5 **3** We ask Everyone 18 and Older to Assess all Docs on the AAIU homepage at
6 <https://aaiuaarstalk.com> to Compare AARS to all other Reparations Plans to Learn
7 AARS is the Most Suitable Viable and Comprehensive Reparations Plan
8

9 **4** The long and evil eras of European Invasions caused Africa's Destruction and Downfall, caused
10 social and emotional damage, caused global racial oppression, and the legacy still imposes a
11 disruptive impulse and negative impact on the entire black race! **5** So, Africa and all Black People
12 deserve, and are entitled to reparations. **6** We issue a strong order to cease and desist all new ideas,
13 groups, and programs for reparations, because we already have some reparations plans to assess
14 including AARS. **7** AARS has ideas from our great scholars of the past and present, and issues full
15 recovery. AARS exalts spirituality, unity, generating wealth, solving all problems, and reconciling.
16

17 **8** Many scholars studied reparations for many decades then produced their reparations plans. Now,
18 it is best to compare all reparations plans, to find many advantages and strong reasons to demand
19 AARS. **9** More plans will cause confusion, dissention, and delays, and they surely will be similar;
20 but will not gain any land, power, or respect. **10** Reparations for Africa and Black People are way
21 past long overdue, so stop all activity from new groups **11** because AARS should be ratified ASAP.
22

23 **12** More plans could diminish or cancel what Black People should get for reparations. **13** We
24 alleviate that problem with SEEG safe programs to generate wealth. We can generate the \$150T
25 required to fund AARS in the next four 50-year terms ourselves. Reparations funds should go to
26 safe programs to generate more and on-going wealth for AARS. We guarantee transparency and
27 reparations payments for all U.S. Blacks 18 and older, and for all Black Families abroad, ASAP.

28 **14** Good communication in the KRP will get most TV and social media to get most Reparations
29 Advocates, most Black People 18 and older, and their Allies in the church, politics, education,
30 movies, business, law, and sports; to demand the U.S. Government and all the other guilty groups,
31 who benefitted from awful crimes during long eras of colonialism and slavery, and caused deep
32 emotional and psychological trauma for more than 2000 years, to agree to ratify AARS, ASAP.
33

34 **15** The annual KRP reading cycle is also a peaceful political process, and humanitarian project for
35 Black People and their allies to get a good education and preparation for reparations, and for Black
36 People to promise to use reparations wisely. **16** Black People have been victims of racism/white
37 supremacy, and police terrorism since they came to America. **17** It is time to use AARS to promote,
38 attain, and maintain national and global unity; to achieve collective love, peace, and progress.

39 **18** I have been talking to many clients with means and integrity regarding generating wealth, as a
40 **corporate service**, before they ratify AARS. The SEEG found a few companies managing

1 programs to generate wealth to fund humanitarian projects. The funding programs range from
2 \$100M-\$5B, and can yield high rapid returns with very little risk, so the programs are safe and
3 good for reparations. The SEEG negotiated with these companies to use for AARS. 19 I entrusted
4 my main client to ask some high profiled and wealthy people, to do due diligence on the programs
5 with our team. We will confirm validity in two days. Then my clients and the others may choose
6 to engage the max \$5B contracts, for a minimum profit of 15%-25% per week. Then they ask their
7 friends and sponsors to join at their comfort level from \$5B-\$25B, to help fund AARS.

8
9 20 I have a few \$5B-\$25B clients now so it is a priority to get validity, to raise the \$150T to fund
10 AARS. We will engage many more clients to secure funding for AARS. (21) The AAIU is asking
11 the Congressional Black Caucus (CBC) to ask our government for \$50B from our tax dollars, for
12 a \$1T profit deferred over 40-years; to recoup war costs overseas, relieve the U.S. national debt
13 and boost her economy, and to help all Black People at home and abroad. 22 Note: they help others
14 abroad before they help Black People at home first. 23 So, Black People need a National and
15 Global Civil Rights Movement via the KRP and social media, to demand and win AARS, ASAP!

16
17 24 Then the AAIU will ask the other 27 guilty groups who were found liable for damage, to engage
18 at a structured level with their \$20B up to \$50B. {{The protocol and preference are for rich blacks
19 and others with wealth and compassion, to engage first from \$100M-\$5B}}. 25 When the rich
20 blacks and others start the process, it will inspire the guilty groups to engage. This AARS economic
21 piece facilitates genuine and lasting reconciliation, because the guilty groups can atone with great
22 debt relief, while victims get long overdue emergency relief for generations of suffering.

23
24 26 I am asking strong **God-fearing** reparations activists, grass roots leaders, and civic oriented
25 people; along with top athletes, attorneys, doctors, educators, entertainers, police overseers,
26 politicians, preachers, psychologist, scientist, therapist; and experts from all races, in all private
27 and social services, sectors, systems, and institutions; to serve on the AARS Congress with me.

28 27 We will form solutions and provide services in all fields, and lead in implementing AARS. We
29 ask everyone 18 and older, mainly college students, networks, and the social media, to use their
30 means, to endorse and promote the KRP to help us win AARS, and support the AARS Congress.

31
32 28 We invite clients who are ready, willing, and able to engage in the wealth generating programs.
33 I have asked my clients to ask other philanthropist, and to ask Bill Gates to ask all wealthy groups
34 to engage. 29 Rule: if a person or group is suspicious of activity that led to abusing, colonizing,
35 deceiving, depopulating, enslaving, exploiting, insulting, or relocating Black People, they should
36 apologize to atone, and help to repair the damage they inflicted by engaging in the safe programs.
37 That is not letting them off the hook, that is holding them accountable by asking them to engage.

38
39 30 We know many of them have the wealth, combined with deep compassion for the less fortunate
40 victims. Now, we offer potential clients a few incentives; the 15%-25% min. return per week on
41 their SF; receiving agent fees for recruiting other clients; the option to serve on the AARS Congress

with people who have knowledge and experience in spiritual renewal, generating wealth, acquiring land, political influence, city reform, and people transform; **31** then endorsing AARS for Global Black Reparations, and Universal Racial Reconciliation.

32 The Demand and Need for AARS at Home and Abroad

33 we know there are many reasons for Black People to claim reparations in America, which calls for a plan with viable solutions, but the plan should be national and global, because Black People were damaged at home and abroad. **34** So, let us disclose our list of 30 reasons for blacks to claim reparations in America, even though there are many more we will discuss later, but we reiterate the plan should help all blacks. **35** We ask everyone 18 and older to assess the 30 reasons, then decide if they will help us to get more endorsements and promotions for AARS. **36** The reasons set a \$5T claim for each violation. “That is one way we justify the \$150T Demand to fund AARS”.

- 1. Racism/White Supremacy (R/W):** because it caused Africa and all Black People to experience long-term invasions, colonialism, slavery, and fatalities for hundreds and thousands of years!
- 2. The African Holocaust/MAAFA:** caused by long eras and high rates of casualties and devastations on Slave Ports, Slave Ships, the Middle Passage, and Life in Bondage and Misery!
- 3. Psychological Damage:** caused by enduring wrongful repulsive acts, lies, and deceit, going back as far as the Nicaean Conference, plotting European Invasions in 407 BC, and includes the whitewashing of biblical writings!
- 4. The Pope and the Church, the Rothschilds and the Jews:** for their role in (planning, starting, and not speaking out against slavery), and in (accruing hidden wealth in the hundreds of trillions)!
- 5. Faith Based Initiatives and 501(c3) Programs:** keeping Black Churches, Organizations, and Leaders from the struggle, and limiting or excluding their participation in collective movement!
- 6. Slavery in 3 Terms:** 1st in economics withholding their wages and wealth, from their labor and inventions, 2nd by passing slave laws, codes, and restrictive covenants to keep them subjugated, and 3rd for emotional abuse and psychological trauma!
- 7. Failures of Reconstruction, Share Cropping, and Integration:** after slavery blacks were given false promises to achieve equality, but they failed in all 3 of those life-threatening models!
- 8. Jim Crow Segregation:** forcing blacks to live in overcrowded, insect infested, underserved ghetto areas. Now, they are still victims of a system operating with separate but not equal policies!
- 9. Attacks, Bombings, and Massacres:** of all Black Towns, Churches, Institutions and Homes, from Fannie Lou Hamer’s and Dr. King’s, to the Alabama Church killing 4 young black girls!!!!
- 10. KKK and Police Terrorism, and Racist Groups Like the White Citizens Council:** in a list of hate groups who killed blacks, crushed their plans for equality, and prevent peace and progress!
- 11. Freedmen’s Bureau Murders and Bank Thefts:** when thousands of blacks were killed as Freedom Fighters, and millions of dollars and acres of land were stolen way back in the 1800's!
- 12. Stolen Legacy:** seizure of black inventions and family and tribal land and assets; being left out of history; never receiving credit or compensation for their origins, contributions, or genius; and causing gross ethnic poverty, dire racial oppression, and low self-esteem on a global scale!

- 1 **13. The Red Summer:** In the summer of 1919 the country went up in smoke, as white mobs
2 burned all Black Towns, and killed African-Americans all across this nation!
- 3 **14. Institutional Racism:** using their learning, social, and legal institutions, to systematically
4 deny Black People equal access to a quality education, employment, housing, and healthcare!
- 5 **15. Discrimination:** denying blacks equal access, using white preferential treatment to separate
6 the races, and a hidden agenda to preserve the status quo, and maintain black oppression!
- 7 **16. Genocide:** creating and allowing drugs and viruses to spread, while concealing the cure; and
8 population control subtly imposes death and destruction via Abortion, AIDS, and Experiments!
- 9 **17. Corruption and Divisions:** Corruption is costing the U.S. to lose billions every year, which
10 should be for reparations and domestic issues; and Africa and Black People divided by outsiders!
- 11 **18. Assassination and Silencing of Black Leaders:** like Martin, Malcolm, Marcus, Medgar, and
12 Ron Brown. Hurting all blacks especially mothers, and harming leaders to weaken struggle!
- 13 **19. Cointelpro and Operation Fruhmension:** and other government-funded programs operating
14 out of government agencies, formed to destroy Black Leaders and our struggle for liberation!
- 15 **20. The Black Matrix:** exposing secret military tactics after the Civil Rights Movement, to cause
16 subliminal effects meant for blacks to reject struggle and accept domination and living in fear!
- 17 **21. Civil Rights Violations:** like both Bush terms, Jena 6 injustice, Hurricanes Katrina aftermath;
18 emotional distress over personal attacks like Author McDuffie, Lavena Johnson, Breonna Taylor,
19 George Floyd, and Roger Fortson; and unsolved murders in dark swamps, remote areas, city
20 walks, and jails; and promising black high school students killed, like the Atlanta child murders!
- 21 **22. Mis-Appropriation of Taxes:** where billions of dollars are spent annually on the military,
22 NASA, and international affairs particularly Israel, in addition to excessive allocations for police
23 agencies, evil experiments, and old research programs suppressing millions of Black People!
- 24 **23. Gentrification:** deceiving Black People to steal their property and assets, which was their
25 inheritance; for white folks in the name of eminent domain, and renovation all across America!
- 26 **24. Bogus U.S. Emergency Relief and Disaster Aid Agencies:** not complying with their mission
27 statements, to help those in need after tragedies! Misusing and stealing billions of dollars in aid,
28 and donations that were meant to help African-Americans after manmade and natural disasters!!
- 29 **25. Presidential Damage:** Andrew Jackson vetoed 40 acres and a mule, Nixon further divided
30 and devastated black families, Reagan reversed civil rights gains, Clinton gave higher prison
31 sentences, Bush Sr. & Jr. flooded our communities with drugs and diseases, raised oil prices for
32 billions in gas profits, and Trump guilty of lying, 34 criminal counts, and war mongering!
- 33 **26. Making Sell Outs:** using lying and sneaky blacks like Clarence Thomas and Ward Connerly
34 against affirmative-action, and ego inflated self-righteous submissive blacks like Roland Martin,
35 and Barak Obama against reparations, and now funding Larry Elder the HNIC of all sell outs!
- 36 **27. Negative and Harmful Images, Propaganda, and Stereo Types:** portrayed as uncivilized
37 and illiterate in music, photos, books, movies, and society; causing mistreatment of Black People!
- 38 **28. Lack of Power:** never able to protect themselves from racist attacks, or ensure accountability
39 from the perpetrators, or ever permitted to have their own land for safety, like 40 acres and a mule!
- 40 **29. * Listing Others who Received Reparations:** who were not hurt or damaged nearly as bad,

or nearly as long as Black People, which is not fair; and also causes anxiety, and mental illness!!
30. * * Because the U.S. Government has not Enforced Proposals, Constitutional Amendments (13, 14, or 15), nor Laws, Policies, or Reports for Progress or Protection, which would have led African-Americans into Equality; that is compounded by the government refusing to update or remove laws enacted since slavery, intentionally designed to disenfranchise Black People, oppress their entire race, and prevent them from reaching any form of equality; We Should Demand AARS.

37 Please go to <https://www.nairaland.com/2971359/shocking-pictures-slavery-never-seen> to see what caused severe, in-depth transcending emotional trauma, proving reparations are way past long overdue! Those images require Black People to claim AARS to demand \$150T for redress. You can visualize, imagine, and feel the actual crimes and intentions of the culprits for more than 2000 years! and the awful abuse and mistreatment the victims were forced to endure, for more than 2000 years! to justify the reparations redress claim and demand for \$150T.

38 Assess the Overdue Reparations Debt for over 2000 Years of Crimes and Damages!
(1) Racism/White Supremacy and the Murder of 600M Black People \$10T (2) Invading and Capturing Africa \$10T (3) Stealing Assets \$10T (4) The Inhumane Neck and Leg Chains Colonization Middle Passage Slave Breaking Colonies Slavery Reconstruction Segregation and Integration \$10T (5) Stolen Land Inventions and Ideas \$10T (6) Forced Slave Labor and Evil Emotional Trauma \$5T (7) Slave Production and Crops \$5T (8) Lynchings Beatings Whippings KKK Torturing and Living in Fear \$5T (9) The Red Summer and Bombing Historical Black Towns and Settlements \$5T (10) Spiritual Decline and Propaganda \$10T (11) Loss of Homeland, Culture, Heritage, Social Status, Economics, Education, Families, Names, and Languages \$40T (12) Enduring Cruelty Brutality Misery Pain and Suffering \$5T (13) Restrictive Covenants Slave Codes Slave Laws and Redlining for the last 500 years in the U.S. \$5T (14) Smearing Strong Prominent and Prosperous Preachers Politicians City and Group Leaders \$5T, and (16) Racial Subjugation along with Post Traumatic Slave Syndrome (PTSS), for the last 2000 years globally \$15T. Therefore, the Debt is Classified and Figured at \$150T!

39 The monetary calculation at \$2M for all Black People 18 and older in the U.S., is 50M People x \$2M = \$100T; “That is another way we justify \$100T of the \$150T”; There may be *an excess* of funds, so we will use *that excess* for unexpected and emergency costs, to reclaim Africa, secure sovereignty in America, rebuild both infrastructures, and transform the mindset into global care.

40 We provide relief by using all three AARS models of reparations for all 50M blacks in the U.S., with an emergency settlement, and a priority on poor Blacks, HBCU’s, and Black Institutions}}. The 3 models of AARS reparations are (1) Improving Integration, (2) Expanding Repatriation, and (3) Creating Sovereignty. We need **\$30 Trillion** for programs to improve, expand, and create each model, with **\$100 Trillion** for individual relief, plus **\$20 Trillion** for reserves and repetitive costs, **(that is \$150 Trillion, as a DFR settlement)**. **41** We prepare for sovereignty with many service programs. Yes, blacks still get relief if they deny sovereignty, and many options to engage various

1 cultural and social programs to transform, or to remain stable, for healing purposes, and for healthy
2 and productive living. We will implement programs to establish all three models of AARS
3 immediately and simultaneously.

4 Now, for all Black Families Abroad it is 1.5B Families x \$2M = A quantitative amount that may
5 require generating \$150T 2, 3, or 4 times. Do not let that equation or evaluation fool you into
6 thinking reparations are not doable, because we will generate our own reparations wealth with
7 AARS, so there is no limit. Therefore, we will generate \$10 Trillion at a time, to silence all
8 doubters, to make sure that all Black People and their families are given emergency relief, and a
9 nice home in a safe healthy eco-friendly area}}. 41 {{You must consider capturing, killing, and
10 raping men, women, and children; plundering, pillaging, and stealing from an entire continent and
11 people; then consider crushing their hopes and dreams for freedom, justice, and equality. Then
12 consider they used mobile, social, and hostile barriers to exploit and prevent progress, during those
13 long eras of experiencing crimes against humanity; **for more than 2000 years}}**; 42 to understand
14 the required and repeated \$150T reparations demand. So, there can be no limit to generating wealth
15 for AARS, because all Black People need redress with spiritual guidance, emergency cash relief,
16 and land to build new, elite, and safe cities at home and abroad, with clinical psychological therapy.

17 43 The {{7 Power Moves}} are Very Effective When Done Nationally and Simultaneously

18 44 The AAIU will form the AARS Congress as a Power Base to Implement AARS, and follow
19 steps {1} through {7} the next time a black person is unjustly killed by the police, and/or to speed
20 up calls for more endorsements and promotions for a Global Civil Rights Movement via the news
21 and social media, to Demand AARS. The AARS Congress will {1} start a 5-year-national protest
22 against police killings, and for reparations; {2} a 5-year-national-dialogue on racism, corruption,
23 and police terrorism; {3} a 5-year-case-study to identify institutional and systematic biases, so we
24 can produce solutions for all institutions, systems, and society; {4} a 5-year-case-study to improve
25 interaction with and performance of all companies, institutions, and systems, that blacks depend
26 on for learning, progressing, and surviving; {5} start 5-year-national-boycotts **against** companies
27 disrespecting blacks; {6} start 5-year-buying-campaigns from companies who respect blacks; and
28 {7} transferring 75% of our assets into our operating U.S. Black Banks. (These 7 power moves
29 will get our governments and the top U.S. Corporations attention very quickly, and get Black
30 People money, power and respect very quickly). African-Americans and all Black People have
31 endured and are suffering from racism, oppression, and exclusion in the U.S. at the hands of those
32 in power, so they should agree to make moves, with their allies to strengthen the AAIU to carry
33 out these 7 power moves, to get swift justice for blacks and truth and reconciliation with all others.

34 45 THE AARS GLOBAL BLACK REPARATIONS BLOG and DIALOGUE

35 46 We will use various programs and platforms, to discuss the need for **most** African-Americans
36 and most Black People in the U.S. to **leave** the suppression of racism, police terrorism, and
37 corruption in integration; to become a **truly free, liberated, and independent people in new,**

1 elite, and safe repatriated and sovereign cities. 47 Black People have waited too long for justice
2 in integration, and they are still witnessing a rise in violence, crime, and racism. 48 So, AARS is
3 a national and global vehicle for all Black People to live happy in new, beautiful, elite, and safe
4 cities.

5 49 The AAIU is **positioning the military** to encourage and train young crips and bloods, young
6 tough brothas and sistas, and our young tough brothas and sistas coming home from jail; to build,
7 maintain, and become the military police force, for our newly established repatriated and
8 sovereign cities. The pay scale is \$4000 a month for blacks 18-34, and \$8000 a month for blacks
9 35-55. 50 With AARS **all blacks in the U.S. 18 and older** should start getting paid 20 payments
10 of (\$100k), for a total of \$2M later this year, or ASAP. AARS also requires the U.S. Government
11 to grant Black People 40 areas, of 40 square miles (40mi²) of prime land; (symbolic to 40 acres
12 and a mule); for 40 million blacks in the U.S. We know Manhattan is 33.77mi² with 1.63 million
13 people and considered one of the world's leading commercial, financial, and cultural centers.

14 51 So, 40 areas of 40mi² are good for 40M U.S. Blacks for Repatriated and Sovereign Land Areas.
15 We know 10M blacks will want to remain in integration with programs to improve the conditions.
16 Our first two cities will be formed as official repatriated and sovereign cities, for the African-
17 American and the **Global Black Family Reunion, for their repairing and recovery process**.
18 They will be designed and function similar to Manhattan. The repatriated city is for Black
19 Nationalist for independence. The sovereign city is for blacks who do not cuss, live good calm
20 clean lives, and are deeply into spirituality. AARS enables us to build four cities at a time to
21 promptly help more groups of African-Americans, until we help and link all Black People at home
22 and abroad.

23 52 The military will have a strong presence via small bases in each AARS city. These small bases
24 will be top flight with top flight soldiers, and we will pay them an **extra stipend** with their
25 benefits. 53 **Black People being unjustly harassed, beaten, and killed is a matter of national**
26 **security!** 54 So, the military should leave some of their strong soldiers behind to **patrol** with our
27 strong soldiers they train, **to keep AARS cities and citizens safe**. 55 The AAIU will issue AARS
28 to all police terrorist and white supremacist, so they stop killing innocent and unarmed Black
29 People!! 56 **We will provide opportunities for blacks who were wrongfully terminated, or**
30 **got stressed out at work**.

31 56 **African-Americans are not safe** living in integration as sacrificial lambs, who are victims of
32 racism and police terrorism, of which both are secretly growing. Black People are **descendants** of
33 slaves, who were victims of **extreme** abuse and violence, for ages and generations. **So**, you know
34 it should not continue but it does, and you know that is a dog gone shame. 57 Especially in
35 knowing all the contributions, sacrifices, pain and suffering African-Americans embody.

36 58 The victims suffered and still do from the world's worst crimes ever for capitalism, while they
37 were trapped in chains and bondage, during colonialism and slavery, causing Epic Black Anguish.

1 That created spiteful divisions, then a spiritual decline. 59 So, they need AARS for repair, to
2 reunite, and transform, back to revive spirituality and solidarity, prior to colonialism and slavery;
3 then seek racial healing with all other nations and races. AARS serves to uplift world politics, for
4 all nations and races to get mutual respect and benefits. AARS is a complete plan with programs
5 for spiritual guidance, generating wealth, and acquiring land. {{All plans with those 3 factors puts
6 them in a top category, so we offer 3 main reasons for everyone to endorse and promote AARS}}.
7 {{Generating their own reparations wealth will **restore** black pride and unity, getting inner peace,
8 abolishes begging, and is the key to liberation. So, generating wealth should be a high priority}}.

9 ↓↓↓ 60 African-Americans have been fractured by recent affairs including the governor of Florida
10 stating slavery was good for Black People, because they were afforded the opportunity to learn a
11 trade, disregarding all divisions, fatalities, social injustice, wealth transfers, and mental disorders,
12 caused by slavery. 61 Another high-ranking lady working in government, refused to acknowledge
13 the legacy of slavery has a negative impact on African-Americans and all Black People, putting
14 herself in hot water, and contradicting the following apology for slavery.

15 * * * 62 An apology from Georgetown and the Society of Jesus Maryland Province, for their role
16 in the 1838 sale of more than 270 enslaved individuals for the university's benefit, took place today
17 in the company of more than 100 slave descendants. "Today the Society of Jesus, who helped to
18 establish Georgetown University and whose leaders enslaved and mercilessly sold your ancestors,
19 stands before you to say that we have greatly sinned," said Rev. Timothy Kesicki, S.J., president
20 of the Jesuit Conference of Canada and the United States; during a morning Liturgy of
21 Remembrance, Contrition, and Hope. 63 {{We hope and pray with you because we have greatly
22 sinned, and because we are profoundly sorry. We thank them for the prerequisite for reparations}}.

23 64 Racism and hatred are resurfacing in the worst ways and language, of wanting to put blacks
24 back into segregation in Mississippi, wanting to deny blacks a proper education in Florida and
25 other states, and republicans admitted they changed laws **to remove a black elected official in**
26 **Georgia**, to save Trump. All these acts of racism should inspire all blacks and their allies to endorse
27 and promote one reparations plan, (which should be AARS).

28 65 New groups in the reparations arena think very highly of themselves. They do not consider the
29 work of our great heroes and sheroes of the past like Dr. John Henrik Clark, Booker T., Frederick
30 Douglass, Marcus Garvey, A. Philip Randolph; Dr. Frances Cress Welsing, Queen Mother Moore,
31 Sista Callie House, Wangari Maathai, or Sojourner Truth. 66 Our big advantage is finishing what
32 our great leaders of the past started. That is AARS's intent, and one of the main reasons why AARS
33 was produced and is so valuable. AARS has infused the work of all those great leaders, and will
34 lead African-Americans and the Global Black Family, to winning reparations and reconciliation.
35 67 It is a shame to know Black People do not have more honor and respect for their elders, great
36 leaders of the past, and their Global Black Family today. That is another reason why we wrote the

1 AARS Global Black Reparations Plan. **68** Black People should study and embrace their amazing
2 ancient African cultures, heritage, values and traditions, to secure global unity and group respect.
3 **69** We refute government tricks going state by state and city-by-city to waste more time for more
4 studies. That breeds corruption. We should stop that moot pattern of forming more groups to write
5 more plans. They want to keep blacks under their control, so they reject all plans calling for our
6 own land. Our reply should be the KRP to elevate and extend Global Dialogue to demand AARS.

7 **70** We share info in the next paragraph to show inclinations for sovereignty. The undeniable
8 history of Africa's preeminence, their incredible leaders, Europeans disbelief in their anointed
9 wisdom, God gave them, to become leaders in education and administration to lead all peoples to
10 prosper. **71** Then they tried to usurp Africa's heritage, then they tried to declare Egypt, as a place
11 of European origin, but failed. **72** So, now we reiterate we want to delegate justice, to a people for
12 damages and problems documented as crimes against humanity. So, we endorse and promote the
13 vision to rebuild Africa, and repair African-Americans and the Global Black Family, via AARS.

14 **73** According to Dr. Leaky, the European paleontologist who discovered Lucy, the oldest human
15 bones ever found, Africa is the birthplace of all human beings. According to Mendel, the European
16 scientist who proved dark genes are dominant and light genes are recessive, Africans are the
17 original people, and the parents of all human beings. According to the Honorable Elijah
18 Muhammad, the African prophet who brought a sense of self-worth to millions of Black-
19 Americans, Black People are the original people, and they have been here for trillions of years. He
20 taught everybody the original people were created in God's image, and as Gods chosen people, he
21 gave them knowledge and wisdom to create and advance all of the arts and sciences, including
22 concepts of theory, time, language, travel, structures, and trade. Those original people were very,
23 very dark and beautiful Black People. They called the land where they lived the home of the burnt
24 and dark-skinned people. A land known as Kemet among African Griots and Black Scholars.

25 * * * * **74** These great African civilizations produced many great African Kings such as
26 Akhenaton, the world's greatest social reformer. He was a wizard at administration, and he loved
27 life so much that he outlawed warfare. The African peoples shared his spirituality, so they were
28 blessed by God and encouraged to build the pyramids, the sphinx, and a variety of great temples,
29 with invaluable ancient artifacts within. **75** The Europeans were amazed at those structures, and
30 the calculations required to construct those glowing architectural phenomena, way back in ancient
31 times, and they still cannot figure out how the Africans built those great structures back in those
32 times. **76** The Europeans gave up trying to understand Gods knowledge, along with the advanced
33 intelligence of the African civilizations, and began feeble attempts to make the structures appear
34 as though they would reflect European heritage. They even went as far as chipping away at the
35 sphinx's nose, and they initiated portraying Africans as uncivilized and uneducated undesirables.
36

37 **77** Cheikh Anta Diop, the great Senegalese Historian, Egyptologist, and Paleontologist insisted on
38 proving to the Europeans, that Egypt was surely of black ancestry, **78** so Europeans should stop
39 chipping away at the great African wonders of the world, and accept the fact that Africa and Black
40 People are the home and originators of spirituality, the races, and higher learning. **79** Europeans

reserved a place for Aristotle, Plato, and Socrates as their great thinkers, but all three received their education in Africa. **80** In 1974 Diop also told them he could prove beyond a shadow of a doubt, that Egypt was in Africa, and that Egyptians were Black People. When Diop told them he could prove it by obtaining pigment from the mummies, Europeans had to agree that Egypt, and all the other great ancient civilizations along the Nile were in Africa, and populated by Black People, until the bastardization of the African continent began with European invasions in 332 BC.

81 A few of the glorious ancient African civilizations that flourished in Africa were Ghana, Mali, and Songhai. Ghana is a West African country that is known for its abundance of wealth in gold. Though she is rich in wealth and has priceless traditions, **82** Ghana took a turn for the worst when the invasions began. Ghana and most African nations exist today as nations in turmoil, plagued by persistent poverty, neglect, mounting debt, political instability, and unbearable problems like famine, disease, distrust, and divisions; which came as a result of racism, subjugation, imperialism, and colonialism. **83** The awesome ASANTE Empire controlled the territory until the British came prompting good spirits, but had bad intentions. The ASANTE rich traditions had communal land holdings by lineages or clans, inheriting their people's loyalty. The AKAN people were matrilineal, while the GA, EWE, and most northern groups were patrilineal.

84 Black People should be proud, appreciated, and respected globally for great achievements, **85** but instead they were abused, enslaved, and oppressed for ages! That was caused by religious propaganda, which was imposed by others writing negro phobic language into scripture, which prescribed blacks as slaves! The Pope apologized for having 7 European Nations, and all the other guilty groups agree to suppress developing Africa, while overtly dominating and subjugating Black People! There were also 17 U.S. Corporations who gained unjust enrichment from the slave trade.

86 AARS Executive Order: \$50B from U.S. Government and all Guilty Groups

87 The U.S. Government, the Pope and the Church, 7 European nations, (Britain, Denmark, France, Italy, the Netherlands, Portugal, and Spain), the Willie Lynch Letter and the Jews, and the 17 corporations listed below, are all guilty of grand land theft, ruining traditional family and culture, and multiplied mass murders; in Africa; the Diaspora; and in America. **88** So, black folks need AARS right now, to get emergency monetary relief, land, and programs to repair, rebuild, and recover all their losses and damages. AARS services all these areas and much more, so we are calling on **President Donald Trump** to issue an **Executive Order** to ratify AARS for Kwanzaa of 2025 or ASAP; as an apology and a gift to African-Americans and the Global Black Family.

89 The **Executive Order** should be \$50B from the U.S. Government and all the other 27 guilty groups, ASAP, evenly to the AARS Hedge Fund and operating U.S. Black Banks. The Executive Order Notifies all 28 guilty groups to engage with AARS to atone, make amends, and earn a reconciliatory profit; so blacks can get emergency reparations relief, their own land, and police accountability. When America accepts AARS, they agree to emergency relief, 40 areas of 40 mi² of prime land grants, and ensure the safety for all African-Americans and Black People in the U.S.

↓↓↓↓↓ **90 CORPORATE RESTITUTION FOR SLAVERY**
(PLAINTIFF AND DEFENDANT INFORMATION)

This compilation comprises materials on landmark class action lawsuits brought on behalf of 3.5 million descendants of enslaved Africans for slavery reparations. The plaintiffs in six different states (New York, New Jersey, Illinois, California, Louisiana, and Texas), filed the actions against 17 defendant corporations, who have profited for hundreds and thousands of years from colonialism, slavery, and the transatlantic slave trade. The cases have been consolidated in the U.S. District Court, Northern District of Illinois, Eastern Division before Judge Charles R. Norgle.

***** **91 The Pope Apologized for Their Role in the Slave Trade**

We sincerely thank the Pope for having the courage to admit that the Church is faithfully apologizing for their role in the Slave Trade. Hopefully other perpetrators will have leaders with the same guts to admit their transgressions, because they are all liable for damages. **92** AARS has applicable processes, programs, and services to provide refined relief for perpetrators and victims. **93 We also thank the World Council of Churches (WCC)** for telling Europeans, Americans, Arabs, Jews, and all other culprits to pay reparations to Africa, parts of the Diaspora where blacks were abused, colonized, and exploited, and all other places where blacks were casualties of war!

94 We honor Mr. Peoples, a late Compton Community Activist who brought attention to the Black-American Slave Trade Holocaust, by driving the model of a slave ship all around the greater L.A. County for nearly 40 years. He filed a lawsuit against the Catholic Church for their role in the Slave Trade, which was dismissed but should not have been, without a proper judicial process in a sworn court of jurisprudence. **95 The Pope asks Africans to Forgive Christians** for their Role in the Trans-Atlantic Slave Trade. We forgive you as **apologies** are **prerequisites** for reparations.

Pope John Paul II recently journeyed along the same route that hundreds of thousands of Africans passed through on a voyage to the New World as slaves. The Pontiff begged for forgiveness for Christians involved in the Slave Trade.” How can one forget the enormous suffering inflicted, ignoring the most elementary rights of man, on the people deported from the African continent?” he asked.” From this African Sanctuary of Black Pain, we begged the Pardon from Up Above.” The Pope made the comments during a visit to Goree Island, which is a 20-minute boat ride from a French naval base in the capital of Dakar in West African Senegal.

Calling the Passage, a “Door of No Return,” the Pontiff toured cells of the “House of Slaves” where at least 600,000 Africans passed through, during an extended period ending in the early 19th century. **He likened the house or slave ports all around Africa**, where Africans were chained, awaiting slave ships, to this century’s concentration camps, the “**Maison des Enclaves**,” which has been **restored as a museum to document the horrors**. In a meeting with Muslim leaders, he appealed for an end to modern-day slavery, citing organized prostitution, and stressed the need for cooperation and equality for Christian minorities, who he said are discriminated against in many Muslim countries. The Pope’s week-long pilgrimage was aimed at strengthening the role of the Catholic Church in the heavily populated Muslim countries of Senegal, Gambia, and Guinea.

96 AARS Emergency Individual and Family Monetary Payments for all Blacks

The SEEG identified three top rated companies to generate wealth for humanitarian projects which we can use for reparations individual and family relief payments (PMs). Many Black People have bank issues or have lost bank accounts. AARS gives them a new bank account as a **1st reparations award**, with dual services, to learn and keep good spending and saving habits, and to stop all bad habits. All 30-50M blacks in the U.S. 18 and older will get a **red, black, and green, Reparations ID Card (RID)**; by last name A-Z; state; DOB; AGE; SSN; income; photo, fingerprints, and **birth certificate**; for accurate PMs. All Black People will be notified of becoming a member, of one of the twenty-one operating U.S. Black Banks for PM. All blacks will get a bank card, from their RID, from their appointed Black Bank, for PMs. All reparations PMs go to their bank cards. Black settlement for PMs is birth by 5-1-2008, because that was the first day African-Americans and all Black People, received an official apology from one of the culprits for colonialism and slavery.

97 We will take these funds and give all blacks 18 and older in America 100k ASAP, as an initial PM. We will give those blacks 20 - 100k PM every 30-90 days, pending how long it takes for them to receive their PMs. Then we resume PMs until we reach the \$2M goal for those Black People. This path aids and inspires all Black People to use reparations most effectively, and not to squander them selfishly, or with others. It also gives black folks time to pursue policies to attain top mental and physical health, by engaging in AARS preparation to receive reparations programs, which enforces learning to produce and sell products for daily use in the U.S. and in great demand abroad.

98 AARS delegates the same ID process for all Black Families outside America, to provide \$2M per family, since the cost of living is much lower, and the number of blacks are much higher. Blacks must be 18 to get PMs. We teach those blacks to be smart with their money, to take care of the younger people in their families by investing. Blacks will not pay taxes on any reparations PMs. It should also be agreed that no government, or group will harass any black person for any debt, since AARS calls for Black People to be released from all debt, as a **2nd reparations award**.

99 Blacks should take the rest of this and next year to design and fortify a global racial hierarchy, their AARS Congress, and studying all moving parts of AARS. That will position them to adopt and produce healing, repairing, recovering, and transforming programs. **100** We are blessed and fortunate to have found sources to generate wealth for projects. We should move like experienced clients and savvy business people to engage. * * * **101** We should also apply pressure via planning for national action, including (1) planning for the 2nd National Black Political Convention, (2) the 2nd Million Man March, and (3) the 2nd Civil Rights Movement to demand AARS, ASAP!

102 Black People should use their BPV during 2025-6 to claim AARS, an Injured and Indigenous Status, and 1 of the 3 AARS Reparations Models for residence. **103** We will keep you informed on directions and when to take the BPV.

1 **104** AARS takes us on a journey to a long overdue spiritual awakening and a brand-new beginning,
2 for African-Americans and the Global Black Family. That is exactly what the AAIU postulated
3 after more than 40 years of research, and exactly what African-Americans and all Black People
4 need, have earned, deserve, and are entitled to receive. **105 AARS is a Global Black Reparations**
5 **Insurance Policy.** The act starts and revolves when rich blacks, guilty groups, and others who are
6 wealthy and care for blacks, begin to use the SEEG to generate wealth. The U.S. Government will
7 quickly join the act to cover their current war debt, avoid bad publicity, and the 7 Power Moves.

8
9 **105** African-Americans are fortunate to know hundreds of communities and organizations across
10 the country, are considering providing reparations to Black People in America for generations of
11 abuse, oppression, racism, slavery, and segregation. Places like CA, MA, Rhode Island, North
12 Carolina, Iowa City Iowa, and Evanston Illinois; along with religious denominations like the
13 Episcopal Church; prominent colleges like Georgetown University in Washington DC.; and most
14 importantly don't forget there are a number of financial institutions who have committed to
15 economic development for underserved areas, so let's make them keep their word via AARS.

16 **106** We have an issue on the reparations plan that was posed for a few blacks on housing issues in
17 Evanston. The civic group that posed the plan that landed in 2019, said pro reparations groups
18 offered pro-bono legal aid, if the plan is challenged. All blacks and everybody else should
19 challenge the plan, because it is not a reparations plan, it is only a housing redress program. Only
20 a few blacks will qualify, out of many in need. **107** The dissenting voter stated the effort was
21 paternalistic, and assumes Black People cannot (a) generate or (b) control their own wealth.
22 African-Americans should claim AARS for both reasons, and unity liberation and independence.

23
24 **108** Reparations are meant to repair damage done to all Black People, not a few who qualify in a
25 local area, or for a specific massacre. **109** We have some blacks being misled who are trying to get
26 reparations for a few blacks, which is wrong. We should demand AARS to identify national and
27 global damage, using and creating strong programs to repair that damage, and listing issues and
28 lingering problems we should solve now. **110** They fought the Civil Rights Movement (CRM), to
29 gain rights which would have led blacks to equality. **111** But they were fooled by others, so they
30 need a 2nd CRM to win those rights, and slowly dissolve racism and police terrorism. The 2nd CRM
31 will be the Reparations Movement, to win our rights in a peaceful and political process, the KRP.

32
33 **112** Blacks are divided, deceived, and in danger, so they should unite around AARS, to ask the
34 U.S, Government to ratify AARS, ASAP. **113** Then they will build their own new, elite, beautiful,
35 and safe repatriated and sovereign cities. **114** Many people wonder and ask what is fair, full, and
36 suitable compensation; for all the hostile and volatile eras of abusing, capturing, colonizing, and
37 displacing Black People. They endured atrocities; lost their homeland, family and culture; resisted
38 colonialism and cruelty and brutality; middle passage horrors; slavery slaughters; and segregation
39 disasters. It requires at least 20 years of research, to understand the effects of those long-periods,
40 of deep-suffering and shocking-oppression, in order to submit a good, valid, and complete answer.

↓↓↓↓ 115 You must understand the reasons for Europeans plotting those invasions, understand why it led to Africa's demise and the destruction of Black Civilization, the adverse psychological effects of the 30 reasons coupled with the emotional trauma; after being branded, chained by the neck and legs, forced into slavery, then forcibly raped. 116 Then they turned the tables and divided Black People, so that they could indoctrinate blacks to hate, envy, revile, and distrust one another. * * * * 117 {{So, the **accurate answer** is to ratify a plan for spiritual guidance, PMs, land, safety, autonomy, and ethnic relief and progress. The only way to reach those **goals** are with principles and rules for sovereignty}}. Their Internal BPV during 2025-6, is for U.S. Blacks only 18 and older to claim AARS, an injured indigenous status, and sovereignty. Their BPV organizes evidence to unite blacks to win reparations, and to slowly reduce and finally end racism and police terrorism.

118 AARS emphasizes leaving corruption in integration, for peace and prosperity in repatriation and sovereignty. It includes youth programs to decrease foul language and activities for racial improvement, and adult programs to nurture a desire to self-actualize, set goals, and teach our children good habits and values. This is a spiritual call to bring the Black Family back to order. A **priority** that is to acknowledge and reclaim our true home and motherland, culture, and heritage.

119 First, there are advantages with (1) sovereignty as an alternative to (2) integration. Primarily with problems which stem from slavery, which created deep divisions among blacks, which they must solve among themselves. Basically, they start labeling sellouts, identifying limited plans called reparations, and embracing unity, even though many of them will remain integrated. Second, they remove themselves from harm in integration, while getting options to learn to utilize their abilities, networks, and skills to build their own new, elite and safe repatriated and sovereign cities.

120 Black People should live in all three models or settings, because they walked and struggled with Whites and Jews to achieve equality in integration. 121 However, their position also emphasizes (3) expanding repatriation, since they lack basic civil and human rights, because of the color of their skin, so they are mistreated. 122 They should protest for 5 years to demand justice, and work to mend and uplift their family relations at home and abroad. 123 They should build their close and distant relatives, new, beautiful, elite, and safe cities on prime land. The AARS Congress will uphold and exalt repatriation to elevate Global Black Family Reunion and Reconciliation.

124 The AAIU data base identifies 17 corporations who surely owe blacks reparations. We also hope and pray that the U.S. Government, the Roman Catholic Church, and the Bush's and Rothschild's will cooperate, because AAIU data has proof of them profiting from slavery, and/or exploiting Black People. 125 We will ask the 28 guilty groups, then all the others with wealth and compassion, particularly the large financial institutions that committed to economic development for underserved areas, to consider using SEEG programs to help generate wealth for reparations.

126 Implementing these AARS amenities in quality and quantity are paramount, and requires four 50 years terms for Black People to heal, be repaired, and build safe cities. 127 They should **replace negative fixtures**, which have become normal in their daily interaction, (like offensive language,

1 harsh vulgar music, and hostile lewd behavior), which come from bad experiences with racism and
2 oppression; **with their classical**, identifiable, and noble names, languages, customs, and culture.

3 * * * * 127 {{All races of people get along good at musical, political, and sporting events, so
4 reparations should unfold via annual, constant, and serious dialogue. That will pave the way for
5 the races and especially the police, to keep that same level of appreciation and respect for one
6 another, in our daily lives}}. 128 When African-Americans get their own land, others will give
7 them respect, so they can build their own new, beautiful, elite, and safe cities. ↓↓↓ 129 {{African-
8 Americans and Black People have done way too much in the U.S. to keep being denied reparations.

9 Race relations have been very bad and are getting much worse}}. 130 {{A brief parting will help
10 the races learn to respect one another, just like a divorce. After people divorce, they reconcile after
11 forming a sincere mutual respect. Then they realize they needed that mutual respect from the start,
12 to keep good relations to last forever. The AAIU offers sovereignty as that parting, as an American
13 social service through the AARS Congress, for genuine and lasting racial reconciliation}}.

14 **131 Brotha Pruitt's Experience:** In Carson CA our parents taught us good family values, and we
15 had strong support systems. That background gave me visions to nurture to help others. I developed
16 good habits and a desire to read for long stretches in elementary school, with the Head Start
17 Program. I went on to Jr. High and participated in campus activities related to communications. I
18 enjoyed watching music, sports, and promo campaigns bring people together, creating the most
19 fun, festive, and memorable occasions. I grew 10" the summer before High School, so I learned
20 the fundamentals of basketball, and became a Legend at Verbum Dei High in Watts in 1979.

21
22 I was a gifted 6'8" point guard, trained hard, and became an All American who won a scholarship
23 to UCLA. 132 I transferred to UAB because coach Larry Brown lied; after saying I'd play the
24 point. After I left UAB I found out coach Gene Bartow was in cahoots with Larry, so he deceived
25 me on playing the point too. Gene let me play the point for the whole year I sat out. Then when I
26 became eligible, he switched my position. I tried to appeal but they black balled me after lying to
27 me, and telling lies on me! That was cold blooded and it still hurts!! I was a victim of racism in
28 sports by owners, associations, managers, and coaches abusing their power, as were many athletes
29 like Muhammad Ali, Curt Flood, Raymond Lewis, Craig Hodges, Michael Vick and Colin
30 Kaepernick. We should **investigate racism in sports** to get equal opportunities for more blacks to
31 own, manage, and become coaches and recruiters for colleges and the pros.

32
33 **133** This AARS Plan is fair, complete, and has comprehensive amenities. It has ideas and
34 suggestions from our great black and other scholars of the **past and present**. It includes processes,
35 programs, and services to get spiritual guidance; emergency monetary relief; prime land grants;
36 repair massive damage; solve lingering, lethal, and mounting problems; and **will create a new line**
37 **of thinking in all Black People**. So, they learn and realize they have earned, deserve, and are
38 entitled to their own land, right here in America, as indigenous people with indigenous rights.

134 That will enable blacks to build their own new, beautiful, elite, and safe repatriated and sovereign cities; form their own indigenous governments; write their own sovereign laws; and control all affairs, companies, institutions, and systems in their city limits. 135 We work to diminish all sell outs, then we unite genuine reparations activists, with our entire Global Black Family, and all of our allies. 136 We will use AARS as the base reparations plan, then add all other good ideas from all other good people and plans, as amends to repair all damages and injuries, and recover most losses, to help repair African-Americans and all Black People at home and abroad.

137 20 AARS Bullet Points

- * 1. Giving Honor to God, and praying for special help to unite African-Americans with all Black People on a global scale, then we have KRP dialogue to win AARS in one year.
- * 2. Reveal programs to slowly get the 7 Old European Colonial groups and the New Colonizer China out of Africa, or to at least start sharing the resources they seize equally, with the natives.
- * 3. Reveal programs to limit or stop the enormous influx of immigration, because it is choking the American education, health care, employment, housing, political, legal, and social conditions.
- * 4. AARS is strong with 3 main parts; spiritual guidance, full repair and recovery, and generating wealth from SFs, from governments, all other guilty groups, rich blacks, and others who care.
- * 5. Therefore, AARS is the best reparations plan by far. All the other reparations plans require waiting for the oppressors to approve, begging, or filing lawsuits that are nearly impossible win.
- 6. AARS provides great debt relief for the governments, and all the other guilty groups who owe trillions in reparations. They are all guilty of vile and vast crimes against humanity.
- 7. AARS gives relief, to all African-Americans and all Black People, by providing emergency monetary payments and related redress benefits (PMs), ASAP.
- 8. AARS includes spiritual, cultural, family, and social processes, programs, and services, to repair Black People back to their peaceful and progressive status they were in, prior to colonialism.
- 9. AARS reveals processes and programs to build new, elite, and safe cities right here in America, rebuild the infrastructure in Africa and the Diaspora, and getting control of African resources.
- 10. AARS has programs and services to reconnect blacks with their home and motherland, spirituality, their global family, and traditional customs, values, culture, and Rites of Passage.
- 11. AARS offers preparation to receive reparations programs, to help all Black People get in top mental and physical condition to receive reparations, so that they do not squander them foolishly.
- 12. AARS offers financial services and career-oriented programs to guide African-Americans and all Black People to form and keep good saving and spending habits, and help them choose a career.
- 13. The AAIU outlines the **3 AARS Models of Reparations**, to take care of all 50M blacks in the U.S., and all 1.5B blacks globally. Everyone 18 and older should seriously study the 3 models. (1) Improving Integration, with AARS Congressional Racism Dialogue and Case Studies; (2) Expanding Repatriation, with approval from our extended family where we choose to go, and with

ample resources to rebuild the infrastructure, and build new, elite, beautiful, and safe repatriated cities; and (3) Creating Sovereignty, **for blacks to develop a new line of thinking**; to learn they deserve, have earned, and are entitled to their own sovereign land, here in America.

14. **The AAIU Black Plebiscite Vote (BPV)**: serves to let everyone know that Black People are indigenous to this land, as distinct relatives of the Great Ancient Black African Olmecs, who were here first, building and moving civilizations, not Native Americans or Mesopotamian Mexicans. .

15. The governments should stipulate that their new government granted repatriated and sovereign land, can never be taken away from Black People; for eminent domain, any necessity, or any other reason that they ever conceive.

16. On the KRP, which we are engaging in now, which is circulating, reading, and discussing all docs on the homepage, with everyone 18 and older, until AARS is ratified by the U.S. Government, including agreements and terms to influence all the other guilty groups to bind with AARS.

17. AARS prevents reparations opponents and their sell outs, from trying to set criteria for blacks to receive reparations. Its irrational, all African-Americans identified as black on their birth certificate, and all Africans identified or who we know are black abroad will get AARS benefits.

18. Reparations opponents and their sell outs, have the nerve to say blacks can only claim reparations for the last 400 years. Its irrational, Africa was invaded over 2000 years ago, and blacks suffered over 500 years here in the U.S.

19. Reparations opponents and their sell outs are even saying blacks have to prove they are a descendant of slaves to qualify for reparations. Its irrational, all African-Americans and Black People should get reparations from colonialism, middle passage, slavery, racism, and oppression.

20. Opponents and their sell outs continue to say blacks sold each other into slavery, repeating myths and propaganda, while ignoring the facts! Blacks very rarely sold other blacks into slavery, but blacks were often beaten, sold, transported, and enslaved by others both nationally and globally.

21. When discussing reparations most people are only concerned about the money. AARS provides that in emergency monetary relief, along with programs and services to heal, repair, recover, and transform back to their peaceful status, prior to colonialism and slavery, then seek reconciliation.

22. We expose true Black History to prove Africa is the home of humanity, and blacks are the original people; so, that all people, and especially the corrupt police and white supremacists, can start to give them their due respect, or at least tolerate them as human beings. They should also stop all the unnecessary harassment, and unjust killings of African-Americans and Black People.

Since the California Senate recently passed three reparations bills, that should lead **African-Americans and all Black People**, to receive reparations (AARS) benefits. Since a government group made this progress, they should work with the AAIU, to help get AARS ratified and implemented. We will reveal its capabilities and power, in our AARS Global Black Reparations Dialogue, on all docs on the homepage. Go to the bottom of this homepage to join the dialogue. So, please read all docs very carefully to prepare for the dialogue.

The AAIU Action and AARS Reparations Endorsement Form

After reading all 7 docs and seeing all 3 videos on the homepage at <https://aaiuaarstalk.com> I find African-Americans are victims of vast and violent crimes, so the **culprits** have a duty to repair all damage and solve all problems. The U.S. Government should ratify AARS, ASAP, for rapid relief and full repair for the victims, then the U.S. and all the other **guilty groups** atone and make amends.

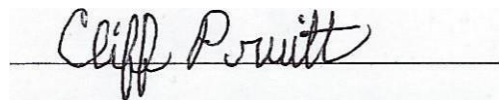

Reparations for Black People are held up because the debt is so high, from **culprits** seizing great enrichment while causing epic social and emotional damage, so the debt must be paid. Now, the victims have been crying out for justice since slavery, but are constantly misled and deceived. AARS presents a scenario for both the victims and culprits, to willingly accept a full service and well refined reparations plan that is all-inclusive, viable, comprehensive, and mutually beneficial.

Therefore, as a person who is 18 or older, and have read and understand all docs and videos on the homepage, I will endorse and promote the KRP, for everyone 18 and older at home and abroad, to assess AARS in groups and by yourselves. It is my firm belief that African-Americans and all Black People should **claim AARS**, to revive, repair, and restore their people, back to the peaceful and progressive status they established, abided by, and preserved prior to colonialism and slavery.

The AAIU AARS Reparations Refusal Form

Reparations means to repair damage done to a whole group of people, not some of their people, but all of their people. When people **say** African-Americans should prove something to qualify for reparations, tell them racism and its legacy has hurt all of us, so **we all** need reparations. Do not delay, limit, or deny any black person reparations, because **we all** suffer from losses and damages.

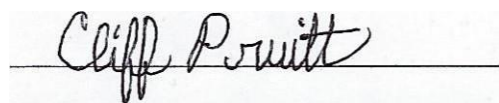

Others were awarded reparations for violations that did some harm to their people, but no people have been abused, brutalized, deceived, exploited, lynched, slavery indoctrinated, and displaced like Black People! There is **absolutely no comparison!!** Black People have been enslaved and oppressed for over 500 years nationally, and over 2000 years globally. So, **we need** a reparations plan like the African-American Reparations/Sovereignty (AARS) Global Black Reparations Plan.

However, if for any reason any black person wants to refuse AARS reparations, that is their prerogative, so they should sign and return this form to confirm refusing AARS. The AAIU will keep records, account the voluntary refusals, then apply their reparations to the AARS Hedge Fund for AARS action. We know people support their **groups plan**, instead of AARS for autonomy. We also know this is a personal choice, so everyone 18 and older should read AARS for self to decide.

Elaborating on Integration: We Fought for Equality in the Civil Rights Movement

Blacks know reparations are required to reach equality in the U.S. We ask all blacks to assess what others got for reparations, so they will know what they should get, like more money, land, and aid.

Diversity Equity and Inclusion (DEI)

Diversity, Equity, and Inclusion (DEI) are essential strategies in the workplace for equality. DEI in company management shows company revenue to rise by 19%. To that end, it's no surprise that when DEI initiatives are embraced, they play into the growth and long-term success of a company. Eliminating bias and discrimination in the workplace creates a culture of success. Leaders and employees alike must understand and be able to use the strategies for removing barriers and stereotypes to encourage fair and equitable practices in the workplace. So, DEI leads to equality.

Elaborating on Repatriation: Study and Embrace Black Nationalism and Pan-Africanism

Repatriation is a big part of AARS reparations. Repatriation provides resources so that some Black People can go back to Africa or any other place of their choice, where they were exploited, to build better relations with their extended family, and to build new, elite, and safe repatriated cities in their areas. African-Americans should use the skills they acquired from their sojourn in America to rebuild their home and motherland.

“Can African-Americans Save Africa”

Rev. Leon Howard Sullivan

“The Faith is that Africa’s Fate is the Business of all People of African Descent”

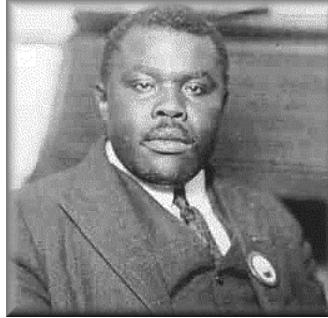

It was an eerie moment in April 1991 when 300 African-Americans arrived in Abidjan, capital of the West African country of Cote d’Ivoire for the first African / African-American Summit. Long estranged brothers and sisters were meeting once again, five hundred plus years after their separation, reweaving the fabric of common memory and shattered heritage. One African-American woman walked straight to the first African Ivorian woman she saw and clasped her in an emotional embrace. “You’re my sister, you’re my sister”, she said to the Ivorian woman. The Ivorian woman understood little English but the message was not lost yet amazingly clear to her. Both women held on to each other as if frozen, then dissolved into happy-painful-loving tears.

There was poetry and potential power in that moment as in the Summit itself, which began on April 15 and ended on April 19. The whole constellation of Africa’s past was present in Abidjan. Then the real challenge of the summit was about the present state of Africa, and the failure of African-American relations. That concern was exemplified in the congress apart relatives, in the affirmation by both parties; that blood is thicker than the pains of history, that memory outlast physical separation; but most importantly, is the shared faith that the fate of Africa - the new frontier, in **Reverend Leon Sullivan’s apt words** – is the business of all people of African descent.

The situation in Africa has become serious in several respects. Not only are Africans condemned in the present to poverty and misery, but unborn generations are sentenced to an existence of pain and suffering. African-Americans should find joy in learning about and claiming their roots, which is a climax of great societies that culminated in the classic civilization of Kemet, which is the standard for all modern governments and societies.

African-Americans should want to learn about and claim their roots, which is a climax of great societies that culminated in the classic civilization of Kemet, which is the standard for all modern societies. So, Europeans should stop calling themselves African. Colonizing Africa for thousands of years does not make you African. Africa is a Black continent and Africans are Black People.

4 A Racial Hierarchy and Empire for Negroes - The Negro's Creed must be Confidence in Self -
5 His Faith must be: One God; One Aim; One Destiny
6

7 Negroes should stop their hero worship and adoration of others, and rush to create positive images
8 of themselves. We must canonize our own saints, and elevate them to positions of fame, so we can
9 honor our great black men and women, who have made their distinct contributions to the world
10 and our racial history. Sojourner Truth is worthy of the place of sainthood alongside Joan of Arc;
11 Crispus Attucks and George William Gordon. They are all entitled to the halo of martyrdom, with
12 no less glory than that, of any of the martyrs of any other race. Africa has produced countless
13 numbers of men and women, in times of war and peace, whose luster and bravery would outshine
14 that of any other people. So, we should see the good and perfection in ourselves. We are entitled
15 to our own opinions with Gods guidance, and not colligated to or bound by the opinions of others.

16 A Peep at the Past

17 Others have no more right to dishonor, disrespect, and disregard your feelings and manhood, than
18 you have in doing to them. Their arrogance is only skin deep, and has an assumption of superiority
19 that has no foundation in morals or law. They come from the same family tree as we do, but their
20 history is much more primitive and uncivil. Their ancestors ran wild and naked, lived in caves, and
21 they made human sacrifices. When we were embracing and excelling in the arts and sciences on
22 the banks of the Nile, their ancestors were still drinking human blood and eating out of the skulls
23 of their conquered dead; so why did they give us a reputation they deserve of being savages and
24 immoral people? Their self-made image is that of a pure and sacred people, when our civilization
25 had reached high progress, they still ate unseasoned and raw food, and believed the world was flat.

26 Allegiance to Our Race

27 Let no voice but your own speak to you from the depths of the Negro's journey. Let no influence
28 but your own rouse you in times of war or peace. {{Your allegiance shall be to God, then to your
29 race, family, and homeland}}. Remember always that the Jew in their political and economic ways
30 are always Jews first; the white man is always a white man first under all circumstances, and you
31 should be no less than a Negro first, because every other race does the same. Let no one inoculate
32 you ever again with evil doctrines to suit their own conveniences, as they succeeded with the Willie
33 Lynch Letter, to our demise. Be true to yourselves and beware of others deceiving you.

Elaborating on Sovereignty: A Remedy for All Blacks for Colonialism and Slavery

When Black People start feeding, educating, employing, policing, and providing housing and health care for their people, they will solve their problems themselves. That cannot be done in integration. That is why most African-Americans should become a sovereign people in America. Initially we expect 20-25 million Black People (40%) may prefer sovereignty. We will know after the BPV. However, we believe 90% of all blacks will prefer sovereignty, after they see we have no racism, live in solemn peace, and are making group progress in our elite and safe cities. The 10% who may want to remain integrated as they should, are the 5% who are rich or satisfied, while the other 5% are haters and sell outs. The masses should want a new start with God, and a plan.

When African-Americans get their own land to build their own cities; they can establish their own books, customs, and holidays to observe to help repair damage; celebrate black awards, triumphs, and contributions; honor our old and new heroes and sheroes; and to give guidance and stability.

Black People have to learn that they deserve, have earned, are entitled to their own land. They must learn and should start thinking and knowing that they can live in peace, in their own sovereign and repatriated cities, right here in America. They should claim an injured and indigenous status with the BPV, on the land of which their ancestors built the foundation with their blood, sweat, forced slave labor, and tears. Now is a good time to learn AARS presents positive alternatives for Black People to living in integration, which are repatriation and sovereignty, so let us reunite to relentlessly pursue reparations with this AARS plan. We prepare for national class action lawsuits and movements by strengthening the AAIU to perform the 7 power moves of AARS.

Slowly dissolving racism and improving police and race relations are the “changes” that will make America a much better place. The KRP strategy was written with visions to start a peaceful and political reading project, to win AARS in one year, or ASAP, and achieve “the 3 goals”. The KRP is for everyone 18 and older at home and abroad, as part of an AAIU program to seek pride and unity among blacks, and harmony with all other nations and races, so that we can live in a civil society in America, and globally. We recognize reparations are owed for “crimes against humanity”, “in memory of our ancestors” to reunite, repair, restore, and uplift our people back to the safe, spiritual, peaceful, and progressive status we were in, prior to colonialism and slavery. With AARS we provide 5 up to 50-year terms, programs, and services to bring this to fruition.

Prioritizing Spiritual Guidance

African-Americans worry about penalties for debating racism and oppression openly and honestly. An imposition we must overcome with God to list and discuss all the problems in society without fear of retaliation. There are way too many passive blacks in top positions in politics, the church, supposedly civil rights and pro black groups, and in the reparations arena, which is hindering and delaying justice. Please stand up to show your allegiance is to your people, to make a difference. We need our people to be strong soldiers like Senator Cory Booker of NJ, Attorney Hakim Jeffries of NY, Former News Anchor and Analyst Joy Ann Reid, and Attorney Jasmine Crocket of TX.
