

# ::: The African-American and Global Black Reparations Five Phase Plan

## A Strategy to Win and Administrate Black Reparations

Phase I: African-Americans Atone and Organize

Phase II: Hold a Plebiscite for Sovereignty (Requires Independent Land and Infrastructure)

Phase III: Lift the Reparations Union Lobbying Association (RULA Power Base) and Data Base

Phase IV: Initiate the African-American Reparations Tribunal

Phase V: Conduct the United States of America Truth and Reconciliation Process

This is a step-by-step approach aimed at bringing African-Americans together in a spiritual and committed sense, for the purpose of pursuing rights they sacrificed and lost lives for, but failed to gain in the Civil Rights Movement (CRM). Blacks were fed up because they were denied basic civil and human rights since slavery, so they decided to have boycotts, freedom rides, marches, protests and sit-ins to demand an end to unacceptable conditions. African-Americans participated in the CRM with hopes of reaching equality, by attempting to use legal means to dismantle segregation and acquire the right to vote. They have not reached equality and they continue to count on laws and enforcement to protect due process, participation and ballot counts in elections. They are facing similar problems today affecting them socially, politically and economically in systematic injustice with housing, employment, health care, family and public services.

Blacks should realize the pattern of discrimination they face in all areas of people activity and participate in this course of action to address these issues, which will motivate the majority of their people to move with the same urgency and cohesiveness, as they did during the CRM. Blacks never took the time to form a power base to address these issues after Dr. King was assassinated and the CRM died, which left problems lingering and growing worse. Now blacks are facing terrible conditions all across America which should inspire them to take a stand for their rights! They should engage those with experience and expertise in every field to investigate and report on crimes that caused problems to arise after generations of injustice. The Five Phase Plan is an outline for action capable of showing indisputable evidence of those crimes occurring, how they affect African-Americans today and presenting a comprehensive strategy to find solutions. The strategy entails a multitude of systems covering a wide range of paths, which facilitates cataloging and creating methods for problem solving, focusing on gaining equality and sovereignty.

African-Americans have been damaged both collectively and individually in the worst ways you could imagine. Black people should tell their story from their point of view. It would enable them to clarify damages and assess claims. They should participate in this or any process that takes them in this direction. There are far too many group and personal problems posing serious danger to their people for them to carry on with business as usual. It is their responsibility to decide when they will engage in collective action to solve problems. African-Americans should focus on reparations as the solution, to the point of inducing it as a common thought among their people, so that they can start thinking and talking about ways to reach equality and sovereignty. {This should motivate blacks to examine past troubles and poor conditions they live in today, which will

exemplify their need for repair!}. The Five Phase Plan meets these criteria and has no limits. It calls for blacks and others to discuss facts regarding patterns, people and policies, which have and still do, set up and sustain racial problems.

This examination will reveal a list of thirty reasons which qualifies blacks for reparations, which I will share later, but for now let's prioritize a few to review. (1) Racism/White Supremacy triggering 500 years of Spiritual and Cultural Deception! (2) The intentional cruelty and brutality of Slave Ports all around Africa, the Middle Passage, Slave Breaking Colonies and Slavery! (3) 246 years of withheld wages from slave labor and wealth from inventions and contributions! (4) Damage caused over the 100 years following slavery called Jim Crow Segregation! And (5) Special Consideration for lingering emotional affects, causing deeply embedded psychological damage, induced by vicious racial attacks and lynching over the last 500 years! Blacks, Whites and Jews should work together in this capacity to form commissions to evaluate these problems as well as others listed as qualifications for reparations. They should pursue reparations in a persistent fashion just as they went after black equality in the CRM. They should work together in phase five until they produce an African-American Reparations Package. {The package will include means to restore blacks to their peaceful and productive lifestyle prior to slavery}!! Blacks should rebuild their culture and communities with aid similar to that of which victims of WW II received, because blacks are victims of elusive population control schemes and have been under silent attack for the last 500 years!! We can prove this with case studies on Post Traumatic Slave Syndrome, AIDS, the war on Drugs, The Black Matrix and gentrification, among other old and new phenomena, which causes severe damage. In light of the fact that blacks are victims of lasting effects of slavery and on-going assaults, proves African-Americans deserve reparations! Now here's the strategy to win reparations!!

#### Phase 1: African-Americans Atone and Organize

When blacks decide to take collective action that will notify America and the world of their intentions to initiate a massive campaign for reparations! The first step is to agree on a plan. Then call on the masses through churches, various groups and media outlets to promote and support the plan, as it is being done in their best interest. African-Americans would begin discussing reparations at high schools, colleges and all social functions. Blacks should discuss reparations at every meal and opportunity. African-Americans should insist reparations are on the agenda and given prime and ample time at programs like the State of the Black World Conference, State of the Black Union, BET and other awards shows, and all other programs that are supposed to honor and benefit blacks. The call will be put out for blacks to use the Five Phase Plan to atone, (which means to improve self, relations with other blacks and striving for excellence), as they organize around reparations. This will create unity and enable blacks to finish their struggle for equality they started in the Civil Rights Movement! Statistically blacks are far from equal and economic gaps are increasing! They need to take action!

Historically: Most African-Americans disapprove of social and institutional exclusion which prevents them from reaching equality. They are tired of police brutality and racial oppression and are asking Black-Churches, faith based and community groups to summon Black leaders and the masses to join this effort to unite, to fight to bring an end to injustice, inequality and disparities. The best manner to proceed in will be to organize to fight for respect and reparations by forming

1 a power base. Blacks can fight against all forms of prejudice and fight for reparations. {They  
2 should get serious about finishing the battles they started in the CRM}. {African-Americans should  
3 understand pursuing reparations represents the continued struggle for equality}. The job requires  
4 the Black Family to take responsibility by spreading the word and joining forces to question, and  
5 utilize or decline work of reparations activist. The Black Family must make a collective decision  
6 to participate in this strategy so that reparations groups can lead the charge to pursue reparations.  
7 This will operate in the best interest of the masses as blacks go through a process to atone.  
8 Reparations work is going to take more personnel than all the reparations groups can provide. So  
9 reparations groups will identify those who have done reparations work and to teach concerned  
10 folks how to do reparations work. This plan consists of a strategy to consider ideas from all people  
11 for recovery and restitution. This plan guarantees all reparations groups and concerned citizens  
12 working in unison to evaluate proposals and reactions. {Spiteful and malicious reactions will  
13 expose sell outs, and activity of those who work in secret with those who oppose reparations, even  
14 if they exist within reparations groups}!

15  
16 Socially: African-Americans must become a resilient people by dedicating themselves to this  
17 journey for justice. They should atone first to improve self, (No one is perfect), which will help  
18 them rise to erect a new collective conscious and reduce black on black conflicts. This will inspire  
19 the masses to embrace spiritual renewal and collective movement. {The descendants of slaves'  
20 encountered psychological abuse no other people experienced, which requires rehabilitation}.  
21 {They were never compensated for their labor or patriotism}. {And they never received land they  
22 were promised to build an infrastructure}. {This knowledge and plan should prepare blacks to use  
23 reparations resources most appropriately and effectively}.

24  
25 Culturally: African-Americans were previously held captive in dungeons, misused on slave ships,  
26 enslaved, then forced to lose their names, languages and heritage. Now cultural genocide plus  
27 becoming a displaced people caused disruptions in their senses, stability and potential for growth.  
28 African-Americans need an instructional instrument to recover their stolen identity. As black  
29 scholars produce a program for that purpose African-Americans should assume atonement by  
30 taking an honest look at self, society and history. Many folks say blacks are their own worst enemy  
31 but they do not consider the ramifications of slavery or segregation, which has become white  
32 privilege and preferential treatment. Blacks suffer much greater harm at the hands of systematic  
33 abuse of power imposed by conferred dominance of the ruling race. Some blacks seem to be in  
34 denial of the overwhelming powers that be that have created and maintained a system to maintain  
35 white supremacy. A system that forces them to live in overpopulated under serviced areas,  
36 prohibits them from having equal opportunities and designates them as inferior. Traditional rites  
37 of passage practices have been replaced by ineffective social services programs causing black on  
38 black crime to proliferate. Since they get no respect from the system they lost respect for the  
39 system. These factors keep blacks disenfranchised and portrayed as deviant and menaces to  
40 society. {Mistreatment and misperceptions has prevented government from awarding blacks land  
41 grants to create and build communities and institutions. Blacks would have established this  
42 infrastructure if they would have received equal pay for hard core slave labor and vital  
43 contributions. This is a key part of reparations}.

44  
45 Spiritually: We know blacks have endured massive damage in many areas but mainly sacred and  
46 religious spectrums. It has caused a disconnection from their thinking process to uphold Godly and

1 family values. As victims of long lasting and extreme prejudice most African-Americans have lost  
2 touch with God and their collective conscious. Black Church, faith- based and community groups  
3 are best suited to mediate this situation but outside and internal forces caused them to split into  
4 many different factions. This may have been best at that time but now the factions should convene  
5 to see if they can form one or two groups, to revive the Black Family and pursue reparations! {We  
6 are looking to all spiritual and cultural leaders to develop programs for African-Americans to  
7 reclaim their traditional spiritual customs as a group and to find comfort in forming and  
8 strengthening their personal relationships with God}.

9  
10 Mentally: African-Americans never dealt with lasting dormant trauma of slavery in experiencing  
11 loss of family and physical abuse on a daily basis; locked in chains, witnessing intense violence  
12 compounded by emotional torture. The aftershock of such atrocity has been explained in scientific  
13 terms as Post Traumatic Slave Syndrome (PTSS), which blacks suffer from, but are not  
14 acknowledging its root cause, or receiving proper treatment. They are being forced to overcome  
15 this mental imposition without adequate psychological or emotional therapy; which is mandatory  
16 for repair, in order to become whole people in mind, body and soul. Blacks can revitalize  
17 themselves and improve their relationships by studying ideology of Classical African Civilizations  
18 and developing a racial hierarchy. The process will become natural as they organize with this plan  
19 following atonement, tolerating their diversity to work towards a goal of gaining respect and  
20 winning reparations!!!

## 21 22 Phase 2: Hold a Plebiscite for Sovereignty

23  
24 **Plebiscite**: A vote among African-Americans establishing a political unit to determine identity,  
25 autonomy and/or affiliations with other peoples and countries. The Plebiscite shows blacks will  
26 exercise their right to be recognized as a people striving for independence and self-determination.

27 **Sovereignty**: Most importantly, sovereignty is developing a new conscious that forms the basis of  
28 a philosophy, which motivates a people to seek their own land for self-government, to declare their  
29 own political and ideological theories and destination. It denotes leaving the shackles of integration  
30 and gaining control over their lives, stipulating absolute power and authority of a consenting  
31 people to form a government to manage all, activities, territory and resources within its borders.  
32 Sovereignty also refers to the inherent right of all people to govern themselves without foreign  
33 interference.

## 34 35 Reasons for and Steps to Apply the Plebiscite

36  
37 Dr. Ansari suggest {the Plebiscite as an alternative to integration demanding their constitutional  
38 rights in a political move for African-Americans to claim a special injured and indigenous status  
39 with rights to land, rehabilitative services, educational adjustments and communication  
40 monopolies}. {A majority yes plebiscite vote among blacks would give them as African  
41 descendants a cognizable legal status that will target and defer trillions of dollars to build new  
42 black cities, institutions and stimulate personal growth}!!!! {A Plebiscite will automatically  
43 qualify blacks for immediate compromises for large-scale construction, farming, real estate,  
44 grocery stores, entertainment complexes and unrestricted local, national and international trade}.

45  
46 Special indigenous status and minority self-determination are options for a person or people

1 created in slavery or a colonial conflagration. The UN politically categorized those victims as  
2 autochthon indigenous. The states of the world at the 56<sup>th</sup> session of the Human Rights  
3 Commission have agreed to comprehensive and enforceable internationally proscribed reparations  
4 to those people, groups or nations who have suffered human rights abuses such as slavery, torture,  
5 genocide, kidnapping and murder. African-Americans happen to be victims of all of those crimes!  
6 The offending states of Spain, France and the United States have participated and agreed to these  
7 principles!

8  
9 a. Blacks would be informed of autonomous land settlements, various forms of businesses, services  
10 and specific amenities that other groups have received after claiming an injured and indigenous  
11 status.

12 b. (1<sup>st</sup> vote) Blacks exclaim group distinction by voting in the Plebiscite to choose a suitable name  
13 ranging from African, Black or Indigenous-American to any other names appearing on the ballot.

14 c. International attorneys will approach the proper channels in Geneva to turn their claim for a  
15 special injured and indigenous status into international law. (Claiming their name and identity in  
16 this process)

17 d. (2<sup>nd</sup> vote) Blacks would use the ballot again to elect governing bodies for their regional  
18 sovereign land settlements, practicing their will for self-determination, liberation, freedom and  
19 nation building.

## 20 21 Understanding Sovereignty

22  
23 Ezra Aharone describes valuable points of sovereignty pertaining to blacks, including the most  
24 critical of all unresolved issues of slavery concerning the reclaiming of their heritage. "Slavery  
25 deprived them of their freedom, but even more significant is that slavery dispossessed them of  
26 their sovereignty," sovereignty (not integration) is the pinnacle of all freedoms. Blacks are  
27 supposedly a "free people," but they are not a "sovereign people". {Sovereignty will enable the  
28 government to set aside reparations land for blacks to build new cities and institutions to serve  
29 their needs}!

30  
31 Aharone reconfigures today's sociopolitical landscape surgically dissecting and separating the  
32 flaws and misperceptions from the realities of American democracy. {While Black America's  
33 Concept of Freedom has historically been limited to "Civil Rights, Integration, and Equality," the  
34 Euro-American Concept of Freedom entails nothing less than "Sovereignty, Independence, and  
35 Statehood}. {This conceptual distinction "Is the most consequential, yet most unrecognized,  
36 source of racial disharmony and inequality}. As a result, certain sociopolitical conditions that  
37 Whites would never tolerate have become normalized within the Black Experience.

38  
39 In comparing the historical parallels, and then asserting that today's 1 Black governor, 1 Black  
40 senator, and the scant percentage of blacks in the H.R., constitutes a modern case of "Taxation  
41 without Representation." Since this was a primary factor sparking the Revolutionary War,  
42 Aharone concludes that Black America has conversely accepted a political "way of life," which  
43 history proves, White America would violently oppose. A new conscious will inspire blacks to  
44 demand full rights!

1 Sovereign-minded frames of references pierces the core of mainstream body politics and leads to  
2 redefined ideals and worldviews that better serve Black/African interests. The sovereign  
3 philosophy and outlook “helps to bridge the political and philosophical gap that now separates Hip  
4 Hop from the Civil Rights/Black Power generation”. When blacks embrace sovereignty, it will  
5 lead to independence.  
6

7 The solutions to the most critical of Black America’s problems do not lie within America’s current  
8 “Brand of Democracy.” They must look inside themselves and realize they have the knowledge  
9 and wisdom to initiate analytical and critical thinking to solve their problems. A sovereign  
10 consciousness will aid blacks to better understand the root causes of their problems, specifically  
11 racism/white supremacy and offer prescriptions to remedy failures of American democracy and  
12 socialization. The system was not designed for blacks to be successful as a group. The masses  
13 continue to face high levels of unemployment, poor housing, inadequate health care and they will  
14 not go to college. The system has failed them so they need to look at alternatives to integration.  
15 {The Five Phase Plan will assist blacks in developing a sovereign consciousness and explore  
16 sovereign ideals that will produce revolutionary and race-defined solutions}.

### 17 18 Phase 3: Form the Reparations Union Lobbying Association (RULA) and build a Database 19

20 This phase includes the creation of a national Reparations Union Lobbying Association (RULA)  
21 and local Reparations Union Lobbying Groups (RULG). African-Americans will form and lead  
22 the RULA, as others join them to pursue reparations solidifying the Five Phase Plan as the agenda,  
23 which will remain open for amendments. African-Americans should keep the RULA in place to  
24 hold everyone involved accountable. {The RULA will empower African-Americans to react to  
25 racism and hate crimes, and work towards initiating actions and laws to protect their people, serve  
26 their interest, honor their request and prevent future transgressions}!! {The RULA will have its  
27 board and members and include combining local RULGs with local Black-faith and community-  
28 based organizations to announce their intentions to collaborate to pursue reparations and designate  
29 voting places and training bases}. {This is where blacks will hold the Plebiscite votes and train  
30 folks to build, police and maintain an infrastructure, including homes, businesses, institutions,  
31 parks, roads and highways and all other practicalities, services and recreational facilities required  
32 to establish new repatriated and sovereign cities}.

33  
34 The RULA recognizes the non-existent or ineffective means to address racism and priority  
35 problems such as (Natural Disasters – Gentrification – Housing - Elections - Unemployment - The  
36 Court System - Healthcare - AIDS – the War on Drugs & Police Brutality etc. etc.). This inability  
37 keeps blacks in a subservient position and leaves them vulnerable to a cycle of criminal and  
38 inhumane activity. These unsolved problems are causing unnecessary death and destruction in  
39 their communities. {Blacks are losing lives, property and progress gained from hundreds of years  
40 of struggle!!, that culminated in the Civil Rights Movement! Blacks must change this trend by  
41 forming the RULA power base to solve their problems}!! {Haters broaden divisions among blacks  
42 by using other blacks to cause confusion and conflicts}!! {They manipulate the creation and  
43 expansion of AIDS, Drugs, Psychiatric Treatments, and other forms of legal and illegal  
44 malpractices that harm blacks, and allow them to continue}! {They prey on the inability of  
45 African-Americans to detect, defend and take action when problems of this nature occur. Blacks  
46 can change all of this by forming the RULA}!!!

1  
2 African-Americans know of laws, policies and politicians who have a very negative impact on  
3 them and their communities. The problem is they have no mechanism in place to expose and react  
4 to those forces, if not attempting to prevent them. The RULA power base would operate as a  
5 resource center and voting block to take the black vote in one direction that would operate to  
6 eliminate these issues. Blacks could use this power base to place folks in office or remove them  
7 just as they would do with laws and policies that help or harm them. {The RULA will fill this  
8 leadership void and act as an organization that stands prepared to protect Blacks just as the ADL  
9 and the JDL protects Jews}!!!!

#### 10 11 RULA Purpose

12  
13 \* First: the RULA will function as a power base providing guidance for blacks to address racism,  
14 other critical issues, pursue reparations and gain sovereignty. Brotha Pruitt proposes economic  
15 boycotts, selective buying, faith based and town hall debates, domestic and international lawsuits  
16 and lobbying efforts utilizing RULA sources as a means to win reparations.

17 \* Second: the RULA will defend blacks from social, political and/or physical attacks. When blacks  
18 attempt to unite to fight for their people outside forces prevent the effort or people who do not  
19 have their best interest in mind recruit disloyal blacks (agent provocateurs and sellouts) to stop the  
20 effort.

21 \* Third: the RULA will expose and discipline race traitors and sell outs.

22 \* Fourth: {PREPARING for NATIONAL BOYCOTTS}. African-Americans can learn the  
23 significance and mighty impact of a well-planned national boycott. {Organizing a national  
24 boycott that includes naming certain government agencies and corporations to target is a very  
25 serious notion that would get America's attention immediately}!! It is going to take a move of  
26 this magnitude for blacks to get any kind of respect and win reparations!!! {A national boycott  
27 will place the government and various corporations in a position of feeling the economic and  
28 social strength of blacks}. African-Americans would be in a position to produce, negotiate and  
29 submit a prototype Reparations Package, which the government could sign as law for reparations  
30 as immediate relief and time table compromises. The government, various corporations and other  
31 guilty parties named would be responsible for filling the requirements in the package. A boycott  
32 will force America to move quickly to endorse and enforce reparations. God will bless this effort  
33 because this is a spiritual course of action blacks can take that is unparalleled in the history of  
34 their pursuit of justice.

35 \* Fifth: the RULA will identify forces and people who attack black leaders and groups preventing  
36 black unity or progress, and label them and bring them to justice.

37 \* Sixth: the RULA will use phases 4 and 5 to produce documented evidence that proves the  
38 government and other entities are responsible for enslaving and exploiting blacks, and that it is  
39 their duty to repair the damage, emotional injuries and economic loss by stipulating a Reparations  
40 Package as legislation.

41 \* Seventh: the RULA will use phases 4 and 5 to design the package; which will come to  
42 approximately \$50 trillion, deferred over a 100–200-year period. Remember in this case we are  
43 showing blacks were damaged for 500 years so the moral and economic recuperation period should  
44 resemble in duration.

#### 45 46 RULG Objectives

1  
2 \* First: to study and learn the purpose of the Five Phase Plan and create or adopt the RULG bylaws  
3 and agenda to implement the plan.

4 \* Second: to elect a cabinet to conduct their business, a chair, co-chair, facilitator and historian.  
5 To list their duties and responsibilities, which may be included in the bylaws.

6 \* Third: to create an agenda that includes reporting on local, national and international issues  
7 affecting  
8 African-Americans.

9 \* Fourth: the RULGs suggest a solution for racism which is sovereignty to aggressively seek  
10 reparations land and learn the skills to take over and build, and own and operate corporations and  
11 institutions filling requirements to form an infrastructure. Blacks will become an independent  
12 people who are producers' not just consumers. In sovereignty they use the latest technology and  
13 their own people to build their own new communities. This would create an economic foundation,  
14 peaceful living and gainful and meaningful employment for thousands of African-Americans in  
15 various regions at home (Sovereignty) and abroad (Repatriation)!!!!

16  
17 \* Fifth: prepare to design and implement reparations programs for career and financial planning  
18 and improving educational curriculums along with exalting family values. This would revamp  
19 (Integration) by upgrading public facilities and open (Sovereignty) by securing independent land.  
20 The procedure will include creating rehabilitation programs and services so blacks can cope with  
21 harmful situations, stimulants and habits and develop the will to reach their full potential as a  
22 people and individuals. The RULA will help blacks reduce self-destructive behavior, promote  
23 racial harmony and install a new philosophy among African-Americans and in Black Studies of  
24 winning reparations. Reparations resources will be used to commence all three models of  
25 reparations, because we know some blacks want to (1<sup>st</sup>) improve Integration, which requires  
26 removing all barriers of full citizenship, having benefits and enjoying the rights and privileges of  
27 White Americans; while others want to (2<sup>nd</sup>) establish Repatriation, or go back to Africa with  
28 ample resources; while others want to (3<sup>rd</sup>) set up Sovereignty, which requires obtaining land  
29 settlements and forming an interim government.

### 30 31 Building a Data Base

32  
33 A (Database) will show documented evidence supporting the need for reparations, identify blacks  
34 who want reparations and list blacks who refute reparations. The RULA will collect ideas from  
35 people on what they think should be awarded as reparations and how it should be administered.  
36 The RULA will use cases of injustice to direct local and national information for updates, activities  
37 and boycotts.

38  
39 The data base serves to notify all Africans and Black organizations to support the effort, or become  
40 candidates for a tribunal; because all blacks know they have been injured and they need to address  
41 the ills that have arisen from the worst crime in history (slavery); with the best opportunities to  
42 heal. Africans everywhere need an opportunity to evolve in all areas of human endeavor and  
43 existence.

44  
45 The data base would also serve to critically, but lovingly define or establish that the TRUE benefit  
46 or message is the recognition of the damage that has been done; the altered, disturbed, fragmented

spirit deep in the psyche of all blacks (even if they think they have recovered from it, via religious, education, social, class or political affiliation). People of African Ancestry should collectively attempt to use the Five Phase Plan as a global transition tool for social, political and economic reform. This is a difficult task that could be made easy by delegating the responsibility to a commission, as other priority issues will be handled in phase five. AFRICAN-AMERICANS SHOULD ACKNOWLEDGE THEIR COLLECTIVE DEMISE AND PREPARE TO ESTABLISH A NEW EXISTENCE.

#### Phase 4: Initiate the Reparations Tribunal

Imam Talib suggests a consortium of African-Americans consisting of activist and professionals ranging from volunteers to attorneys, economist, educators and geologist to agriculturalist, scholars, sociologist and rehabilitative experts. Their duties include identifying problems created by slavery, segregation and state sponsored discrimination. {The Victims Reparations Guidelines (VRG) is an international document that specifies victims of displacement and gross human rights violations have a right to claim restitution for reparative measures}!!! {Africans were placed in unfamiliar lands, had no rights, were forced to eat food that was not compatible with their digestive tract and socialized by Adverse or Willie Lynch Indoctrination}!!!!

{This led to developing severe mental and physiological problems, which placed blacks at a serious disadvantage because they were victims of hate crimes based on race}!! {They were taught that living in a second-class position under the oppressor is customary, and that blacks should not like or trust one another}!! This left them with no social or political stability. {This conditioning forced Africans to take on the ways of their oppressors, which presents multiple problems}!! The Tribunal is a forum to disclose all of the problems, which came about as a result of enduring such devastating experiences for such long periods of time. As victims of these crimes blacks need a comprehensive plan allowing as much time to heal as they were damaged.

The VRG names the government and other entities as perpetrators of these crimes and holds them accountable for making the victims of these crimes whole. Victims of these crimes have a right to receive rehabilitation that is designed to mend suppressed anxiety, and point them in the direction of learning life skills for success, as opposed to becoming dependent on public assistance. {Victims of these crimes have a right to claim an injured and indigenous status qualifying them for land, resources and technology}. {The purpose of examining personal and group injuries in this manner is for blacks to repair their emotional and functional damages and to gain sovereignty in a land where they have constantly been deprived of their constitutional rights}. {When studying previous attempts aimed at helping blacks trying to reach equality or sovereignty, **the best remedy was to build their own new communities.** This is a solution they should consider today}. {African-Americans have been victims of harassment for hundreds of years. Reparations will provide an opportunity for them to recuperate and develop the desire to forgive those who harmed them}!!!! The Tribunal will utilize the VRG and other effective documents to demonstrate the reparations argument and postulate remedies for blacks to vote for in the 3<sup>rd</sup> Plebiscite vote. The outcome will reveal what the masses feel are appropriate for reparations, which will help formulate the Reparations Package and spark a united demand to submit the Reparations Package to congress. Blacks cannot let others design the package! They will try to trick African-Americans like they did with welfare, integration, bussing and affirmative-action!! It must be a joint effort following

1 suggested remedies from the Tribunal and T&R Process!!!

## 2 3 Phase 5: Conduct the Truth and Reconciliation (T&R) Process

4  
5 In John Wilmerding's view Blacks, Whites, Jews and others can use the Reparations Proclamation  
6 as a guide to form commissions to present true accounts of ancient Africans from past to present.  
7 They will focus on issues and problems that have caused great harm to blacks, because folks do  
8 not hear the cry of the masses of blacks for relief!!!  
9

10 {Ancient Africans were loyal to God, respected Mother Nature and they governed their territory  
11 accordingly}!!!! They developed the concepts for language, math and science and they discovered  
12 precious metals and minerals that aided them in developing advanced societies. They charted the  
13 movement of the stars, which allowed them to develop the concepts for time, travel and trade. This  
14 provided the basis for them to develop cultures that are models for society as we know it today!!!  
15 The conditions blacks live in today do not reflect the appreciation of a people who have made these  
16 valuable contributions for mankind!!!  
17

18 The conditions they live in reflects that of a people who have had the fruits of their labor withheld,  
19 which is exactly what happened to them in slavery!!! The conditions the masses of their people  
20 live in today reflects the status of a people who need help! They should be conscious of idle threats,  
21 retaliatory actions and lynch mob violence, but this should not prevent them from attempting to  
22 stand up for themselves by participating in the Five Phase Plan. African-Americans believe the  
23 commissions will adhere to the desire of their people, which is to produce models for social,  
24 economic and educational reform and psychological rehabilitation.  
25

26 Following are examples of commissions. They will lead the investigative and exploratory process  
27 in order to release findings showing the need for reparations as solutions and models for change:  
28

29 AN ETHICS COMMISSION: to develop a formula to evaluate the psychological damage caused  
30 by experiencing the atrocities of Slave Ports all around Africa, the Middle Passage, Slave Breaking  
31 Colonies, Slavery, Cross Burnings, Nooses Hanging, Lynching, PTSS and today's Black Suffrage.  
32 By revealing suppressed and acute trauma they can determine rehabilitative measures.  
33

34 AN ECONOMIC and ADVISORY COMMISSION: to conducts investigations and releases  
35 findings on the assessment of lost wages from slave labor and lost profits from slave crop  
36 production. They will give assessments of lost profits from Black contributions including  
37 achievements, discoveries, innovations and inventions. This sanctions them to determine the  
38 economic loss from slavery, share cropping, exploitation, disparity in wages and corporate and  
39 family unjust enrichment. This will enable them to determine equitable compensation.  
40

41 A POLITICAL COMMISSION: will explain the three models of reparations; Improving  
42 Integration, Establishing Repatriation and Creating Sovereignty. They will examine the success  
43 and/or failure of the integration period, repatriated efforts and sovereign all black towns,  
44 organizations and institutions. This will provide the foundation for advancing integration,  
45 developing repatriation and initiating sovereignty.  
46

1 AN ENGINEER and SCIENTIST COMMISSION: to make assessments of the 30 reasons the  
2 RULA lists for blacks to claim reparations, in addition to other reasons that may surface during  
3 the Tribunal and/or T&R Process.  
4

5 A REPARATIONS COMMISSION: will evaluate all comprehensive plans and utilize all reports  
6 and proposals from various commissions, organizations and independent scholars, to produce a  
7 sound and solid Reparations Package. The Reparations Commission, ultimately, will identify and  
8 evaluate damages and monetary losses of all areas so that they can postulate fair recompense,  
9 which will amount to approximately \$50 trillion, deferred over a 100–200-year period.  
10

11 Summary:

12  
13 Phase I: Atone and Organize

14 All Black Church, faith- and community-based organizations will join the masses in the name of  
15 reparations, to begin the atonement process to improve self, reduce black-on-black conflicts and  
16 elevate the concept of instilling collective consciousness, promoting love for and between all  
17 blacks.  
18

19 Phase II: Hold a Plebiscite for Sovereignty

20 A consenting vote among blacks to establish their identity and most suitable name expressing their  
21 desire to become an independent and sovereign people. They will take their proposition to the  
22 United Nations to lobby for their claim to be called the name they choose in the 1<sup>st</sup> Plebiscite vote  
23 and recognized as a people with special injured and indigenous rights to become law.  
24

25 Phase III: Form the Reparations Union Lobbying Association (RULA) and Data Base

26 Create and implement a national RULA and local RULG organizations that will serve to protect  
27 blacks and assist them in winning and administering reparations. African-Americans will also  
28 collect evidence for the database showing blacks are still victims of racism and that there is a great  
29 need for reparations, which will provide information for RULA activities such as national boycotts,  
30 and developing the Reparations Package. {We will also list African-Americans and/or black  
31 groups who refute reparations to make sure they do not receive any benefits from reparations or  
32 spoil our plans to win reparations}!!!  
33

34 Phase IV: Initiate the Reparations Tribunal

35 An African-American consortium that identifies and assesses personal and group injuries caused  
36 by slavery, segregation and state sponsored discrimination. Upon examining their findings, they  
37 will suggest remedies to fix these historical problems.  
38

39 Phase V: Conduct the Truth and Reconciliation Process

40 Blacks, Whites, Jews and others form commissions to produce documentation on true Black  
41 History from ancient Africa to present times. They will show extensive damage has been done and  
42 they would approach members of their own race, ethnic group, family or corporate entity, with our  
43 supporting evidence of how they harmed blacks and benefited from slavery and other forms of  
44 exploitation. The purpose is to notify their respective people or group of this process, in order to  
45 determine what and how much they should contribute to the Reparations Package.
