6 **Project (KRP)** for Everyone in the World 18 & Older to Evaluate the AARS Plan
7 **KRP is reading all docs on the homepage at <https://aaiuendracism.org> AARS is the last doc**

8 To Reparations Activists, Black People, and Everybody Over 18, **September 1, 2022**
9

10 No old or new group should write a plan, saying black people should prove lineage to get redress.
11 **No black person** should have to prove anything to get reparations; because the generations and
12 centuries in suffrage created social and emotional damage, causing **global racial oppression**, and
13 **the legacy** still imposes a disruptive impulse, and negative impact **on the entire black race!** So,
14 **all black people deserve, and are entitled to reparations!** {So, please stop all new ideas, plans,
15 and studies, because it is not possible to produce a better reparations plan than AARS}. AARS has
16 processes, programs, and services, **to quickly provide** due relief, repairing, and satisfaction for all
17 African-Americans and all Black people, and **truth and reconciliation** with all nations and races.
18

19 Many scholars have studied reparations for decades, then produced a reparations plan. **The AAIU**
20 **studied the issue for more than 40 years**, then produced their AARS reparations plan. So, it may
21 be best to compare reparations plans written before 10-1-22, then you will find **many advantages**,
22 and **12 strong reasons to endorse AARS.** **More plans** will only cause **confusion and delays**, and
23 **will certainly be futile.** Now, **reparations for black folks are way past long overdue!** So, we
24 do not need any more **obstruction** via more ideas, plans, or studies, we need AARS ratified ASAP!
25

26 More plans could diminish or cancel what black people should get for reparations. We alleviate
27 that problem with SEEG safe programs to generate wealth from **refundable seed funds (SF).** So,
28 we can generate the \$650T required to fund AARS, for Global Black Reparations ourselves, over
29 the next four 50-year terms. All reparations funds should go to safe programs to generate wealth
30 for reparations, to **guarantee transparency** in the utilization of the reparations funds process, and
31 **transparency in making reparations payments to all African-Americans & all Black people!**
32

33 The AAIU is **hosting and promoting the 5-mo. KRP reading project from July-December**, for
34 everyone 18 and over, in America and the world to evaluate AARS. The KRP is reading info to
35 learn about, claim, and endorse AARS. KRP takes reparations from secret meetings, into public
36 discussions, **which is how reparations should unfold.** The KRP is also a real reading task to **stop**
37 **corruption in the process**, and **seek endorsements** for **AARS reparations and reconciliation.**
38 A proper line of communication would put Reparations Activists and the Congressional Black
39 Caucus (CBC), in agreement with ratifying AARS & utilizing SEEG programs to generate wealth.
40

41 We encourage everyone 18 and older to engage in the KRP, to learn that black people needed and
42 should have been awarded reparations, (40 acres and a mule), right after slavery, for many
43 centuries of crimes against humanity, and that African-Americans, and the Global Black Family,
44 are victims who endured massive and extensive damage, for the last 500 years nationally, and more

1 than 2000 years globally! {Our government should use AARS as the solution, because AARS was
2 written with programs to benefit all black people and everybody else in America}! {KRP reading
3 is also a **peaceful political service**, and **humanitarian project** to get blacks education and
4 reparations, just like others on **reservations**. Another **great benefit of AARS for America** is the
5 agenda for *racism dialogue* and *case studies* to improve integration; and police and race relations;
6 expand repatriation; and create sovereignty. We enact **both processes** to produce solutions for
7 problems, to **assure** personal safety, and living in a civil society for all people in America}! Black
8 people have been victims of racism/white supremacy, and police terrorism for generations! Now
9 it's **time** for them to have **AARS for Global Black Family Unity & Collective Peace & Progress**.

10
11 I have been talking to many clients of integrity regarding generating wealth, as a **corporate**
12 **service**, before they ratify AARS. The SEEG found three companies operating, utilizing unit
13 algorithms, with high end bank notes, in an arbitrage of predetermined budgets, to fund
14 humanitarian projects. The SEEG negotiated with these companies to use them for reparations. I
15 entrusted my main client to ask Mr. Warren Buffet to do due diligence on the companies, with my
16 team. We will confirm validity in two days. Then my clients and Mr. Buffet engage \$5B contracts,
17 for a minimum profit of 50% per week. Then they ask friends and sponsors to join at their comfort
18 level from \$5B-\$25B. I have **1** \$25B and **6** \$20B clients now, so, it is a priority to get validity, to
19 raise the \$650T to fund AARS. We will engage many more **clients** to secure global reparations. I
20 am asking the CBC to ask our government for \$500B, for \$2T back deferred over 20-years; to
21 **raise AARS's share, recoup Ukraine war cost, relieve national debt, and boost the economy**.

22
23 Then ask the other 26 groups found liable for damage, on page six line four, to engage at a
24 structured level with their \$500B. {{They also allow people with **compassion for blacks, and rich**
25 **blacks** to engage from \$100M-\$5B}}. This AARS economic piece facilitates **genuine and lasting**
26 **reconciliation**, because the guilty groups get great debt relief from owing trillions, and the victims
27 get **long overdue emergency relief**, for generations of suffering, then renew programs in 1 - 2 yrs.

28
29 I am asking strong **God-fearing** grass roots leaders, civic oriented folks, and reparations activists;
30 athletes, attorneys, doctors, educators, entertainers, police administrators, politicians, preachers,
31 psychologist, scientist, therapist, and experts from all races in public and social services, systems,
32 and institutions, to serve on the AARS Congress with me, to form solutions and provide therapies
33 in their professions, and help the AAIU to implement AARS. I'm asking business clients and all
34 **college students, news networks, and social media outlets**, if they have the time to use their
35 platforms to **engage** in, and **promote** the KRP; to win AARS, and **support** the AARS Congress.

36
37 AARS **processes**, and **expedites** securing reparations for all African-Americans, and all Black
38 people to get **emergency relief**, and **land to build safe cities**. We invite clients ready, willing, and
39 able. I have asked my clients to ask other philanthropist, and to ask Bill Gates to ask wealthy
40 groups to engage. Note: if a person or group is suspicious of activity that led to abusing, colonizing,
41 deceiving, depopulating, enslaving, exploiting, insulting, or relocating black people, they should
42 apologize to atone, and help to repair the damage by engaging in the safe programs, to generate
43 wealth, if they have the means. This is not letting them off the hook, it is **holding them**
44 **accountable**, by asking them to engage in safe programs to seek forgiveness, and make amends.

1 We know many of them have the wealth, combined with **compassion** for the less fortunate.
2 **Clients' Incentives**; the 50% minimum return per week on their \$100M-\$5B, receiving agent fees
3 for recruiting other clients, the option to serve on the AARS Congress, and **endorsing** AARS for
4 **Global Black Reparations, and Universal Racial Equality.**

13 I am asking Oprah and Tyler, and I would like the CBC to second the motion for both to call me

15 the KRP, to discuss producing a reparations documentary, and generating reparations wealth.

22 Blk Towns \$500T; Spiritual Decline & Propaganda/Stereo Types; Loss of Culture, Legacy, Social

25 Global Racial Subjugation & Post Traumatic Slave Syndrome (PTSS) for the last 2000 years \$2Z
26 **Yes, the Reparations Debt, that is Way Past Long Overdue is Categorically \$10Z!!**

27 The KRP should also be a transforming period in the minds for all non-blacks. For all other people
28 to stop thinking about and treating black people so badly. This is critical for blacks, because the
29 beneficiaries of slavery, their cohorts, and everybody else displays a bad attitude and behavior
30 towards blacks, because the oppressors created an imperial system to show and spread degrading
31 images, malicious propaganda, and primitive stereo types, which enabled them to enslave blacks,
32 and influenced others to abuse, deceive, and exploit black people. Black people need to and should
33 promote the KRP around the world, to get all others to start thinking about and treating all black
34 people fair and just. AARS offers **Global Black Reparations, and Universal Racial Reconciliation,**
35 **to benefit African-Americans, all Black people, and everybody else in America, and on earth.**
36

37 **Page 8 of this AARS Global Reparations Plan has a Reparations ID Card Payment Process, (*that***
38 ***may take 2 months, for accuracy*)), for all blacks in the U.S. 18 & Older & all Black Families Abroad.**

41 **To START the 2nd CIVIL RIGHTS MOVEMENT to DEMAND AARS REPARATIONS AS**
42 **A KWANZAA GIFT FROM our U.S. GOVERNMENT to THE GLOBAL BLACK FAMILY**

1 We note the government and guilty groups caused **major problems**, and **vast damage** by invading
2 and capturing Africa, stealing her resources, and enslaving black people. The damage stems from
3 **racism**, colonialism, slavery, **lynching**, and segregation, and **casts emotional trauma**. **So, all**
4 **blacks in the U.S. 18 and older**, should start getting **emergency reparations payments**, (*(\$100k*
5 *on 3-1-23)*), **then all Black Families abroad should start getting payments soon thereafter**.

6 Black people should be **proud, appreciated**, and **respected globally** for **great achievements**, but
7 **instead** they have been abused, enslaved, and oppressed for over 2000 years! That was engineered
8 by **religious propaganda**, fabricating awful anti-black, and evil negro phobic passages in scripture
9 to **prescribe** blacks as slaves to the U.S. Government, and the guilty groups! **The Pope apologized**
10 for having 7 European Nations, and the government to **silently** suppress developing Africa, while
11 **obviously** subjugating and dominating black people! There were also 17 U.S. corporations which
12 gained **unjust enrichment**, like hundreds of trillions, from the slave trade, transport, and policies!

13 **{{AARS is for blacks at home and abroad; with programs to learn about and reconnect** with
14 **their homeland, culture, family & customs; regain control of African resources & build safe cities**
15 **in America, Africa & globally}}**. **Blacks are victims** of the world's worst & longest battles ever,
16 **for capitalism** via chains and bondage, causing **Epic Black Suffrage!** They caused a **spiritual**
17 **decline, then spiteful divisions**. So, blacks need AARS to repair, reunite & **transform mentally**,
18 back to **revive spirituality and solidarity**, prior to slavery, then seek racial healing with all others.
19 AARS serves to **elevate world politics**, for all nations and races to get **mutual** respect and benefits.

20 AARS is a **complete plan**, with safe programs to **generate wealth** from seed funds (SF). **{{A plan**
21 **with both elements makes it the best reparations plan by far**, so we all should **endorse AARS}}**.
22 The SF are even **refundable**, so, **government and guilty groups get great debt relief** via loaning
23 \$500B in SF, instead of paying the \$30T to \$50T, they each owe! **Blacks get great suffrage relief**
24 via **emergency cash, building safe cities, and repairing** all areas of damage! **{{Generating their**
25 **own wealth restores black pride and unity, getting inner peace, abolishes begging & is the key to**
26 **liberation}}**. So, generating wealth should be the priority. **12 strong reasons to endorse AARS**.

27 **First**, guilty groups send \$5B-\$500B cash in SF evenly to the Hedge Fund and Black Banks. That
28 gives us a **money trail**, and those banks **real banking power**. Rich blacks and those with empathy,
29 should also engage from \$100M-\$5B. **Second**, one person becomes a client by submitting a 20-
30 30-page form, for **compliance**. **Note**; nobody around foul activity can engage. **Third**, clients get
31 contracts for diligence. {The safe programs require clients to **block** their contract amount in their
32 accounts for program duration, timing, and operations. **That means clients cannot lose their SF in**
33 **secure programs**}. System banks and their banking officers manage the programs, so they are secured and
34 produce exponential returns. "A **proper line of communication** will get most **Reparations Activists**, most
35 of the **Congressional Black Caucus & most Black Folks** to agree to endorse AARS", "so, our **government**
36 **will be justified in ratifying AARS, ASAP**, so the \$14T & all other SF can generate \$650T to fund AARS".
37 **Incentives to Move Fast: (1) programs open and close quick! (2) victims need emergency relief ASAP!**
38 **(3) clients get 50% weekly payouts at \$100M & above! & (4) SF unblocked after programs profit & close!**

1 **AARS Executive Order: \$500B from the U.S. Government & \$500B from Guilty**
2 **Groups for Emergency Funding for 3-1-23, and Securing Reparations Resources**
3 **TO FORM AN AARS REPARATIONS HEDGE FUND TO GENERATE WEALTH**

4 The U.S. Government, the Pope and the Church, 7 European nations, (Britain, Denmark, France,
5 Italy, the Netherlands, Portugal, and Spain), the Willie Lynch Letter and the Jews, and the 17
6 corporations listed below, are all guilty of land theft, ruining family and culture, and mass murders;
7 in Africa, throughout the Diaspora, then in America. So, blacks need AARS now, to get emergency
8 monetary relief, land, and programs to repair, rebuild, and recover all their losses and damages!
9

10 The African-American Reparations/Sovereignty (AARS) Plan services all these areas, and much
11 more, so we are calling on **President Joe Biden** to issue an **Executive Order** for AARS for
12 Kwanzaa '22; as an apology, and gift to all black people; from America and all the guilty groups!
13

14 The **Executive Order** should be \$500B from the U.S. Government, and \$500B from each of the
15 26 guilty groups, ASAP, evenly to the operating U.S. Black Banks. The **Executive Order Notifies**
16 the 27 groups to engage AARS, **to atone, make amends, and profit**, so blacks can get emergency
17 reparations **relief**, their own **land**, and **police accountability**. When America accepts AARS, they
18 agree to emergency relief; 40 mi2 land grants to build safe cities; and ensuring safety for all blacks!

18 **The Pope Asks Africans to Forgive Christians**
19 **for their Role in the Trans-Atlantic Slave Trade**
20

21
22
23 Pope John Paul II recently journeyed along the same route that hundreds of thousands of Africans
24 passed through on a voyage to the New World as slaves, and the Pontiff begged forgiveness for
25 Christians involved in the Slave Trade.” How can one forget the enormous suffering inflicted,
26 ignoring the most elementary rights of man, on the people deported from the African continent?”
27 he asked.” From this African Sanctuary of Black Pain, we begged the Pardon from Above.” The
28 Pope made the comments during a visit to Goree Island, which is a 20-minute boat ride from a
29 French naval base in the capital of Dakar in West African Senegal.
30

31 Calling the Passage, a “Door of No Return,” the Pontiff toured cells of the “House of Slaves”
32 where at least 600,000 Africans passed through, during an extended period ending in the early 19th
33 century. He likened the house where people were held in chains, awaiting slave ships, to this
34 century’s concentration camps, the “Maison des Enclaves,” which has been restored as a museum
35 to document the horrors. In a meeting with Muslim leaders, he appealed for an end to modern-day
36 slavery, citing organized prostitution, and stressed the need for cooperation and equality for
37 Christian minorities, who he said are discriminated against in many Muslim countries. The Pope’s
38 week-long pilgrimage was aimed at strengthening the role of the Catholic Church in the heavily
39 populated Muslim countries of Senegal, Gambia, and Guinea.

1 **AARS Emergency: Individual & Family Monetary Payments: for all Blacks**

2
3 The SEEG identified three companies to generate wealth for emergency individual and family
4 relief payments (PM). Black people do have bank issues or lost bank accounts. AARS serves them
5 a new bank account as a **reparations award**, with fiscal services for 1 year, to form good spending
6 and saving habits. All 50M blacks in the U.S. 18 and older need a red, black and green, Reparations
7 ID (RID); by last name A-Z; state; DOB; age; SSN; income; photo, fingerprints, and birth
8 certificate; for accurate PM. All blacks will be appointed one of the twenty-one operating U.S.
9 Black Banks by last name for PM. All blacks get a bank card from their appointed Black Bank via
10 their RID. All reparations PM go to their bank cards. Black settlement for PM is birth by 3-1-22.

11
12 We will take these funds and give all blacks 18 and over, in America 100k on 3-1-23, as an initial
13 PM. We will give these U.S. blacks 20 straight 100k payments every 30-90 days, pending how
14 long it takes for these blacks to receive PM. Then we resume payments until we reach the \$2M
15 goal for these blacks in America. This path encourages blacks to use reparations most effectively,
16 and not to squander them selfishly, or with others. And it also gives blacks time to utilize programs
17 to seek top mental and physical health, by engaging in preparation to receive reparations programs;
18 and learning to produce and sell all products, for daily use in America, and in great demand abroad.

19
20 AARS delegates the same ID process for all Black Families in Africa, the Diaspora, and Globally,
21 to provide \$2M per family, since the cost of living is much lower, and the number of blacks are
22 much higher. Blacks must be 18 to get these payments. We put these funds for blacks who are not
23 18 in personal trust funds at their appointed Black Bank. Blacks do not pay taxes on any reparations
24 payments. It should also be stipulated that no government, company, or group should harass blacks
25 for debt, because AARS requires all blacks to be released from all debt, as a **reparations award**.

26
27 Blacks should take the next 20-month period to fortify a racial hierarchy, their AARS Congress,
28 and studying all pertinent parts of AARS to adopt and produce healing, repairing, recovering, and
29 transforming programs. We are blessed and fortunate to have found funding sources. We should
30 move fast to **Apply Stern Pressure via Planning for National Action**. {National action includes
31 (1) planning for the 2nd National Black Political Convention, then (2) the 2nd Million Man March,
32 to propel (3) the 2nd Civil Rights Movement, to demand AARS-ASAP}! by and for Kwanzaa “22!!

33
34 Blacks should claim their Injured Indigenous Status, their AARS Plan, and a model for residence,
35 with their Plebiscite Vote (PV), during Black History Month of 2023. We will keep you informed.
36 The PV indicates blacks are indigenous to this land, as distinct relatives of the Great Ancient Black
37 African Olmecs, who were here first, building and raising civilizations, not American Indians, or
38 Early Mexicans. **The PV guarantees** blacks land, and other reparative measures. AARS provides
39 **emergency relief** for all black people, and **initiates dialogue** to improve integration and police &
40 race relations, expand repatriation & create sovereignty. That signals a spiritual awakening, and a
41 brand-new beginning for black folks globally. **That is exactly what blacks need for reparations.**

THE AARS POWER POINT PRESENTATION

1
2 Reparations means one group claiming redress, engaging a political process, or filing lawsuits for
3 crimes, or damages inflicted on them by another group. The U.S. Government was liable for minor
4 damage done to other groups, so they were right to give them reparations, but they should not have
5 got them before blacks, yet they did get an apology, land, money, or a mixture. The government
6 and the other guilty groups, are liable for vast damage done to Africa and Black people, so they
7 owe them prolific reparations. With AARS we go beyond epic proportions to provide reparations.

8 **{{Now, coping with black people being denied reparations is an insult to the entire black race}}!**
9 So, it raises frustration, because black people needed reparations right after slavery! So, **{{Blacks**
10 **at home and abroad should agree to endorse AARS during the KRP, then give a mighty global call,**
11 **claim, and demand for AARS reparations on 12-1-22, to get AARS ratified by Kwanzaa of 2022}}!**

12 **{{There are some valid pivotal reparations plans with good ideas to offer, but they all rely on**
13 **lawsuits, elusive reluctant sources, or some aberration of miracles to get trillions. That is highly**
14 **unlikely and may never happen}}. So, note a great factor of AARS is we generate wealth ourselves.**

15 **{{Thus, there is only 1 reparations plan** that offers processes, programs, and services to {Regain
16 Control of our Homeland Africa; or at Least get Most of the Wealth from her Resources; Reconnect
17 with our Global Black Family, Culture, and Customs; Repair all Damages, and Injuries; Solve all
18 Problems; Recover all Losses; Transform Mentalities to Attain and Secure Unity and Group
19 Protection, and Progress; We get Blacks on the Right Path, to Heal and Improve Relations among
20 Ourselves, at Home and Abroad; Then with Others in all Nations and Races}. And, Last but Truly
21 not Least, yet Most Notably, *We Generate our Own Reparations Wealth now; and that is AARS}}.

22 No other plan even comes close to offering all these amenities, so we are calling on the masses, to
23 engage in this peaceful political process, over the next 2 months, in the KRP to study and claim
24 AARS, and an injured and indigenous status, as we were scheduled for, from Black History Month
25 until Juneteenth of '22. **{{That will inspire reparations activists and groups, then the masses of**
26 **blacks, at home and abroad, then others with compassion for blacks to faithfully endorse AARS}}.**

27 So, blacks deserve the rights and privileges of indigenous people. **{{That includes land, emergency**
28 **monetary relief on 3-1-23, other reparative measures, and the last part of AARS, which is a**
29 **National and International Decree, Declaration, and Treaty, from all Government Agencies,**
30 **Militaries, and Lobbying Power Groups, for Safety and Security for All Blacks Globally}}!**

31 **{The PV also gives U.S. Blacks a chance to finish the Civil Rights Movement (CRM), when they**
32 **were forced to integrate. That's when blacks should have been awarded 40 acres and a mule, they**
33 **were promised, but never received after slavery}. Since they were maliciously denied freedom,**
34 **justice, equality, safety, and fair wages, even after the CRM, and experienced even more racial**
35 **oppression, they should have demanded and gotten options to examine the 3 models of reparations.**

36 The 3 models are (1) to Improve Integration, (2) to Expand Repatriation, and (3) to Create
37 Sovereignty, then use the PV to claim 1 of the 3 models for residence. **{{It was too early to integrate**
38 **after the CRM, because the country was still in chaos from avid civil disobedient movement of**
39 **bussing, freedom rides, protests & sit-ins, then the nation erupted after Dr. King's assassination}}.**

1 So, when blacks take their PV, they specify claiming an injured and indigenous status by name,
2 (Indigenous African-American. That will stipulate group status, to get land grants of 40 areas,
3 of 40 square miles (40 mi²), at prime locations, near ocean fronts, and get more concessions.

4 Blacks should learn they do not have to continue to live in integration, with violence, crime, killing,
5 and corruption; wreaking havoc, becoming common, and escalating. These are the main reasons
6 why the AAIU believes black people should demand sovereignty at home and abroad.

7 **(1) Improving Integration:** The AAIU and their Allies are forming the AARS Congress as a
8 Power Base to implement the AARS Plan. **The AARS Congress will consist of people with a**
9 **track record of helping black people;** those who are knowledgeable of reparations; those with
10 reparations ideas and plans; other reparations activists, and groups; those protesting inequality,
11 injustice, and racism/police terrorism/killings; those giving input on AARS; and those who are
12 clear, confident, and savvy on understanding and communicating in modes of diplomacy,
13 education, law, politics, reform, reparations, and spirituality.

14 The AARS Congress will host a 5-year National Dialogue on racism, corruption, and police
15 terrorism/killings; and hosts 5-year Case Studies on various businesses, entities, institutions, and
16 systems in America, to improve their performance for, and interaction with black people. Both
17 processes will improve integration, and police, and race relations, much more than imaginable,
18 and will definitely initiate and sustain national and global racial healing and reconciliation}}.

19 Everyone in the U.S. should endorse AARS as reparations for black people, and AARS dialogue
20 and studies to produce positive changes in all areas in society, because it benefits black people,
21 and everyone else in America! AARS also provides financial services for blacks to use reparations
22 wisely, and not to squander foolishly. Black people have provided many vital contributions, while
23 enduring racial oppression and profiling, others have not experienced, so black people need
24 reparations now! So let the Church and everybody else shout long and loud for AARS reparations!!

25 **(2) Expanding Repatriation:** Repatriation is going back to Africa, down south, or any other place
26 on earth where black people were colonized, enslaved, or exploited. We get leaders from global
27 groups like the Sons and Daughters of Africa (SADA), and the UNIA to direct repatriation. Blacks
28 go with invitations from leaders to reunite globally, in places they choose, and learn the customs
29 of their people, in the places where they choose to go. We request blessings from the leaders, and
30 we make sure we don't offend our distant relatives on arrival, so, we go with a sense of belonging.

31 This will initiate, the Global Black Family Healing, Recovering, Reuniting, and Transforming
32 of their Mentality Process}}. **They will go with ample resources to build new, beautiful, elite,**
33 **and safe repatriated cities.** They should also learn their native names, languages, customs, and
34 culture; to prepare for their, Global Black Family and Culture Restoration Process}}. **AARS will**
35 **Provide Services for blacks to get Dual Citizenship, to Enhance their Restoring,**
36 **Transforming, and Reuniting Processes.**

37 **(3) Creating Sovereignty:** Best explanation on page 48

38 ****Generating Reparations Wealth: The deciding factor in choosing a reparations plan.** Since
39 AARS is a comprehensive, thorough, and complete plan to repair, recover, heal, transform, and set

1 blacks on the right path to good health, peace, and group progress; it is a real blessing for black
2 people to be able to generate their own wealth, with SEEG programs, from seed funds (SF), to
3 implement AARS. We are asking everyone to engage in the KRP to endorse AARS. **Most** black
4 people are poor people living in poverty, with poor social conditions, so poor blacks should get
5 reparations first, then the rest, then HBCUs, Black Institutions and Organizations, for the masses.

6 In America the SEEG source identified the U.S. Government, the other guilty groups, those with
7 compassion for blacks, and rich blacks as potential clients to engage SEEG programs, **ASAP**, to
8 generate wealth for reparations now! Blacks needed reparations since slavery so give them AARS.

9 We go to all potential clients with SEEG programs to generate wealth, instead of acquiescing, or
10 begging, or filing lawsuits, which we may never win; with the U.S. courts leaning on Standing,
11 Statute of Limitations, and Sovereign Immunity. **Please Listen and Note Generating Wealth**
12 **Expedites the Process for all Blacks to get Reparations!** {{Now, it is politically incorrect and
13 socially unacceptable to continue to deny blacks reparations, while offering benefits and
14 reparations to others! Especially since damage includes losing their homeland, wealth transfer,
15 cultural and family losses, and 600 million people murdered from racism, cruelty, and brutality}}!

16 The \$100M-\$500B in SF to go evenly to the Hedge Fund and U.S. Black Banks, for a money trail,
17 and to get them top level business banking power. Then we get one client to open a new cash
18 account from the SF, to get a contract, to engage an SEEG program. **{{The Government should**
19 **start the process with \$500B. Rich blacks and the compassionate** can join with \$100M up to
20 \$5B, to negotiate bank endorsed contracts, for a huge profit with no risk, and points for AARS**}}**.

21 **The AAIU 2 Month KRP Campaign Tri-Purpose; (1) To Ask Most Blacks and Others to Read**
22 **and Endorse AARS, if it meets their approval; (2) To Ask Potential Clients to Engage SEEG**
23 **programs, ASAP; (3) To communicate and cooperate with the U.S. Government to get AARS**
24 **Ratified by Kwanzaa, as a Remorse Gift to African-Americans, and the Global Black Family.**

26 THE AARS MEMO & BULLET POINTS

27 28 **Recruiting Potential Allies to Endorse and Support** 29 **the African-American Reparations/Sovereignty (AARS) Global Black Reparations Plan**

30 AARS Memo:

31 The AARS Plan is a complete and comprehensive plan. It has ideas and suggestions from our great
32 black scholars of the past and present. It includes processes, programs, and services to get quick
33 emergency monetary relief, repair colossal damage, solve lingering and mounting problems, and
34 **will create a new line of thinking in blacks.** To learn and know they have earned, and are entitled
35 to their own sovereign land, right here in America, as indigenous people, with indigenous rights.

36 That enables blacks to get their own land to build their own new, elite, and safe repatriated and
37 sovereign cities, form their own government, write their own laws, and control all affairs,
38 companies, institutions, and systems within their city limits. In an attempt to diminish and override

1 the sell outs, and unite genuine reparations activists, then the entire Black Family, we will use
2 AARS as the base reparations plan, then we add all other good ideas from all good people, as
3 amendments, to repair damages and injuries, recover losses, and/or to benefit the masses.

4 AARS Bullet Points:

5 * 1. First; Giving Honor to God & praying for special help to unite blacks & get justice via AARS.

6 * 2. The strongest part of AARS is we Generate our own Reparations Wealth from Seed Funds
7 (SF), from the government, other guilty groups, those with compassion for blacks, and rich blacks.

8 3. That is why AARS is by far the best reparations plan. All other plans require waiting, begging,
9 or filing lawsuits, that we may never win. With AARS we get SF and generate wealth right now!

10 4. AARS provides great debt relief for the government, and the other guilty groups, who owe
11 reparations, because they are all guilty of vile and vast crimes against humanity, including mass
12 murder, disconnecting culture and family, and benefitting from forced enslavement. AARS gives
13 them great debt relief by loaning \$500B in SF, instead of paying the \$30T, or \$50T they each owe!

14 5. AARS **can** provide great relief for blacks by providing emergency monetary relief on 3-1-23.

15 6. AARS includes spiritual, cultural, family, and social programs and services, to repair blacks
16 back to their peaceful and progressive status they were in, prior to colonialism and slavery.

17 7. AARS includes programs and land negotiations to build safe repatriated and sovereign cities
18 right here in America, rebuild the infrastructure in Africa and globally, and get control of resources.

19 8. AARS has programs and services to reconnect blacks with their mother and homeland (Africa),
20 their spiritual beginnings, their global and extended family, and traditional culture, and customs.

21 9. AARS offers preparation to receive reparations programs to help blacks get in top mental and
22 physical condition to receive reparations, so that we don't squander them, to make sure we use
23 them most efficiently, to set us on the right path for healing, recovering, and transforming, and to
24 guarantee our future with provisions for safety and success.

25 10. AARS offers financial services and career-oriented programs to guide blacks, and for stability
26 in finances, to help them in choosing a career, and to establish high retention in colleges and jobs.

27 11. AARS explains and outlines the **3 Models of Reparations**, to take care of all 50M blacks in
28 the U.S., then all blacks globally, **(1) Improving Integration**, with AARS Congressional Racism
29 Dialogue & Case Studies, **(2) Expanding Repatriation**, with approval from our extended family
30 members where we choose to go, and with ample resources to rebuild the infrastructure, and build
31 elite and safe repatriated cities, and **(3) Creating Sovereignty, for blacks to develop a new line**
32 **of thinking**; to know they are entitled to their own land right here in America, if they claim an
33 injured and indigenous status by name, (Indigenous African-American), via their Plebiscite Vote.

34 12. **The AARS Plebiscite Vote (PV)**: serves to let everyone know blacks are indigenous to this
35 land, as distinct relatives of the Great Ancient Black African Olmecs, who were here first, building
36 and moving civilizations, not American Indians or Mesopotamian Mexicans. The PV functions to

1 finish the Civil Rights Movement, when blacks were forced to integrate. The PV offers blacks a
2 chance to choose which model they prefer for residence, instead of being forced into integration.

3 13. The government should stipulate that this repatriated and sovereign land can never be taken
4 away from blacks; for eminent domain, any necessity, or any other reason that they ever conceive!

5 14. The AAIU KRP, which we are engaging in now, is circulating, reading, and discussing AARS
6 with all blacks for the next 2-month period. By December 1st, blacks should realize AARS is their
7 best reparations plan, because it enables repair, and we generate our own reparations wealth. This
8 will prepare us to elevate and intensify the call for reparations by utilizing actions and programs
9 to demand AARS starting Thursday (12-1-22), and for the whole 2-month period, to get the U.S.
10 Government to ratify AARS by Kwanzaa. Then take our PV and continue movement if needed.

11 15. AARS prevents reparations opponents and their sell outs from trying to set criteria for blacks
12 to receive reparations. Irrational, all blacks identified as black on their birth certificates qualify.

13 16. Opponents and their sell outs even have the nerve to say blacks can only claim reparations for
14 the last 400 years. Irrational, Africa was invaded in 332 BC! That is more than 2000 years ago!!

15 17. Opponents and their sell outs are now even saying blacks have to prove they are a descendant
16 of slaves to qualify for reparations. Irrational, all blacks get reparations based on racial oppression.

17 18. Opponents and their sell outs continue to say blacks sold each other into slavery, overlooking
18 transgressions of others! Blacks were brutally beaten, sold, transported, and enslaved by others!!

19 19. When discussing reparations most people are only concerned about the money. AARS provides
20 emergency monetary relief, along with programs & services to heal, repair, recover, and transform.

21 20. To expose true Black History to prove Africa is the home of humanity, and blacks are the
22 original people; so all people, and especially the police and supremacists, can start to give them
23 respect, or at least tolerate them as human beings, and should stop daily unnecessary harassments.

24 21. The AAIU also list 30 reasons for blacks to claim reparations on section 5 article 5 of their
25 website; <https://aaiuendracsim.org> Then see [https://www.nairaland.com/2971359/shocking-](https://www.nairaland.com/2971359/shocking-pictures-slavery-never-seen)
26 [pictures-slavery-never-seen](https://www.nairaland.com/2971359/shocking-pictures-slavery-never-seen) to see evil enslaver tactics causing severe and in-depth emotional
27 trauma, proving reparations are way past long overdue! After reading reasons, seeing tactics, and
28 reading this AARS info, you will know why blacks should have got reparations right after slavery!!

29 **{Note the 2 Profound Phrases; “The World’s Economy and America were Built on the Backs of**
30 **Black Slaves” & “Suppressed Emotional Trauma is causing Blacks to Develop Mental Disorders”}**

31 22. In AARS we demand the government to grant (40), 40 mi² land grants, for 40 million blacks,
32 symbolic to 40 acres and a mule. 10M of 50M blacks may want to remain integrated. They have a
33 right to choose where they live. They may be rich, satisfied, or a sellout, so they choose model 1.

34 23. **Improving Integration & the AARS Congress:** *This 7 Power Move Process will be very
35 effective to get blacks respect instantly, if planned via national and simultaneous action! The AAIU
36 is forming the AARS Congress as a Power Base to implement AARS, and engage (1) - (7) the next

1 time a black person is unjustly killed by the police, and to demand AARS. (1) initiate a 5-year
2 national movement **against** police killings and **for** reparations; (2) initiate a 5-year-national
3 dialogue on racism, corruption, and police terrorism; (3) initiate 5-year-case studies to identify
4 systematic problems, to produce solutions in all institutions, and in society; (4) initiate 5-year-case
5 studies to improve interaction with and performance of all companies, institutions, and systems
6 which blacks depend on for learning, living, and surviving; (5) initiate 5-year-long boycotting
7 against companies who disrespect blacks; (6) do mass buying from companies who respect blacks;
8 and (7) transferring 75% of all of our assets from other banks, to the operating Black Banks.

9 24. ** Everyone in the U.S. and globally, should endorse AARS for global black reparations,
10 because it includes studies to produce positive changes in all businesses, companies, entities,
11 institutions, and systems in society, therefore AARS benefits blacks, and everyone else nationally!

12 25. **Rev. Tom B. Watson:** Has dedicated more than 25 years to community involvement, and is
13 a former superintendent of the Milne's Boys Home. He is "Calling the Black Family to Order" as
14 it pertains to blacks globally. Black men must start standing up for themselves, and their race!!
15

16 26. AARS requires \$200T for U.S. Blacks and \$450T for Blacks abroad. The U.S Government
17 should place \$500B with the operating Black Banks, to get \$2T back after 20 years, to recoup
18 losses from the current war, relieve debt, boost economy, and let the balance go to fund AARS.

19 27. Let us promote AARS as a source for justice and satisfaction for blacks, and as a healing
20 source for all nations and races, with the business model, providing great relief for both sides.

AARS Part I

The African-American Reparations/Sovereignty (AARS) Global Black Reparations Plan

A Humanitarian Project for Continental Cultural & Racial Restoration

AARS is Fairness Justice & Satisfaction for Black People and Racial Reconciliation with all Nations & Races

NOTE: A Strict Call for Reparations to Blacks for The Last 500 Years of Damage; Focusing on all the Injustice Before, During, and After Slavery, and Painful Repeated Cycles of Unjust Police Killings; This AARS Position Leads to the AARS Plan in Terms of Equity Restorative Justice (ERJ); In ERJ Victims Settle for Less Than the Debt; but Demand Ample Resources to Repair their Broken Family in America, Africa, and Globally; {In AARS **we Generate Wealth to Relieve Culprits of their Duty to Repair Damage, and Victims of Suffering from Economic Exploitation:**

African-Americans are fortunate to know hundreds of communities and organizations across the country, are considering providing **reparations to blacks for generations of abuse, oppression, racism, and slavery**. Places like California, Massachusetts, Rhode Island, North Carolina, Iowa City Iowa, and Evanston Illinois; along with religious denominations like the Episcopal Church; and prominent colleges like Georgetown University in Washington DC.

We have an issue on the reparations plan that was posed for a few blacks on housing restrictions in Evanston. The civic group that posed the program that landed in 2019, said pro reparations groups offered pro-bono legal aid if the program is challenged. All blacks and everyone else should challenge the program, because it is not a reparations plan, it is only a housing redress program, for a few qualifying blacks, out of thousands. The dissenting voter stated the effort is paternalistic, and assumes that blacks cannot generate or control their own wealth. **African-Americans should claim AARS to generate wealth, and to move towards unity, independence, and liberation.**

Reparations are meant to repair damage done to all black people, not a few in certain areas, or for certain massacres. There are cases of some blacks being misguided to try to get reparations for a few blacks. The proper way to approach reparations is with a plan that identifies the wide range of damage, using and creating applicable programs to repair that damage, and listing issues and lingering problems we should solve ASAP. We fought the Civil Rights Movement (CRM), to gain rights that would have led blacks to equality. But we were fooled with integration, so now we need a 2nd CRM to win those rights, and to slowly dissolve racism and police terrorism. The 2nd CRM will be the Reparations Movement, to win our rights in a peaceful and political service called KRP.

In AARS we use all 3 models of reparations for the collective for all 50 million blacks in the U.S., and an emergency settlement, with a priority on poor Blacks, HBCU's, and Black Institutions. The 3 models of reparations are (1) Improving Integration, (2) Expanding Repatriation, and (3) Creating Sovereignty. We need **\$18 Trillion** for programs to improve, expand, and create each model, with **\$8 Trillion** for individual relief, plus **\$5 Trillion** for reserves and unexpected costs, **(that is \$67 Trillion, an ERJ settlement) {{to prepare for sovereignty with service programs}}**.

1 Yes, blacks still get relief if they deny sovereignty, and many options {{to engage various cultural
2 and social programs to transform, or to remain stable}}, for healing purposes, and for healthy and
3 productive living. In AARS we also produce and search for programs to create and find jobs.

4 Blacks need reparations now, because others received reparations, for much less damage and/or
5 loss of lives, yet they were granted their own reservations or territories, so blacks need their own
6 repatriated and sovereign land. Studies prove they should create, build, form, own, and operate
7 their own schools, hospitals, corporations, military police; and entire infrastructure with superior
8 homes, roads, highways, shopping malls, parks, and communication systems; with all the
9 requirements and luxuries which are essential, to build elite and safe cities, at home and abroad.

10 Blacks are divided, deceived, and in danger, so they should unite around this AARS plan to ask
11 the government for 40 areas of (40mi²) square miles of land, (symbolic to 40 acres and a mule),
12 to build their own new elite, and safe repatriated and sovereign cities. They deserve sovereignty
13 after slavery to stipulate group autonomy and collective progress. **Their Internal Black Plebiscite**
14 **Votes (PV), during Black History Month of 2023, for blacks only 18 and older, to claim an**
15 **injured and indigenous status, and to improve integration, expand repatriation, and create**
16 **sovereignty; should be their collective response to institutional racism and police terrorism!**

17 Manhattan, NY is 33.77mi² with 1.63 million people. So, 40 mi² is good for blacks. Manhattan is
18 one of the world's best and leading commercial, financial, and cultural centers. Our new repatriated
19 and sovereign cities will be similar, for our **Black Family Reunion and Cultural Restoration**
20 **Process**, by being planned for and applying healing, repairing, recovering, and transforming
21 services. **A priority** should be to profess and reclaim our true homeland, culture, and heritage.

22 This AARS Plan emphasizes leaving corruption in integration, for peace and prosperity in
23 repatriation and sovereignty. It includes youth programs to decrease foul language and activities
24 for racial improvement, and adult programs to self-actualize, set goals, and teach good habits and
25 values to their children. They should also do 5-year case studies on all companies, institutions, and
26 systems in America, because blacks depend on these sources for socialization into life, and a
27 democratic nation. **Everyone should endorse AARS for black reparations, and to conduct 5-**
28 **year studies for positive changes in society, to benefit blacks and everyone else in America.**

29 There are advantages with (1) sovereignty as an alternative to (2) integration, primarily with
30 problems which stem from slavery, which have created deep divisions among blacks, which they
31 must solve among themselves. Basically, they should work towards pride and unity, even if many
32 of them do remain integrated, as they protest for change to attain peace and collective progress.
33 Second, they remove themselves from harm and needless fatalities in integration, while they get
34 the option to learn, and to use their abilities, networks, and skills to build their own elite safe cities.

35 Blacks should live in all (3) models or settings, because they walked and struggled with Whites
36 and Jews to achieve equality in integration. However, their position also includes embracing (3)
37 repatriation, because they are deprived of basic civil and human rights, because of the color of

1 their skin, therefore they are mistreated. So, they should protest for 5 years to demand justice, and
2 work to mend and uplift their extended and global family relationships. They can build their close
3 southern and distant diaspora relatives, elite safe cities on prime repatriated land. This is an AAIU
4 based program for the AARS Congress to manage for the Black Family Reunion & Reconciliation.

5 African-Americans and others would appreciate it if athletes and others who are concerned about
6 justice and equality, would protest and sponsor AAIU Racism Dialogue for the next 5 years,
7 because the facts show problems are very bad, and getting much worse in integration; so, blacks
8 need alternatives, when it comes to a permanent residence. Our repatriated and sovereign city
9 designs will comfortably accommodate 1 million blacks. We will build more sovereign,
10 repatriated, recovery, and Revival Black Christian and Pro Black Nationalist Cities, for two million
11 blacks at a time, by building two cities at a time, by the grace of God.

12 **It takes \$650T to fund AARS**, so it may be best to use the SEEG source to generate wealth, for
13 the next 50 years, for four terms. If we demand those guilty of enslaving, or exploiting blacks to
14 donate trillions, or we file lawsuits against them, **as we should**, that could cause resistance. Blacks
15 already have enough problems to solve, from African Invasions, high death tolls from stress related
16 illness, unjust laws, (drugs, alcohol, and menthol), Tulsa and other Total Town Attacks, and severe
17 emotional trauma from police killings, and man-made viruses. After 500-2000 years of stifling
18 mental anguish and social impositions, **most blacks** really do want and need help via reparations.

19 The AAIU data base identifies 17 corporations who surely owe blacks reparations. We also hope
20 and pray that the U.S. Government, the Roman Catholic Church, and the Bush's and Rothschild's
21 will cooperate, because AAIU data has proof of them profiting from slavery, and/or exploiting
22 blacks. {We ask this list of 21 guilty groups, then all others with wealth and compassion, like B of
23 A, Citi Bank, GM, and Wells Fargo, who committed to economic development for underserved
24 communities, to consider using the SEEG source to help generate wealth for black reparations}.

25 EXAMPLE: as clients they open a new 5B cash account, with no risk of losing funds, to generate
26 wealth (100B up to 500B), in 1 year (pending program openings). Since they are invited to such a
27 lucrative venture, we ask them to keep a huge profit of 30%, to graciously contribute 40% to the
28 AARS Congressional Account for our humanitarian cause to build safe cities, and to contemplate
29 emotional therapy, and 30% for platform, attorneys, bankers, credit facilities, conglomerate
30 businesses, agents, and fees; then repeat the deal 4 times. Now note the profit splits are negotiable.

31 DETAILS: The government ratifies AARS as relief for all U.S blacks 18 and older, to get 100k on
32 3-1-23, and all other blacks soon after; for engineers and unions to build two safe cities and train
33 our adults 18-34, \$4000 a month, and ages 35-54 \$8000 a month, to build and maintain our cities;
34 we ask the military to build a small strong base on our cities perimeters, and train our people to
35 become the military police. Then, they may agree to leave some strong soldiers behind, **to patrol**
36 **with our people they train, to keep our cities and residents safe.** It takes a move of this magnitude
37 to stop the police and white supremacist from unjustly killing innocent and unarmed black people!!

1 **The priority** should be to leave racism, unjust police killings, and multiple problems in integration,
2 for freedom, justice, equality, and safety in repatriation and sovereignty via AARS reparations.
3 Recall, the punishment should fit the crime; so, reparations should materialize to repair the last
4 500-2000 years of encroaching, exacting, and excruciating abuse, damage, pain, and suffering.

5 Implementing these amenities in quality and quantity are manageable, requires four terms of 50
6 years for blacks to build safe cities, heal, and they should **replace negative fixtures**, which have
7 become normalized in their daily interaction, (like offensive foul language, intense vulgar music,
8 and aggressive lewd behavior), which came from bad experiences with racism and oppression,
9 **with their classical, identifiable, and noble names, languages, customs, and culture.**

10 Now those in power are using their groups to endorse or produce a black reparations plan. **That**
11 **could create obstruction** like the H.R. 40 Hearings, the T & R Process in South Africa, and the
12 trial run for reparations in Evanston Illinois. Everybody should monitor that activity to eliminate
13 confusion, and corruption, and circulate this AARS Plan, to ask the government, those in power,
14 various groups, and the entire public for their endorsement. **This is how blacks become proactive**
15 **in claiming a reparations plan.** They should not wait for or expect others to produce a good plan.
16 AARS makes it easy for culprits to contribute resources they owe, and the compassionate can also
17 donate, so that victims get a fair and just AARS reparations settlement, that they need and deserve.

18 **{{A beautiful aspect of AARS reparations is that it can be a healing source for the races. It gives**
19 **culprits, guilty groups, and perpetrators of the damage a way to apologize, and make amends for**
20 **stolen wealth, and forced slave labor, and they could opt for a huge profit. The compassionate also**
21 **get a chance to recognize our collective demise, and place SF to help our cause, to help us build**
22 **safe cities, in order to heal psychologically, as they could also opt for a huge profit. Victims can**
23 **opt to undergo programs for therapy for healing, repairing, recovering, and transforming}}.**

24 Black people should want to and have a strong desire to transform, to create new images of
25 themselves, reflecting the legacy of their great kings, queens, and citizens from Africa; to help
26 reduce and eventually eliminate bad stereotypes; which causes bad treatment for blacks globally.

27 **{AARS list spirituality and land as key components black people need in a plan, to facilitate and**
28 **maintain productive programs for repairing damage, a better life, and prayer to stay the course.**
29 **We suffer from loses in economics, social status, and properties; cultural assimilation; internal**
30 **pain; prolific damage and injuries; and preventing group autonomy. AARS operates to find and**
31 **create solutions, and the AARS Congress will create, identify and implement programs for action}.**

32 **{{The races get along good at musical, political, and sporting events, so reparations should**
33 **unfold via peaceful promo campaigns, for the races and especially the police, to keep that same**
34 **level of appreciation and respect for one another, in our daily lives}}**. When blacks get their own
35 **land, others will give them respect, so that they can build safe cities, and develop programs for**
36 **emotional therapy, since they are victims of many harmful & long-term eras of damage and trauma.**

1 {{Race relations have been very bad and are getting much worse. A brief parting will help the races
2 learn to respect one another, like a divorce. People divorce then reconcile after forming a sincere
3 mutual respect, to keep good relations that last forever. The AAIU presents the sovereign model
4 of AARS, as an American social service through the AARS Congress, for racial reconciliation}}.

5 Everybody 18 and older should engage in the KRP, because we discuss advantages of sovereignty
6 over integration, and we discuss great benefits for America, by making her descendants of slaves,
7 happy and productive residents, instead of unhappy welfare recipients, who are still victims of
8 racism, oppression, cruelty, and brutality. It also satisfies agitators who prefer segregation. They
9 openly battled blacks being integrated for decades, yet blacks were still forced into hostile
10 integration, under fierce opposition, harming both blacks and whites. This AARS strategy is good
11 for many reasons, mainly in positioning to repair damage, to seek unity among blacks, and just as
12 important to create ways for genuine and lasting racial harmony with all others at home and abroad.

13 **Brotha Pruitt's Experience:** In Carson our parents taught good family values and we had a strong
14 support system. That background gave me visions to nurture of helping others. I developed good
15 habits and a desire to read for long stretches in elementary school, upon engaging the Head Start
16 Program. I went on to Jr. High and participated in campus activities related to communications. I
17 enjoyed watching music, sports, and promotional campaigns bring people together, creating the
18 most festive, fun, and memorable occasions. I grew 10" the summer before High School, so I
19 learned fundamentals of basketball, and became a Legend at Verbum Dei High in Watts in 1979.

20
21 I was a gifted 6'8" point guard, trained hard, and became an All American who won a scholarship
22 to UCLA. I transferred to UAB because coach Larry Brown lied, and did not let me play the point.
23 After I left UAB I found out coach Gene Bartow was in cahoots with Larry, so he deceived me on
24 playing the point. Gene let me play the point for the whole year that I sat out. Then when I became
25 eligible, he switched my position. I tried to appeal but they black balled me after lying to me, and
26 telling lies on me! That was cold blooded and it still hurts. I was a victim of racism in sports by
27 owners, associations, and coaches abusing their power, as were many athletes like Muhammad
28 Ali, Curt Flood, Raymond Lewis, and Colin Kaepernick. We should **investigate racism in sports**
29 to secure equal opportunities for many more blacks to own, manage, recruit for, and coach teams.

30
31 I had to go overseas to play and retire in Switzerland. I came back to play briefly with Meadow
32 Lark Lemon and Pistol Pete Maravich on the Shooting Stars. Then I returned to UCLA to get my
33 degree in sociology. Then I became a group supervisor at a hard detention camp where they filmed
34 the Gridiron Gang. Since then, I studied big business, became socially active, and aspired to be a
35 civil rights leader. Now, I am a devoted asset manager, community activist, and problem solver.
36 These experiences keep visions of helping others in my mind by sharing programs to help slowly
37 dissolve racism and police terrorism, and posing programs to facilitate true racial reconciliation.

38 I am raising 460B to build two cities. One repatriated and one sovereign. Both will be **ELITE**
39 **SAFE CITIES** for descendants of slaves, and survivors of disasters, and displacement. Those

1 victims are in great need of help and they need a curriculum, to prepare themselves to compete in
2 high tech job markets, and other fields projected as being in great demand for future employment.
3 We also host programs to elevate civil, social, and moral values. {{The AARS intent is to get
4 justice and satisfaction for all blacks, to create a path for everyone in America to cope and feel
5 safe, and to promote positive police and race relations nationally and globally}}.
6

7 All places of worship, spiritual leaders and entities, and all concerned citizens should partake in
8 implementing programs, to raise all expectations and standards for all youth in America, **to**
9 **become race sensitive people**. This AAIU program which will be implemented by the AARS
10 Congress, is key to changing our socialization patterns with all youth in America, on race relations,
11 from hostile and secluded, to amenable and sociable. Racism is a learned attitude and behavior,
12 so, if adults teach children to be race sensitive by respecting other races, instead of race haters to
13 hate other races, all youth will grow up to be friendly to other races. Our youth should become
14 respectable, tax paying, peaceful members in society, instead of violent gun toting war mongers.
15

16 We need 20B for **SSUT Projects** to help protect our nation and our cities; 10B for an **Oil**
17 **Company** (to build small refineries, and later a major plant); and build a **Plastic and Aluminum**
18 **Recycling Plant**, all three to create thousands of jobs in processing, assembling, warehousing, and
19 transportation); 10B to buy a **Baseball, Basketball, and Football Team, and build an Exquisite**
20 **LA Ram like Stadium** for big events, concerts, games, voting, and more jobs; 7B **Agriculture**
21 **and Energy**; 6B **Aero/Med/Tech University**; 4.2B **Clothes and Toiletries**; 4B
22 **Hospital/Recovery Center** in our serene area; 3.5B **City Workers, Maintenance, Waste**
23 **Management, and Water Treatment**; 3B **Research and Development to Improve Family and**
24 **Social Skills**; 2.5B **Parks & Rec**; 2B **Entertainment Productions**; 1.4B **High Rise Business**
25 **Plaza**; 1B **WS Blazer Child Living, Training, and Mentor Facilities**; 300m **Gold Project**; and
26 100m **Education Plan**.

27 **Subtotal 225B**
28

29 I am in direct contact with all principles for all projects named above, and they expect me to get
30 funding. I am in possession of and have discussed their business plans extensively. They plan to
31 adhere to environmentally sustainable standards, to limit bad air omissions and poor product
32 productions. Projects named above are humanitarian in nature via raising funds to create jobs,
33 expand tax bases for our local and national social services, upgrade K-12 education curriculum in
34 California, then expand nationally, and implement programs to improve police and race relations.
35

36 THANK YOU FOR ALL CONSIDERATION

38
39 We are complying with national and international guidelines, and are embracing social progress
40 for those in great need, after enduring extreme and lengthy devastation; like slavery, segregation,

1 and natural disasters. We focus on infrastructure, and revival work; building new cities, keeping
2 hope alive, and uplifting human hearts, minds, bodies, and souls. So, please keep George Floyd in
3 mind, new cases of terrorism, and recall similar cases like Rodney King's, and Breonna Taylor's.
4 Then know blacks need a 70% yes Plebiscite Vote (PV) during Black History Month of 2023 at
5 designated Black Churches, to claim an injured and indigenous status, and this AARS plan for
6 reparations. We will provide a list of churches on 12-19-22, as an addendum to this AARS plan.

7

8 This AARS plan includes introducing a class on concealed Black History, (on how racism became
9 institutionalized, slavery's dominating legacy in the mentalities of Blacks, Whites, and Jews), and
10 posing AARS reparations as the solution. This will give African-Americans a wide range of
11 information on these topics, which will prepare them for their internal PV. Blacks should learn that
12 repatriation is going back to Africa, down south, or any other place where blacks were enslaved or
13 exploited; with a good understanding of the customs of the places where they choose to go, along
14 with the promise to improve relations within their Global Black Family, and with ample resources
15 to build elite safe cities. Blacks should also learn that sovereignty is their salvation in America.
16 The government grants them their own land, they form their own government, and develop a new
17 mentality to own, operate, and control all affairs, businesses, institutions and systems on their land.

18

19 Blacks should have their PV to determine how many of them prefer to remain living in integration,
20 how many prefer to repatriate, and how many prefer sovereignty; after learning that they do have
21 alternatives to living in integration. Then we will know how many sovereign and repatriated cities,
22 we need to build for descendants of slaves. {{We also need U.S. presidential and congressional
23 action on U.S. racism, police terrorism, and dangerous, elusive, and mounting systematic and
24 institutionalized corruption! The AARS Congress will lead them in these 5-year case studies}}.

25

26 It would help if everyone or most people in America, would study this AARS position, and take
27 the class starting on 10-4-22, to study racism, to learn how we can overcome that deadly disease
28 collectively, as a majority of calm and united people in America. Then give your support in a brief
29 note stating approval of this AARS position, and everybody can submit their brief ideas on how to
30 help repair the Black Family, during Black History Month of 2023; on the bottom of the last section
31 number 10 on the website. **There is also a page at the end of this plan to endorse or deny AARS.**

32 The AARS plan like the website will help to educate America on Black History, Racism, and
33 Reparations, to prepare blacks for their internal PV, and to prepare others to offer their ideas to
34 help repair the Black Family, during our month to vote in February of 2023. The PV is a part of
35 the AAIU's Black History Month - Juneteenth - Kwanzaa Reparations Project for '22, which is
36 now the KRP to help repair, transform, (and go on a mission to secure safety, pride, and unity for
37 all blacks with AARS. We should rebuild our dear beloved Black Family at home and abroad.
38 Then, we can also seriously consider working towards true racial harmony with all other peoples
39 in America, and around the world. Trust in One God, One World, One Family, and One Love.

AARS Part II

The African-American Reparations/ Sovereignty (AARS) Business Plan

**AARS is Fairness Justice & Satisfaction for Black People
and Racial Reconciliation with all Nations & Races**

America's debt to black people is to acknowledge they were severely damaged by slavery, and segregation, and that racism and harassment still persist in society, so they need a good comprehensive reparations plan, and ample funds to build safe cities, and repair vast damage. The lingering effects of a supremacist mentality in others harms them in all institutions, areas of life, and mainly with the police. That is systemic racism which has hurt blacks for generations, so they need immediate relief, and a long-term strategy for protection and growth, like AARS.

This AARS plan reveals a way to stop the police and supremacist from killing innocent and unarmed blacks. It reveals a way to generate \$62 Trillion for collective and individual compensation, plus \$5 Trillion for disaster emergencies and unexpected cost to build elite safe cities, that display the beauty and splendor of noble African cultures, and honors their great Freedom Fighters of the past like Mandela, Fannie Lou Hamer, Callie House, and A. Phillip Randolph. It leads to creating programs for any deficiencies, faults, or vices, like depression, foul language, inebriation, or Post Traumatic Slave Syndrome (PTSS); along with services for blacks who don't have these problems and are stable, to remain stable and to set goals.

We will also conduct 5-year AARS Congressional case studies to improve interaction with and performance of companies, systems, and institutions which African-Americans depend on for learning, working, and survival throughout our nation in integration. It reveals a way to expose hidden and mental barriers creating and sustaining divisions among blacks, so they can overcome those impositions to truly become a united people in America, Africa, and globally. And it also reveals a way to initiate genuine and lasting racial reconciliation with all other nations and races at home and abroad. We can initiate all these programs and services by utilizing the AAIU Truth and Reconciliation Process (T&R Process).

There may be 75-100 groups organized and/or pushing for African-American Reparations. We hope and pray we can bring them all together as leaders with this AARS plan, to provide leadership we need to carry out the working parts of AARS, through the AARS Congress. And all AARS Congress members will be offered a very generous contract for their 5-year services.

1 AARS seats are renewable after 5 years. The AARS Congress will consist of reparations
2 activists, politicians, and people with a track record of helping blacks. We do have many groups
3 hosting many programs to help the Black Family. We hope to merge all their efforts with AARS.

4 This is the first step in moving towards reuniting and planning on having a brighter future of
5 peace and prosperity in repatriated and sovereign cities, for collective peace and progress. It is
6 important to have a military presence at our cities because history proves through places like
7 Greenwood, Rosewood, and Atlanta in 1906, that there may be some racial resistance, that may
8 grow without a military presence. A military presence will quickly dissolve the resistance, so
9 blacks can live in a civil society in America. Many people have said for many years that blacks
10 have the resources to build their own repatriated and sovereign cities to provide, protect, and
11 look out for the best interest of their people, nationally and globally. Now is the perfect time to
12 put AARS in motion for these reasons. If other reparations plans do not include these amenities,
13 concessions, processes, programs, and services; everybody should endorse this AARS plan.

14
15

The Company

16 The AAIU is a 40-year-old research and intelligence group, composed of scholars and activists
17 of different races, looking out for the best interest of black people, who are victims of historical
18 oppression, and crimes against humanity. They are a spiritual and political group. The SEEG is
19 a special group of athletes, educators, entertainers, rich people, and spiritual leaders. We asked
20 them to consider forming a special advisory board for leadership and guidance, to raise the level
21 of consciousness and spirituality in America, by asking everyone to study some form of religion,
22 to talk to and to treat each other with respect, and to reduce then eventually refrain from using
23 foul language in public, mass communications, and in recordings. They can provide charitable,
24 for-profit, or refundable seed funding. They are a spiritual, political, and business group.

25

The Ownership

26 The company is structured as a sole proprietorship, but there are many allies to help form the
27 AARS Congress. They will work to produce viable solutions for lingering problems. They will
28 also produce solutions during honest AAIU Racism Dialogue. We should inform culprits of
29 racism, invasions, colonialism, slavery; and vile reconstruction, segregation, and integration;
30 with reflections in their system to maintain control; that they are liable. Consequently, only
31 reparations can repair the colossal damage from those epic assaults, which bestowed inequality
32 inciting national protest, which ignited the Civil Rights Movement (CRM).

33

The Management

34 The company is structured like a school so we can educate America on Black History, to show
35 their valuable contributions, creations, and inventions. Then we focus on (withheld slave wages
36 and crop profits), and patriotic sacrifices, to show how much they contributed to making America

1 the powerhouse she is today. In this process we also have to show how badly racism and slavery's
2 legacy has harmed them, and still causes problems, in order to reveal AARS as the solution.

3 **The Goals and Objectives**

4 The goal is to repair damage from deadly European invasions and colonialism in Africa, and
5 throughout the Diaspora, and lethal U.S. racism, slavery, lynching, reconstruction, segregation,
6 and integration. This should be done on a collective basis through the three models of
7 reparations, and an individual monetary settlement.

17

The AARS Product

18 The primary function of the company is four-fold. (1) To get emergency relief. (2) To get land
19 to build safe cities, (3) to provide healing, recovery, and transforming services, to help blacks
20 in these areas, and most importantly (4) to improve police and race relations. AARS is mainly
21 for blacks who are less fortunate, gang related, poorly educated, mentally ill, declining
22 physically, coming out of jail, having visions of • Africans jumping and being thrown overboard
23 of slave ships! • or huge intoxicated crowds gathered to cheer as they watch a violent lynching!
24 This *social and psychological oppression* stems from deeply rooted racism, so the people need
25 Black Unity, White and Jewish Truth and Reconciliation, and Calm Emotional Therapy.

26

The Target Market

27 The target market is Blacks in America, Africa, and every other place where they were enslaved
28 or exploited. Many people want to blame black people for the poor condition they are in, but the
29 fact of the matter is many people, and many groups are responsible for in depth and long-lasting
30 damage. (1) Some offered apologies, which should come with a monetary settlement, while (2)
31 others with compassion committed to economic development. Both should come in the form of
32 seed funds (\$5B), for the SEEG source to generate wealth for reparations immediately. We will
33 illustrate a path including photos of slavery, lynching, beatings, corporations which owe

1 restitution, the enormous adverse effects of the Willie Lynch Letter, Presidents Bush Sr. and Jr.,
2 the Rothchild's, and the Pope, to validate **the reparations debt.**

Sara Grudger, Age Unknown

9 George Washington owned slaves and he was not the only U.S. President who did, in
10 contradiction to the freedoms for which the colonists fought to defend. There were even some of
11 the former presidents who owned slaves, and had babies with our black women, so how could
12 they treat our people so badly! “My grandfather belonged to Thomas Jefferson.” **Fountain**
13 **Hughes** told an interviewer in 1949. He was 101 years old. “Wasn’t no schools. When they
14 started the little school, people that were slaves couldn’t many of them go to school ‘cept they
15 had a father and a mother. My father was dead. {{My mother was living and she had three or
16 four other little children. She had to put them all to work to help take care of the others. We
17 didn’t have no property. We didn’t have no home being slaves all of our lives. My father was a
18 slave, my mother was a slave, my brother was a slave, and my sisters were slaves. A dire life}}.

19 In their own words, black men and women remember slavery. They put a face on an institution
20 that is often objectified and dismissed as ancient history, but only by racist and those who
21 benefitted from abusing, enslaving, and exploiting black people. They do have a responsibility
22 to repair the damage they inflicted, so they avoid facing the crimes and violations, because of
23 the abstract guilt, and the debt is way up in the hundreds of trillions. That is why AARS is so
24 valuable. It relieves the culprits of their major debt, and provides the victims emergency relief.

25 “These Black Americans make the connection between the past, present, and the future in
26 “Remembering Slavery”: “African-Americans Talk about Their Personal Experiences of Slavery
27 and Emancipation.” An audiotape set with a companion book is now available in book stores. This
28 is not Black History. This is U.S. History. The Emancipation Proclamation **supposedly** freed
29 enslaved black men, women, and children only 159 years ago, in January of 1863, but they did not

1 get the news in Texas until two years later on June 19th in 1865. That is why we celebrate
2 Juneteenth on June 19th all across America.

3 {{In the 1930s and 40s workers from the Federal Writers' Project interviewed thousands of former
4 slaves, and preserved their recollections of bondage and misery; the Civil War, and, finally hopeful
5 yet elusive freedom via Emancipation}}. {{These elderly men and women, some centenarians,
6 recall childhoods on the plantations, of the brutality, and devastation of the old slave masters;
7 unbearable conditions working in fields, feeding stock, hunting food, then cooking and preparing
8 meals they couldn't eat; the unwarranted whippings, and other punishments, family members sold
9 away without even a goodbye, without any remorse, never to be seen again, and leaving with
10 absolutely nothing. Some even remember Yankees in blue uniforms and "the Colored Troops"}}.

11 This dramatic documentation is newly accessible in remastered audio recordings and transcripts
12 from the Works Progress Administration Arts Project. The recording was used in a recently
13 broadcasted public radio documentary for Smithsonian Productions, giving intimacy to a history
14 that many right-wing disgruntled Americans would rather forget. {{Our country's history of
15 slavery is available for those willing to look, listen, and learn; on the movie screen in Oprah
16 Winfrey's "Beloved", and in Alex Haley's Roots on CD. In the just completed PBS four-part
17 documentary Africans in America: "America's Journey Through Slavery." A companion book
18 to the PBS series, traces the saga through the eyes of slaves and enslavers, from the first arrival
19 of Africans in 1517 in large intentionally separated groups, chained like animals, on awful
20 smelling multi-level cargo slave ships, to be stripped butt naked and sold off of auction blocks}}.

21 Why remember slavery? It happened so long ago. No living American was either a slave or
22 slave owner, yet it will never be forgotten and never should be! The remnants of slavery affect
23 black people to the point to where they are suffering from debilitating mental disorders without
24 a clue. That is why some of them say and do things that are self-destructing. If you don't believe
25 me ask Arsenio Hall, Kanye West, and Kyrie Irving. They suffer from Temporary Insanity and
26 Post Traumatic Slave Syndrome (PTSS). They will never forget the lessons learned, so all blacks
27 should refrain from interviewing controversial figures, and making regrettable remarks forever.

28 The slavery era is a bitter period of our history, which holds answers and insights to an on-going
29 dilemma: America's unfinished business on African-American race relations, which requires
30 Black Reparations to facilitate justice and satisfaction for black folks, and positive race relations.

31 Slavery was an institution that took about a hundred years to plot. It lasted for thousands of years,
32 centuries, and generations; and it caused immense emotional and psychological damage. Those
33 who are guilty of abusing and enslaving black people are the culprits and perpetrators of activity
34 that caused the destruction of Africa, and the demise of black people. So, they should feel
35 obligated to repair those epochs, eras, and regional zones of damage. Just as black people should
36 feel like they are obligated to demand AARS, to commemorate their ancestors, and forefathers,
37 and get emergency monetary relief, land to build safe cities, and programs to repair vast damage.

10 **SPEECH BY WILLIE LYNCH IN 1712**

11 This Speech was Delivered by the Infamous British Slave Owner Willie Lynch on the Bank of
12 the James River in the Colony of Virginia in 1712.

13 Lynch was a Slave Owner as Others were engaged in the Trans-Atlantic, and Slavery in America
14

15 Gentlemen:

16 I greet you here on the bank of the James River in the year of our lord one thousand seven
17 hundred and twelve. First, I shall thank you, the gentlemen of the colony of Virginia for bringing
18 me here. I am here to help you solve some of your problems with your slaves. Your invitation
19 reached me on my modest plantation in the West Indies, where I have experimented with some
20 of the newest and still the oldest methods for the control of the slaves' mentality. Ancient Rome
21 would envy us if my programs were implemented back when they ruled. As our boat sailed south
22 on the James River, named after our illustrious King, whose version of the bible we cherish, that
23 they did modify to benefit Whites. ****Therefore, as a Christian, I say all Blacks should Study**
24 **Black Theology, to Learn how to Use the Bible for Independence, and Liberation Purposes.**

25
26 While Rome used chords of wood crosses for standing human bodies along its old highways in
27 great numbers, you are here using the tree, and the rope on too many occasions. I caught the
28 whiff of a dead slave hanging from a tree a couple of miles back, (Lynched in 1712). You are
29 not only losing valuable stock by hangings, you are having uprisings, slaves are running away,
30 your crops are sometimes left in the fields too long for maximum profit, you suffer occasional
31 fires, and your animals are killed too often. So, gentlemen you know what your problems are; I
32 do not need to elaborate, I am not here to enumerate your problems, I am here to introduce you
33 to a method of solving your problem's.

34
35 In my bag here, I have a foolproof method for controlling the slaves' mentality. I guarantee each
36 of you, that if instilled correctly; it will control your black slaves for at least 300 years. My

1 method is simple and any member of your family, or any slave master, or any slave overseer
2 should **apply constantly and rigorously**.

3
4 **{I have outlined a number of differences among the slaves, and I take those differences and**
5 **make them bigger}**. I use fear, distrust, and envy for control purposes. These methods have
6 worked on my modest plantation in the West Indies for decades, and it will work throughout the
7 South for centuries. **That is why African-Americans deserve repatriated land in the south.**
8 Take this little list of differences, and think about them. On the top of the list is “Age”, but it is
9 there only because it starts with the letter “A”, the second is “Color” or “Shade”, there is
10 intelligence, size, sexual abuse of men, women, and children, size of plantation, status on
11 plantation, displaying a dominant attitude as slave masters, whether the slaves live in the valley,
12 on a hill, East, West, North, or South, have fine or coarse hair, or are tall or short. **{Now that you**
13 **have a list of differences, expand them as an outline of action}**, but before that I shall assure you,
14 **distrust is stronger than trust, and envy is stronger than adulation, respect, or admiration.**

15
16 **The Black Slave after receiving this indoctrination shall carry on and will become self-**
17 **refueling, and encumber a propensity for self-decline and self-destruction for hundreds of**
18 **years.** Don't forget, you must pitch the old black vs. the young black. You must use the dark
19 skin slaves vs. the light skin slaves. You must use the female vs. the male. **You must also have**
20 **all your white servants, overseers, and masters distrust all blacks. But it is necessary that**
21 **your slaves trust and depend only on us. They must love, respect, and trust only us.**

22
23 Gentlemen, these kits are your keys to control, use them, have your wives and children use them,
24 never miss an opportunity. **My plan is guaranteed, and the good thing about this plan is that**
25 **if used intensely for one year, the slaves themselves will remain perpetually distrustful.**
26 **{There is a lot of work to do to dissolve the slave mentality, which is part of the repair process**
27 **in black reparations}**.

28 29 **The Bush's and the Rothschild's**

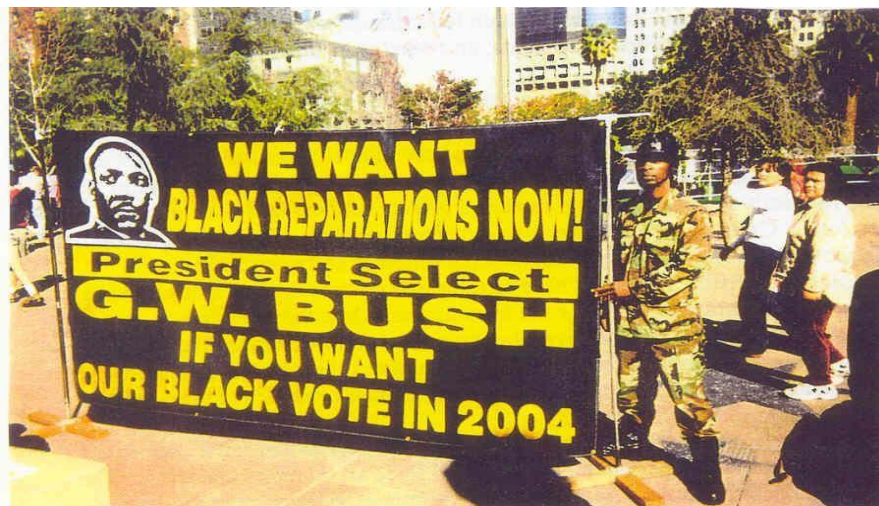

30
31 It is good for the government to consider providing reparations for black people. They're way past
32 long overdue and greatly needed. The key for blacks to win and control their reparations is
33 organizing most blacks in America to engage the AARS plan, to carry out national boycotting
34 against entities who enslaved or exploit blacks, and selective buying from companies who are fair
35 to blacks. That will force America to talk to blacks about inequality, and reparations focusing on
36 sovereignty. This will reduce and eventually eliminate police terrorism, discrimination, and
37 institutional racism. We will conduct similar activities in all businesses, entities, and sectors of
38 society, primarily with action going towards the three branches of government, and the police.

39
40 Bush Sr. had a large hand in drugs coming into inner-cities in America, by abusing his power as
41 president. The documented evidence of blacks losing lives, properties, monies, and their minds is
42 unbelievable! That caused a void in an entire generation of personal growth, family possessions,
43 and responsibilities. Bush Jr. also used unethical tactics to steal both elections, and acquired more

1 wealth in the oil business, by abusing his power as president, while we paid unbelievably high gas
2 prices all across the country. The pain and suffering this caused to African-Americans and Black
3 Communities all across America will never be forgotten!!

4
5 And it is public knowledge that the Rothschild's had a large hand in the Slave Trade for hundreds
6 of years!!! So, the Bush's, Rothchild's and all the other people and groups who are guilty of
7 enslaving and/or exploiting blacks, would show a sign of goodwill, if they would accept their duty
8 to repair the victims of the previous transgressions, by Rothchild's settling for \$1T, and Bush \$1B.

9
10 With all the damage, the masses should work beside the AAIU and the AARS Congress to have
11 effective national boycott programs, and rewarding national selective buying programs. We have
12 the **collective power** to enrich companies that treat blacks fair, while simultaneously hurting
13 companies who have benefitted from slavery, and refuse to treat blacks fair, with **national action**.
14 But we need direction from the AARS Congress, to unite the Black Family in America, to conduct
15 effective boycotts and buying programs, because of poor conditions and broken promises.

1 **Pricing Strategy**

2 The pricing approach is to use the companies which the SEEG identified, to generate wealth, hire
3 the Army Corps of Engineers, and Black and Certified Unions to build elite safe cities. They also
4 teach our youth to build and maintain elite cities. We ask the military to build small strong bases
5 at our cities, train our youth to become the military police for our cities, and leave some strong
6 soldiers behind to patrol with our people they train to protect our cities and our indigenous citizens.
7 Then we hire experienced professionals to provide job training and financial services, and
8 individual clinical, emotional, rehabilitative, social, and therapeutical diagnostics and treatments.

9 **The Competitors**

10 There are no competitors. We are simply using this AARS plan as the base plan to unite most
11 reparations activists and groups, to provide leadership to implement the moving parts we
12 developed for AARS, and will create more programs through the AARS Congress, to help repair,
13 transform, rebuild, and protect blacks for racial stability and uplifting.

14 **The Company**

15 **Business Sector**

16 The owner and partners would like to start businesses in the following vocations;

17 Spirituality Economics Education and Infrastructure:

18 It is important to note reparations mean three fundamental points to repair the Black Family. (1)
19 To ask all blacks to make and keep God first in their lives. (2) To ask all non-blacks to stop hurting,
20 and to start treating all blacks fair. Then, (3) to ask most blacks to prepare for sovereignty by
21 learning they are indigenous to this land, and deserve sovereign land, along with the rights and
22 privileges of indigenous people. They should start by forming their own government, and writing
23 their own laws. Emphasizing working towards top mental and physical health starting on 12-1-21,
24 so they are prepared to receive their reparations by 3-1-23. That will position them to utilize AARS
25 programs and services most effectively, for healing, repairing, transforming, and spending and
26 saving money wisely.

27 **Company History**

28 The AAIU has held conferences and meetings at various venues including Mt. Tabor Baptist
29 Church, and the Afiba Center in LA, at Mt. Saini Baptist Church in North Carolina, and at UCLA
30 in Westwood. Now you can schedule a time with Brotha Pruitt to do a 1–2-hour radio or internet
31 program to discuss details of AARS, and to promote and push for AARS reparations. We always
32 welcome people of all races, and insist that they share info to identify problems created by racism,
33 along with practical sustainable solutions.

34 **Ownership Background - Brotha Pruitt (owner):**

35 As a retired pro basketball player, black historian, social scientist, and navy supporter, I have a
36 wide range of knowledge to produce programs to heal and repair blacks, and to improve all police

1 and race relations. **Dissolving racism and improving police relations is the change that will**
2 **make America a much better place.** We look to implement AARS to move in that direction.

3 Company Management Structure
4 The Company is structured so that we get people from all races and professions, pushing for
5 reparations to work beside them to help form the AARS Congress, to direct reparations programs,
6 conduct national boycotts against racist companies, and use selective buying to enrich companies
7 whom show compassion to African-Americans, and whom respect and treat black people fair.

8 Organizational Timeline

9 The AARS Plan will unfold in 5-year, 50-year, and 200-year programs and services. The amount
10 of time it will take to build elite safe repatriated and sovereign cities, and provide healing and
11 recovery services, to vent and transform their slave mentality. Blacks should prepare for
12 reparations now by self-assessment for self-actualization, to get in top mental and physical shape,
13 to become the best person possible in preparation to receive reparations, and to move towards
14 self-esteem, and unconditional love and unity for and among all blacks, minus the sell outs.

15 Company Assets

16 The company assets are irrelevant because we identified a funding source to generate wealth. The
17 source needs seed funding from people who can pass a background and diligence process
18 including filling out a long 20-30 form, for compliance, after opening a new \$100M, \$500M, \$1B,
19 \$2B, or (\$5B) cash account at a major bank. We are asking a prominent law firm, and financial
20 wizard Warren Buffet to participate in diligence. We may let them appoint two of three signatories
21 required on the AARS Account, to prevent any attempts in illegalities, unethical practices, or
22 mismanaging funds. The 3rd person is also a person everyone can trust. The SEEG can have funds
23 ready next year, from the first of four 50-year terms, and many clients to generate the total \$650
24 Trillion, to fund AARS. The Equity Restorative Justice (ERJ) settlement was at \$67T. New facts
25 forced us to revise from ERJ to Demanding Full Redress (DFR), of \$650T, which includes a
26 personal emergency relief payment of \$100k for all blacks 18 and older, in the U.S. on 3-1-23.
27 All blacks will receive the payments up to \$2M. We also give \$2M to all Black Families abroad.

28 Product Patents

29 The company owns the rights to the African-American Reparations/Sovereignty (AARS) Global
30 Black Reparations Plan. The AARS KRP Letter, the AARS Outline, the AARS PowerPoint
31 Presentation, the AARS Memo and Bullet Points, the AARS Major Parts I, II, III, and IV, and
32 there is an endorsement form for everyone over 18, and a refusal form for blacks 18 and over.

33 Future Products

1 The programs and services we provide will be unlimited. We have many programs now to help
2 repair the damage inflicted over the last 500 years in America, and for the last 2000 years globally.
3 However, it is going to take many more programs to repair all the emotional, family, financial,
4 and social problems, which we identified. We provide many and various programs, to repair
5 blacks back to their spiritual, peaceful, safe, and productive status they were in, prior to slavery.

6 Marketing Plan

7 Established Customers

8 The customers of our company are easily noticed by the beautiful complexions and tones, of their
9 **light** to **dark** colors of their skin. We are pressing for blacks to get reparations and to learn to
10 produce all products required, needed, and desired for good living in two reparations models,
11 repatriation and sovereignty; instead of spending it foolishly, or with others. The money should
12 stay in the Black Family. Blacks should build infrastructures and cities; produce food; design
13 homes, cars, and clothes; provide light, water and power; and produce appliances (like TVs),
14 electrical devices (like motors), and electronic devices (like computers). We should get
15 reparations and become producers of all products to keep the money in our family. Just as
16 important; we are pressing for blacks to do like Malcolm X said, “Some Serious House Cleaning”.

17 Budget

18 The financial strategy of the company is to utilize the SEEG funding source to raise the \$650
19 Trillion, and for the AAIU to recruit professionals from all races and professions, to create the
20 AARS Congress, (the Budget Administrators), who will identify problems with 5-year case
21 studies on all companies, systems, and institutions affecting blacks in America. This should be in
22 operations to create and identify sound and viable solutions including mental wellness programs.

23 Advertising

24 Many people have debated reparations for blacks in America many times since slavery. The fact
25 of that matter is blacks never should have been forcefully taken from Africa for slavery, financial,
26 and deviant reasons, which in the process destroyed their country, culture, race status, and
27 emotional stability. So, blacks should have received reparations right after slavery. However,
28 more problems always arise during the debates because the debt is so high, and they lack proper
29 guidance. The talks usually end prematurely, are intentionally misled, or have people hosting the
30 debates, who are not knowledgeable of **reparations**, as it relates to generations of **Black Suffrage**,
31 and they want to diminish the range and depths of damage blacks endured. So, they are not
32 qualified, and they minimize the harm and trauma of unjustified killings, to the souls of black
33 folks. They neglect bad social conditions of victims of racism, who have been crying out for help
34 since emancipation, and who are descendants of slaves. {{Thus, African-Americans need
35 reparations now to repair generations of damage, and to build trust to improve police and race
36 relations}}. The advertising consists of promoting the AAIU website <https://aaiuendracism.org>

1 and the KRP, ad campaigns, broadcasting, emails, local and major newspapers, pod casts, social
2 media outlets, and zoom calls.

3 **AARS Congress Analysis**

4 **Staffing and Operations**

5 The AARS Congress will consist of 200 activists and professionals, from reparations groups, and
6 from all races and professions, and scholars with a track record of helping black people. We ask
7 people from certain entities, institutions, and systems, like housing, education, employment, and
8 health care, which we know need improvement, to join the AARS Congress. We should create
9 this group because there are no credentials, rules, or regulations for a reparation's business or
10 company. **We need those with knowledge of reparations, those who are protesting, and those
11 who are working in groups to endorse or produce a reparations plan, to consider helping us
12 to form, and joining the AARS Congress, to implement the AARS Plan.**

13 The AARS Congress will facilitate reparations by creating and offering 5-year programs based on
14 findings from 5-year studies, on entities listed above, and the following list of areas to examine.
15 We also realize there will be a great need for many more programs after providing those for the
16 same ideals and rights, which we fought for, but failed to gain back in the Civil Rights Movement.
17 Then we produce programs in the areas of spiritual growth, conflict resolution, cultural recovery,
18 and social and economic parity, which are reparative measures. We will create and implement
19 action programs to strive for black pride and unity, an end to black-on-black crime, and to work
20 towards racial harmony with all others.

21 Racism is still without question the most dominant and powerful social force in America, and the
22 world. It determines where we are born, how we are raised, how we are treated, where we worship,
23 where we go to school, where we work, where we play, and where we are buried. This
24 overwhelming negative social phenomenon called racism, has caused damage for periods of 500-
25 2000 years, and will not change without 5-year case studies on all the companies, institutions,
26 systems, and entities, which provide the programs and services, which blacks need to grow up
27 healthy, proficiently, and safe in integration. This will come automatically in repatriated and
28 sovereign cities.

29 I will have a top black and white law enforcement officials and politicians on the AARS Congress.
30 They will direct programs to optimize to stop rampant police killings, and to improve police and
31 race relations. We will also have a person or group in the AARS Congress representing the best
32 interest of Africans abroad, to get their agreements from native leaders throughout the Diaspora,
33 to inform us of their customs, so we arrive without disrespecting them, and having a sense of
34 belonging. **{{This will boost the will in the Black Family for national and global unity}}**. I will
35 have a group of Pastors on the AARS Congress to provide guidance for healing, rites of passage,

1 and spirituality via renewal and maintenance programs. In AARS we provide repair and restore
2 programs; emergency relief; and we improve integration, expand repatriation, and create
3 sovereignty. We also provide social programs to improve police and race relations; which will
4 work to repair damage, and delegate peace and collective progress for descendants of slaves.

6 **The African-American** 7 **Reparations/Sovereignty (AARS) Plan** 8 **in Equity Restorative Justice (ERJ) Terms**

9 **The Focus is a Black Plebiscite Vote (PV)**
10 **to (1) Claim an Injured & Indigenous**
11 **Status, (2) Endorse AARS & (3) Claim 1**
12 **of 3 Reparations Models for Residence**

13
14
15 **AARS is Fairness Justice & Satisfaction for Black People**
16 **and Racial Reconciliation with all Nations & Races**

17
18 It is critical for all blacks to know the government is considering providing reparations, because
19 they are liable for massive damage including slavery and segregation. Blacks are always kept in
20 the dark when it comes to political activity that will affect their people. They should not let this
21 happen with reparations. They should vote on a reparations plan, then have a 2nd Civil Rights
22 Movement (CRM) to let the government, their people, and everyone else know what they want
23 and demand for reparations. They should want to produce, claim, and work their own redress plan.

24 Reparations are meant to repair damage done to a group or a race of people. The U.S. government
25 has given others reparations for much less damage than blacks encountered, and we all know that

1 is not fair. So, blacks should claim AARS to unite around, then engage the 2nd CRM, with that
2 plan they claim, as their goal in the 2nd CRM struggle. This will put pressure on the government
3 and other guilty parties, to make it a priority, and to move with a sense of urgency; to pay
4 reparations to blacks by 2023, by generating wealth with SEEG Marshall Plan Programs ASAP.

5 The Black Plebiscite Vote (PV) will ease complexities in claiming a group status, AARS, and 1 of
6 3 reparations models to reside. African-Americans need the money ASAP, but they should be just
7 as concerned with repairing generations of damage, as they are with getting the money.
8 Henceforth, they need the money, along with a comprehensive plan. Reparations should unfold to
9 help all 50 million blacks in America by utilizing the 3 models of reparations for individual and
10 collective compensation. AARS will also help all Black Families outside of America.

11 **Improving Integration:** Explained on the next article AARS Part IV

12 **Expanding Repatriation:** “ “

13 **Creating Sovereignty:** “ ”

14 **Massive Damage:** “ ”

15 **Self-Destruction and Black on Black Crime:** African-Americans developed a self-destructive
16 and divisive slave mentality after 200 years of the Willie Lynch Indoctrination. They have a desire
17 to unite but obvious and hidden barriers prevent all efforts. They should use AARS for another
18 attempt at true unity, but first make it mandatory to expose all sell outs. Blacks would do
19 themselves a world of good if they would put an extra effort into recognizing that the Lynch
20 Indoctrination taught and molded them to hate and distrust one another, and that is why it is so
21 hard to unite blacks, in order to solve crucial and lingering problems, and prepare for the 2nd CRM.

22 This slave mentality has blacks so twisted and confused until there are even some places in Africa
23 and throughout the Diaspora, where older blacks are telling younger blacks not to interact with
24 blacks in America. Young blacks in those areas are coming to realize that this is deepening and
25 extending divisions among our people. Even worse blacks in America have become accustomed
26 to hating, distrusting, and deceiving one another, by taking on their slave masters' mentality. Black
27 people should claim AARS to identify and create programs to slowly dissolve the slave mentality.
28 This mind has blacks trapped in **deadly black on black** crime, so we must engage **transforming**.

29 **Guilty Parties:** The Roman Catholic Church; 7 European Nations; The Jews; 17 U.S.
30 Corporations; Most U.S. Institutions, and Systems, and the Bush's and Rothschild's. They all are
31 liable for murder and eras of theft. In truth and reconciliation when combined they all owe blacks
32 trillions of dollars for past and present transgressions, which were and are described as “In Black
33 Suffrage” and “Crimes Against Humanity”. Now it will be a big mistake for blacks to take money
34 without a plan, because African-Americans like others have a tendency to celebrate when they get
35 money, or good news, and on holidays. However, we know evil people are working in secret right
36 now to try to give blacks reparations money with no plan. Therefore, we produced the AARS Plan.

1 They want to give blacks reparations with no future plan, because they want to give blacks
2 reparations with conditions, limitations, and strings attached, which is all bad, and will work to
3 have blacks in a worse condition in five years, than they are in now. This is a well-known problem
4 that exists in a pattern, when it comes to representation for black people. We know the government
5 has a history of using blacks (sell-outs), and non-blacks (racist) to prevent black unity, and
6 collective movement. They want to issue orders to downplay and prevent the 2nd CRM. We should
7 offset that demonic activity by claiming and endorsing AARS, that includes emergency relief next
8 year, along with a plan to repair the vast damage via programs and services. **{{Guilty groups owe**
9 **us money, land, an apology, and a promise that colonialism and slavery will never happen again}}**.

10 **Full Restitution:**

11 A profound statement like the World's Economy and America were built on the backs of black
12 slaves, indicates blacks should own most of both entities, so we keep this in mind to claim AARS.

13 **A Call to Review the Individual Monetary Settlement for Blacks via Reparations Payments**
14 **In a Reply to Mexicans Lobbying for 450k for All Family Member Hurt by Trumps Policy**

15 Blacks are victims of extreme and extensive damage, so they need reparations immediately! To
16 expedite getting reparations they were going to settle for less than the debt owed in Equity
17 Restorative Justice (ERJ), but they have waited too long, have lingering issues, new problems, and
18 immense damage to repair. So, if the government continues to disrespect, insult, and deny blacks
19 of justice when it comes to reparations, we must prepare for national action to demand full redress
20 (DFR) via AARS. AARS is a comprehensive, thorough, and complete plan, with personal payouts.

21 The most recent insult and insane act towards blacks from the government is them just mentioning
22 reparations to Mexicans, for being temporarily separated from their families, during the Trump
23 administration. That is a very harsh and very serious insult because the Black Family was
24 permanently displaced, separated, deculturated, transformed, then indoctrinated for slavery!! Now,
25 if the government contemplates paying each Mexican 450k for a new crisis, let us review a formula
26 for each black person to receive a monetary settlement for historical crimes of \$2M.

27 First, we must factor in lingering effects to the mentality of blacks from colonialism and
28 subjugation, and suppressed anxiety from racism, the Middle Passage, slavery, lynching, and
29 segregation. Then we must factor in severe emotional trauma and acute psychological abuse, from
30 Post Traumatic Slave Syndrome to Unjust Police and Supremacists Killings. Then we must
31 decipher variables from exclusion and losses in education, employment, finance, health care,
32 housing, and loans. Then we reflect on assaults and imagery from the Civil Rights Movement,
33 including racial attacks at Peaceful Protests, at Freedom Rides, Marches, Sit Ins, and Vigils. The
34 culmination of all of the vicious hate crimes caused blacks to usurp a deadly spiritual decline, and
35 divisions, so blacks need their own land, free from all the hostility for spiritual recovery and unity.

36 This plane of angles and magnitude of historical crimes, converts to a tabled mathematical equation
37 utilizing aggregate algorithms. They scaled each black person to receive \$2M; that is $50M \times 2M =$
38 $\$100T$, for individual payouts to blacks in America, which they should receive in 100k increments.
39 So, blacks should demand \$2M each, for past and present crimes, and for just hearing they want

1 to give Mexicans 450k each for reparations, for a minor family crisis, as they deny blacks
2 reparations for major family crimes. That is causing **most** blacks to suffer in dire and deep
3 emotional frustration. Partly for just hearing the government is pondering redress for Mexicans,
4 but mainly for delaying and denying blacks restitution. The government should help black people
5 before any others, because it's a historical debt, that all honest people know should be paid ASAP.

6 **{{If the government wants to continue to insult blacks and delay us from getting our reparations,**
7 **we should go into national action by planning** for the 2nd Black National Political Convention,
8 then the 2nd Million Man March, that rolls into the 2nd Civil Rights Movement, to apply pressure
9 for blacks to get AARS reparations immediately**}}**. Our due date for the government to award black
10 reparations is 12-26-22, because we vote in February of 23, and we should have gotten reparations
11 right after slavery, so reparations are way past long overdue!!! If the government still refuses
12 reparations by then, we start planning for national action, because we know reparations are way
13 past long overdue!!! We start planning for this **5 consecutive-year-long-serious-national, and**
14 **international-action-campaign on 12-27-22, if we don't reach an agreement by 12-26-22.**

15 **AARS Reparations Programs and Services:**

16 Spirituality renewal and maintenance services, and land, are key components African-Americans
17 need in a complete plan, to lament over loss of lives, economics and finances, and properties; to
18 heal internally; to restore valuable cultural losses; to repair extreme, vast, and severe damage and
19 injuries; and to declare collective autonomy. The AARS plan covers all these concessions, and the
20 AARS Congress will identify and produce programs for implementation.

21 Blacks in America should have their PV during Black History Month of 2023 to find how many
22 prefer to live in each model. We explain the differences in the three models on Part IV. So, blacks
23 needed \$62 Trillion for the three models and personal relief, plus \$5 Trillion for emergency and
24 unexpected cost (\$67T), to design programs to improve integration, and to build elite safe cities.
25 That was an ERJ settlement. Now we are demanding full redress (DFR) of \$200T for all blacks in
26 America and sovereign land, and \$450T for all blacks outside the U.S., and sovereign land.

27 With AARS we ask the government to designate (40 areas); of 40 square miles of land; symbolic
28 to 40 acres and a mule; as the land part of reparations for blacks in America; so, they can build
29 their own elite and safe repatriated and sovereign cities. Blacks need their own land because others
30 received land for much less damage and encroachment, and the police and supremacists kill them
31 way too often, so **black people definitely need their own sovereign land, at home and abroad.**

32 Now they have the ability, networks, and skills to build their own new elite and safe cities. So, in
33 the spirit of goodwill let them become sovereign to build their own elite safe cities, and remove
34 themselves from harm and fatality in integration. There are blacks who have proposals for virtually
35 all ares of building, business, producing food and products, and repairing damage. They can plan
36 to fund and utilize all of them with AARS next year. Blacks can also get programs to learn how to
37 become producers of all products to serve their needs, and producers of products in great demand,
38 to engage in local, national, and international commerce, to buy and sell top line products.

1 All places of worship, spiritual entities, and concerned citizens should partake in implementing
2 programs, to raise all expectations and standards for all youth in America, **to become race**
3 **sensitive people**. Those AAIU programs which will be implemented by the AARS Congress, are
4 key to changing our socialization patterns with all youth in America, on race relations, from hostile
5 and secluded, to amenable and sociable. Racism is a learned attitude and behavior, so, if adults
6 start teaching their children to be race sensitive by respecting other races, instead of being race
7 haters to hate other races, all youth will grow up to be friendly to other races. Our youth should
8 grow up to become respectable, tax paying, peaceful members in society, instead of violent gun
9 toting war mongers. This is another great benefit and strong reason to claim and endorse AARS.

10
11 The AARS Congress will implement educational programs to facilitate black pride and unity, to
12 improve police and race relations, and to limit celebrating, in order to utilize reparations wisely. It
13 is time for everyone to give blacks respect, and stop unjustly harassing & killing them like animals.

AARS Part IV

The Complete and Comprehensive AARS Global Black Reparations Plan in Demanding Full Redress (DFR) Terms

AARS can Lead to Justice for Blacks & Global Racial Harmony
So China & Colonizers should Leave Africa & Stop Racism like
Stealing Resources & Secret Experiments to Create Viruses

**AARS is Fairness Justice & Satisfaction for Black People
and Racial Reconciliation with all Nations & Races**

24
25 **God's Genesis:** We start and finalize AARS with God to mandate reparations for black people. In
26 2nd Samuel vs. 10, it says, {"Moreover I will appoint a place for my people Israel, and will plant
27 them, that they may dwell in a place of their own, and move no more; neither shall the children of
28 wickedness afflict them anymore, as beforetime"}. Black people can relate because they need their
29 own land to live on in peace, without the wicked long-lasting afflictions of racism, as in pastimes.

1 **Black people need God's guiding light to stay on the course of repair**, to heal, and never divert
2 back to their poor conditions, as of today, when they get their own prime repatriated and sovereign
3 land, in America and abroad. The great attorney Alexander J. Pires said, we should tell the story
4 from antiquity to present, to show America the afflictions and problems caused by racism,
5 invasions, colonialism, slavery, and segregation. These tragic periods convey major obstacles, and
6 perpetuate emotional and social problems, so they need reparations to repair that massive damage.

7 {Therefore, we expose true Black History to prove Africa is the Cradle of Civilization, and blacks
8 are the original people, so that everyone and especially the police, knows they deserve much
9 respect, and to stop the daily harassment and unjust killings}! Redress invasions and captivity of
10 Africa, via grand land and resource theft, and enslaving black people. Then barriers and injuries
11 caused by subjugation. Then their deeply subdued psychological damage induced by a divisive
12 Willie Lynch Letter, and historical oppression. Then the desperate need to repair and rebuild Africa
13 and black people. We finish with Pastors', for healing and repairing for the next four 50-year terms.

14 **Black History:** Learning the true history of the world would provide a clear understanding of the
15 many different contributions, that came from various cultures and peoples around the world. A
16 terrible part of history (racism), that needs adjusting, is why European scholars have elevated their
17 culture, while belittling and diminishing others. {{Let us reveal the African culture and pay tribute
18 to their awesome achievements in technology and math, which led to establishing and maintaining
19 classical African infrastructure}}. Then try to understand the exceptional manner in which they
20 governed their affairs, and the significance of their impact on the advancement of their civilization,
21 and most other cultures around the world. {{The great ancient African civilizations consisted of
22 knowledge and wisdom that was so powerful, that it provided diagrams for most of the wonders
23 of the world, and also the foundations for society as we know it today}}! These great civilizations
24 produced great African Kings such as Akhenaton, the world's greatest social reformer of all time.

25 According to Dr. Leaky, the European paleontologist, Africa is the birthplace of all of humanity.
26 According to Mendel, the European scientist who proved dark genes are dominant, and light genes
27 are recessive, Africans are the original people, and parents of all human beings. According to the
28 Honorable Elijah Muhammad, the African prophet who brought self-esteem to millions of blacks
29 in America, blacks are the original people, and have been here for trillions of years. {{The original
30 people were created in God's image, and as God's chosen people, he gave them knowledge to
31 create and advance the arts and sciences, including concepts of language, time, travel, trade, and
32 royal construction}}. The original people were very dark black folks. They called the land where
33 they lived the home of the burnt and dark-skinned people. Known as Kemet among the scholars.

34 **Racism & Damage & DFR:** Due to centuries of ¹{lies and deceit}, the myth says damage started
35 in 1619 when the slave crop production era began, and that the damage took place over the last
36 400 years. Neither of those myths are true. The damage actually started before the European
37 Invasions began in 332 B.C., because it takes at least 75 years (407 B.C.) to plot chaos and murders
38 for resources, slave labor, and deviant sex. They created a supremacist theory that took effect after

1 centuries of building it in terrorism and mass murders, that became racism/white supremacy, to
2 subjugate native people, and steal their resources. They actually plotted to persuade their peoples
3 to carry out such evil atrocities. They decided to colonize and deplete Africa after finding its' a
4 good strategic location, has valuable resources, good weather, and billions of blacks to abuse and
5 enslave. They stole more than \$600T worth of resources, and still captivate and steal from Africa
6 today! They murdered more than 600 million black people, and constantly raped the women, until
7 they lightened their races color!! So, blacks should claim reparations for more than 2000 years!!!

8 The ²{truth} is the Pope noticed that 7 European nations were fighting over African land,
9 resources, and billions of blacks to colonize, vandalize, mistreat, and murder. In order to stop the
10 fighting, he suggested partitioning Africa into 7 territories where resources flourished on the
11 superior continent, so each nation could continue dehumanizing and stealing from black people.
12 This was plotting the destruction of Africa for the benefit of all of those guilty of crimes of slavery,
13 profiting from capturing and exploiting Africa, and terrorizing and enslaving black people. That
14 occurred in Africa, the Diaspora, and in the Trans-Atlantic Slave Trade. Now abuse spreads and
15 exists in America and globally! This plotting era took place from 250 A.D. until 325 A.D., when
16 they made the partitioning official. Africa and black people suffered great damage during these
17 plotting eras. So, blacks encountered massive damage from 407 B.C., until the 1906 massacre in
18 ATL, up to the 2021 world wide pandemic, caused by viruses created by man, spreading more
19 rapidly among blacks; thus, echoing the call blacks should claim reparations for over 2000 years!!

20 In AARS we were going to seek an Equity Restorative Justice (ERJ) settlement of \$67T. In ERJ
21 victims settle for less than they are owed, but they demand ample resources to repair the damage
22 done to their people at home and abroad. Since the government is considering benefits for others;
23 especially 450k as reparations for Mexicans; Blacks are delayed, passed up, and denied again;
24 extending deep mental frustration; so, they Demand Full Redress (DFR) now! In DFR we should
25 claim reparations for over 2000 years, but we know that exceeds \$800T, so we defer in terms to
26 recalculate for the AARS plan, with individual and family payouts, to yield a composite number.

27 The strong part of AARS is we generate the wealth ourselves; so, we really could produce \$800T,
28 or any amount, though it may take five 50-year terms. Note, we talk about generating wealth later,
29 so let's talk about a number relevant to the damage over the last 500 years, in terms of DFR, now.

30 Therefore, we will still claim damages in DFR over the last 500 years, but include more areas of
31 damage, instead of omitting some like we did for ERJ. Since the 1st invasions began in 332 BC,
32 we have to mention guilty parties pillaged Africa for more than 2000 years!! Then we overlap into
33 the worst era of slavery in America from 1517-1619, when Africans were forced to clear the land
34 in the south without heavy industrial machinery. The mixture of this explosive era, and the harmful
35 effects of the Willie Lynch Letter, are the reasons why blacks have earned and deserve repatriated
36 land in the south. That requires 8 southern states, to set 40 square miles (40 mi²) of prime land
37 aside, for the repatriation model. We are also demanding the government to designate 32 other
38 states with large black populations, to set areas of 40 mi² of prime land aside, for the sovereign

1 model. The government should stipulate that this repatriated and sovereign land can never be taken
2 away from blacks; for eminent domain, any necessity, or any other reason that they ever conceive!

3 The AAIU says blacks should have been awarded reparations right after slavery! and that there is
4 no way, that any others should have ever received reparations, before Africa, and all black people!!
5 Note: damage, death, and destruction amassed is from 407 B.C. plotting - 2021 viruses created!!!
6 So, they should not deny blacks reparations any longer. They should ratify AARS immediately!!!!

7 On the AAIU examination, of their 40-year-old study on Africa and black people they uncovered
8 cycles of family, financial, and social problems; along with the induction of severe emotional and
9 psychological damage; Blacks were hurt tremendously economically and socially by being denied
10 a proper education; {they suffer from mental anguish because of constant harassment and wrongful
11 deaths, as others are offered benefits and reparations for much less harm}; they suffer from thinking
12 debilities because of exclusion and repression; they suffer from a lack of representation because
13 they are divided in various groups, which perceive theirs is best; they suffer from effects of these
14 divisions because it prevents solidarity, and collective movement; so blacks should engage
15 programs to diffuse and transform that divisive slave mentality; {they suffer from medical and
16 science field corruption creating viruses to engage population control, then selling vaccines prior
17 to finishing clinical trials, to make billions!!}; they suffer from a racist socialization which has
18 caused and is mounting immense yet calculatable abstract, concrete, and transitional damage. By
19 identifying factors and variables of categorical danger in phases of assaults for land, resources,
20 and forced foul sex for centuries; we adjust an algorithm of corporate seizure, and measure it
21 through a matrix and matrices of systems, operating in quantitative analysis, quadratic functions,
22 and linear equations, to ascertain, adjust, and produce the statistical computational figure.

23 **We also include 2 Profound Facts, “The World’s Economy & America were Built on the Backs of**
24 **Black Slaves”, and Suppressed Emotional Trauma is causing Blacks to Develop Mental Disorders!**

25 We thank the Pope for telling Christians to apologize to Africans for Slavery, and the World
26 Council of Churches for telling the U.S., Arabs, 7 European Nations, Jews, and all the other guilty
27 groups to pay Reparations to Africa, and all black people. Apologies should come with cash to
28 generate wealth. We suggest **(1)** \$50T from each of the 27 entities for reparations that they each
29 owe, or **(2)** for all 27 groups to send \$500B to the **AARS Hedge Fund**, to build safe cities at home
30 and abroad, and for personal relief! **Note: to expedite the process we don’t need \$50T, or \$30T;**
31 **just \$500B from each of the 27 groups to the Reparations Hedge Fund**, to help serve our
32 purpose to rebuild our motherland, and provide help for our extended family. Then we negotiate
33 an ERJ settlement for our Global Black Family in those areas, like \$2M per family, since the cost
34 of living is much lower, and the number of blacks are much higher. That is how and why we
35 calculated and determined **\$450 Trillion** is sufficient for blacks in Africa, and outside of America.

36 {The \$10Z debt on page four derives from coagulating paradigms converting social constructs and
37 phenomena, suffusing anomalies and concepts in logics, hypothesis, physics, sciences and theories
38 which translate from archeology, to paleontology, to hieroglyphics, and are invariably applicable}.

1 **By assessing damage over the last 500 years in the U.S.**, including areas we left out for ERJ
2 purposes, we verified \$200 Trillion is a DFR settlement. We show **the reparations debt** for being
3 chained and captured; fueling cruelty and brutality and unjust corporate, entity, family, U.S.,
4 Arabs, Jews, and 7 nations unjust enrichment for centuries; recalling slaughters on Slave Ports in
5 Africa like Goree Island; murders in Africa and globally for centuries; lying to, tricking, and
6 stealing Africans by force for slavery; linked crimes of displacement; deculturalization; horrors of
7 the middle passage; major negative effects of the Willie Lynch Letter; {centuries of slave breaking
8 colonies; inhumane chattel slavery, withheld slave labor wealth, and withheld wealth from crops};
9 deception, deceit, propaganda, and stereotypes; total black town attacks; reckless unjust fatalities;
10 **stolen** inventions and contributions advancing civilizations; their deposed noble legacy; hundreds
11 of trillions stolen out of Africa via elements and resources; and historical pain and suffering from
12 rapes, and assaults to terrorize blacks; was closely vetted and logically computed at **\$200 Trillion!**

13 In AARS we use all 3 models of reparations for the collective for all 50 million blacks in the U.S.,
14 with an individual settlement, with a priority on Poor Blacks, HBCU's, and Black Institutions. The
15 three models of reparations are (1) Improving Integration, (2) Expanding Repatriation, and (3)
16 Creating Sovereignty. We need **\$89 Trillion** for programs to improve, expand, and create each
17 model, with **\$100 Trillion** for individual relief, plus **\$11 Trillion** for hazards and unexpected costs,
18 **(that is \$200 Trillion, a DFR settlement)**, as we {prepare for sovereignty with programs}. Yes,
19 blacks still get emergency individual relief if they deny sovereignty, and the option to study and
20 {engage various cultural and social programs to transform, or remain stable}, for healing purposes,
21 and for healthy and productive living. In AARS we produce and seek ways to create and find jobs.

22 In AARS we get the government to designate two areas of 40 mi² of land for 2M blacks, symbolic
23 to 40 acres and a mule. Manhattan is 33.77 mi² with 1.63 million people, so 40 mi² areas are good
24 for 40 black land settlements. We ask the Army Engineers, Black Professionals, and Certified
25 Unions to connect to build, and train our youth to build and maintain our cities. We get the military
26 to build a small strong base at our cities, and train our people to become the military police for our
27 cities. We get the military to leave some strong soldiers behind who will help to build the bases, to
28 **patrol** with our strong black people they train, to keep our cities and indigenous citizens safe. The
29 pay is \$4,000.00 a month for blacks 18-34, and \$8,000.00 a month for blacks 35-54. The Army
30 Engineers, Black Pros, Certified Unions, and Military Workers will get a \$3000.00 a month bonus.
31 We get experienced professionals for clinical, emotional, rehabilitative, social, therapeutical, and
32 financial services. This will prepare blacks to heal, limit celebrating, and utilize reparations wisely.
33 Let's show the repair process for blacks. They get emergency relief, repair the damage, and prepare
34 for a peaceful, productive, progressive, and safe future via AARS. Blacks should not continue to
35 be victims of institutional and systematic racism, nor unjustifiable police killings! It is very sad!!
36 Expressly in others getting reparations, without the deaths, damages, losses, injuries and sacrifices.

37 Recently, President Joe Biden even stated we should have a federal commission to study black
38 reparations. But his actions seem to avoid, delay, and even deny redress. So, blacks should claim
39 AARS, by preparing for **(I) national action**. That action is planning for the 2nd National Black

1 Political Convention, then the 2nd Million Man March, to propel the 2nd Civil Rights Movement,
2 to demand ratifying AARS; ASAP. We put pressure on the government and all guilty groups with
3 a collective demand for AARS. In view of Biden’s statement, Senator Steven Bradford was asked
4 to endorse or produce a Black Reparations Plan. So, we should **(II) blitz him with calls and emails**
5 to let him know blacks want AARS for reparations. We put pressure on him, to make sure he goes
6 through the process to have AARS ratified ASAP, for our U.S., and Global Black Family.

7 Fortunately, we can save them a lot of time because after 40 years of research we produced this
8 African-American Reparations/Sovereignty (AARS) Plan. The focus is sovereignty to get blacks
9 their own land, like others with districts and reservations. AARS shows how reparations should
10 unfold to get justice for blacks, and as a healing source for the races. **The advantage of claiming**
11 **AARS is we get a strong plan, and we generate our own wealth**, so we don’t settle for less than
12 we need, which others will secretly try to negotiate to avoid their debt, and to keep blacks down.

13 **Examining the Plebiscite Vote (PV):** The PV is meant to let everyone know blacks are indigenous
14 to this land, as relatives of the Great Ancient Black African Olmecs, who were here first, not Native
15 Americans or Mexicans, and that blacks deserve the rights and privileges of indigenous people.
16 The PV says blacks do not have to continue to live in integration as hopeless victims of mounting
17 corruption, hate crimes, and unjust murders. Yet, we know many blacks will prefer to remain
18 integrated, but that is only because that is their only way of knowing life in America. In view of
19 these facts AARS offers programs and services to improve integration, along with SEEG Marshall
20 Plan like programs to generate wealth, to build new elite and safe repatriated and sovereign cities.

21 The PV functions to finish the CRM, when blacks were forced to integrate. **{{Blacks lost many**
22 **great gains from long periods of struggles, when they were forced to integrate prematurely}}**. They
23 lost schools, businesses, communities, family structure, and tribal village customs; and they lacked
24 proper finances, representation, and an agenda. So, they never should have been forced to integrate
25 without proper preparation. With AARS they fill these voids, and choose where they want to live,
26 with programs to implement the three models of reparations. **This is a very serious, definitely**
27 **qualified, and most powerful political move for blacks to make, to get respect and global equality.**

28 The PV is during Black History month of ‘23, to claim an injured indigenous status, this AARS
29 Plan, and 1 of the 3 models for residence. The PV is a political process for blacks to engage in to
30 take control of their lives, get their own land, form their own government, write their own laws,
31 and form their own police force, to stop deadly psychotic unjust police abuse and killings. They
32 will also form their own entities, companies, corporations, institutions, and systems, to provide a
33 quality education, gainful and meaningful employment, excellent housing, premiere health care,
34 and to decide their future collectively, as they should have done after the Civil Rights Movement.

35 **Improving Integration & the AARS Congress:** {The AAIU will form the AARS Congress to
36 implement the AARS Plan, and follow steps (1) through (7) the next time a black person is unjustly
37 killed by the police, or to ignite the Reparations Movement. The AARS Congress will (1) initiate
38 a 5-year national protest **for** reparations and **against** police killings; (2) initiate a 5-year-national
39 dialogue on racism, corruption, and police terrorism; (3) initiate 5-year-case studies to identify

1 systematic problems, to produce solutions in all institutions, and in society; (4) initiate 5-year-case
2 studies to improve interaction with and performance of all companies, institutions, and systems
3 which blacks depend on for socialization, living, and survival; (5) initiate 5-year-long boycotting
4 against companies who disrespect blacks; (6) do mass buying from companies who respect blacks;
5 and (7) transferring 75% of our assets from other banks to the operating Black Banks. This 7 Power
6 Move Process is effective, if done nationally and simultaneously, to get blacks respect instantly}.
7

8 The AARS Congress will consist of people with a track record of helping blacks, those who are
9 knowledgeable of reparations, those with reparations plans, those protesting injustice, those giving
10 input on the AARS Plan, and those who know diplomacy, law, and politics. {{The AARS Congress
11 national dialogue with participants who have studied corruption, racism, or police terrorism for at
12 least 20 years, or produced work on the 3 topics; and the 5-year studies, will improve integration
13 much more than anyone can imagine. A process to improve corporate, police, and race relations}}.

14 It is our greatest desire to reunite the Black Family at home and abroad with AARS. We all know
15 there is strength in numbers, so together we stand, but divided we fall. We are hoping and praying
16 to unite all reparations activists and groups, then the entire Black Family with AARS, to prioritize
pursuing reparations. We believe an AARS media blitz will get most blacks to vote yes for AARS.

17 {{Everyone in the U.S. should endorse this AARS plan as reparations for blacks, with studies to
18 produce positive changes in all businesses, companies, entities, institutions, and systems in society,
19 because it benefits blacks, and everyone else in America}}!! AARS was designed to unify and get
20 justice for blacks, and to lead to true and lasting racial harmony among all people in America, and
21 globally. We say 20-25 million blacks may want to remain integrated, we will know after the PV.

22 **Expanding Repatriation:** Blacks should learn that repatriation is going back to Africa, down
23 south, or any other place on earth where they were enslaved or exploited. We will have leaders
24 from a global group like the ADDI, on the AARS Congress to direct the repatriation process.
25 Blacks will go with a good understanding of the customs of their people in the places where they
26 choose to go, to make sure they don't offend their distant native relatives on arrival, and to go with
27 a sense of belonging. This will start the Global Black Family Healing, Recovering, Reuniting, and
28 {Transforming of their Indoctrinated Slave Mind Set Process}. {{They should also go committed
29 to work to improve relations within their Extended Black Family, and with ample resources to
30 build new, elite, and safe repatriated cities. They should also take time to learn their native names,
31 languages, customs, and culture; to prepare for the Black Culture & Family Restoration Process}}.

32 Captain Paul Cuffee was the first to call for repatriation, but Marcus Garvey was the most famous
33 advocate. He formed a Black Starline Company complete with a fleet of ships to sail blacks back
34 to Africa on descent ships, to reenact and vent from being displaced, deculturated, and transported
35 like animals in chains, on wicked, awful smelling slave ships, leading to **life** in bondage & misery.
36 Randall Robinson and W.E.B. Du Bois are the two most notable blacks who repatriated. They left
37 because blacks get no justice, and they need to reunite, so blacks should expand this model for

1 those feeling the pains of injustice, and the need to reunite. Blacks should also get dual citizenship
2 to Africa, or another area of the Diaspora, to advance their Global Black Family Reuniting Process.

3 **Bishop Henry McNeal Turner (1834-1915):** One of the most influential African-American
4 leaders in the late-nineteenth-century Macon, Georgia.

5 Henry McNeal Turner was a pioneering church organizer and missionary for
6 the African Methodist Episcopal Church (AME) in Georgia, later rising to the
7 rank of bishop. Turner was also an active politician and Reconstruction-era state
8 legislator from Macon. Later in life, he became an outspoken advocate of the
9 repatriation model of reparations, which is basically back-to-Africa emigration,
10 but it includes all other places where blacks were enslaved and/or exploited.

Bishop Henry
McNeal Turner

11 Turner was born in 1834 in Newberry Courthouse, South Carolina, to Sarah
12 Greer and Hardy Turner. Turner was never a slave. His paternal grandmother
13 was a white plantation owner. His maternal grandfather, David Greer was a
14 black man, who was taken by force to North America aboard a slave ship in
15 chains. Yet, according to family legend, was found to have a tattoo with the
16 Mandingo coat of arms, signifying his royal status in Africa. So, the South
17 Carolinians decided not to sell Greer into slavery, and sent him to live with a Quaker family. We
18 believe 5-10 million blacks may prefer repatriation. We will know after the PV.

19 **Creating Sovereignty:** { Sovereignty is developing a new line of thinking }, for blacks to seek their
20 own land in America to look out for their own best interest, to declare and pursue their own
21 political and ideological agenda, and destination. It denotes many of them leaving the shackles of
22 integration, while gaining control over their lives in sovereignty, stipulating absolute authority,
23 control and power of a consenting people to form their own government, to manage all activities,
24 businesses, resources, and entities within their borders. Everybody knows blacks are controlled by
25 others in integration, and that is their obvious and main problem. Blacks need their own land to
26 get away from problems and the police in integration, and to provide basic needs for their people.

27 Blacks should also learn that sovereignty is their salvation in America. The government awards
28 them 40 areas of 40 mi² of land, as in 40 acres and a mule, to build their own elite safe cities,
29 completed with high-tech infrastructures. Their city plans include construction in awe and splendor
30 to honor their great civilizations, freedom fighters, and political prisoners of the past and present.
31 Their cities will have **beautiful homes**, parks, schools, highways, roads; and successful businesses,
32 companies, and corporations; with superior communication, protection, and nutritional services.
33 Their city residents will **produce products** for sustainability, and for local, state and international
34 commerce. There are many blacks with good ideas and proposals. We should use the SEEG source
35 to generate wealth to fund all projects blacks visualize in our own cities, no more begging. So,
36 blacks become proud multi trillion-dollar producers, instead of injured trillion-dollar consumers.

37 We press for blacks to prioritize utilizing reparations among themselves, instead of spending all
38 of it with others. The money should stay within the Black Family. Blacks should produce food;

1 design homes, cars, and clothes; provide light, water and power; and produce appliances (like
2 TVs), electrical devices (like generators), and electronic devices (like computers). Blacks should
3 get reparations and become producers of all products to keep the money in their family. It is just
4 as important for us to press for blacks to do like Malcolm X said, “Some Serious House Cleaning”.

5 Sovereignty also refers to the inherent rights of all peoples, to govern themselves without any
6 interference. When blacks start educating, employing, policing, and providing housing and health
7 care for their people, their problems will be solved. That cannot be done in integration. That is
8 why it is imperative, and of the ut-most importance, for most blacks to become a sovereign people
9 in America. Initially we expect 20-25 million blacks (40%) may prefer sovereignty. We will know
10 after the PV. However, we believe 90% of all blacks will prefer to become a sovereign people,
11 after they see we have no racism, solemn peace, and are making collective progress in new cities.
12 The 10% who may want to remain integrated as they should, are the 5% who are rich or satisfied.
13 The other 5% are haters and sell outs. The masses should want a new start with God, and a plan.
14 There is no way blacks should want to remain living by a people who enslaved them, then do not
15 want to make amends, for the worst and longest crime in history! but they are quick to help others!!

16 When blacks get their own land to build their own cities; they can establish their own books,
17 customs, and holidays to observe like Building Bridges over Troubled Waters, Rites of Passage,
18 and Kwanzaa; and others that offer programs to repair damage; celebrate black awards, triumphs,
19 and contributions; honor their heroes and sheroes; and offers guidance and stability for the masses.

20 {{Blacks have to learn that they have earned, are entitled to, and should start thinking and knowing
21 they can live in peace, in their own sovereign and repatriated cities, here in America. They should
22 claim an injured and indigenous status with the PV, on the land their ancestors built with their
23 blood, sweat, forced slave labor, contributions, sacrifices, and tears}}. Now is a good time to learn
24 AARS presents positive alternatives for blacks to living in integration, so let us reunite to
25 relentlessly pursue reparations with this AARS plan, that will prepare us to initiate national action,
26 to improve integration, and police and race relations, expand repatriation, create sovereignty.

27 Dissolving racism and improving police and race relations is the “change” that will make America
28 a much better place. The AARS strategy was written with visions to start a peaceful and political
29 process, to achieve “both goals”. The AARS strategy is for everyone 18 and older in America, and
30 the world to observe, as part of an AAIU program to seek pride and unity among blacks, and racial
31 harmony with all others, so that we can live in a civil society in America, and globally. We
32 recognize reparations for “crimes against humanity”, “in memory of our ancestors” to reunite,
33 repair, restore, and uplift our people back to the safe, spiritual, and progressive status we were in,
34 prior to slavery. In AARS we provide 5, 50, and 200-year programs to bring this to fruition.

35 * **Generating Wealth:** This is a new, critical, and turning point development in the reparations
36 arena. Since AARS combines a solid comprehensive plan with generating wealth, if blacks agree
37 AARS is a good reparations plan to implement, the government should ratify AARS as reparations
38 for blacks in America and globally, immediately, yet no later than Kwanzaa of ‘22. Then all blacks

1 should embrace this AARS plan to secure freedom, justice, equality, and safety, at home and
2 abroad! Now, everyone knows if the government and the guilty groups offers their deemed amount
3 in cash, it will be insufficient, and have complications, limitations, and strings attached.

4 However, if we generate the wealth ourselves, we can do what is most important in reparations,
5 and that is we identify and create programs and services to implement, to repair the colossal
6 damage inflicted upon our people. We will also generate enough wealth to rebuild Africa, and the
7 Diaspora with new infrastructure, and repatriated cities. That says generating wealth helps
8 blacks to regain black pride and unity, and to attain liberation. So, Generating Wealth becomes
9 the most valuable tool to provide reparations for blacks now, and no later than Kwanzaa of 22}}!!

10 All the aggression and violence in society has **most** blacks living in caution and fear, with a poor
11 mental psyche. We should admit racism and lingering effects of slavery have had a major negative
12 impact on **most** blacks, who live at, and below the poverty line. **Most** blacks are poor folks
13 experiencing a cycle of racial deprivation perpetuating psychological and social oppression. So,
14 reparations should go to poor blacks first, then rich blacks may use their reparations, or cash
15 reserves to make a huge profit, and provide reparations to help poor blacks, with the SEEG source.

16 In America the SEEG source calls for the government, the 17 corporations, guilty groups, and
17 those with compassion to **(A)** form 100 groups, with \$2T each to provide as reparations of (\$200T),
18 over the next four 50-year terms. Guilty groups each owe about \$30T, but we can ask them, and
19 89 other people & groups with compassion to set \$2T aside, for reparations; or **(B)** we get 100
20 groups to place \$500B in SF instead, which is great debt relief for guilty groups, for the SEEG to
21 generate wealth, \$200T, in four 50 years terms. We also get groups who can afford more than \$5B,
22 to do a max in SF, for the SEEG. The SEEG sources are experienced with various programs.

23 {We go to the groups with the SEEG programs to generate wealth, instead of begging, or filing
24 lawsuits, which we may never win with the U.S. courts leaning on Standing, Statue of Limitations,
25 Sovereign Immunity, and many other laws they will adopt or create, to prevent blacks from getting
26 reparations}. Generating wealth expedites the process for blacks to get reparations. Now, it is
27 politically incorrect and socially unacceptable to continue to deny blacks reparations, in the midst
28 of offering benefits and reparations to others! Especially since blacks can generate wealth now!!

29 Herein AARS offers the government and the other guilty groups a source to make amends, and the
30 option to make a huge profit, but we may negotiate to let the seed funds be charitable or refunded,
31 and let the profits go for reparations. Generating wealth should be the strong and turning point for
32 the government, all guilty groups, those with compassion for blacks, and all blacks, to agree on
33 utilizing the SEEG source, to generate wealth for reparations now. Then, one client, or one sole
34 signatory opens a new \$100M, \$500M, \$1B, \$2B, or **\$5B** cash account at a major bank, to engage
35 the program. The \$5B-\$500B in SF go evenly to the Hedge Fund, and the operating Black Banks.

36 AARS is very strong in providing ample resources for victims, and means for guilty groups to
37 apologize, provide seed funds, and possibly profit, but definitely make a promise of non-repetition.
38 Folks say it is absolutely wrong for guilty groups to profit, and I agree, but we offer it as an
39 incentive to secure reparations for blacks ASAP! They have waited way too long, so they want,

1 need, and deserve their reparations now! Since we have a source to generate the wealth, that should
2 expedite ratifying AARS ASAP, and no later than Kwanzaa of '22. The source calls for them to
3 place \$500B in SF, instead of paying the \$30T-\$50T they each owe. Once again this is great debt
4 relief for the government and guilty groups. AARS facilitates **racial healing** by providing
5 emergency relief for victims on 3-1-23, and easing debt for all the guilty groups to generate wealth.

6 **Pastors Repair Programs:**

7
8 Dr. King and others provided a valuable service by conducting the Civil Rights Movement out of
9 their churches. They thought blacks would reach equality if they were integrated. Since blacks
10 never reached, or came close to equality in the U.S., they should want repatriation and sovereignty.

11 **ALL CHURCHES AND COMMUNITY ORGANIZATIONS SHOULD BE INVOLVED** – The Pope and
12 the Church, **(the U.S., Jews & 17 Corps.)**, are all guilty of gaining trillions in unjust enrichment,
13 from slavery and mistreatment in America. All capable Churches should set \$2T aside, and the **19**
14 **groups** should set \$2T aside for reparations, or place \$500B for SEEG's source to generate wealth.
15 We can and will generate wealth for blacks in Africa, America, and globally with the SEEG source.

16 All Black, White, and Jewish people who go to worship at their services for spiritual guidance,
17 should admit blacks cope with lingering issues from racism and slavery, and problems persist, and
18 find others abuse and mistreat them, because they follow the oppressors and their conspirators. So,
19 they all should step back to say I'm sorry, and send \$5B-\$500B cash in SF, to generate wealth.

20 Translation: The U.S. government should award Black Reparations, so the races will form a better
21 opinion of one another, and develop mutual respect for one another. **This is racial healing to**
22 **make God proud, and America a much better place.** Granting AARS Reparations may avoid
23 an end time revolutionary event, where the level of destruction is similar in the book of revelations.

24 **Rev. George Brooks:** I will make this very short because I am tired of fighting evil black folks
25 who do not want to fight evil white folks, if needed, in order to rectify the wrongs done unto our
26 ancestors. **So, I simply say we do know there are good and bad people in all races.** In knowing
27 this we can say slavery was a crime that was committed by bad people, who are enemies of
28 equality, yet they made great monetary gains, in the hundreds of trillions of dollars, and as a result,
29 created a global system of racism/white supremacy, subjugating black and native peoples, stealing
30 their resources, and owning and controlling the world, with a built-up star trek like military force.

31 The bad people owe the good people they enslaved reparations for abuse, damages, injuries, losses,
32 and oppression from racism, slavery, reconstruction, segregation, integration, and now viruses. Is
33 our ancestors 'abuse, our current injuries, destruction, and cruel treatment, deserving of a fight to
34 demand the enslavers to pay their debt? I say yes, with a resounding yes!!! In comparison to other
35 groups who already received reparations, blacks were damaged much much worse, and for a much
36 much longer period of time. There is no question as to whether or not blacks need, deserve, and
37 have earned reparations, the answer is in AARS to show what and how reparations should unfold.

1 **Rev. Tom B. Watson:** He has dedicated more than 25 years to community involvement, and is a
2 former superintendent of the Milne's Boys Home. He is "Calling the Community to Order" as it
3 pertains to boys and men; specifically, violence, drugs, and homicide. There is a great need for a
4 call to order among Black Men, and among and within the Black Family. Rev. Watson, founder
5 and pastor of Watson Teaching Ministries, recognizes that there is a void in this nation in terms of
6 leadership, and fathers in homes. In light of all of the concerns, coupled with other persistent socio-
7 economic issues threatening to annihilate the male seed, and their families, Rev. Watson will lead
8 a citywide, town hall forum, to declare with a resonating voice that, The Black Man is Important!

9 "The Call to Order translates into a call for action to strengthen men now to save our boys from
10 extinction," Pastor Watson explains. "One, we have to stop the assault on black men, including
11 violence, crime, diseases, the police, viruses, and other hardships meant to destroy them. Two, we
12 have to make men see their necessary role in bringing our communities to order. And three, we
13 must continue to empower and develop men, so they can take their rightful place in their families,
14 communities, states, and our nation. AAIU uses men to form and join organizations for protection.
15

16 More than just a gathering, the town hall will re-ignite programs that Pastor Watson and his wife
17 and partner in ministry, the Rev. Pat Watson, have spearheaded for years. Among them is a Male
18 Mentorship Program, and a Rites of Passage Program, which takes males from boyhood to
19 manhood, in a strong, nurturing, and career-oriented environment. His wife started the first Family
20 Preservation Program at Kingsley House long ago. We add these programs to AARS as services.

21 **Rev. Brown:** I am glad to see the good work that the preachers and their associates are doing to
22 help our people. I am writing you lawyer to lawyer to inform you of the changes in law that do not
23 require an apology. {{The UN General Assembly in Resolution 60/147 sets out the definitions and
24 the remedies of reparations, which the U.S., guilty parties, and the other offending entities have
25 the spiritual and state responsibility to abide by via compensation, restitution, rehabilitation, and a
26 guarantee of non-repetition}}. We have stipulated this course of action within this AARS plan.

27 The UN law has no statute of limitations, or tracing requirements. What is required is a consensus
28 for collective representation; [An AARS Plebiscite Vote during Black History Month of "23,
29 which we are positioning around the country to give us standing. It will give us the injured and
30 indigenous status (standing), with rights to land and other reparative measures. We would like you
31 to join us on this most important and sacred life changing AARS legal and political project, to take
32 blacks into full equality here in America and globally. We will use the AARS Congress authority,
33 which will hold an electronic ballot box election via Large Black Churches, for the Plebiscite Vote,
34 and conduct many practices and processes to secure reparations for blacks at home and abroad.

35 AARS is mainly for blacks who are less fortunate; gang related; poorly educated; mentally ill;
36 declining physically; (in jail, or out of jail and on probation or parole); having visions of • Africans
37 being harshly thrown overboard, and jumping out of fear, off of slave ships! • or visioning huge

1 intoxicated crowds gathered to cheer a brutal and violent lynching!! These social & psychological
2 impositions cause emotional torture, and vile oppression. It is deeply rooted racism, so the people
3 need Black Unity, White and Jewish Truth and Reconciliation, and Calm Emotional Therapy.

4 We believe everyone will endorse AARS because it benefits everyone, as it offers great relief for
5 the victims, and for the perpetrators. After blacks accept AARS, and the government ratifies
6 AARS, the seed funds and reparations resources go evenly to the Hedge Fund and Black Banks.
7 We keep data to guarantee transparency, and reparations for African-Americans & all Black folks.

8 The groups and organizations **who already gave money for reparations** made a serious mistake.
9 They have given from \$100M to \$1B, for reasons we don't know. If they would have engaged the
10 SEEG, for those funds to be used as SF, the SEEG would have their money blocked in their bank
11 accounts, for the duration of the 10 days to 1-year company programs, to generate wealth. They
12 split the profit, then SF are unblocked after the programs' completion, so clients cannot lose their
13 money. They split profits. In this case we would ask for 60% for AARS, 20% ROI & 20% for fees.

14 We access rules like mergers and acquisitions to create the Global Bank of Africa (GBA), as the
15 parent bank for the operating U.S. Black Banks. The profits from the SEEG programs go to the
16 Hedge Fund, then to the Black Banks, until we certify the GBA. The AARS account will be moved
17 to the GBA, to look out for blacks globally. We do have funds in the AARS account now. We will
18 have two sectors for each Black Bank to co-fund, along with their normal business practices.

19 The sectors will include studies on gentrification, the police, institutions, and systems the AARS
20 Congress list for improvement and stability. We will **improve** integration via dialogue and studies.

21 With AARS blacks get justice, satisfaction, and a good plan. Then good race relations can start
22 since victims get fairness, guilty groups pay less, and all others engage blacks with mutual respect.

29 AMERICAN/BLACK PLEBISCITE VOTE (PV) - {FOR ALL BLACKS in the

31 AMERICA}, DURING BLACK HISTORY MONTH OF 2023, {WE WILL KEEP
32 YOU INFORMED. **WE WILL BUILD** NEW, ELITE, BEAUTIFUL and SAFE
33 REPATRIATED and SOVEREIGN CITIES, RIGHT HERE IN AMERICA, AND
34 ABROAD}. WE EXPLAIN HOW ON THE NEXT PAGE.

35
36

1 Our blog is based to demand AARS via the KRP. The AARS Congress will host racism dialogue
2 to help slowly dissolve and end racism and police terrorism in America, and monitor others who
3 are working to select or produce an African-American Reparations Package, or a Global Black
4 Reparations Plan. The SEEG will reserve several holdings to assign \$100M - \$5B cash accounts,
5 to help us build our own new beautiful, elite, and safe repatriated and sovereign cities. We form
6 the AARS Congress as an institution to last forever, and focus on using platforms, and protesting
7 to keep constant contact with the government, to **advocate** and **enforce** policies we produce in
8 dialogue to **end racism**, and **police terrorism**, and to **endorse equality**. Everybody should use
9 their platforms to identify problems preventing blacks from freedom, justice, equality, and safety.

10
11 We will also use programs and platforms, to discuss the need for **most** African-Americans and
12 blacks in the U.S. to **leave** racism/police terrorism, and corruption in integration, to become a **truly**
13 **free and independent people** via building safe repatriated and sovereign cities, to live in **peace**. It
14 will take decades for blacks to have peace in integration, with racism and aggression rapidly
15 spreading and intensifying! **We should demand for all blacks to live in peace in safe cities!!**

16 The AAIU is **positioning the military** to encourage and train young crips and bloods, young
17 tough brothas and sistas, and our brothas and sistas coming out of jail; to build, maintain, and
18 become the military police force, for our repatriated and sovereign cities. The pay scale is \$4000
19 a month for blacks 18-34, and \$8000 a month for blacks 35-55. With AARS **all blacks in the U.S.**
20 **18 & older** can start getting paid (\$100k), next year on (3-1-23). We also need our government to
21 grant us 40 areas of 40 square miles (40mi²) of prime land; (symbolic to 40 acres and a mule); for
22 40 million blacks in the U.S. We know Manhattan is 33.77mi² with 1.63 million people and
23 considered one of the world's leading commercial, financial, and cultural centers. So, 40 areas of
24 40mi² are good for 40 U.S. Black Repatriated & Sovereign Land Settlements. Our first two cities
25 will be formed as spiritual repatriated and sovereign cities, for the **Global Black Family**
26 **Reunion and Recovery Process**, and will be designed and function similar to Manhattan. One
27 city for Black Christians, and One for Black Nationalist. We should build four cities at a time to
28 include more groups of blacks, until we help all 50M blacks in the U.S., then all blacks abroad.

29 The military will build a strong small base in each reparation's city. Army on the north, air force
30 on the south, navy on the west, and marines on the east. These small bases will be top flight with
31 top flight strong soldiers, and we will pay them an **extra stipend** with their military benefits,
32 because **blacks being unjustly harassed and killed** is a **matter of national security!** They can
33 leave some of their strong soldiers behind to **patrol** with our soldiers they train, **to keep our cities**
34 **and citizens safe**. The AAIU mainly reveals AARS to stop white supremacist, and the police
35 terrorist from repeatedly killing innocent and unarmed blacks!! **Blacks are not safe** in integration
36 as victims of racism and police terrorism, even though they are **descendants** of slaves, who were
37 **victims of extreme abuse and terrorism**, for generations!!! **Now**, that is a dog gone shame,
38 especially in knowing all the contributions, sacrifices, and suffering blacks endured. Black people
39 need **reparations, honesty, and accountability** for justice, satisfaction, and a new beginning.

1 To African-Americans, Black People, and Everybody Over 18,

2 **The AAIU AARS Reparations Endorsement Form**

3 After reading the AARS Global Black Reparations Plan, I acknowledge that Black people have
4 been damaged by individuals and groups, and that it is their duty to repair that damage they
5 inflicted. From that point of view, it makes sense to offer AARS for rapid relief for the culprits,
6 their cohorts, and the victims. AARS is a good formula for atonement and recompense.

7 Reparations for Black people are so controversial because the debt is so high, and the guilt among
8 the culprits is a burden, yet subdued, but is just as high. Now, the victims have been crying out for
9 help since slavery, but have been intentionally denied or misled. AARS presents a scenario where
10 culprits and victims will benefit tremendously, and that will lead to genuine reconciliation.

11 Therefore, as a person who is at least 18 years old, and have read and understand the AARS Plan,
12 I endorse and will promote the KRP, for everyone 18 and older at home and abroad, to get a chance
13 to evaluate AARS. It is my firm belief that African-Americans, and all Black people should claim
14 AARS for Global Black Reparations, then seek reconciliation with all nations and races.

The AAIU AARS Reparations Refusal Form

4 Reparations means repairing damage done to a group of people. Not a segment of their population,
5 but all of their people! When I hear an intelligent Black person say Black people should not get
6 reparations, it makes me believe they have been paid off as a sellout, to try to lead an operation to
7 delay, limit, or eliminate reparations. I also wonder if they know why others received reparations!

8 Others were granted reparations for violations that did harm their people, but no people have been
9 abused, damaged, harmed, lynched, relocated, slavery indoctrinated, and tortured like Black
10 people! There is absolutely no comparison! Black people have been enslaved and oppressed for
11 the last 500 years nationally, and over 2000 years globally. So, they need a global redress plan.

12 The African-American Reparations/Sovereignty (AARS) Global Black Reparations Plan.

13 However, if for any reason any Black person wants to refuse/deny their reparations, that is their
14 prerogative, so they should sign this form to confirm refusing their reparations. The AAIU will
15 keep records, expose these voluntary refusals, and insist their reparations go to the AARS account.
