## ::: CRITICAL FEEDFORWARD MEMO      ON BURIED BLACK HISTORY

### Posing Dialogue and Case Studies to Slowly Dissolve Racism & Police Terrorism by Registering and Forming the AARS Congress for Action

The AAIU, the SEEG, and their allies are racially mixed groups of long-time scholars and activists, who dedicated their lives to *IMPROVING RACE RELATIONS*, by studying problems created by racism, invasions, colonialism, the middle passage, slavery, and segregation, and forming a peaceful political solution, which is their [AARS Global Black Reparations Plan](#). There is info on both groups on the next two articles, and the plan is the last article on this homepage. All blacks and non-racists can use AARS to fight racism and injustice, and start a MASSIVE CIVIL RIGHTS MOVEMENT if necessary, initiating in December of '22 to endorse and promote AARS, to facilitate justice for black people, and good race relations among all nations and races.

The AAIU Black History Month (BHM) - Juneteenth Project was reading their AARS plan from Black History Month-May, then discussing it from May-June, to get AARS ratified by Juneteenth. Since AARS was not ratified by Juneteenth, they are hosting their new Kwanzaa Reparations Project (KRP), to read and discuss all articles on this homepage, from June-December, to get the U.S. Government to ratify AARS by Kwanzaa, as a gift to African-Americans and their Global Black Family. Since AARS will not be ratified by Kwanzaa, we repeat the cycle for a Kwanzaa to BHM Project. To read and discuss the docs, from December to February. If it meets everyone's approval we endorse and promote AARS on national and global programs, all during BHM, to get AARS ratified by 3-1-23, for payments to start on 6-1-23.

When we examine racism and injustice it is a difficult task, because we have to identify the classical preeminent times in Africa, prior to European invasions, when she produced great leaders, provided valuable resources, and built and developed awesome infrastructure, to create amazing civilizations. Black people were in a peaceful and progressive status prior to those eras, invasions, laws, mass murders, and social constructs, that caused destruction to Africa, and the enslavement of black people. It will take 50 years engaged in various cultural and social programs, and categorical therapeutical services, to undo and transform their indoctrinated slave mentality.

This is a difficult task because no one wants to take responsibility for all the death and destruction inflicted upon Africa and black people, but we have identified the governments, and guilty groups as perpetrators of crimes against humanity, who all owe blacks reparations to repair the historical problems, massive damage, and psychological injury, (Post Traumatic Slave Syndrome), endured.

We do not want to make any readers feel uncomfortable, but the truth must be told, to identify the wide range of damages, injuries, and problems, which we must produce solutions for, via dialogue and case studies, to form a national spirit, to promote and establish a civil society in America. So, in proceeding we reiterate we are not pointing fingers, we are showing victims have been hurt very bad, and for a very long time. Thus, blacks need compassion from people, not negative reactions.

Now this website is in memory of the {*SIX HUNDRED MILLION AFRICANS*}, who have been murdered, since *EUROPEAN INVASIONS BEGAN* in 332 BC, up until *SLAVERY ENDED* in 1865. Africans tried desperately to defend themselves with knives and spears against guns and

cannons, but they were killed in droves of thousands; and hundreds of thousands, in *AFRICAN WARS/SHAKA ZULU*; for more than 2000 years! This duration and crushing devastation to Africa and black people was termed the *MAAFA* or *MAAGAMIZI* by African Griots and Black Scholars!

This includes the 1500 until 1800 *MALICIOUS MIDDLE PASSAGE* era, when so many Africans were killed, jumped, and thrown overboard of Slave Ships, until remnants of *A MYSTIC TRAIL OF MILLIONS of AFRICAN ANCESTORS STILL WALK on that ATLANTIC OCEAN FLOOR*. Now learn the worst era of racism and slavery was from 1517 until 1619, when blacks were forced to clear Americas Landscape in *SLAVERY*, without heavy machinery; so many Africans were killed and brutalized, during that time, until *AFRICAN BLOOD* is still entrenched in the soil of southern states! Africans did this after others failed in that enormous task, lacking the genetics to withstand the volatile weather, regional diseases, and jungle like terrain in this country.

Then remember the {*MANY MILLIONS OF BLACKS*} who were unjustly killed by the KKK, the police, and the white supremacists; {*THE HUNDREDS OF THOUSANDS OF BLACKS*} killed in jails, swamp lands, and remote areas; the recent demonic {*ATTACK ON BLACK CHURCHES*} by White Racists, {and **now we can never forget** the premeditated racist murders of James Byrd, Breonna Taylor, George Floyd, and the HUNDREDS and THOUSANDS, *OF INNOCENT and UNARMED BLACK PEOPLE*}, who were terrorized and killed by corrupt mean-spirited police. Now it is our duty and a racial obligation to ask most African-Americans, to vote to protest racism, police terrorism, and corruption in society, to get freedom, justice, equality, and safety, via the Plebiscite Vote to improve integration, expand repatriation, and create sovereignty.

**Upon review** we go back to the secret societies and plotting eras starting back in 407 BC, that led to the Invasion Eras, which began in 332 BC, and continued up until 1865. During that time 600 million Africans/black people were murdered. Then recognize the 1500-1800 Inhumane Middle Passage Era, where millions of Africans were dehumanized, raped, and murdered. Then recognize the 1517-1619 Worst Era of Slavery, when hundreds of thousands of blacks were murdered. {**We emphasize Africans cleared the land** for housing, roads, traveling, infrastructure, towns, vegetation, and beautification on plantations **by hand**}! Then recognize the 1619-1865 Cash Crop Slavery Era, including but not limited to cotton, peanuts, sugar, and tabaco, where billions were made way back in those days! This are crimes against humanity which require venting and healing!

Then recognize the 1865-1968 Reconstruction and Jim Crow Segregation Eras of racism and post slavery times; with fears of daily harassment, torture, lynching, and total town massacres, like Greenwood, Rosewood, and in the Red Summer. This included the Civil Rights Movement Era, from 1941 until 1968, when Dr. King was assassinated in a brutal cycle of attacks on black leaders!

Then recognize Post Traumatic Slave Syndrome (PTSS) affects, caused by enduring all these evil eras of racism and terrorism, which was induced, rooted, and is now subdued mental anguish; transcending severe emotional trauma and psychological abuse, causing acute mental disorders.

This should help you understand the Black Family suffered and endured immense devastation, and excruciating losses, along with abstract and concrete damages and injuries, which requires reparative measures **in all areas of life**. Mainly for spiritual, emotional, group safety, and social impositions; examining unjust killings, institutional racism, preferential treatment, flawed

systems, racial exclusion, and overt oppression, mis-education, poor-housing, inadequate health care, economic exploitation, dismal employment, and all types of loans. The purpose is to produce individual and group services and solutions for repairing and transforming.

We understand healing among the Black Family should take place in repatriated and sovereign settlements, on their own safe, habitable, and prime land, with total control of their people. This is required because there were and are too many problems created by racism and oppression, and all this documented damage, for such a long time; that it caused divisions and a spiritual decline, among the entire black race. Therefore, they should have a desire to work among their own people, without any interference from others, to resolve their problems, then to reunite and remain as one forever. That is a big part of reparations. To provide spiritual guidance and to reunite the global black family.

We understand the healing process with others should occur in the improved integrated settings. Therefore, Blacks, Whites, and Jews should convince their leading scholars to engage in the AAIU Truth and Reconciliation Process (T & R Process), to bring this to fruition. The T & R process should only include descendants of people who were perpetrators or victims of black slavery.

The Black Family is in Great Need of Repairing, Reuniting, and Reparations,  
With Love from Most Peoples, and 50 Years of Time to Vent, Heal, Repair, and Transform.
