2. Updates

Denise Smith – Send out update on FB and Nextdoor app. We are doing extensive research on false statements in the news media/articles by disingenuous public officials. True facts will be presented on FB. Request help spreading the word, county and statewide. Refer people to FB, www.nomegasite.com and EDRAofmi.org. Put Yard signs in garage basement, window etc. Yard signs are still available.

Sue Dishaw – presented her research on semiconductor/EV battery plants in Michigan. **Shirley Burchett** will research Hemlock and Semic Hybrid in Wixom. **Sue Dishaw** to research Hawk Semiconductor Plant in Ann Arbor. **Denise Smith & Leah Davis** to research Oregon plant. Include aerial shot and water ways around site.

Sue Dishaw -Update on recall process & **Denise Smith** on how to get on a ballot no bylaws violated yet. There were violations of the Open Meeting Acts (OMA) Don is researching. Bryan Bender is working with attorney Paul Matuka (connected via Majorie Steele). We still have two attys we can reach out to if needed.

Leah Davis – Still need to get an attorney to help her get her FIOA request from Mundy Township She is working with an atty but is going too slow. At Mundy Board meetings, each person who takes 3 minutes for comments should end with a statement to deliver the requested FOIA to Leah Davis.

Sue Dishaw – presented JoAn Mende's email response to ABC12 interviewer. We believe JoAn was set up. We are asking JoAn if she would read her response at the next Mundy Board Meeting. If she runs out of time, she will mark the spot and the next person can finish the 4 min rebuttal. We are waiting to see if this is something she would like to do.

3. Marjorie Steele's Tri-fold – printed out a few examples Group decisions to get quote on printing vs cost for us to print in color on quality paper. No decision at this time when or where to use. Not right now though
4. Need volunteers to do deep research on the Flint & Genesee Economic Development Alliance.
