| 4 | Relocation of the school, the impact on the neighborhoods surrounding the proposed site, the destruction of farm land and animal habitats. | 10/14/2024 9:38 AM |
| 5 | There are other established industrial areas to build this. This is a residential area with an established community that doesn't want this. | 10/13/2024 6:37 PM |
| 6 | Was..looking to move to that area. No longer a consideration because of the mega site. | 10/13/2024 2:58 PM |
| 7 | Why not use ex GM Flint sites | 10/12/2024 9:02 PM |
| 8 | Government collusion and corruption at all levels. | 10/12/2024 2:58 PM |
| 9 | The township should be listening to its residents!! The township is more concerned with money and economic growth than anything.. We are allowing too many businesses to develop!! | 10/12/2024 7:51 AM |
| 10 | None | 10/12/2024 4:34 AM |
| 11 | toxic water their has to be better ways. How stupid are we. | 10/11/2024 10:58 PM |
| 12 | I'm concerned about increased traffic. I'm concerned about noise pollution. I'm concerned about water pollution. I'm concerned about decreasing home values. I'm concerned about air quality. | 10/11/2024 9:21 PM |
| 13 | Why | 10/11/2024 5:53 PM |
| 14 | Local officials lining their pockets at the residents and taxpayers expense. Keep China in China | 10/11/2024 3:51 PM |
| 15 | None great location | 10/11/2024 3:35 PM |
| 16 | Who is behind this sight? Who has been paying for all the surveying? Has a FULL study been done on the water for future comparison? The yellow line down Maple road divides Flint Township and Mundy township. Do the homeowners in Flint Township have any say in this issue? There is a lot of new equipment sitting on the corner of Lennon and Elms, is this a staging point for the mega sight? | 10/11/2024 2:41 PM |

| 21 | What is the environmental impact of the long term? | 10/11/2024 9:59 AM |
| 22 | Why not build it in flint? | 10/11/2024 9:13 AM |
| 23 | Too close to neighborhoods | 10/11/2024 6:52 AM |
| 24 | Question 8 is weird. I'm against the plants but I wouldn't have a problem with a solar panel farm. | 10/11/2024 6:49 AM |
| 25 | Wish, the 1000 acres can be bought by our property taxes. | 10/11/2024 2:22 AM |
| 26 | Why are you choosing farmland? You could utilize land that has been already used for manufacturing purposes?once the farmland is contaminated it can never recover. The promise of thousands of full time jobs with living wage of large amounts is a dream in the sky. Never will materialize. | 10/11/2024 1:42 AM |
| 27 | It is in the middle of homes, school, churches, farms. Why not use property that is already cement, ie the former Buick City. It's close to expressways, railroad, and airport and the land is already destroyed. | 10/11/2024 12:43 AM |
| 28 | Who is owner?9 | 10/10/2024 11:10 PM |
| 29 | Don't want it | 10/10/2024 11:05 PM |
| 30 | Just an awful decision. | 10/10/2024 10:48 PM |
| 31 | I'm concerned about the health hazards of ground pollution that will affect our community. | 10/10/2024 10:38 PM |
| 32 | I have a lot of issues with the proposed site and the well being for our community, the wild life and the environment. | 10/10/2024 10:11 PM |
| 33 | I live in the neighboring township. Our township won't gain anything but will lose a ton. My family has settled here and we will have to uproot if this is built. I can't risk my family's health. And who makes up the difference on my decreased property value? | 10/10/2024 10:01 PM |
| 34 | Will the land and habitat be destroyed before there is even a purchaser? How in God's name can any of these people think it is ok to displace 165 households????? | 10/10/2024 9:59 PM |
| 35 | All of the above | 10/10/2024 9:55 PM |
| 36 | Property value decrease, traffic, loss of farmland, loss of wildlife habitat, waste of taxpayer money. | 10/10/2024 9:17 PM |
| 37 | Is this American owned creating American jobs? I have respiratory issues will this make it worse? What about our drinking water and our wells? Are they going to want my home and land | 10/10/2024 9:08 PM |
| 38 | I am concerned about the proximity to where I live and the impact it will have on the environment. We bought a house that had belonged to my grandparents and am very saddened that I may no longer be able to live in the rural neighborhood that I am currently living in. | 10/10/2024 9:05 PM |

| 39 | One of the owners that sold a large chunk of that land has been getting death threats from you crazy brain dead people | 10/10/2024 8:47 PM |
| 40 | Ruined farmland, etc. | 10/10/2024 8:42 PM |
| 41 | What will the traffic impact be, who will work there, what will sound and visual pollution be? | 10/10/2024 8:42 PM |
| 42 | None | 10/10/2024 8:38 PM |
| 43 | Effect on school and the type of people that will be close to school grounds. The increased traffic in that area | 10/10/2024 8:38 PM |
| 44 | All of your points mentioned here, plus EVs aren't selling well. NO mandates, NO CCP. | 10/10/2024 8:33 PM |
| 45 | Going to drive people away and bring in trouble | 10/10/2024 8:31 PM |
| 46 | Using good land to pollute the area and water! | 10/10/2024 8:25 PM |
| 47 | The increased traffic. The construction of it. It's not like hemlock semiconductor in the middle of nowhere. There are multiple subdivisions with kids affected. | 10/10/2024 8:14 PM |
| 48 | The atmosphere of the small rural town I chose to live in. | 10/10/2024 8:06 PM |
| 49 | The school won't be there so that's not really an issue. I would like to do research on longitudinal studies of environmental impact not such what people spew on the internet. | 10/10/2024 8:00 PM |
| 50 | Who owns. State and federal funding or tax credit. Who are employees, for how long. | 10/10/2024 7:37 PM |
| 51 | So many places that have already been approved for industrial parks. This is not the place. | 10/10/2024 7:23 PM |
| 52 | The environment and water being polluted, families and schools being uprooted, increase in crime, illegals, and traffic. Increased risk of human trafficking and harm to children. Mental health issues from the chemicals and bleak, depressing industrialization of thriving beautiful wild life. There are just so many reasons this is a horrible decision. This is about money. And the jobs will be going to Chinese brought over here. Not within our community. This is a very greedy, selfish idea and it affects us in this community directly. How very selfish and greedy. | 10/10/2024 7:23 PM |
| 53 | Who will be the owner, and all these promised jobs some will be temporary...do not want this in Mundy Township | 10/10/2024 7:22 PM |
| 54 | The elementary school being displaced and the homes that have well water having there water being poisoned. | 10/10/2024 7:19 PM |
| 55 | Aside from the farmland that will be taken, the disruption and collateral damage to the citizens well being will be devastating. | 10/10/2024 7:00 PM |
| 56 | Absolutely no foreign companies. | 10/10/2024 6:59 PM |
| 57 | Close to schools, depreciation of property value, the environmental impact, displacing residents, taking away farm land, disrupting wildlife, disrupting residents lives | 10/10/2024 6:59 PM |
| 58 | This will be a good thing for the community and I live on Floria. | 10/10/2024 6:49 PM |
| 59 | None | 10/10/2024 6:47 PM |
| 60 | I live there | 10/10/2024 6:43 PM |
| 61 | I am not mundy twp but Swartz creek city and we WILL be moving if this goes through. I will NOT send my children to a school in such a close vicinity. The lack of response from the schools is speaking VOLUMES | 10/10/2024 6:40 PM |

|----|---|--------------------|
| 62 | I would be concerned about the noise, traffic, crime, light pollution to a very quiet and peaceful community. | 10/10/2024 6:33 PM |
| 63 | Put it elsewhere. Property values will decline. Too many environmental issues will arise. | 10/10/2024 6:33 PM |
| 64 | Those mentioned. | 10/10/2024 6:21 PM |
| 65 | No mega site!!!!!! | 10/10/2024 6:16 PM |
| 66 | Neighborhood all around that will get screwed. | 10/10/2024 6:15 PM |
| 67 | Too close to schools and neighborhoods. | 10/10/2024 6:13 PM |
| 68 | Too close to my house, ruining the neighborhood that I have lived in for over a decade and completely changing the small town that I lovingly chose to raise my family in. I am not happy about gwtting rid of the school my children and many others love. The value of my house will depreciate. The house that I have put blood, sweat, tears, time and money in to make a wonderful long term home for my family. This whole development was started behind the community's backs, and it will not befor the good of the community. If the plant is so grewt for jobs and the community, put it somwwhere that needs and wants the "growth" flint isnt that far and there are many sites better suited for this, where they would not be destroying farmland and an entire community. If I wanted an area that offered more jobs and a mega site, I would have chossen to live somewhere else. I choose this town because I liked everything about it and I do not want it to change. | 10/10/2024 6:05 PM |
| 69 | Wrecking the well established neighborhoods and environmental impact. Traffic issues for the residential surrounding area and the downgraded property value of remaining residents. | 10/10/2024 6:04 PM |
| 70 | None. | 10/10/2024 6:04 PM |
| 71 | Why are you moving forward with this when no one in the community wants it. | 10/10/2024 5:59 PM |
| 72 | I don't want to pack up and move my family of seven. | 10/10/2024 5:59 PM |
| 73 | Why not use land that has already been contaminated by manufacturing? | 10/10/2024 5:56 PM |
| 74 | NO MEGASITE | 10/10/2024 5:52 PM |
| 75 | To close to neighborhoods and will destroy the area. | 10/10/2024 5:47 PM |
| 76 | How did this district get changed to Advanced Manufacturing without a vote from its residents?? This land was deemed Rural/Agricultural for decades & under the cover of NDA's and secret meetings, it was changed over, without any local support!! Totally unacceptable!! | 10/10/2024 5:33 PM |
| 77 | The rapid loss of farm land in this country. Only makes food shortages worse. Then there's the water issued in Flint, why create another potential crisis with water for hundreds or more home with well water. | 10/10/2024 5:28 PM |
| 78 | I'm not a Mundy township resident but I'm still concerned. All communities are concerned. Once they start doing this to one they will do others just like cell towers. | 10/10/2024 5:27 PM |
| 79 | All the above | 10/10/2024 5:06 PM |
| 80 | Safety of our community | 10/10/2024 5:04 PM |
| 81 | Ruining our rural area | 10/10/2024 5:02 PM |
| 82 | Water and environment! Did everyone forget "Berlin & Farro"? | 10/10/2024 4:56 PM |

| | | |
|-----|--|--------------------|
| 83 | No need for it here | 10/10/2024 4:54 PM |
| 84 | It's a residential area. There are so many other locations to place this plant. Do not move to a residential area, this will decline the area. | 10/7/2024 9:26 AM |
| 85 | Value of homes close by and surrounding area. Impact on the environment and ground water. Over population in small community. | 10/5/2024 7:53 PM |
| 86 | We should be protecting our natural resources. That land has been farm land for ever. We have industrial land in Genesee County already. Sneaky process has caused distrust. | 10/5/2024 3:00 PM |
| 87 | A school would be displaced, traffic will be a problem, and water, air and noise pollution will increase. | 10/5/2024 2:45 PM |
| 88 | Who owns the manufacturing company? Is it solely owned American company, or are there foreign entities involved? | 10/4/2024 9:46 PM |
| 89 | This is a neighborhood - not a business area. This is a horrible decisions! le representations by Mundy Township Board for the people you are suppose to be representing. | 10/4/2024 12:22 AM |
| 90 | Do not like | 9/30/2024 4:17 PM |
| 91 | Who TF is going to purchase this land and use it and do they ACTUALLY follow environmental guidelines? what is their history? what are their other locations? have they destroyed the ecology there? have they caused widespread health issues? surely 1000 acres of land can be put to better use... consider we are in a climate crisis and our pollinators are dying in droves. | 9/29/2024 9:46 PM |
| 92 | All the above. | 9/29/2024 8:56 PM |
| 93 | DO NOT BUILD | 9/29/2024 2:34 PM |
| 94 | Using too much ground water and polluting the remaining water. Most who live in the area use wells for water. The traffic increase, from both delivery trucks and employees, would lead to increased traffic and more accidents/deaths. | 9/28/2024 10:40 PM |
| 95 | Everyone is on well water in the area. Been here for 22 years and they want to ruin the area. | 9/28/2024 10:02 AM |
| 96 | Close to schools, neighborhoods, churches, Meijer, drinking water/wells; birth defects; INCREASED MORTALITY/FERTILITY/MORBIDITY/SHORT& LONG-TERM HEALTH CONSEQUENCES. Isn't there some remote, god-forsaken place to put those/o human:/farm/animal inhabitants? Whoever chose this area has no regard for human life. | 9/28/2024 12:51 AM |
| 97 | Why not use Buick City property Flint,Mi. or AC Spark Plug site ? | 9/27/2024 6:57 PM |
| 98 | Destroying homes, farms & peoples lives | 9/27/2024 6:00 PM |

| 100 | Run off of the rainwater after thr bldg would be built. | 9/27/2024 3:28 PM |
| 101 | Too close to neighborhoods and farmland should not be used. Use sites that have already been developed and our now abandoned | 9/26/2024 11:30 PM |
| 102 | Close to neighborhoods & Schools, using our farmland, foreign owned? Etc. | 9/26/2024 6:47 PM |
| 103 | I am extremely concerned about the health of my family that lives in Mundy Township . Pick a sight in the Flint area that has already been damaged by GM where there is no possible residential | 9/26/2024 10:34 AM |

|-----|---|--------------------|
| 104 | Neighborhoods are too close, loss of neighborhood elementary school, well contamination,... | 9/25/2024 8:23 PM |
| 105 | The mysterious company pocketing all the funds | 9/25/2024 3:38 PM |
| 106 | The destruction of farmland, wildlife, homes, contamination of water, soil, and landscape. Our home values will also plummet. We moved here for the country feel away from the industrial world. A peaceful place to escape. Now outsiders want to destroy this area, and there is no representation for the people who will be affected. | 9/25/2024 1:51 AM |
| 107 | Who is behind this proposed sight? Is it for the good of American people or one step closer to China reaching their tentacles into the U.S.A? | 9/24/2024 8:56 AM |
| 108 | You didn't get enough signatures to get on the ballot so wht is the point of this ? | 9/24/2024 7:40 AM |
| 109 | To close to people. Will cause health problems. It's not a good idea what so ever. | 9/24/2024 2:34 AM |
| 110 | There is not one single positive thing I can think of for development of this land. There's plenty of other places to build in Genesee County other than farmland. | 9/23/2024 10:42 PM |
| 111 | How will they protect water contamination? | 9/23/2024 10:21 PM |
| 112 | Mixed residential & industrial proximity | 9/23/2024 9:36 PM |
| 113 | . | 9/23/2024 8:24 PM |
| 114 | Close to homes, schools,... | 9/23/2024 6:55 PM |
| 115 | A OK | 9/23/2024 5:40 PM |
| 116 | Why use a site that has not been polluted, when there are plenty of sites that already had manufacturing (e.g. Delphi) on them? My mother IS a Mundy Twp resident, and I was growing up! | 9/23/2024 3:39 PM |
| 117 | bringing way too much traffic to the area also, more pollution, more noise complaints, more accidents, more population, schools having to deal with a lot more busier streets for walking children besides the health and environment risks. | 9/23/2024 3:07 PM |
| 118 | Bad idea | 9/23/2024 2:18 PM |
| 119 | Who is owner. What are advanced planning schedules for future facilities expansion. What is AME plans for period of time - and volume - of any toxic chemicals stored in site? What are the explosion/fire risks associated with this facility? How much subsidy is being granted by the tax payer? | 9/23/2024 12:49 PM |
| 120 | It's to close to houses and family's. Most people around the area drink from ground water. This is just a bad idea. | 9/23/2024 9:53 AM |
| 121 | Chinese owned | 9/22/2024 11:07 PM |
| 122 | Poisoning of my well water, air pollution & traffic concerns | 9/22/2024 8:01 PM |
| 123 | None | 9/22/2024 8:47 AM |
| 124 | There are too many subdivisions in this location to be able to integrate all the trucks and shipping services into the daily lives of the residents. The residents don't approve of this facility and are being forced to accept it all for what? | 9/22/2024 7:00 AM |
| 125 | Close to a school and neighborhoods. | 9/21/2024 9:02 PM |

| | | |
|-----|--|--------------------|
| 126 | I dont live in taht area but learned of adverse health concerns and concerns of those living in that area esp water population or overconsumption. | 9/21/2024 5:57 PM |
| 127 | Natural and unnatural disasters happen. If it's toxic for workers what's preventing it from being toxic to surrounding community? What is the actual size necessary building? Why MI? Wildfire smoke is bad surely there's land out western digital. Build underground think Centralia burning we don't want to wake the dragon. don't want the Great Lakes to become the next Lake Meade. Do we really want history to be repeated? GM making all these vehicles in the name of progress but already being recalled. mature trees take lifetimes to grow. batteries limited lifetime. why don't devices take a universal standard battery | 9/21/2024 5:26 PM |
| 128 | This is a terrible plan for the surrounding communities. The potential economic benefits do not outweigh the environmental and community health impacts. | 9/21/2024 4:20 PM |
| 129 | Traffic; Lowering property values/making it a less desirable area for people to move to; Potential overcrowding in the schools | 9/21/2024 4:04 PM |
| 130 | Property values , pollution, traffic on existing roads, who will profits from the company go to | 9/21/2024 2:23 PM |
| 131 | No Megasite | 9/21/2024 1:59 PM |
| 132 | Ground, air and traffic pollution | 9/21/2024 1:57 PM |
| 133 | Go use an area where plants have been torn down and nothing is there. Don't use nice green land | 9/21/2024 1:56 PM |
| 134 | This is a farming community. Moving our farming equipment on high traffic roads will be dangerous. The added noise, lights and traffic will impact me because I live across the street from this site. It will also have a negative impact on the value of my home and business. | 9/21/2024 1:12 PM |
| 135 | Why NDAs? Foreign ownership? Losing farmland. In the middle of homes church schools childcare. Amount of water needed and where contaminated water goes. | 9/21/2024 12:13 PM |
| 136 | Rural environment damage with flint sites ready to build | 9/21/2024 12:00 PM |

| 157 | The devaluation of my home, The ugliness of a manufacturing plant, loss of farmland, nature & quiet surroundings | 9/20/2024 5:07 PM |
| 158 | I live on Linden the traffic is crazy now loud trucks going by day and night add a mega site oh my gush , and the air and water pollution we don't need this what so ever . We like are school and church and farm land | 9/20/2024 5:06 PM |
| 159 | I live right by Maple rd. The traffic is already horrible and I have a hard time getting out of my driveway. I DO NOT want the mega site by my home. | 9/20/2024 4:55 PM |
| 160 | Lower property values, traffic in the rural area, brining in criminals into the area, I bought in this area because it RURAL I don't want plants being built next to my neighborhood . | 9/20/2024 4:51 PM |
| 161 | How will they keep the run off from getting into private wells ? Seems like they're talking about jobs but not talking about the health of the residents. I would think most of the jobs would come from the building of the monster then most of what is done would be automated. | 9/20/2024 4:19 PM |
| 162 | Eye sore. Traffic. Environmental. Water pollution | 9/20/2024 4:17 PM |

| 174 | Who owns it? | 9/19/2024 5:09 AM |
| 175 | Were is my VOTE, for yes or no. I have lived in Mundy Township (Hill). I have a well and I have Livestock for 50 years | 9/18/2024 5:52 PM |
| 176 | The proposed site is taking so much from our community, schools, neighborhoods, churches, small business, farm land, ect. The pollution to our environment and the amount of negative traffic and crime that will come to our area will have such an impact to the community. | 9/17/2024 7:12 PM |
| 177 | Damage to pristine land and animals , health concerns of surrounding homes' property values declining | 9/15/2024 8:41 AM |
| 178 | Another case of profits and greed over concern for health and environment!! My health, the health of the people in the area, the wildlife and the environment as a whole are way more important than yet another plant that will lie and pollute our cities!! Absolutely no!! | 9/14/2024 7:14 PM |
| 179 | Disrupting the community and negatively impacting the community. | 9/14/2024 5:46 PM |

| 182 | With human health and environmental impact being my first grave concern, of course, my second concern would be home values. Numerous homes exist in this area. I am right near the Mundy Township border, in the City of Swartz Creek. | 9/14/2024 9:47 AM |
| 183 | It is a waste of good farmland. Put it on brownfields. | 9/14/2024 9:02 AM |
| 184 | Why were the citizens asked before the site was chosen? Why would you pick a residential area? How many consumers truly want electric cars? Why not put solar panels on top of buildings instead of taking up precious farm land? Why any of this? We do not want it! | 9/13/2024 5:23 PM |
| 185 | Health of people living near plant. Environmental concerns | 9/13/2024 8:22 AM |
| 186 | no questions | 9/13/2024 4:50 AM |
| 187 | Why can't this be built on a brownfield site | 9/12/2024 9:28 PM |
| 188 | I am not in favor of this plant because of water issues, health issues, and environmental issues in the neighborhood. | 9/12/2024 12:46 PM |

| 213 | Everything is concerning to me. Megasitevis not needed! | 9/7/2024 11:28 PM |
| 214 | This should not be allowed in Mundy Township. | 9/7/2024 5:31 AM |
| 215 | I believe the estimate if water usage, is low. Semi conductor plants can use up to 4 million gallons per day. I also don't like the idea that this development will encroach on rural neighborhoods. Why aren't brownfields being considered? | 9/7/2024 12:53 AM |
| 216 | Owner?? | 9/6/2024 9:26 PM |
| 217 | Too close to homes and concerned about our wells | 9/6/2024 4:24 PM |

| 219 | None | 9/6/2024 1:51 PM |
| 220 | Entire ecosystems will be destroyed if this plant is developed. Also, the harmful effects this will have on our children. Terrible! | 9/6/2024 9:28 AM |
| 221 | What is being built here? When are we going to be told? What can we do to stop it if it's an EV battery plant that would be harmful to the workers, environment and community? | 9/6/2024 7:28 AM |
| 222 | I'm definitely concerned about a plant of this nature because we've been doing the water crisis already infant Michigan and it's been a hazard for the past 10 years and we have no resolve people have died. The community has gone down. It's all about greed of the wealthy and the concern For the people and their safety | 9/6/2024 7:08 AM |
| 223 | Na | 9/6/2024 6:13 AM |
| 224 | We can't trust the government to look out for the best interests of the people. All they care about is the almighty dollar. | 9/5/2024 10:14 PM |
| 225 | All of the above. Uprooting families. Tearing down homes. Moving kids from these areas of schools and friends. And more. Decisions made against the will of the people. Hiding information from the people. Secrecy. And more. | 9/5/2024 8:55 PM |
| 226 | Independent water supply and wastewater management air pollution and traffic | 9/5/2024 8:01 PM |
| 227 | Soo many unanswered questions and concerns. | 9/5/2024 7:46 PM |
| 228 | We already have polluted water please no more take those jobs to the city that have old plants sitting vacant. Stay away from our water | 9/5/2024 6:27 PM |
| 229 | High traffic, higher population, crime | 9/5/2024 6:02 PM |
| 230 | Concerned with the traffic, the additional businesses that would also added to the area. If they want land for development go to FLint! We like the country setting here. | 9/5/2024 4:36 PM |
| 231 | The community health would be greatly compromised. Stop poisoning our people and ruining our natural agricultural land | 9/5/2024 12:17 PM |
| 232 | Put the site in a more rural part of the state. | 9/5/2024 11:23 AM |
| 233 | They decided to put it in a populated area, because there is some farmland there, which makes it cheaper for them to do. They never learn. You don't improve does lives, jobs or not, by tearing down long established communities, and exposing them to toxins!! Huge swaths of Detroit have been literally abandoned over decades of neglect. However, if this cannot be done without endangering anyone's health, it should not happen, period. Let's all be included in making g de visions about creating a cleaner environment for OUR future. | 9/5/2024 9:27 AM |

| 234 | If I wanted to live in a big city I would move there. Take this to flint they need it | 9/5/2024 8:14 AM |
| 235 | Who is the owner and what happens if they close up shop. | 9/5/2024 7:44 AM |
| 236 | why not build this facility in a vacant area of the city, since it will likely have a high tier of hardened security anyways. | 9/5/2024 6:15 AM |
| 237 | Too close to people's home this is a rural area not the city put it in a city not the suburbs we moved here to get away from factories I lived by one 10 years all the trees died and fell over | 9/4/2024 10:35 PM |
| 238 | All above | 9/4/2024 9:49 PM |
| 239 | This in not a well thought out proposal and all done without knowledge shared with the residents or input. | 9/4/2024 9:07 PM |
| 240 | seems like a great way to bring in jobs for the community | 9/4/2024 6:21 PM |
| 241 | We don't have the infrastructure ready for this. Homes and schools will be displaced for a "promise." | 9/4/2024 5:53 PM |
| 242 | Ban the mega site | 9/4/2024 5:42 PM |
| 243 | Where would the mining for metals needed for this Megasite be coming from? Are there plans in place to do continual water testing of the Flint River Water including ground water? | 9/4/2024 5:32 PM |
| 244 | Close to neighborhood, school, ect. | 9/4/2024 4:55 PM |
| 245 | None | 9/4/2024 4:37 PM |
| 246 | Water quality and health concerns | 9/4/2024 4:06 PM |
| 247 | There are plenty of industrial sites they can build with out destroying farmland. | 9/4/2024 12:40 PM |
| 248 | All of the above including where will people live when coming to work at this said factory? | 9/4/2024 12:36 PM |
| 249 | Why can't they put this in the old buick city location where there was already heavy manufacturing b previously? | 9/4/2024 12:30 PM |
| 250 | I have a wife and a five year old. Use common sense ;) | 9/4/2024 12:01 PM |
| 251 | So many. AFAIK, the state hasn't recovered from the Flint water crisis that happened while I was in college. I'm 35. | 9/4/2024 12:00 PM |
| 252 | Who (what entities) are behind this? Why wasn't this put up for a vote in the affected area? Is there involvement of foreign interests? Is there a business case that this can be a success without large subsidies? | 9/4/2024 11:51 AM |
| 253 | concerns about traffic and future development in that general area- ie retail. most people live in this general area to not be in the middle of a high-traffic, "developed" area- they enjoy the green spaces. I am also incredibly concerned about the environmental impacts and the potential impact to human life for both locals and any future workers. | 9/4/2024 11:22 AM |
| 254 | To close to resident's. High toxic levels. Effecting our water. | 9/4/2024 11:12 AM |
| 255 | Why Mundy township? | 9/4/2024 10:50 AM |
| 256 | Don't destroy residential and farm land. Electric batteries are not practical. They are too heavy, too costly to mine, strip natural resources from the earth, charging stations are powered by electricity, gas, coal or desiel. Our power grids cannot handle everyone using electric vehicles and have enough to power our home and other needs. I don't trust Corporations to follow proper procedures in cleaning their waste water or other waste by products. Our Water is one of the most precious | 9/4/2024 10:41 AM |

resources we have and it needs to be protected at all costs. Michigan is a farming State. As time goes on we see more and more that EV is not all it is hyped to be. Leave our land alone. Who owns the land and the plant? No foreigners! The amount of jobs created isn't worth the risks associated with this project. How will our air quality be affected? There are too many red flags. Electric Battery fires can't be put out, they have to burn themselves out. I see this as a grave danger if a fore were to start at this plant endangering too many local residents.

|-----|--|-------------------|
| 257 | Hummm | 9/4/2024 10:22 AM |
| 258 | Too populated closeby. Increasing truck traffic. Will permanently change the community. Will spill over into Swartz Creek City and upset the small town atmosphere. | 9/4/2024 10:01 AM |
| 259 | Dangerous to health, drop in property value isn't that enough. | 9/4/2024 8:56 AM |
| 260 | We don't want it here! Build this in an industrial area that already has the infrastructure. Why would you want to ruin this beautiful land?! No one wants this close to their home, schools, churches etc. | 9/4/2024 7:59 AM |
| 261 | Why here? Why not on other land in this county that has already been environmentally compromised? | 9/4/2024 6:00 AM |
| 262 | This is a neighborhood area with homes and schools so am concerned on which such a project would do to home values. This does not belong in a neighborhood! | 9/3/2024 11:20 PM |
| 263 | We do not have the schools, roads, water, groceries stores, construction workers or infrastructure to build such a project that we don't even get to vote no on. Go to Detroit or someplace else and leave our country side alone fo | 9/3/2024 11:16 PM |
| 264 | Not remote; groundwater poisoning; pollutants; cancer, reproductive harm. Why isn't this somewhere more remote and uninhabited? This is a horrible idea!!!! | 9/3/2024 11:11 PM |
| 265 | Concerned about living within a few hundred yards of said megasite | 9/3/2024 10:48 PM |
| 266 | I am concerned with who the owner is and what it will do to our Township | 9/3/2024 10:41 PM |
| 267 | Why wasn't any of this put before voters, i.e. the re-zoning of the property? | 9/3/2024 10:23 PM |
| 268 | Why does the media & Flint & Genesee Economics keep putting false info out there that the residents are in favor???? | 9/3/2024 9:56 PM |
| 269 | It's all a lie and does not deliver what it promises. | 9/3/2024 9:53 PM |
| 270 | Where is all that water going to come from? | 9/3/2024 9:45 PM |
| 271 | Ruining our agriculture community, destroying existing neighborhoods, noise water and air pollution, turning this community upside down in aesthetic, environment, and population | 9/3/2024 9:39 PM |
| 272 | Increased truck traffic, what happens when development comes in, and shuts down? Leaving community and thousands without jobs. | 9/3/2024 9:20 PM |
| 273 | When are decisions made? How will this affect property values in close by subs? | 9/3/2024 9:07 PM |
| 274 | This is in my back yard..I have lived in this area all my life.. | 9/3/2024 8:59 PM |
| 275 | Tax money being used to build these plants. | 9/3/2024 8:29 PM |
| 276 | What happens to the beautiful land/view that once was?? What happens to our property values? How toxic will this be to everyone who is on a well near by? | 9/3/2024 8:24 PM |

| | | |
|-----|--|------------------|
| 277 | Who is the owner, who is pushing for this and why? Will it make him/her look good by pushing this 'economic growth' so he/she can say, 'Look what I did. I did a great thing.' | 9/3/2024 7:50 PM |
| 278 | I am concerned our corrupt township supervisor and board have not publicly recognized the hundreds of homes and thousands of people that would be negatively impacted. | 9/3/2024 7:46 PM |
| 279 | Possible HEALTH HAZZARDS FOR THE COMMUNITY | 9/3/2024 7:30 PM |
| 280 | Look at Genesee Valley Mall. What a hell hole THAT has become. Guess what? That used to be farmland too. Now it's a wasteland. Why couldn't the mega site ppl use existing areas like that? | 9/3/2024 7:18 PM |
| 281 | Too close to residential areas, like right across the street. Tainting our wells. Increasing already heavy truck traffic. Why use clean farm land when there are other "used" properties available with infrastructure already in place. | 9/3/2024 7:14 PM |
| 282 | Resale of home in Wyndemere subdivision. | 9/3/2024 6:56 PM |
| 283 | There are many industrial sites in Genesee County that are abandoned. Go there. | 9/3/2024 6:48 PM |
| 284 | Some people in this community are still dealing with the after math of the Berlin and Farrow. toxic dump site. Please do not poison us | 9/3/2024 6:38 PM |
| 285 | This would be in my backyard!! I definitely don't want to sit on my deck and see-hear that! House value down and we have well water I wouldn't trust what going into the ground!! | 9/3/2024 6:21 PM |
| 286 | Concerns are: High traffic, crime and pollution it will be brought to the area | 9/3/2024 6:15 PM |
| 287 | Increased crime, increased traffic, decreased home values. | 9/3/2024 6:12 PM |
| 288 | Close to neighborhood, schools, water safety, traffic, noise, toxicity, when will decisions be made, alarming situation. | 9/3/2024 6:00 PM |
| 289 | Why not use an existing, perhaps abandoned manufacturing facility in Genesee County? | 9/3/2024 5:55 PM |
| 290 | Who is making the profit? Who owns this plant? An American owned and operated company? | 9/3/2024 5:48 PM |
| 291 | Is it an American or foreign investment for the community? How will this affect our home's value? What solution will be added to my neighborhood? Will I be able to enjoy my time outdoors in my backyard or will there be noise pollution that forces me to stay indoors? | 9/3/2024 5:47 PM |
| 292 | Yes to close to homes and schools and will do nothing good for the environment around this place | 9/3/2024 5:46 PM |
| 293 | Too many subdivisions close by. More concentrated population near it than is realized. Possible contamination of well water. Having an elementary school demolished and rebuilt. Will that school be as convenient to neighborhood as the present school. | 9/3/2024 5:30 PM |
| 294 | Who will own this, who benefits from the sale of all this land. Attached to a railroad and airport sounds dangerous. Who are the original workers mining the elements to create these batteries. What does the state get as a reward for allowing this. | 9/3/2024 5:25 PM |
| 295 | How do we zone it to keep it residential/agricultural | 9/3/2024 5:21 PM |
| 296 | Water and environmental impact is the most concerning. Wildlife diversely impacted. The loss of neighborhood homes. Loss of neighborhood and rural communities. Loss of local neighborhood Morrish Elementary School. Traffic congestion & pollution. Crime and trash increases. Noise levels. Property values declining. Emergency services unable to provide | 9/3/2024 5:15 PM |

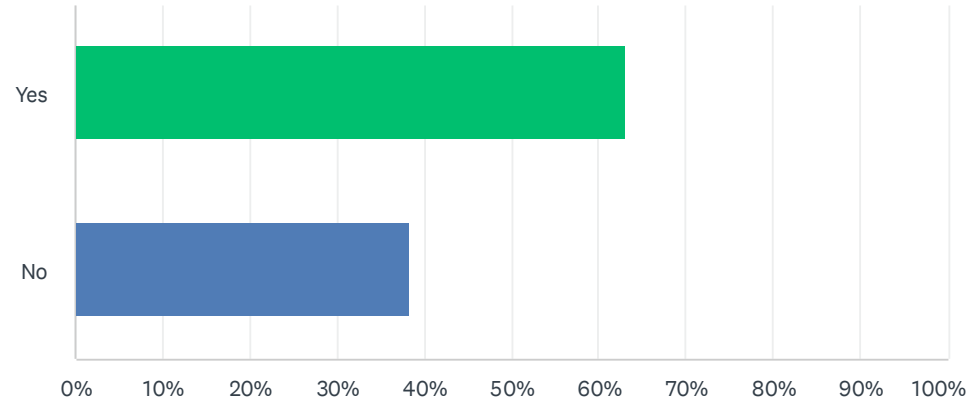

adequate services. Potential for fires, explosions and well water damage & shortages to families that have been homeowners for generations, decades, or just purchased properties

| 297 | Put it on AC's property. Its all ready for it. | 9/3/2024 5:11 PM |
| 298 | Horrible planning, there are many other locations close to the airport and train track and local highways to build this so called Megasite. They could have put this megasite where the new Costco is going in. There's better places then right up against homes, schools, and church's to put a huge facility. More people mean more crime and wear and tear on our roads. We have peaceful healthy communities now why ruin that, just because their is vacant land so,where doesn't mean you have to build on it | 9/3/2024 5:06 PM |
| 299 | We own and operate an organic farm/ranch across the street from the proposed site. We are part of a soil regenerative study through MSU. The building and operating pollutants coming from the site will contaminate the study and all the work we have done to create ideal soils that support our eco system | 9/3/2024 5:05 PM |
| 300 | Foreign ownership and control. | 9/3/2024 5:03 PM |
| 301 | More traffic on the roads we pay taxes for and they just took it from 4 lanes to 2 lanes which would be horrible for traffic. More people in the area mean more crime such as speeding, road rage. Any type of manufacturing next to drains and ditches with rivers is never good. | 9/3/2024 5:03 PM |
| 302 | I am very concerned with all of the above mentioned in this question. I live in the Lindenwood Farms Subdivision and in Flint Township and this impacts more than just Mundy Twp. | 9/3/2024 5:02 PM |
| 303 | Agriculture, Residential, School | 9/3/2024 4:56 PM |
| 304 | The traffic on Hill Road is bad now. It clearly cannot handle any additional traffic. We need to keep the business area from sprawling past Torrey Road. Let's keep west of Torrey residential! | 9/3/2024 4:55 PM |
| 305 | Destruction of several subdivisions around the proposed site, and possible toxic contamination to the township. | 9/3/2024 4:55 PM |
| 306 | I lived in the city of Flint Michigan next to a GM paint plant. My brother died at age 44 from the paint being poured into the earth. 3/4 of our close neighbors died at such a young age..do not want this plant in any place I'm living! | 9/3/2024 4:39 PM |
| 307 | Excessive traffic, home property value decreasing. | 9/3/2024 4:37 PM |
| 308 | I live right next to the Mundy Township line. Destruction of generational farmland, overwhelming water supply for the area, Poisoning of land and water table. Silence, half-truths and outright lies by the township board and economic commission about the impacts to this rural community. | 9/3/2024 4:25 PM |
| 309 | I live less than a mile from this possible megasite and do not want to live close to something like this | 9/3/2024 4:10 PM |
| 310 | Need to know what is actually being built and by whom. Proximity to grade school, churches, subdivisions and farms. Loss of farmland. What is this going to do to our property values? How much will our taxes go up to pay for this fiasco? | 9/3/2024 4:09 PM |
| 311 | Disruptive and life altering for residents in the community. | 9/3/2024 4:07 PM |
| 312 | Take that shit somewhere else not out beautiful land we know what these companies do I work for automotive they don't give a shit about toxic waste or pollution or anything don't destroy our land and our neighborhoods | 9/3/2024 4:04 PM |
| 313 | Why this area? We are in neighboring Gaines Twp. I specifically moved here for a rural lifestyle. I don't want to raise a family near a plant. I'm very concerned about the infrastructure as well. | 9/3/2024 4:04 PM |

| | | |
|-----|---|------------------|
| 314 | Concerns about well contamination. Concerns about drawing water from Lake Huron, and what impact would it have on that? Where are they planning on disposing of waste? Why not build this in Flint? | 9/3/2024 4:01 PM |
| 315 | All of the above. Why isn't this being built in Flint where the GM Plants were? The ground is already contaminated. Why destroy more land and communities? | 9/3/2024 3:58 PM |
| 316 | Traffic, home value | 9/3/2024 3:55 PM |
| 317 | My biggest concerns in addition to environmental impacts, neighborhood impacts, are the lack of transparency in key players, The non-disclosure agreements , as well as the entire process of how this came about being forced upon us . While I do not reside in mundy Township, I am in Flint Township on Maple Road and this development is directly across the street from me. re | 9/3/2024 3:51 PM |
| 318 | How will this affect the surround school? | 9/3/2024 3:50 PM |
| 319 | Too close to homes | 9/3/2024 3:44 PM |
| 320 | What does all this mean for the Floria subdivision? | 9/3/2024 3:39 PM |
| 321 | Who will own this? Are the residents going to be responsible if the infrastructure begins to break down? If and when their project fails will be Turman it's the local residence financial responsibility to clean up their mess? | 9/3/2024 3:38 PM |
| 322 | I live directly across from the proposed farm land , I built my home in 1988 in this area because it was located in the country setting , I am 100% against any type of factory being built in this location | 9/3/2024 3:37 PM |
| 323 | Chinese Communist Ownership of such a facility as it relates to national security. | 9/3/2024 3:36 PM |
| 324 | This mega site will pollute out well water, how is this acceptable for the residents of Mundy township/michigan???? | 9/3/2024 3:24 PM |
| 325 | Why isn't it being built on empty manufacturing sites?! | 9/3/2024 3:19 PM |
| 326 | All the above!! | 9/3/2024 3:14 PM |
| 327 | Infrastructure not there for a development like that. Additional taxpayer burden locally. | 9/3/2024 3:02 PM |
| 328 | should not be placed in the middle of 9 neighborhoods, use our tax dollars, or prep land that does not even have a buyer yet | 9/3/2024 2:38 PM |
