Moving forward, our Black History Month through Juneteenth Project has become our Kwanzaa Reparations Project (KRP), explained on the KRP doc, three articles after this one. To learn true Black History, problems created by racism, and how sovereignty is the solution. Utilizing a Plebiscite Vote for sovereignty Blacks can choose to determine their own political status and agenda. Blacks were forced into integration with high hopes of reaching equality. But there are reports to prove integration failed Blacks in that dream, because they were not looked upon, thought of, or treated as equals by Whites in power. Now we also recognize Whites in the general population really did not want to accept Blacks as equals either, so they planned and protested vigorously for decades, against bussing and integration. It is a real blessing for Blacks to have had good Whites and Jews, support them in Civil Rights, and other hard-fought Liberation Movements.

Nobody criticized their protesting crossing the lines of all human civility. They held and waved degrading and demeaning signs, saying no niggers allowed. They held pictures of monkeys, waved and threw bananas, and threw bottles, bricks, and stones at our children's school busses. They forced the government to send in troops to escort our children to school, and they used signs to separate the races that said White Only and Black Only in public! This caused emotional trauma to Blacks, and we still need psychological therapy from that era of racism. These facts cannot be ignored in racism dialogue. So, we thank the long time AAIU activists for postulating this peaceful and political solution, to remove Blacks from hostile racism, and police terrorism, via sovereignty.

Let us explore sovereignty as the cure for racism in that it is similar to segregation, but segregation was a means of separation where Whites were in total control of Blacks. They wanted to separate from Blacks in all private and public places, so they created a racist segregated system that upheld and executed slave laws, slave codes, confederate customs, stereo types, and restrictive covenants. They used those tactics to enforce their ideals to separate from, and to subjugate and suppress all Black Americans. African-Americans suffered from KKK racist attacks, abuse of power, had no political status, and agonized in devastating racial misery for generations in a segregated setting.

Sovereignty is another means of separation, but the big difference in sovereignty is Blacks get their own land, form their own government, and write their own laws. That will put them in control of their cities, and lives. The U.S. Government should grant 40 areas, of 40 square miles (40 mi²) of prime land settlements, for Blacks to build their own new, elite, and safe repatriated and sovereign cities, at home and abroad, and own and operate all systems, and institutions within their territory. Blacks will have total control of all affairs and businesses within their territory, and govern their own people. They will own their own military police, schools, social services, parks, farms, hospitals; transportation, mail, and communication systems. In this setting African-Americans will employ, house, feed, educate; provide social services, and health care for most of their people for the first time in America's history! They build their own beautiful homes, with high-tech infrastructure. They populate their cities with Blacks who honor God 1st, Race 2nd, and Sovereignty

3rd. Here **most** Blacks can leave racism, and police terrorism in integration, to gain freedom, justice, equality, and safety via the PV to learn about and choose one of the three models of reparations for residence. The three models are Improving Integration, Expanding Repatriation, and Creating Sovereignty.

They create special programs to repair the last 500 years of damage at home, and over 2000 years of damage globally. They will become sovereign, independent, and liberated with the AAIU, SPIRITUAL, and BLACK NATIONALIST Leadership. This is the best solution in response to all these unjust killings of innocent and unarmed Black people. Racism and police terrorism have reached epidemic proportions, so we need AARS Racism Dialogue and Case Studies for recourse!

The Plebiscite Vote is part of a \$650T Dollar Solution to repair the Global Black Family back to their peaceful progressive status, they were in prior to invasions, colonialism, and slavery. When they lived in traditional patrilineal, matrilineal, and tribal societies in peace and communal style.

Two reasons for the Internal Plebiscite Vote among Blacks only 18 and older, is to claim an injured and indigenous status, and know the AARS Congress will produce a political agenda. Blacks have no status now, and have difficulties voting. A special thanks to the compassionate people for letting Blacks and others use their venues, and ways and means to vote. The AARS Black Political Agenda will Prioritize Uniting to Demand AARS Reparations.

A 70% yes Plebiscite Vote gives Blacks an injured and indigenous status with rights and resources guaranteed to indigenous people. The government will award Blacks their own superb reparations land, to build safe repatriated and sovereign cities, right here in America, and abroad, to get relief from 500 years of racism in slavery, segregation, and integration. People do not realize how bad slavery was, and Jim Crow was just as bad as slavery, and that enabled Whites to control, abuse, and exploit Blacks for another 100 years, right after slavery! Now integration arises right after segregation in theory to help Blacks reach equality, but in reality, it was another trick to maintain control, and the ability to abuse and exploit Blacks, very subtly and politically, up to this day! This should inspire Blacks to really study, embrace, and demand AARS reparations for sovereignty!!

As we read the info on the class agenda below you will find Blacks have a cure for racism in sovereignty, and they should unite via AARS to pursue that path. I have put 40 years of research into 10 sections on this updated website. Try to read all sections carefully, and 2 or 3 times before, during, and after class on 10-4-22. You will realize it is of the ut-most importance for Blacks to do something for themselves. We have always been led astray by others. It is time for Blacks to unite, to take control of our own lives and destiny, **by building our own elite safe cities.**

Class is for 1 hour at 10am, 2pm, and 7pm PST on the first and last day of each section date below. We state the method one week before class. It may be blog talk radio, podcast, zoom, or webinar, so be prepared. On the first day we talk about Black History, Racism, and Current Affairs. On the last day we discuss that information, then I will pose some reparations questions to examine, so we discuss them for clarity. Upon completion of this class, you will have a good education on

Black History, Racism, and Reparations, then you may submit brief *{ideas}* for review for our *{AARS Plan}*, *{to repair}* the Global Black Family.

The class will resume in October to educate the public on the three topics. We will announce special conference calls (1-17-23 until 1-31-23) for class review, and to discuss the AARS Plan, the Plebiscite Vote, the three models of reparations, and dialogue and studies to slowly dissolve and end racism and police terrorism. Read the agenda section below to participate in the calls, and learn **most** Blacks can leave racial aggression and hostilities in integration, to move into a safe territory, **in order to live a life of peace and progress in repatriated and sovereign cities.**

NOW REFLECT ON OUR PAST PRESENT AND (FUTURE in PEACEFUL CITIES

African-Americans have no choice in politics, but to vote democrat, republican, or independent. After Blacks complete and discuss the class content submit your Plebiscite Vote for political action to become a sovereign people, to remove yourselves from corruption, crime, hate, and terrorism.

We need to know if Blacks prefer to claim an injured indigenous status for sovereignty, to leave racism, and become truly liberated. We make our best decisions after learning facts on all issues.

The AAIU Racism Dialogue: This is a positive course of action that requires participants to be knowledgeable of the history of Black oppression, then struggles Blacks had to engage in to exist. Therefore, Blacks and others should be qualified in that they studied relevant forces regarding repairing and transforming such as God, Spirituality, Race Relations, and Problem Solving. We will produce solutions for problems in integration, and discuss the need and process to expand repatriation, and create and develop sovereignty, to save their lives, because Black Lives Matter.

The AAIU African-American Reparations Tribunal: This is a form of action similar to a court case. It is a consortium of all Black Professionals and Activists who studied reparations for at least 20 years from Spiritual, Cultural, Business, Educational, Social, and Historical Perspectives. They outline damages, and offer plans to repair damage in an African-American Reparations Package. They also hold Blacks accountable in court for going against the grain to help the masses of Blacks.

The AAIU T&R Process: This form of action is for Blacks, Whites, and Jews to engage in as descendants of perpetrators and victims of slavery, who studied reparations for at least 20 years. We will serve as a group of conscious people to outline damages, which people from their own race have perpetrated, then we discuss means to repair that damage. This will keep the process open and honest, to show reparations for Blacks are due & owed. On that note let us say we already produced the African-American Reparations/Sovereignty (AARS) Global Black Reparations Plan. **The new AAIU KRP project** is circulating, reading, and discussing all docs on AAIU's homepage. The **complete and comprehensive** African-American Reparations/Sovereignty (AARS) **Global Black Reparations Plan** is the last doc on the homepage.

:: Everybody please note that Broth~~er~~ Pruitt is my tall White Friend from Indiana where they started the KKK. According to their mission to harass, intimidate, and lynch Blacks, it was all bad. This is **bad racism** the AAIU will investigate to help **remove** this line of thought from the police.

:: I am Broth~~a~~ Pruitt, a tall Black man from California where they started the Black Panther Party BPP. In its mission to educate, feed, and protect Blacks it was all good. This is **good racism** the SEEG will undertake to help **improve integration, expand repatriation, and create sovereignty**.

Now everybody should also know what it says in the bible in the Book of Deuteronomy in chapter 5 vs 33, and I almost quote "Ye shall walk in all the ways which the Lord your God hath commanded you, that ye may live *in peace*, that it may be well with you, *and the Global Black Family*, and **that ye may prolong your days in the land, which ye shall possess *through AARS reparations***.

Honoring God in Faith,
Broth~~a~~ Cliff Pruitt
