesis & Silver Surfer becomes ultimate DARK Surfer with Infinity gems to destroy & rule all universe (in SuperHero Squad kids "cartoons") & Star Wars has INNER Light vs Dark Side of the Force, BUT we have BRIGHTSide (as you get BRIGHTER with education) vs MonStarSide DORKSide (mis-education: racism, colorism) of the StarForces. MonStars worship blue light as #1 force in universe lil like DC GL Green Lanterns say green light is #1 universe force (in BlockBuStar flop intro).

The x11 *StarMaStars (HeadMaStars) light elite x11 STARMonStars (HeadMonStars) who can gain BLUE SKIN & wear costumes with DUAL M/W-shaped: x8FANGS-bite marks/body-spikes/ears/but-not-demon-head-horns (note: Star Wars Sith evil aliens gain EVILL YELLOW EYES). [These HeadMaStars terms was inspired by robot alien Transformers TF 1980's HeadMaStars]. MonStars BLUE color is a metaphor for 99.9% COLD Universe Power (Science) & being COLD HEARTED, ex. no laughing, no fun, lifeless vs being WARM HEARTED, LOVING, & caring - HAVING A HEART! In history classes you learn of 13,000 yrs of GOOD VS EVILL codes. [My red vs blue logos/theme were inspired by 80's Transformers TF Alien robot AlienWars! Autobots vs Decepticons].

369 YOUiverse-LAWS, ALIEN\$-Criminals & GangStar\$, ALIENLAWS* & *ALIENism* 101: MonStar teaches a BILLION \$ Galactic GangStar\$ 101 YOUiversity MaStarClass in YOUiverse-wide LAWS & NEWAGE laws (ex. e-laws as cybercrime in modern Tech Age ex *SmartPhones/email-e-text frauds). [Lv3's 369 laws = 369 is a magic # it reps star/planet/eye/BALLS circle 360°+9 is my magic # for LOVE/level #9 LOL!]. She says, "There are 369 YOUiverse-level LAWS that we Alien\$ (AlienCops) monitor. RULE #1: NO YOUiverse-rulers #1 WORST CRIMINALS of all time in ALL YOUiverse, or YOUiverse destroyers (ex Thanos & Dark Surfer destroy 2/3 of universe or kill 50% of universe-population in cartoons & comics)! RULE #2: NO CORRUPT GALAXIES-GOVERNMENTS with bad laws - for ex. 2nd WORST CRIMINAL Alien\$ & Alien\$ LAWS are Star Wars Palpatine's Emperor Empire CORRUPT Alien\$ Government's Order 66 (ALL Jedi-Genocide of minority Alien-religion Jedi) & Death Star destruction of planets mass scale-genocide (ex TF Unicorn)! RULE #3: No Colorism ALL Colors are equal. [Earthling laws don't apply]. *GANG-STAR\$ Gang War\$ & White-Collar (ex WallStreet pyramid-scheme SCAM businesses) CORRUPT CRIME BUSINESS\$ are now MULTI-BILLIONS of DOLLAR\$ on Earth alone & many teens become criminals or GangStar\$ *GlowBally but also die young in GANGWAR\$ TURFWARS ex Bloods vs Crips color wars & like *GlowBall" BlockBuStar GANGSTAR movies, so do ALIEN-GangStar\$! Some do crime because of poor jobs, lured, tricked, etc. Many places have legal Marijuana drug use - so SOCIETIES & LAWS change." She teaches StarPowerKids not to break intergalactic ALIEN-LAWS & turn into lil' SPACE Galactic GangStar\$, & later become ADULT CRIMINALS ending up in Prison (prison).

ALIENism is forbidden in YOUiverse-Laws: as ALL Aliens are equal as ALL "ALLStars", regardless of colors or if they look like MonStars. *ALIENism* reps some aliens think they are #1 ALIEN\$pecies in the YOUiverse & rest are inferior because don't have hi-tech advanced Galaxy-ships but instead have primitive ships or spaceships, or don't have hi-tech weapons ex. Deathstar & Unicorn. Some aliens worship Green Light color as #1 Force in universe (ex DC GL movie FLOP intro COLORISM), BUT all colors are equal!

NEWAGE of GOODMonStars!!!: NewAge LOVE of MONSTAR\$ - ALIENMonStars & PLAYING AS SuperVillains! BADMonStars! MonStar informs, we respectfully call both our family & friends simply as FAM! MonStar's MonStarBuStar FAM transform into GOODMonStars of "ALLColors", similar to DBZ Goku Azaru & Naruto Jinchuriki TITAN monstars, Steven Universe (half-alien) & Connie Maheswaran many arms forms, Ben10 Kevin11 forms, Hulk, Bleach's Ichigo forms, Blaze & Mystique (with skulls outfit). MonStar introduces you to ALIEN races who look like monsters & says not to judge based on looks - ex. Yoda goblins & Chewbacca's Wookiee's Alien-Sasquatch! You meet GOODMonStars, ex MonStarForce, MonStarHuntStar, MonStarMan, MonStarWoman, etc. You meet a funny group called MonStarFAM, lil like top GOODMonStars comedies ex Munsters [which also led to my term MonStars] & Hotel Transylvania [BlockBuStar movies & "cartoons"]. Lv3 reps IN NEWAGE WE LOVE GOODMonStars & cosplaying & playing as SuperVillains & BADMonStars ex. PvP VideoGames, & *GlowBall" *Comicons". You say "BEASTMODE" or MonStarMode to change into a GOODMonStar

Lv3 reps *JayMundi's NEWSscience3.0 ALIEN\$ Mon-Star\$ vs ALIENForce (ALIENCops) who rep respect for Earth POLICEFORCES who risk lives to keep us safe. Lv3 reps beating ALL fears (ex kids fear ALL MonStars). It also reps COMEDY as LAUGHTER is the best MEDICINE, so *LIGHTENUP & LAUGH - so don't be COLD-AS ICE or COLD HEARTED, for ex. my "Dork"-Side title LOL. [I love comedies ex #1 Big Bang Theory, Office, (LG,b,QT) Modern Family/Ellen/Lilly, & toons: Simpsons, Southpark, Rick & Morty. Some may label me a MonStar'sSun (son) of an immigrant, uneducated, violent, alcoholic father, & some racists/HATE groups will call writer *JayMundi a MONSTAR for brown skin (East Indian parents origins). SO my book theme is DESTROY: Racism, Colorism & HATE! Lv3 also reps my learning of NEW COPYRIGHT LAWS 1976: in mid-elementary years as I had to SELF-learn SuperHero\$ Toy\$toies NEW LAWS ex. Copyright, I.P. Intellectual Property, Counterfeits, Knock-off\$, Logo\$, etc & meant I couldn't COPY other TOY SuperHero\$/logos/book\$ - this \$tre\$ssed me out making sure my © SuperHero\$ were legally different products, SO I VOWED TO BE #1 SUPERHEROES/LOGOS/Bu\$ine\$\$ OF ALLLLL TIME! I HATED LEARNING OF 80 yrs of SuperHero\$ LEGAL WARS! Now my competition can't COPY ME or my Logo\$/book\$/SuperHero\$/or my ColorCode! SO I made my SuperHero\$ superior to ALL by making them MY NewAge UltraHero\$ - x11 heroes based on MY x11 "REAL-LIFE" SCIENCE\$ & Forces. It made me a *BRIGHTER kid!

Commander MonStar trains you to MaStar the blue WaterForce & MonStarBuStarForce. MonStar is the MonStarPrincess & has a fun, color-changing *lightope (lil like Wonder Woman's lasso) she informs, "I quit my parents MonStarKing & Queen's KingDumb LOL & now am a Force for Good, so don't judge a book by its cover - as a METAPHOR for not judging ALLpersuns on appearances, ex. now many "GlowBall" celebrities stars, TV/Sports/Music Stars, & writer JM have TATTOOS & PIERCINGS (that ShineBright like stars). [MonStar has colored hair, piercings, tattoos of stars/superheroes/MonStars & Star-terms]. Also, remember elementary school warnings of "Stranger Danger" meaning some persuns may look & act nice BUT really have bad intentions so YOU should judge others on their HEART - it's what's on the inside that counts!

My NewAge BlockBuStar Billion\$ \$ Copyright © ALIENSciene3.0 *Evolution aka EVILLution Level\$ & Type\$ to Galaxy & Universe RULERS:

MonStar'sSun (Son)

[*JayMundi* MonStar'sSun (Son)] Writer's note: even I was labeled a dumb, big muscular jock/airhead/pretty boy, & some FAM thought I would never amount to much & would grow up to be an uneducated, VERY violent alcoholic MonStar like my fat father (so I call myself [*JayMundi* the MonStar'sSun - Son]) BUT instead I [*LeveledUp*] in life to be a teacher & future #1BUSINESS & #1ToyStory of ALL time?! I also had to grow MUSCULAR to protect my lil bro/mom/myself from being beaten up by my drunk father - so when others labeled me as a dumb jock I found it OFFENSIVE! So don't judge others. I have SCARS on my leg at age 5 when my lil fat F*** father bit me for SMASHING my fist in his face for hitting my mom & a 2nd bite as a late teen/YA I was bit again on my shoulder while protecting my mom again but at this point I was SO MUSCULAR I didn't feel any pain. SO I HATE KID & WOMEN BEATERS! For ALL ETERNITY I LOCK in my HATE for my PSYCHO fat F\$ (Fool) Father (who almost killed me many times) with my CURSE WORDS - KARMA is a B*** father! My [*Warriors*] CODE reps overcoming my fear of my father. Be [*Warriors*] not (wussy) WORRIERS - as TRUE StarWarriors FEAR NOTHING."

A thief robs your friends & a police *StarShip chase turns into a battle as the criminal robbers have guns. Police *StarShips are red & blue. They turn out to be SuperVillains who transform into evil MonStars forms who use their StarPowers to be a FORCE OF EVIL, but you are a FORCE FOR GOOD! You see the world is complex. To beat evil MonStars SuperVillains you need to overcome your elementary childhood fear of ALL MonStars!

NewMonStarsMonth x31days *Universe* YOUiversity MaStarClass Xam #3.A.: LevelUp to MonStarBuStar form & MASTAR your YOUiversALL INNER childhood wussy fear of ALL MonStars to not be a wussy teen & still traumatized adult! Fear of ALL MonStars is normal in ALL cultures & part of your LifeJourney. We all have ancient stories vs ALL MonStars 13,000 yrs ago (ex Diwali, Day of Dead, Death Gods/after-life soul realms, FESTIVALS, COSTUMES & MASKS) as in 1st "GlowBall" civilizations came a fear of MONSTERS! BUT my Mon-STARs rep our NEWAGE of "GlowBall" alien monster threats from the STARS, thus MON-STARs! Even aliens fear alien Mon-Stars & celebrate NewMonStarsMonth! For NEW Halloween called NewMonStarsMonth of October take annual x31day challenge to conquer MonStar fears by decorating homes, school spirit week, telling slumber party scary stories, & watching scarier movies with FAM, kids, cartoons, & movies ex SuperHeroes vs alien MonStars #1 movies, to killing scarier MonStars in VideoGames. My NEW STARScience3.0 is study of (NOT-DEVILS or FEW classic monsters but) BILLIONS of ALIENS SPECIES ALL MonStars including preparing ideas for FUTURE "ALIENWARS" as in sci-fi & #1 movies of all time! This month is for #1. RACISM DESTRUCTION as inventor Jay Mundi is brown East Indian #BLM & labeled a monster by racists. #2. Celebrate NEWAGE Multiculturalism week & underwolves ex. Egypt mummy afterlife, Medusa/Nagins OldReligions, & "GlowBall" history MASKS & costume monsters ex Zulu! #3. Includes not just white superheros BUT AsainAnime AA revolution ex. Study NewAge of COPYRIGHT/L.P. © Monsters laws as I did in grade4-7: ex. Godzilla (King of Monsters), DBZ Azaru, Jinchuriki vs my MonStarKing ©. #6. In NewMonStarsMonth "MonStarsBall" school dances we name 1st prize costumes MonStarKing & MonStarQueen & 2nd place dancers MonStarPrince & MonStarPrincess.

MODERN NewAge OF GOOD MonStars NEWScience!!!

UNLOCKED ULTIMATE MONSTARBUSTAR FORM: You & your MonStarBuStars team can transform into many types of *colorfull GOOD MonStars (similar to: ex. Goku Azaru & Naruto Jinchuriki both TITANIC monstars forms with LIGHT RAY BLAST breaths, Blade, Hulk, Ben10 Kevin11 forms, Steven Universe many fusions with many arms, Witcher, Gon Freeces, & Bleach's Ichigo hollow bone skeleton forms to final black aura form vs aizen) but you are not a religious demon/devil but a modern good MonStar inside. You bust all the baddies. MonStar & her GOOD MonStars are very strong like Hulk, Goku, Naruto (TITAN MonStars with big light ray breath blasts), & similarly beat ancient obsolete gods, like Marvel's Loki in #1 Avengers BlockBuStar movies! Similar to Hulk vs Loki - where Hulk EASILY defeats Loki (obsolete trickster god) & grunts "puny god", MonStar vs a different ancient, obsolete TrixXStar god, says, "I am greatest MonStarBuStar of ALL time, you lil', obsolete, magical TrixXStar god." She grows to x3 times his size. Her speech reminds you of 1980's BlockBuStar Ghostbusters kids PG movies & toons, who bust ghosts of ancient deities from obsolete religions that practiced dark rituals like baby, & life sacrifices! You beat them up, & grunt [*JayMundi*] is #1 "DESTROYER" - I destroy (universe) & [*JayMundi*] is #1 "UltraHero of ALL time", similar to Hulk's "SMASH", & "Hulk is strongest there is!!". You arrest them with special MonStarBuStar handcuffs & take them to SuperVillains SuperMax PriSun (prison). I also learned copyright © laws of not copying others monsters in NewAge of copyright monsters! SO LEGALLY speaking ...

I meditate to calm down daily my DarkSide Darkne\$ MonStarSide! Blue light color is sometimes a METAPHOR for feeling sad & BLUE as my TOYstories TOYSciences originate from grumpy Carebear blue & like Star Wars evil Sith yellow eyes as space monsters but are not earth's demons, & DC Yellow Lanterns rep evil FEAR of yellow star light color spectrum (ex. BlockBuStar 2011 movie's Parallax). I use blue color to rep evil light. MonStar's blue MonStar form is NOT Hindu-Buddhist Transformer TF Gods ex Goddess Durga's Kali blue demonlayer monster form ex. Smite Gods VideoGames' intro, or Rama Krishna from NC JLU or 80-90s Mytique with skulls, instead MonStar is a GOOD MonStar Hero like Hulk, Goku, Naruto, Steven Universe forms, but MonStar is blue, & NOT a plagiarized (copy) so NO legal WAR\$! My MB's like MonStar transform into *limitless MonStarBuStar forms. Some characters wear 5-sided Starfish shape bindi's (marks) on forehead as many TOY characters wear bindi's ex. Infinity Gems in & "cartoons" ComicBooks (ex Marvel's Vision, Di Gata Defenders, Dr. Manhattan, Shoshumaru), so no offense to Hindu/Buddhist Indo-Asian BINDI using religions. Lv3 is not Jew 6-sided blue star hollow logo as this is not JEWverse book but fun TOY YOUiverse.

[In my study of real-life criminals I still do field studies of persons others label as MonStars in bad neighborhoods/bars/clubs/lounges/etx - but YOU shouldn't & instead read PRO's books. I also still have some friends who I tried to help but they became alcoholics, druggies, women haters, & died in GangStar WAR\$\$\$ - so you won't be able to help everyone.

I win awards in ALL *Galaxies* in ALL YOUiverse for my FUTUREScience Alien\$science of ALIEN-CRIMES (ex Universe-Rulers, Corrupt Galaxy Governments, Alien GangStars, NewAge lv1 Tech criminals: HackStars, eScamStars, Tech-Trolls, to OldGods cannibals ex Chronos) vs my MonStarBuStar AlienForce Alien-cops as metaphor for "GlowBall" CopForces who put lives on line to keep us all safe vs real-life criminals!

★LifeLevel 4: WorldStar's x4 ElementsForce War1dForce!

You travel to SuperPlanit TitanUs (x100 times BIGGER than Earth), & throughout YOUiverse to meet x100's of *GlowBall* Guardians (GG's), environment & elemental power SuperHeroes similar to FAN FAV Captain Planet, Ninjago, Avatar Airbender & Korra, Adventure Time, 1980's Battle Beasts etc. They have x4 (Earth) ElementAll Force powers such as 1. EarthForce, 2. WindForce, 3. FireForce & 4. WaterForce (some count a 5th Rock, #6 Wood, #7 Electricity), that make up the ONE WorldForce in *GlowBall* ancient Ancestors' 1st science basic elements charts. They teach to MaStar all WorldForce powers. [My x11 InnerLights *ShocckRas StarPowers are like 20yrs of Naruto & American-made Avatar Airbender Ang/Korra *cartoons/movies Fire/Earth/Air/Water chakra benders so no offense to Chakka Hindu/Buddhist religions.] Some of the Green StarWarriors are called Elementalls & are composed of x4races: plant/wood persuns (similar to Marvel's alien Groot & my character Woody), FirePersuns vs IcePersuns who fight each other with snowballs vs fireballs (similar to Adventure Time *cartoons* Fire Princess vs Ice Wizard), WaterPersuns, SkyPersuns, & RockPersuns called *RockStars*. The *RockStars* are made of all sorts of StarStones (especially *DiaMunds*) & are billions of years old, similar to *GlowBall* TOY\$torie\$ like FAN FAV Steven Universe Crystal Gems, Star Butterfly's Rhombulus, & *GlowBall* Legends of Rock creatures, typically statues coming to life in ancient stories. *RockStars* wear StarStones accessories ex *DiaMunds* (Diamonds) necklaces, [*DiaMunds* is spelled with writer's last name Mundi]. *RockStars* value *DiaMunds* as the shiniest, \$\$\$, & most precious of all StarStones because used in NEW ERA wedding love symbol rings, & they reveal SOME of the secret LightShine *ColorsCode* found in LIMITED x7colors of rainbow RoyGbv STAR\$pectrum of *StarLight*. The *DiaMunds* *RockStars* have shiny bodies & their transparent (see-through, clear) bodies break light into *colorfull rainbows*.

You meet green aliens who remind you of strong green SuperHeroes ex FAN FAV Yoda, DBZ Piccolo, GOTG Drax the destroyer, DC Martian Manhunter strong as Superman, She-Hulk & Hulk who goes green to SMASH trickster god Loki in Avengers #1 BlockBu\$tar movie of all time & grunts, "Puny God". DC StarFire orange skin alien has UV Ultra VIOLET sunlight odd GREEN color blasts not violet or yellow-orange-red fire. DBZ Broly & Kefla both PowerUp to green hair & green light glow AuRa of LEGENDARY SuperSaiyan *Warriors* #1 alien race in DBZ universe & destroy worlds! DC-UNiverse has GREEN-LIGHT as #1 Force-in-UNiverse-in-Green-Lantern-(GL) BlockBu\$tar FLOP-movie-intro-COLORISM, similarly you meet alien races worshipping different colors of x11 StarLights STAR\$pectrum as most powerful light colors in the universe. Some aliens have GREEN SUNS made of GREEN FIRE, & worship GREEN SUN GAMMA LIGHT RADIATION. As you travel the YOUiverse you also see similar planets with some green color like Earth. The #1 Evil AliensArmies are Tentacleans who grow 2-6 M&W-shape tentacles like string-spaghetti (in ALLColors) out of the backs (ex. TF Quitesuns '86, *GlowBall* Sci-Fi, Simpsons & Cthulu).

ENVIRONMENT 101:

In your WorldStar 101 YOUiversity MaStarClass, *StarMaStar WorldStar teaches you about world GEOGRAPHY, maps, & *GlowBall* TRADE 101. MAPS are important because they helped us travel our world for x4000 years, to trade valuable foods, medicines, resources, INVENTIONS, INNOVATIONS, & IDEAS with others countries & STARTED our early civilizations process of becoming *GLOWBALL*! For 4,000 yrs maps marked destinations with X's on ancient 1st maps. You travel the YOUiverse & World (world) & see many awesome, *colorfull* parades & festivals from ALLcultures, typically celebrated in modern Multiculturalism (Destroy Racism & Colorism & HATE) week festivals celebrating ALL fellow *ALLStars* ALLpersuns of ALLcultures, especially in modern 21st Century *STAR\$chools Multiculturalism YOUiverse *Education* curriculums!

You also learn that our planet (planet) is our home & we should PLAN to take care of it for future generations, thus we call it a PLAN-IT! We can help by GOING GREEN by using the 5R's: Reduce, Recycle, Reuse, Replant, & Rechargeable batteries use! LV6 reps GOING GREEN, to PLAN to take care of our PLANIT, thus we call it Earth a PLANIT - My NEWSscience term (vs "planet"—the lame, sucky-OLDScience

NEWAGE GREEN-SCIENCE HUMAN PLANIT-KILLERS FORCE

WorldStar educates, in NewAge of PLANET-SCIENCE (& Alien\$cience3.0) aliens learn some of their modern ways are actually killing their Planits! She shows you over-populated Super-Planits with 666 Billion Alien\$, living in tiny rooms & fighting over scarce resources. She shows Planits where the air is smog from all the air pollution & their protective ozone layers have been destroyed by harmful air chemicals. It reminds you of green superheroes who fight NEWAGE POLLUTION-MONSTARS & pollution companies, ex Captain Planet Elements x4 rings team (fire, water, wind, earth) & DC Swamp-Thing vs Marvel Man-Thing. Green Planit-*\$cientests* conduct modern NEWAGE GREEN PLANIT-SCIENCE to research the negative impacts of pollution on their Planits. WorldStar shows you many once beautiful Planits now destroyed by ignorant Alien\$ who thought they were so civilized but had no idea they were killing their Planits. She says humans green-*\$cientests* are also warning that humans have become a PLANIT-KILLER FORCE, & must change their ways quickly!

HEALTHY NUTRITION 101: GROWceries © MY NEWSscience term!!!

WorldStar teaches you healthy eating called NUTRITION aka GROWceries. She illuminates, "Some foods are called GROWceries as they help our bodies GROW healthier & are good for our eyes, skin, muscles & bones. Healthy foods include some *colorfull* fruits & vegetables, etc. Some plants have more powers than others & are called PowerPlants, such as kale salad are SuperFoods, with many healthy vitamins & others are UltraFoods [my own term for REAL-LIFE MUSCLE MASS BUILDING protein-power packed that help make round-star shaped muscles through working out combined with eating my favorite foods ex PROTEIN-POWER SHAKES, PROTEIN-COOKIES (Oatmeal), PROTEIN-PANCAKES (with chocolate chips), & PROTEIN BARS [I hope to have my own future "MASSive to Ultra-MASSive" muscle MASS-building bars], lentils, beans (a fictional DBZ Goku Sensu Beans instantly heal all your body after being close to death)]. Some foods are less nutritious & should be eaten less called JunkFoods ex-fast food, pizza, etc]. SoulFoods like desserts are treats ex I LOVE chocolate/bars ex. Mr. BIG & Milkyway-bars VS my own future brand "Mr. MASSive & Mr. YOUiverse" bars. Also, try some fun international NEW FusionFood, ex. samosas, fish tacos, sushi, etc. [I grew up on both Eastern India curry daals, curries, & star-shaped roti, & Western Canadian foods such as cakes, donuts, sandwiches, & 2D star-shaped cookies! As a kid athlete, I researched sports SuperStar diets & made me a 196lbs MaxX REAL-LIFE ROCK-Hard SuperHero Protect-HeR to stop my drunk father from beating my Mom/Bro/Me! I ate chicken breasts, eggs, protein shakes, super supplements, & almost no bread. Some students call me, "Guns out, SUNS out Mundi"! My violent drunk obese fat father was a teen alcoholic, so watchout false idols like Old-Gods (OG's) Thor & Herc guzzling beer poor role models! I don't like wine but I social drink.]

Hooman FOOD *Evolution* was Hunter Gatherer LAMEFoods 400,000yrs till Fire was MaStared which allowed for yummi cooked HOTfoods, till last 6,666yrs of farming agriculture revolution which allowed Ancestors to start 1st cities/civilizations, to modern 66yrs NewAge *GlowBall* FusionFood FUNFoods!

You travel the world & meet x100's of WARLD-Army-Force members, they are a new army that has elite members from all *GlowBall* countries. They are mostly in green earth colors camouflage, similar to classic green army men plastic toys & G.I.Joes vs Cobra Terrorists BlockBu\$tar TOY\$torie\$ movies & Captain America vs Red Skull & evil racist Nazi's. [My WARLD-Army are also vs Alien & Earthling Terrorists (terrorists). Unlocked camouflage Army tech *PowerSuit* to blend with environments. Kids ComicBooks also have stories on real *GlowBall* terrorist events, ex Sept.11 (9/11) attacks World Trade Towers. As you study wars, you realize there are many *GlowBall* terrorists groups, THROUGHOUT X1000'S OF YEARS OF RECORDED *GlowBall* Ancestors' ANCIENT ARTIFACT RECORDS HISTORY that spread HATE & WARS! TWO OF THE MOST TERRIBLE WARS WERE WORLD WARS (WORLD WARS) WW#1 & WW#2. Thus we spell World Wars with the word WAR - Lest We Forget (& become dorks) the sacrifices of our *GlowBall* Ancestors! In annual history classes you will learn & be TESTED on WARS & learn very complicated issues, reasons for war, ex limited resources/food, excessive inflation (food prices), & different ideologies. So its vital to learn *GlowBall* CURRENT EVENTS for about x11years of school *Education*.

TRAVEL TOURISM 101 & *GlowBall* TRADE 101 TO FUTURE YOUiverse TRADE 101:

You learn the *GlowBall* TRAVEL & TOURISM market & jobs sector is now approx. \$9 TRILLION dollar industry that employs almost a BILLION persuns (almost 1 in 10 persuns on the Planet)!!! [Writer's note: readers should grow up into model citizens as they represent their cities, provinces/states, & countries on a modern *GlowBall* scale as we are ALL connected through technology & *GlowBall* trade & tourism for 14,000yrs. Our local jobs economies (hotels, air b&b's, taxi's, buses, restaurants, trade) depend on International TOURISM & TRADE that brings in millions of dollars (city-level) to BILLIONS on a national level - which is jobs for your families & friends, so it part of your duty to destroy hate, racism, etc!!!!] Similar to Earth's trade system is the YOUiverse trade system (a lil like Star Wars Galaxy Trade Federation wars in the 2000's Star Wars Clone Wars & other sci-fi toons. Since we started trading products (aka goods). [Writer JM was born in B.C., Canada & my parents are from India! He has traveled to India x4 (once to see Taj Mahal symbol of love), Las Vegas x4 (teacher con & stag), Miami, Maui, Mexico, Palm Springs, Deca Cons, LA AnimeExpo'19, etc. 

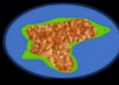

Earth *Evolution*: You also learn the 4.6 billion yrs color changing Earth *Evolution* as a Planit ball from its initial formation with gravity along with our entire solar system at the same time 4.6 billion years ago. One day as everyone is enjoying a relaxing weekend getaway trip at local tourism hotspots, a group of drunk troublemakers starts to make a scene and they start to throw their garbage along the beach & even into the water. WorldStar gets very angry & asks them to stop, but they transform into SuperVillains costumes & start fighting families relaxing at the beach. Your WorldForce SuperHeroes team tries to stop them, but they transform into MEGAMonStars – the size of skyscrapers, like TITAN class MonStars, ex. Godzilla, Gamera, King Kong, & Kaiju MonStars (Power Rangers, Sentai, Asian Ultraman, God Eater, Pacific Rim BlockBusters & toons). MegaMonStars include BONESores -AlienDinos over BILLIONS of years old (older than dinosaurs & much BIGGER), & we just discovered their fossils bones just recently. WorldStar & her team transform into their TITAN forms BUT some transform into GOOD MegaMonStar forms too, like Steven Universe BIG fusion forms, Naruto energy fusion forms with Jinjuriki's, DBZ Azaroo, Ben10 Kevin11 WayBig/Humungosaur, DC Giganta, Long Shadow, Apache Indian, Mount Lady, Ultraman & Marvel's Ant-man, etc. Your RAGE (like Hulk/Broly) to protect our planet & other worlds unlocks your TitanKilla form as you grow larger than skyscrapers & can battle ALIEN SPACE TITAN monsters & Earth titan monsters! This TitanKilla form is named as tribute to BlockBuster MegaMonsters movies & videogames (ex. GOD-Zilla, & 1990s King of Monsters/Monster Hunters games, BigBossBattles vs titanic sized bosses, etc) & toys. The war is insane & causes Richter-scale level 6 science earthquakes & sirens sound, schools do as prep in earthquake drills.

SolarSystem STARSciences PlanitScience (Universe)Sciences 101: BALLS BALLS BALLS: *Glow-Balls* NEWSscience3.0, not-STAR\$!!!

WorldStar illuminates, "ALL aliens ALIENSpecies mistakenly believe their planets are centre-of-the-universe (lil like Transformers Lockdown speech in Age of Extinction movie), also like earthlings used-to-believe-incorrectly-for-6,666yrs-the-Earth-was-a FLAT-EARTH & Earth was the center-of-the-Universe & that the universe revolves around their planets, BUT they all learn after inventing HI-TECH TELESCOPES science truths that their world's are not #1. Flat, #2. the Planits in their SolarSystem are actually orbiting (revolving) around the immense gravity of their closest star (see lv4), for earthlings it is their sun. Many also learn most of the stars in the sky ARE NOT ACTUALLY STARS but are *COLORFULL PLANITS aka *Glow-Balls* LOL (& MOONS) which do not actually shine light, & the closest ones make up their SolarSystem! Saturn & Jupiter alone have about x100 moons each! 99.9% of all planets (billions of billions of worlds) in lame Universe are too toxic to support any fun alien life including our SolarSystem – none of the x100's of moons/planets have any fun aliens ex. Yoda, Goku, Superman, Starfire. WorldStar, aka GalacticGreenGoddess (not-Earth-Gaia-Terra, etc) laughs, "HA HA HA, what some incorrectly call STARScience are actually MOSTLY PlanitSciences"!!! So many aliens & earthlings incorrectly wish upon stars at night that are actually *GlowBalls* Planits! Not much of the universe makes sense when we just observe it with our very limited eye vision. WorldStar shows you alive planits called PlanitBalls (ex DC Mogo, Marvel's Ego, Avatar Na'Vi planit), some are MonStarPlanits that eat other Planits (lil like TF Unicorn), & both are not found yet in your lame science books. Use your SolarSystem PlanitBalls beads to remember the TRUTHS." You can now create micro planets resembling marble bowling ball like attacks & defenses. The x11 PlanitBalls circle your back & orbit your body like a micro SolarSystem! Your more nutritious diet also helps you build a healthier/stronger body, combined along with your level5 strength & level4 cardio trainings, & helps you to overpower the huge TitanicVillains & your team is victorious!

NEED 2 GROW POWER!!!

[Level4 reps *Inventor* *JayMundi*'s NEED TO GROW SUPER BIG MUSCULAR BODY to stop my drunk father from beating me & my FAM (which led to my kid & teen years blues depression DarkSide trauma)! I learned puny human body doesn't GROW-BIG overnight & takes years of BODY BUILDING very hard weight training (like on Lv6) & eating LOTS of SUPER POWERFUL HEALTHY FOODS (lv4)! By mid high school I grew BIGGER, STRONGER, MUSCULAR, so I was able to easily stop my lil' Fat F*** Father from beating up my mom who was beaten so badly in mid-elementary years she required jaw reconstruction. I repeat these points so you feel my DARK POWER!
