The AARS PowerPoint Presentation Provides Power Moves so that African-Americans and all Black people can Attain Better Spiritual, Emotional, Social, and Financial Conditions

**THE AFRICAN-AMERICAN REPARATIONS/SOVEREIGNTY
(AARS) GLOBAL BLACK REPARATIONS PLAN**

**THE AFRICAN-AMERICAN INDEPENDENT UNION (AAIU) &
THE SPORTS ENTERTAINMENT AND EDUCATION GROUP (SEEG)**

**PROUDLY PRESENTS; THE 5 MONTH PEACEFUL POLITICAL CAMPAIGN
READING & DISCUSSING AARS FROM JUNETEENTH UNTIL KWANZAA**

**TO ASK MOST REPARATIONS ACTIVISTS & GROUPS & THE MASSES
OF BLACKS IN AMERICA & GLOBALLY; TO ENDORSE AARS**

**WE ARE ALSO ASKING ALL SPIRITUAL LEADERS; EDUCATORS;
POLITICIANS; ATHLETES; and ALL PROFESSIONALS & ALL
COLLEGE INSTRUCTORS & STUDENTS; TO ENDORSE AARS**

Reparations means one group claiming redress, engaging a political process, or filing lawsuits for crimes, or damages inflicted on them by another group. The U.S. Government was liable for partial damage done to other groups, so they were right to give them reparations, but they should not have got them before Blacks, yet they did get an apology, land, money, or a mixture. The government and the other guilty groups, are liable for vast damage done to Africa and Black people, so they owe them epic reparations. With AARS we go beyond epic service to provide reparations.

{{Now, coping with Black people being denied reparations is an insult to the entire Black race}}. So, it raises frustration, because Blacks needed reparations right after slavery! So, **{{Blacks at home and abroad should agree to endorse a reparations plan during KRP, then give a mighty global call, claim, and demand for reparations on December 1st of 2022, to get AARS ratified by Kwanzaa of 2022}}**!

{There are about 10 pivotal reparations plans with good ideas to offer, but they all rely on lawsuits, elusive reluctant sources, or some miracles to get trillions. That is highly unlikely and may never happen}.

{{Thus, there is only one reparations plan that offers processes, programs, and services to Regain Control of our Homeland Africa; or at Least get Most of the Wealth from her Resources; Reconnect with our Global Black Family, Culture, and Customs; Repair all Damages, and Injuries; Solve all Problems; Recover all Losses; Transform Mentality to Attain and Secure Unity and Group Progress; Then to get Blacks on the Right Path, to Heal and Improve Relations among Ourselves, at Home and Abroad; Then with others in all Nations and Races;

And, Last but Certainly not Least, yet Most Notably,* to Generate our Own Reparations Wealth; and that is AARS}}.

No other plan even comes close to offering all these amenities, so we are calling on the masses, to engage in this peaceful political process, over the next 5 months, in KRP to study and claim AARS, as we were scheduled to do from Black History Month until Juneteenth of 2022. **{{That will inspire reparations activists and groups, then the masses of Blacks, both at home and abroad, to faithfully endorse AARS}}**.

This peaceful political process includes a Plebiscite Vote (PV) for all Blacks in the U.S. 18 and older, explained on the next page as another power move, like generating our own reparations wealth.

{{The PV indicates Blacks are indigenous to this land as distinct relatives of the Great Ancient Black African Olmecs, who were here first, building and moving civilizations, not Native Americans or Mesopotamian Mexicans}}.

Therefore, Blacks deserve the rights and privileges of indigenous people. {{That includes land, emergency monetary relief on 12-1-22, other reparative measures, and the last part of AARS, which is a National and International Decree, Declaration, and Treaty, from all Government Agencies, Militaries, and Lobbying Power Groups, for Safety and Security for All Blacks Globally}}}!

{The PV also gives U.S. Blacks a chance to finish the Civil Rights Movement (CRM), when they were forced to integrate. That's when Blacks should have been awarded 40 acres and a mule, they were promised, but never received after slavery}. Since they were maliciously denied freedom, justice, equality, safety, and fair wages, even after the CRM, and experienced even more racial oppression, they should have demanded and gotten options to examine the 3 models of reparations.

The 3 models are (1) to improve integration, (2) to expand repatriation, and (3) to create sovereignty, then use the PV to claim 1 of the 3 models for residence. {{It was too early to integrate after the CRM, because the country was still in chaos from avid civil disobedient movement of bussing, freedom rides, protests, and sit-inns, then the nation erupted after Dr. King's assassination}}.

So, when Blacks take their PV, they specify claiming an injured and indigenous status by name, (Indigenous African-American, or Indigenous Black Citizen). {{That will stipulate **group status**, to get **land grants, 40 areas of 40 square miles (40 mi²), of land**, and **more reparative amenities**.

Now we propose U.S. Blacks will use the PV to claim an official standing and status, to officially claim AARS, and to officially choose 1 of the 3 reparations models for residence}}. Next, we explain the 3 models of reparations as another power move. Blacks should learn they do not have to continue to live in integration, with violence, crime, killing, and corruption; wreaking havoc, becoming common, and escalating. These are a few reasons why the AAIU believes Blacks should demand sovereignty.

(1) Improving Integration: The AAIU and their Allies are forming the AARS Congress as a Power Base to implement the AARS Plan. **The AARS Congress will consist of people with a track record of helping Blacks**; those who are knowledgeable of reparations; those with reparations ideas and plans; those from other reparations groups; those protesting inequality, injustice, and racism/police terrorism; those giving input on AARS; and those who are clear, confident, and savvy on understanding and communicating in modes of diplomacy, education, law, politics, reform, reparations, and spirituality.

The AARS Congress will host a 5-year National Dialogue on racism, corruption, and police terrorism; and hosts 5-year Case Studies on various businesses, entities, institutions, and systems in America, to improve their performance for, and interaction with Black people. {{Both programs will improve integration, and police, and race relations, much more than plausible, to initiate and sustain racial healing}}.

Everyone in the U.S. should endorse AARS as reparations for Blacks, and AARS dialogue and studies to produce positive changes in all areas in society, because it benefits Blacks, and everyone else in America! AARS also provides financial services for Blacks to use reparations wisely, and not to squander. Blacks have provided many vital contributions, while enduring racial subjugation and profiling, others haven't, so Blacks need reparations now! So let the Church and everybody else shout long and loud for AARS!!

(2) Expanding Repatriation: Repatriation is going back to Africa, down south, or any other place on earth where Blacks were colonized, enslaved, or exploited. We get leaders from an international group like the (ADDI), on the AARS Congress to direct repatriation. Blacks should go with a good understanding of the customs of their people in the places where they choose to go, to make sure they don't offend their distant relatives on arrival, and to go with a sense of belonging.

This will initiate, the {{Global Black Family Healing, Recovering, Reuniting, and Transforming of their Mentality Process}}. **They will go with ample resources to build new, beautiful, elite, and safe repatriated cities.** They should also learn their native names, languages, customs, and culture; to prepare for their, {{Global Black Family and Culture Restoration Process}}. **AARS will Provide Services for Blacks to get Dual Citizenship, to Enhance their Transforming and Restoration Processes.**

(3) Creating Sovereignty: This is the most important model of reparations, because we ask all Blacks to develop a new line of thinking. **{So, Sovereignty is developing a new line of thinking, for Blacks to seek their own land at home and abroad}**, to look out for their own best interest, to declare and pursue their own political and ideological agenda, and destiny.

It denotes most of them leaving the shackles of integration, while gaining control over their lives in sovereignty, stipulating absolute power and authority of a consenting people, to form their own government, to manage all activities, businesses, entities, resources, and systems within its borders.

Everybody knows Blacks are controlled by others in integration, and that is the problem. Blacks need their own land to get away from problems and the police in integration, and to provide basic needs for their people themselves.

Blacks should also learn that sovereignty is their salvation at home and abroad. It means all people have the inherent right, to have their own land, to govern themselves. For Blacks in the U.S., the Government will grant them 40 areas, of 40 mi² of prime land, symbolic to 40 acres and a mule, to build their own elite and safe cities, complete with high-tech infrastructure. **{{AARS city plans show construction in awe and splendor, to honor their Amazing Classical African Civilizations, Freedom Fighters, and Political Prisoners of the Past and Present}}**.

AARS city plans include building beautiful homes, parks, schools, highways, roads; and successful businesses, companies, and corporations; with superior communication, protection, and nutritional services. AARS city residents will produce products used daily in America, and products for national and global commerce.

There are many Blacks with good and great ideas for businesses, products, and projects. **{They should use the SEEG to generate wealth, to fund all proposals Blacks envision in their own cities, no more acquiescing, or begging}**. **Blacks will Rise as Proud Multi-Trillion-Dollar Producers, Instead of Injured Multi-Trillion-Dollar Consumers.**

**** Generating Reparations Wealth: The deciding factor in choosing a reparations plan.** Since AARS is a comprehensive, thorough, and complete plan to repair, recover, heal, transform, and set Blacks on the right path to good health, peace, and group progress; it is a real blessing for Blacks to be able to generate their own wealth, with SEEG programs, from seed funds (SF), to implement AARS. We are asking everyone to engage in the KRP to endorse AARS. Most Blacks are poor people living in poverty, with poor social conditions, so poor Blacks should get reparations first, then the rest, then HBCUs, Black Institutions and Organizations for the masses.

In America the SEEG source identified the U.S. Government, the other guilty groups, those with compassion for Blacks, and rich Blacks as potential clients to engage SEEG programs, **ASAP**, to generate wealth now! {We know the government, and the guilty groups each owe more than \$10T, and more like \$20T up to \$50T}! {So, another great benefit of AARS is providing great debt relief for the government, and the other guilty groups, by asking them for \$5B, \$20B, or \$50B in (refundable) SF, instead of \$20T, or \$50T that they each owe}! {Another top benefit of SF programs are **SF are blocked** in clients accounts **for 1 year**, until programs complete, **then unblocked. Therefore, clients cannot lose their SF in SEEG programs.** They are safe with multiple daily transactions to yield huge profits}.

We go to all potential clients with SEEG programs to generate wealth, instead of acquiescing, or begging, or filing lawsuits, which we may never win; with the U.S. courts leaning on Standing, Statute of Limitations, and Sovereign Immunity. **Please Listen and Note Generating Wealth Expedites the Process for all Blacks to get Reparations!** {{Now, it is politically incorrect and socially unacceptable to continue to deny Blacks reparations, while offering benefits and reparations to others}}! {{Especially since damage includes losing their homeland, wealth, culture and family, and 600 million people murdered from racism, cruelty, and brutality}}!

We ask for \$100M, or \$5B in SF to go evenly to the operating U.S. Black Banks, for a money trail, and to give them banking power. Then we get one client to open a new \$100M or \$5B cash account from the SF, to get a contract. **{{Rich Blacks and the compassionate** should start the process with \$100M and/or \$5B, to negotiate bank endorsed contracts, with no risks for a huge profit, and points for AARS}}.

The AAIU 5 Month KRP Campaign Tri-Purpose; (1) To Ask Most Blacks and Others to Endorse AARS; (2) To Ask Potential Clients to Engage AARS, ASAP; (3) To communicate and cooperate with the Government to get AARS Ratified by Kwanzaa, as a Gift to the Global Black Family.
